# CHAMBER GALLERY

## LOCATED AT

City Hall | 2nd Floor | 495 S. Main St. | Las Vegas, NV 89101

# OVERVIEW

2

The Chamber Gallery is located on the second floor of Las Vegas City Hall, across from City Hall Chambers. Walls are clad in stone with a professional, modern aesthetic. Natural light from adjacent windows and track lighting enhances the space.

## ACCESS

- Open to the public during City Hall hours.
- Direct access from elevators and office corridors.

## EXHIBITION SUPPORT

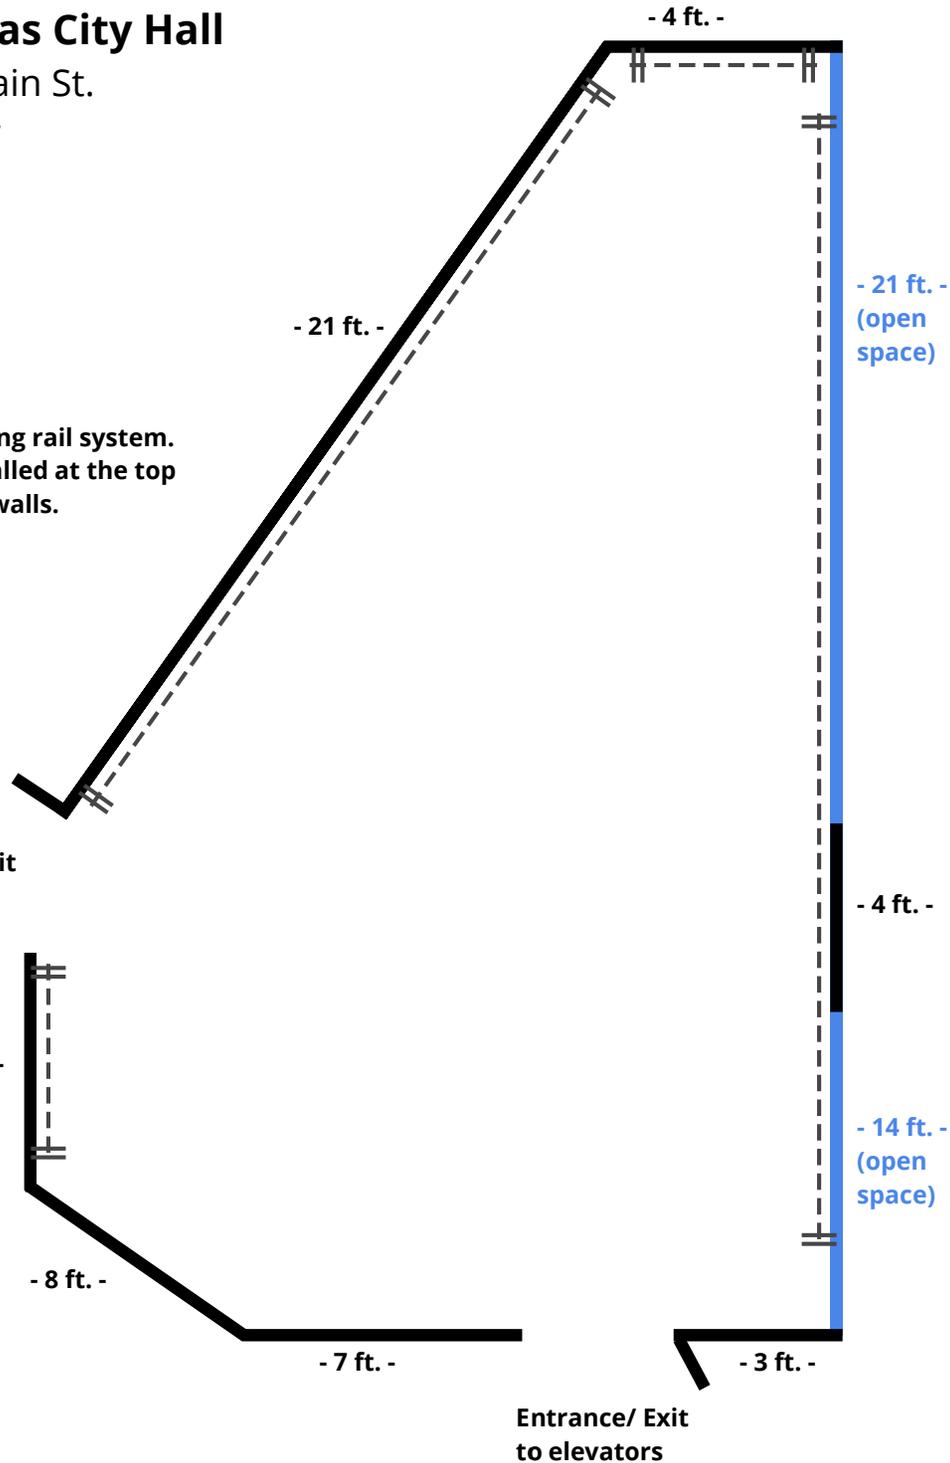

- Equipped with a wire hanging rail system installed at the top of 9 ft. high walls. Compatible with Arakawa Hanging Systems AF3 / AF3P.

# Chamber Gallery Las Vegas City Hall

495 S. Main St.  
2nd floor

\* Wire hanging rail system.  
All rails installed at the top  
of 9 ft. high walls.

# FLOOR PLAN

## CEILING HEIGHT

- 9 ft. Layout includes an open walkway connecting to other offices and seating areas.

## APPROXIMATE GALLERY FOOTPRINT

- 50 linear feet of hanging space.

# TECHNICAL SPECIFICATIONS

## HANGING SYSTEM

- Arakawa rail with cables and adjustable hooks.
- Rails mounted at 9 ft. height.

## LIGHTING:

- Adjustable ceiling-mounted track lights with multiple angles.

## FURNITURE & FIXTURES

- Benches and some pedestal stands available for 3D works.

