FAIR HOUSING

Title VIII of the Civil Rights Act of 1968, as amended by Congress in 1988 in enactment of the Federal Fair Housing Act, prohibits discrimination in the provision of housing and housing-related services based on race color, religion, national origin, sex (gender), familial status (presence of children under the age of 18), and handicap. Nevada state law also includes protections based on ancestry, sexual orientation, and gender identity or expression. Fair housing laws apply to all types of housing and housing-related transactions, including rental, sales, lending, insurance, and advertising. Any entity that controls housing choice, including public housing authorities, homeowner associations, and agencies administering housing funds, is subject to the provisions of state and federal fair housing laws.
