*INDUSTRY ADVISORY FROM CITY OF LAS VEGAS BUILDING & SAFETY*

---

---

**ALL Residential Photovoltaic (PV) Permits can be completed online!**

We offer Photovoltaic (PV) Residential Permits online to license contractors. License contractors no longer need to come into the office to pull PV Residential permits.

Please follow the instructions listed below.

1. Visit our website at: <https://www.lasvegasnevada.gov/portal/faces/home/our-city/oc-government/g-departments/dpt-building-and-safety>
2. Select Building Permits
3. Select Apply for a Permit or <https://LasVegasNevada.gov/ApplyForPermit>
  - a. Select Building Contractor
4. Select **#20 - Photovoltaic System per KW** from the online permit list

19 WATER SOFTENERS (INCLUDING PIPING)

Residential

20 PHOTOVOLTAIC SYSTEM PER KW

21 RE-ROOFING/RESIDENTIAL (same for same tear off-only 2 layer of shingles allowed)

5. Bring the City plans to the jobsite on the day of your inspection and the inspector on the site will take possession of the plans upon passing the Alternate Power Source (227) Inspection.
6. We will continue to retain these plans according to our "residential plans" retention schedule.

If there are any questions or comments, please contact our office at 702-229-6251.