## RESTRICTIONS

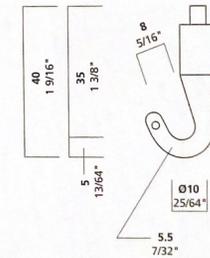

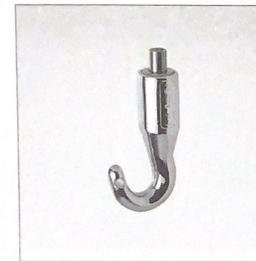

- No drilling or nails allowed on stone walls.
- All 2-D artwork must be hung from the Arakawa rail system or use command strips.

## AF3 / AF3P

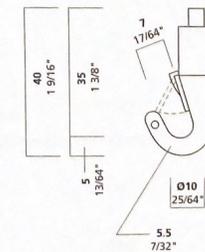

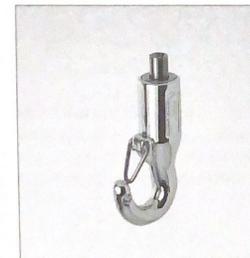

AF3 and AF3P are popular for hanging framed art and posters. The AF3P has a simple clip that acts like a carabiner, effectively closing the otherwise open hook. Excellent in seismically active areas. Both have a small hole in the hook; insert excess cable into the hole to hide behind art. AF3 and AF3P accepts 3/64" (1.0 - 1.2 mm) diameter cable and will accommodate weights up to 50 lbs. (23 kg) per Gripper.

cable size	3/64"	1.0 - 1.2 mm
maximum weight	50 lbs	23 kg
use	midway

# CHARLESTON HEIGHTS ARTS CENTER GALLERY

## LOCATED AT

Charleston Heights Arts Center | 800 Brush St. | Las Vegas, NV 89107

# OVERVIEW

8

The Charleston Heights Art Center Gallery is a dedicated exhibition venue integrated within one of Las Vegas' most active community arts centers. Located just inside the lobby, this gallery is perfectly positioned to welcome both arts patrons and neighborhood visitors. With a clean modern interior, polished wood flooring and high adjustable ceilings, the space is well-suited for all medias.

