

*Industry Advisory from the
Building & Safety Department*
Electronic Civil Revision Fees

The City of Las Vegas Department of Building & Safety Land Development Division is modifying the fee amount due for Electronic Civil Revisions.

Effective June 8th, 2020 the fee per sheet being electronically revised will be \$100. Previously the fees were set at \$100 per sheet for hand changes and \$200 per sheet for replots, however since we no longer have hand changes due to the nature of electronic plans we will only have one fee per sheet. Please note that the admin fee has not changed and is still a onetime fee of \$54.

If you have any questions or concerns, please feel free to contact me at (702) 229-2097 or email me at lmorales@lasvegasnevada.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Luis Morales", with a long, sweeping flourish extending to the right.

Luis Morales, P.E.
Engineering Project Manager
City of Las Vegas
Building and Safety Land Development Division
