

*Industry Advisory from the  
Building & Safety Department*  
**Appointments Plus  
November 10, 2021**

When City of Las Vegas initially starting offering video inspections we implemented a process that allowed the contractor to schedule an appointment for the video inspection via appointments plus. Over the last year utilizing this process, it has been determined that the appointments are difficult to maintain for the contractors and City of Las Vegas due to unknown delays throughout the work day. As a result starting November 15<sup>th</sup> we will no longer require an appointment to be scheduled for a video inspection.

Instead, you will schedule your video inspection through our online scheduling system at:

[Lasvegasnevada.gov/scheduleinspections](https://lasvegasnevada.gov/scheduleinspections)

For a mechanical video inspections you will schedule a 342. For a plumbing video inspection you will schedule a 442. The inspector will call the contractor the morning of the inspection to coordinate the time.

As a reminder, the following permits are eligible for video inspections:

- Building Water & Sewer repairs/replacement (per 100 lf)
- Construction Trailer
- Excavation only (residential pools)
- HVAC Exact change out or repair
- Low Voltage outlets
- Minor electrical (5 devices or less)
- Miscellaneous Plumbing Repair
- Miscellaneous Repair/Exterior upgrades (stucco, windows, etc.)
- Water heater or Water Softener (same for same)
- Water Piping Replacement

If you have any questions or concerns, please feel free to contact me at (702) 229-2002 or email me at [mcunningham@lasvegasnevada.gov](mailto:mcunningham@lasvegasnevada.gov).

Sincerely,

A handwritten signature in blue ink that reads "Mil C. Cunningham".

Michael Cunningham, P.E.  
Deputy Building and Safety Director  
City of Las Vegas  
Building and Safety Department