The gallery's proximity to performance spaces allows for cross-programming, artist talks, opening receptions, collaborative showcases and cultural events draw diverse audiences throughout the year.

## ACCESS

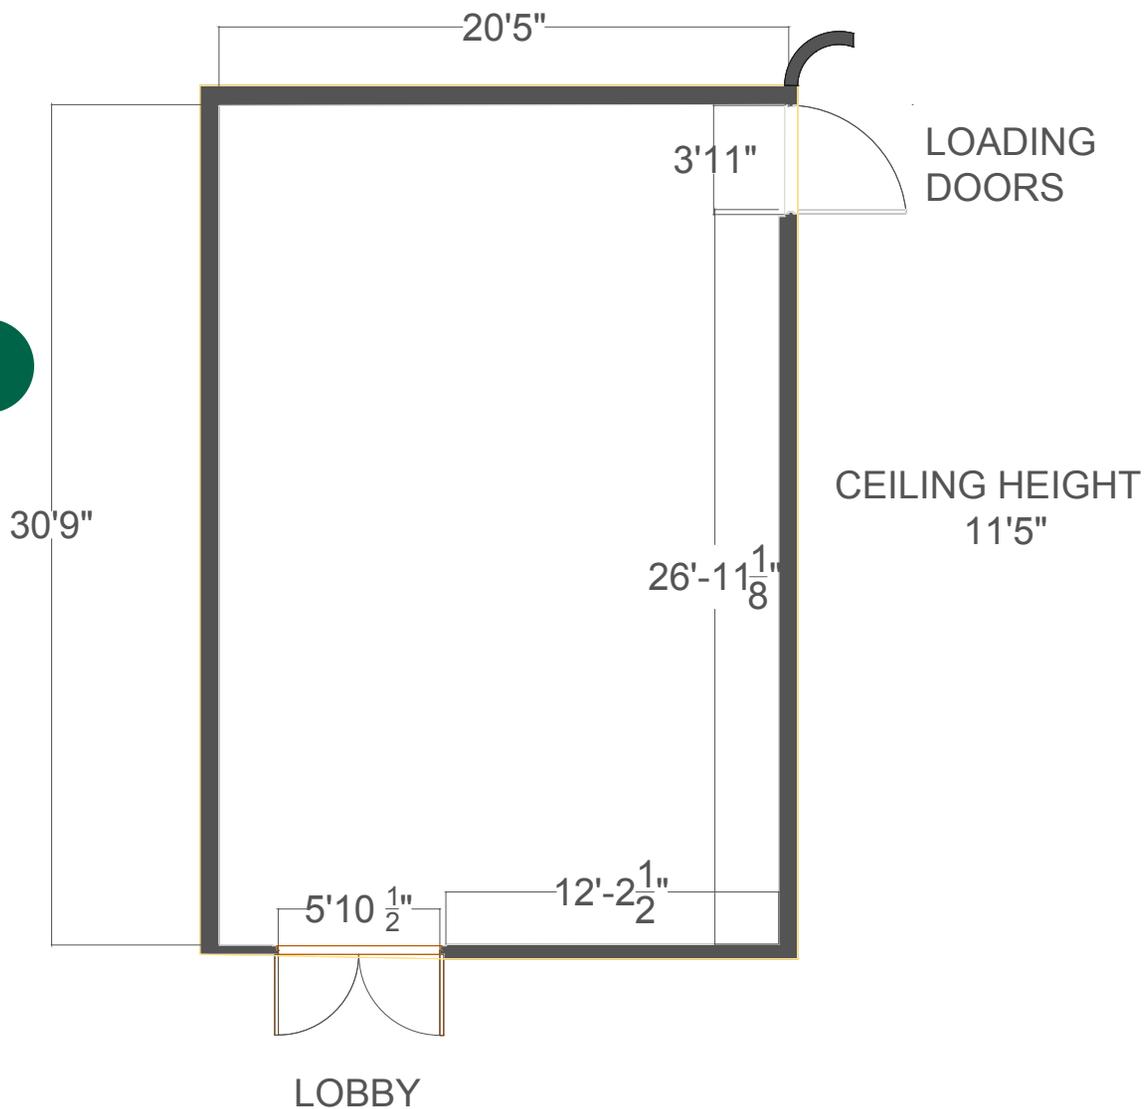

- Open to the public during Charleston Heights Arts Center operating hours.
- Accessible through main lobby and adjacent to performing arts facilities.

## EXHIBITION SUPPORT

- Strong track lighting grid throughout gallery. Multiple continuous smooth-wall hanging areas.
- Mobile pedestals and vitrines available for 3D/sculptural installations.
- Visibility from lobby encourages audience engagement before and after events.

# FLOOR PLAN

## CHARLESTON HEIGHTS ART CENTER GALLERY

- Flexible open floor layout.
- Rectangular gallery space branching from the main lobby.
- Suitable for linear/sequence hanging and grouped arrangements.

