

Industry Advisory from the Building & Safety Department

Online Research Availability

for the Plans Library

May 19, 2015

The City of Las Vegas Department of Building & Safety is pleased to announce a new feature available to customers developing within the City of Las Vegas. Customers can now do independent research for Civil Improvement Plans that have been permitted and constructed through City of Las Vegas. This new feature is available at the following web address:

<http://www5.lasvegasnevada.gov/sirepub/docs.aspx?tab=RD>

The feature provides for multiple search options such as drawing number, project name, assessor parcel number (APN), and Hansen Number.

If a specific plan can't be located or need additional help doing research please contact Ray Martin at 702-229-2149 or email planslibrary@LasVegasNevada.GOV.

Tips and Tricks

- Use the City of Las Vegas Interactive Map located at: <http://old.lasvegasnevada.gov/Publications/interactivemap.htm> to identify CLV drawing numbers for existing sewer and storm drain systems.

- The Civil Improvement Plans for a subdivision can typically be found by searching the recorded final map name as the project name.

If you have any questions or concerns, please feel free to contact me at (702) 229-2002 or email me at mcunningham@lasvegasnevada.gov.

Sincerely,

Michael Cunningham, P.E.
Building and Safety Manager
City of Las Vegas
