PHASED CONSTRUCTION APPLICATION

www.LasVegasNevada.gov/BuildingPermits

Phone: (702) 229-6251 Fax: (702) 382-1240

The Building Official may authorize projects to be constructed using the Phased Design Building Program. Consideration will be given to size, complexity, construction schedule and other related factors to determine if this approach is acceptable. Authorization must be obtained prior to submitting any initial building permit applications/documents. A copy of this application with appropriate stamp must be submitted with each application that is a part of this agreement. A 15% additional plan review fee will be added to each permit that is a part of this agreement.

Please complete the following information and email this application to techs@lasvegasnevada.gov along with all other documents required in the phased construction guideline. Extremely large and/or complex projects may require a preliminary meeting prior to completion of this application.