# TECHNICAL SPECIFICATIONS

# GRAND GALLERY

18

## LOCATED AT

Las Vegas City Hall | 1st Floor Atrium  
495 S. Main St. | Las Vegas, NV 89101

# OVERVIEW

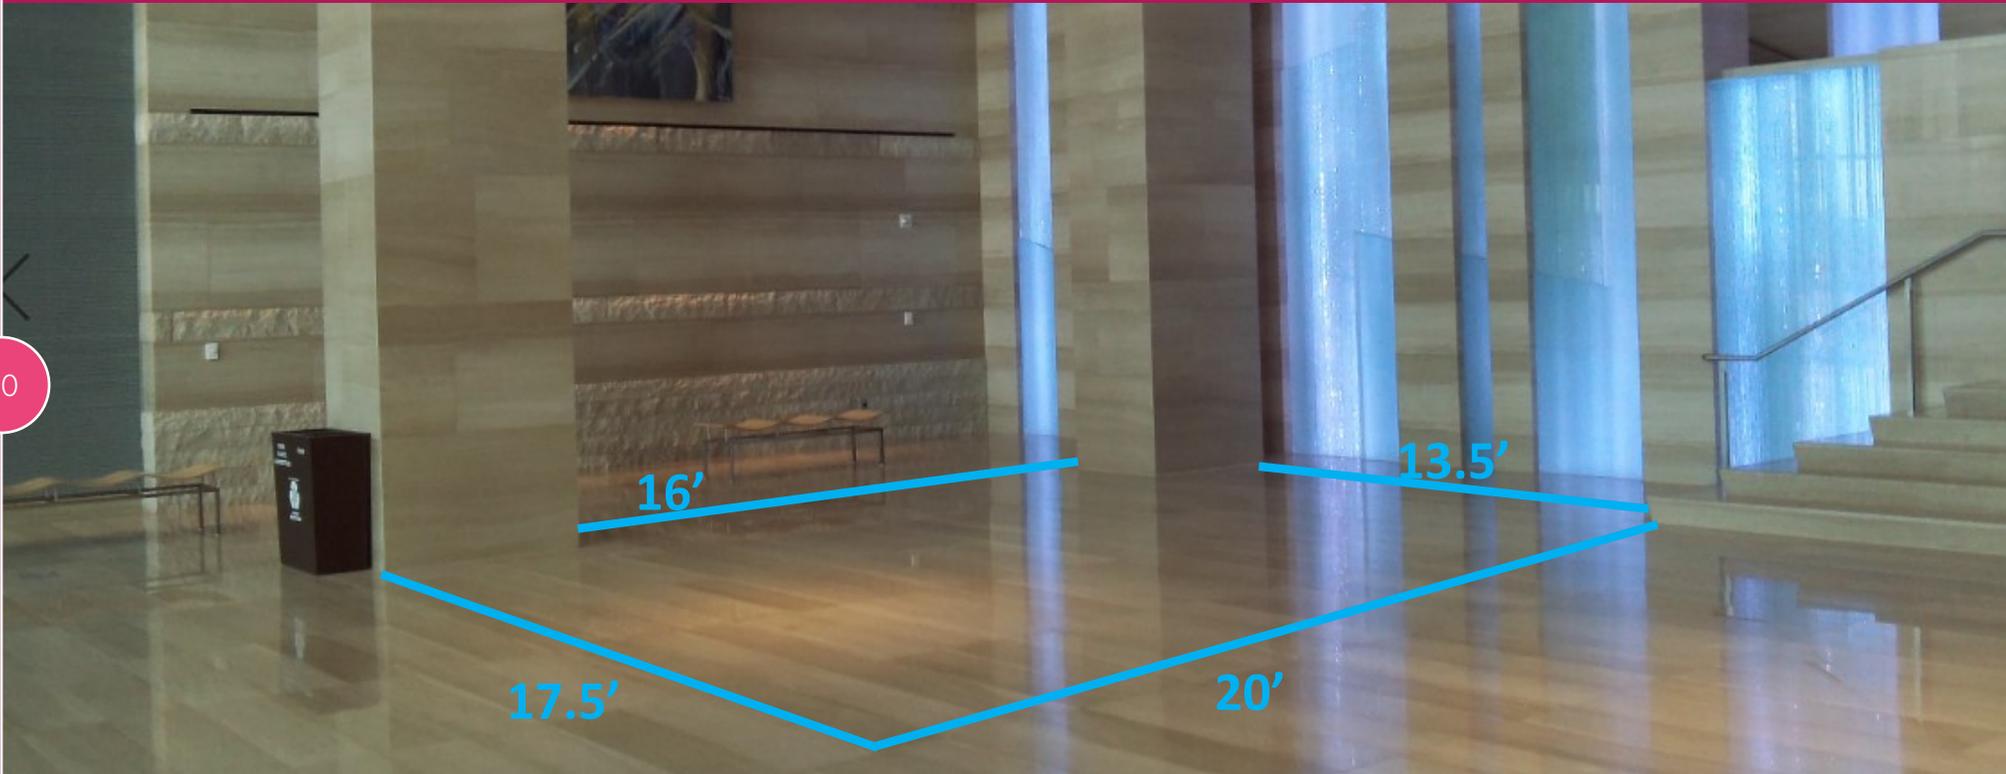

19

The Grand Gallery is located in the main atrium on the first floor of Las Vegas City Hall. It serves as one of the city's premier public art exhibition spaces, designed for large-scale installs and 3D displays. The gallery's open floor and tall ceilings create a dramatic, professional presentation for installation and sculptural works.

## FEATURES

- Distinctive stone wall finishes with a large handshake mural as a focal point.
- Dynamic architectural lighting with glowing glass-paneled walls and stairways.
- Open floor for sculpture/pedestal displays.

# FLOOR PLAN

20

## KEY NOTES

- Wall dimensions: 17.5 ft, 20 ft, 13.5 ft, 16 ft (usable display lengths).
- Ceiling height: soaring 2-story atrium (approx. 30+ ft).
- Open floor suitable for pedestals, installations and receptions.

# TECHNICAL SPECIFICATIONS

## HANGING & LIGHT SYSTEM

- Walls can only be used with command strips, no hanging wires, drilling or nails allowed.
- Natural light from large windows combined with architectural LED lighting.

## DISPLAY OPTIONS

- Highly polished stone floors accommodate pedestal arrangements (pedestals are provided).
- Capable of hosting large sculptures, group exhibitions and event receptions.

## RESTRICTIONS

- No drilling or nails allowed on walls. Heavy sculptures require pre-approval for load-bearing limits.

