EduCode Annual Training Conference
February 12, 2024

The City of Las Vegas Department of Building & Safety would like to remind our industry partners and general public that the Annual EduCode Conference is the week of Feb 26th-Mar 1th. This conference allows our team members to expand their knowledge and expertise in the latest building codes and construction trends.

Please be patient, as we will have limited staff available. We will provide inspection services Monday through Friday. We will not be able to accommodate express or call-out inspections unless it is an emergency.

If you would like more information about EduCode the website is below.
