Total planned area of land disturbance = permit application).		_ acres (should match grading
If the area of land disturbance is one acre or Notice of Intent (NOI) to Nevada Division regulated under Stormwater General Permit for payment of the annual fee or the letter of Once payment has been received by NDEP, State's permit.	n of Environmen NVR100000 and of authorization fro	tal Protection (NDEP) to be d submit a copy of the receip om NDEP (address attached)
1. Copy of NOI attached		
2. Copy of receipt or letter of authorize	zation from NDEF	attached

By submitting a copy of the NOI and the receipt or authorization from NDEP, the applicant acknowledges that they are aware of the requirements set forth in the State's General Permit and have developed and will implement a site specific Stormwater Pollution Prevention Plan (SWPPP). The applicant further acknowledges that they are aware of the Las Vegas Valley Construction Site BMP Guidance Manual and the required performance standards set forth in Section 3.2 of the manual. To ensure compliance with these performance standards, the applicant shall submit a completed Performance Standards Compliance Checklist, indicating the BMPs that implement standards 1-12. It is recommended that the applicant also attach a copy of the checklist to their SWPPP.

	Cop	by of Performance Standards Compliance Checklist attached
Yes	No	Were calculations required for sizing of diversion channels and/or sediment retention basins? If the answer is yes, pursuant to NRS 625.565, a Nevada Registered Professional Engineer must review and stamp plans, such as grading plans and reports that require engineering calculations.
followi	ng sl	to the submittal requirements specified above and in the ordinances, the hall be included as a set of standard notes to be depicted on all site plans that acre or larger.
		ndard notes from Section 3.5 of the Las Vegas Valley Construction Site BMP dance Manual on design plans

LAS VEGAS VALLEY STORMWATER QUALITY MANAGEMENT PROGRAM

PERFORMANCE STANDARDS COMPLIANCE CHECKLIST

The checklist that follows identifies the BMPs that can be used at construction sites to meet each of the Performance Standards of the Las Vegas Valley Construction Site BMP Guidance Manual (BMP Guidance Manual). You must select at least one BMP for each performance standard to meet the minimum requirements. Please refer to the BMP Guidance Manual to assist you in selecting BMPs for your site. It is the responsibility of the person who fills out this checklist to ensure that the BMPs selected are included in the contract bid documents and implemented at the site. If your project or site has characteristics that make meeting a performance standard infeasible or inapplicable (e.g. size of site, slope of site), please explain these characteristics at the bottom of the form.

CITY OF LAS VEGAS

Construction Site Stormwater Inspection Checklist

The contractor or other responsible party shall inspect the site at a minimum weekly and within 24 hours after a storm event of 0.5 inches of rain or greater. The owner/operator may use their own construction site inspection checklist, however, it must contain, at a minimum, the information required by this checklist. Inspection checklists shall be maintained onsite for review by NDEP and CLV inspectors.

If any of the answers to Questions 1 – 16 is No, a Violation has occurred, include the applicable question number; provide a written description of the observed violation(s); attach photo(s); and the required deadline date to return to compliance (RTC) for the indicated violation(s).

Question	Comments for Violation(s) Observed and Corrective Actions Required	Return to Compliance Deadline

The NO answers and comments noted above indicate that a stormwater violation(s) has been found and must be corrected.

Please note; during a City of Las Vegas stormwater construction inspection the inspector will provide a "Return to Compliance" date that violations must be corrected by. For violation(s) deemed as willful conduct or if no corrective action has taken place by the "Return to Compliance Deadline", additional enforcement actions (an Order) will be taken pursuant to the authority granted under Municipal Code 14.18. These Orders may include, but are not limited to: cease and desist order; revoke City permits, licenses and agreements pertaining to work on the premises; aadministrative penalties for noncompliance; City will conduct cleanup and abatement and recover costs from the Owner and/or Operator; City will pursue civil and/or criminal actions; City will impose a perpetual lien on and against the premises; or other actions as provided for in any provisions of City of Las Vegas Municipal Code 14.18. Administrative penalties may be assessed at \$500 to \$10,000 per day. Civil action may be pursued for \$1,000 to \$25,000 per day. Delinquent penalties may include late fees of 10% of the fee, accrued monthly, not to exceed two times the original penalty amount. Requests for reconsideration of violation(s) and appeals must follow the processes and associated fee(s) indicated in Municipal Code 14.18.160. The responsible party will be asked to acknowledge the Notice of Violation(s) and that they understand the explanation(s) of the violation(s) and the Return to Compliance deadline(s).
