

Industry Advisory from the Building & Safety Division
Community Development Department

Dashboard/Citizen Portal Updates
Effective July 13, 2026

We are making improvements to our Dashboard on the weekend of July 11-12th, 2026. Please be advised that in order to add those improvements to the Dashboard, the City of Las Vegas Online services will be offline for some time during the weekend.

Here are the changes that will be live on Monday, July 13th:

- No applications will be needed for the following building permits: **Patios, Pool/Spas and Wall/Fence**
 - The information previously entered on those applications will now be entered on the Dashboard and confirmation of your submittal will be included with your documents.
 - All other plans, calculations and site plans are still required.
 - After choosing Building Permits with Plans, the "Job Description" tab will give you these

Apply for a Building Permit

options:

- All other application/permit types will still require an application.
- **County Address to City Sewer** requests will be available on the Dashboard.
- **Permit/Inspection** cards available for printing on all permits on the Dashboard.
- Additional changes are included for the Production Home/Single Family Dwelling submittals as follows:
 - **Tract Early Models** requested before Final Maps are recorded to be submitted online
 - **Plot Plan Submittals** on the Dashboard

Guidelines and additional information with the process changes will be posted on our Resources page: LasVegasNevada.gov/BuildingForms.

If you have any questions, please feel free to contact us on our mainline at 702-229-6251.

Gerald Grolemond, C.B.O.
Building Official & Acting Deputy Director