# MAYOR'S GALLERY

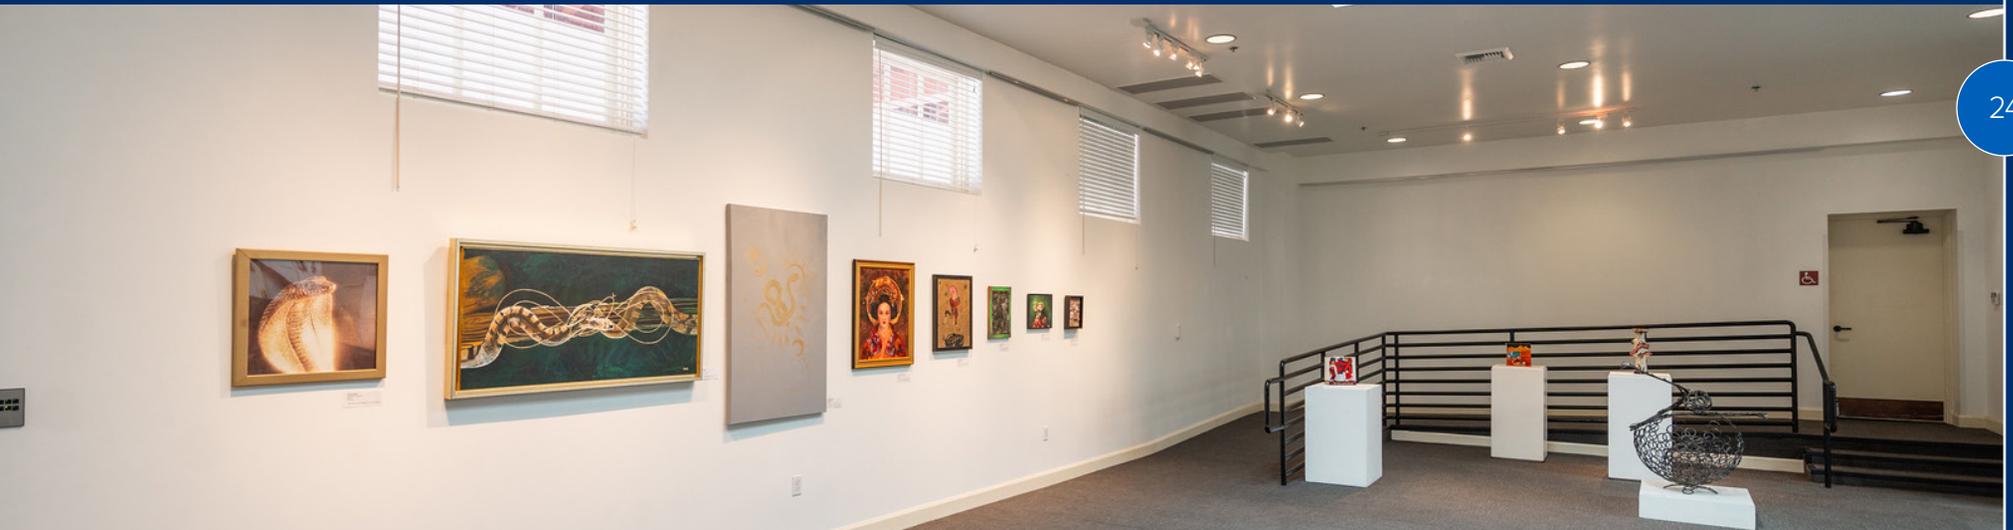

## LOCATED AT

Historic Fifth Street School  
401 S. Fourth St.  
Las Vegas, NV 89101

# OVERVIEW

The Mayor's Gallery is a prominent exhibition venue housed within the Historic Fifth Street School, a restored 1930's Mission-Revival building and designated historic landmark. With multiple long uninterrupted walls, flexible space divisions and natural illumination from skylights, the gallery is ideal for both solo and group exhibitions across a wide range of media. Its proximity to the Auditorium makes it well-suited for events, artist talks, workshops and exhibitions aligned with cultural programming. The gallery's open plan supports varied layouts, from traditional linear hanging to immersive or sculptural installations. The gallery is frequently activated for civic receptions, offering artists a unique opportunity to reach both arts audiences and municipal leadership.

