

Industry Advisory from the Building & Safety Department

Changes to Weekend Inspections

Effective Monday, January 15th, 2018

The City of Las Vegas Department of Building & Safety is making changes to the inspections available on the weekends.

What is changing?

- We will no longer offer Sunday inspections.
- Saturday inspections will only be available to home owners.
- Photovoltaic and custom home inspections are not eligible for weekend inspections.
- Home owners needing to schedule a Saturday inspection must schedule with our Dispatcher by 3:00pm on the Friday prior to the inspection.
- Contractors needing after-hours inspections can contact Dispatch for overtime requests.

These changes will allow us to provide better inspections services from Monday through Friday for the development community. Our Dispatch number is (702) 229-6914.

If you have any questions or concerns, please feel free to contact us at (702) 229-6251.
