Las Vegas Historic Preservation Commission Centennial Legacy Grant For Historic Preservation Programs

To commemorate the 100th anniversary of the founding of the city of Las Vegas, the Nevada Department of Motor Vehicles, in cooperation with the Commission of Museums and History of the Department of Cultural Affairs, designed, prepared and issued special license plates. The money from the sale of this specialized plate paid for public events as part of the Centennial Celebration in 2005. Now that the Centennial Celebration has ended, profit from the specialized license plates is directed toward a fund for historic preservation efforts in the City of Las Vegas.

The plates feature the famous "Welcome to Fabulous Las Vegas" sign designed by Betty Whitehead Willis in 1959, which still stands in the median island south of Tropicana on the Strip.

The Commission for the Las Vegas Centennial [Centennial Commission] has established the History Grant Program to support community initiatives in support of the history, preservation and conservation programs within the city of Las Vegas. The city of Las Vegas Historic Preservation Commission has received funds as part of the History Grant Program, and is offering a small grant program.

The focus of the program is to commemorate the history of the city of Las Vegas with projects "relating to the commemoration of the history of the City of Las Vegas, including, without limitation, historical markers, tours of historic sites and improvements to or restoration of historic buildings or structures." -NRS 482.37903

Projects may also include: cultural heritage and tourism, oral history, historic survey, documentation, museums and archives, and education.

The grants will be reviewed by the city of Las Vegas Historic Preservation Commission (HPC).

Evaluation Criteria

Criteria Set #1

In order to qualify for History Grant funding, the *subject of the grant project* must meet the criteria below in order to be funded. Any application failing to meet the mandatory criteria will not be considered further. The criteria listed below are intended to help applicants in developing a project and application that will best reflect the NRS mandate:

- 1) A building(s), site(s), structure(s), artifact(s) or event(s) that demonstrates historic significance to the city of Las Vegas and expresses a distinctive character because:
 - A significant portion of it (the subject) is at least forty (40) years old
 - It is reflective of the City's cultural, social, political, economic, or prehistoric past; and
 - Either:
 - It is associated with a person or event significant in local history; or
 - It represents an established and familiar visual feature of an area of the city because of its location or singular physical appearance.
- 2) The applicant must be able to complete the funded phase of a project within budget.
- 3) The project must be completed within a reasonable time in such a way that the city can comply with laws related to the sale of the commemorative license plates. Funded phases of a project should be completed within 12 months from the date funds are awarded to the applicant. Funds are disbursed as a reimbursement to the applicant.
- 4) The applicant must be able to manage the grant and to account for expenditure of funds according to the HPC's fiscal requirements which will be distributed to awardees upon grant award.
- 5) The applicant must be able to meet all reporting requirements and provide final copies of all grant funded product by the termination date as stated on the funding agreement.

Criteria Set #2

The HPC will review the applications according to Criteria Set #2. The application must meet some aspect of all four of the criteria below in order to be considered for funding, with the exception of Accountability. The applicant must meet all sub-criteria under Accountability. *The ability to meet at least three criteria, by itself, does not guarantee funding, and does not determine the distribution or level of awards.* The Commission reserves the right to consider subsequent testimony and discussions, after which it discusses and adjusts distribution of funds.

The following criteria are merely a method of initial ranking for purposes of further discussion. The specific criteria are:

Historic Preservation Issues

- The project will promote or preserve some historic feature of Las Vegas;
- The applicant demonstrates an ability to raise or sustain required amounts of financial support from sources other than this grant, including donations of goods and services. In addition, the applicant demonstrates the ability to raise and sustain support (relative to the means and abilities of the applicant);
- The final product must demonstrate sustainability and the ability to be maintained so that the public can enjoy it in the future.

Community Impact

Examples of topics to be considered:

- The project will commemorate the history of the city of Las Vegas;
- The project promotes cultural heritage tourism in Las Vegas;
- The project demonstrates community participation as a component of historic neighborhood revitalization;
- The project will supplement training and education in the classroom in historic preservation;
- The project will increase overall public awareness of historic preservation methods and concepts;
- The facility supported by the project will be used by a broad base of the community;

Innovation and Creativity

- The applicant demonstrates an ability to use additional resources in a creative way to complete the project should they not receive the entire grant amount requested.

Accountability

- The applicant demonstrates an ability to complete a high quality project within budget and in a reasonable time;
- The applicant can manage the grant and can account for expenditure of funds according to the Commission's fiscal requirements.

Note:

- 1) The Commission will give consideration to projects that are emergencies, and it will look favorably on projects that can be completed in their entirety by the end of the grant.
- 2) All grantees must agree to participate in the annual May celebration of National Historic Preservation Month if asked. For example, if the project includes a tour of an historic property that received funds from the History grant program, the city may distribute brochures inviting the public to participate in the tour.

Application Process

Applications are accepted biannually in February and August. If the minimum criteria have been met, the HPC will receive the application at the next available HPC meeting for review. The HPC will have 30 days to review the application, after which the application will be placed on the following HPC meeting agenda for approval or denial. Incomplete applications will be

returned for resubmission in the next round. There will be no exceptions to this rule.

Upon receipt, the Commission members will review each application in relation to the criteria. Each Commission member will be allowed to review the applications independently of one another in advance of the HPC board meeting. Applicants or a representative are required to attend the HPC meeting and present their proposal. Presentations are limited to five minutes per application.

Each approved grant will be awarded based on:

- 1) the total amount of funding available;
- 2) the emergency of the project;
- 3) The total amount of criteria met; and
- 4) The requested project amount.

Who May Apply

Government and quasi-government agencies, schools, universities and registered non-profit corporations whose missions are to preserve or conserve historical, cultural and archaeological resources within the boundaries of the city of Las Vegas or that have demonstrated historical significance to the city of Las Vegas.

Restrictions and Requirements

Allowable Costs

1. Publishing
2. Documentation
3. Archive
4. Research
5. Interviews
6. Events
7. Historic resource survey and inventory
8. Lectures

Publishing Requirements

We look for work that appeals to an informed general audience; gives evidence of high standards in editing, design, and production; promises a reasonable shelf life; might not otherwise achieve top quality or even come into being; and represents a contribution without which we would be the poorer. Book proposals to which a university press or trade publisher is already committed and for which there is a feasible distribution plan are usually preferred.

- Published materials must be made available to the public free of charge.
- Priority will be given to nonfiction material related to the prehistory and history of the city of Las Vegas.
- Author(s) of proposed work, or an editor(s) of selected works, must be a scholar of history, historic architecture, historic structures, historic preservation, or archaeology.

Normally, a scholar has an advanced degree (M.A. or Ph.D.) in one of these fields or a related field. Exceptional knowledge and experience in a particular area may substitute for an advanced degree in some cases.

- A brief biography of the author(s) or editor(s) is required to explain how their expertise is relevant to the project.

Mandatory Disclaimer for Grant Funded Projects

All final grant funded products must include the following disclaimer in some form before awardees can be reimbursed:

“This brochure has been financed in whole or in part with funds from the city of Las Vegas Historic Preservation Commission Centennial Legacy Grant. The contents and opinions, however, do not necessarily reflect the views or policies of the city of Las Vegas, nor does the Historic Preservation Commission guarantee the historical accuracy of the content of grant funded projects.”

Unallowable Costs

1. Landscape improvements
2. Mortgage notes, insurance policies, and so forth
3. Furnishings or anything that can be easily removed from the building. Examples include: curtains, speaker systems, chairs, tables, etc.
4. Bricks and mortar construction projects
5. Volunteer labor (but can be used as a match)
6. Planning costs/internal meetings
7. Per diems
8. Mileage

Award Process

Grant funds will be awarded in amounts up to \$5,000. The Commission will entertain requests exceeding this amount for projects that demonstrate exceptionally significant value to the preservation of the history of Las Vegas.

Projects may be phased. For example, an historic property owner may wish to apply for funding to plan a project which can be completed in one year, and apply for funding to implement the project the following year.

In-Progress Project Requirements

If awarded a Las Vegas HPC Centennial History Grant, grantees are required to:

1. Report any changes made to the project scope or project during the duration of the grant;
2. Complete project work in conformation with submitted visual and/or written specifications;

3. Provide the HPC with quarterly financial reports and progress updates on the project;
4. Allow the HPC full access to all documents necessary for a comprehensive audit;
5. Notify the HPC when there are fundamental changes to your organization's programming, structure, or leadership, and;
6. Include appropriate acknowledgments in the written materials about the project that the project is sponsored by the city of Las Vegas. The grantee will be given a restricted license to use the city of Las Vegas logo on signs and printed materials subject to the prior approval of the Commission staff of the proposed use.
7. Upon completion of the project, grantees must present to the Commission proof of completion. Proof can be in the form of a presentation, photographs, site visit, video, etc.
8. Two copies of the final product, whether in CD or printed form, must be received by the city of Las Vegas HPC upon completion of the grant-funded project.

APPLICATION FORM

The application form is composed of three (3) parts:

Part I is the **Application Cover Page**. This provides the Commission with a quick and concise overview of who is proposing the project, where it is located, what it intends to achieve, and how much it will cost. This must be submitted as only a one-page document with the application packet.

Part II is the **Grant Description** section and should describe your project in detail.

This section must contain specific information on the historical significance of the property or subject matter as it relates to Las Vegas, and a project scope that defines how the project is to be executed and, if applicable the actual building rehabilitation and future operation of the building.

Part III is the **Proposed Budget** section. A detailed project budget is necessary to provide the Commission with information needed to evaluate applications. In addition, this information may be used at a later date, in preparation of funding agreements between the Commission and the awardees.

Matching funds from other sources, while not mandatory, are highly encouraged. The applicant budget must provide the breakdown of any outside funding and the requested grant amount. It should be broken down by category and must provide an itemized listing for each category. Applicants may use the enclosed sample budget form or an alternative budget of their choice, so long as it precisely and clearly expresses the budget. Legible spreadsheets are encouraged.

Part IV is the **Additional Required Documents** section. Part IV lists all required supplemental documentation, including a copy of your most recent audit report along with comments on the findings and recommendations, including a plan for corrective action taken on prior findings. If corrective action is not necessary, a statement describing the reason that it is not necessary should accompany the audit report. *A single copy of the audit report is adequate and should be included with the original signed application.* **Applicants must provide all required documents or detailed explanations of why they are not applicable.**