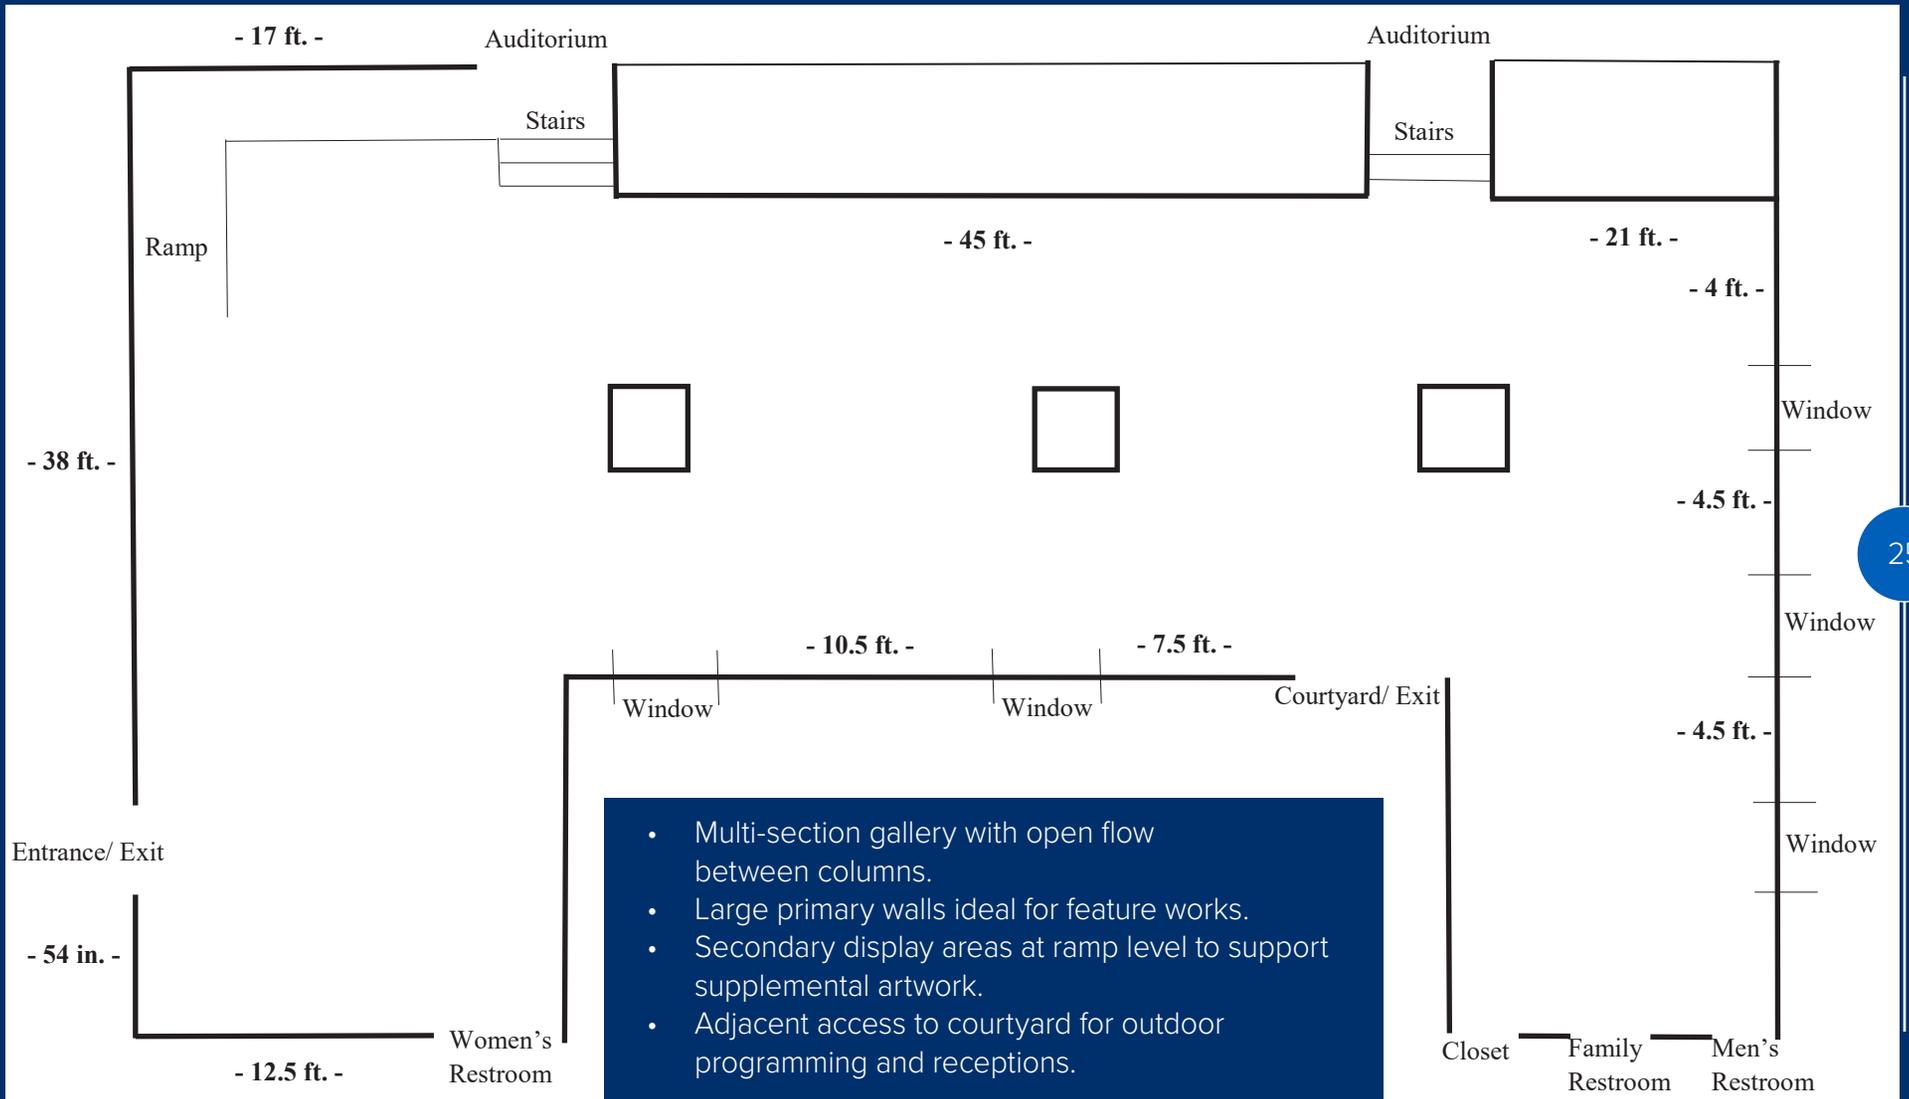

## ACCESS

- Open to the public during Historic Fifth Street School business hours by appointment.
- Centrally located on the ground floor accessible from parking lot, courtyard and auditorium corridors.
- ADA accessible via ramp.

## EXHIBITION SUPPORT

- Track lighting throughout with individually adjustable fixtures.
- Skylights provide supplemental natural light.
- Walls can be nailed or drilled.
- Select pedestals available upon request.
- Gallery attendant workstation supports public engagement and reception hosting.

# FLOOR PLAN

- Multi-section gallery with open flow between columns.
- Large primary walls ideal for feature works.
- Secondary display areas at ramp level to support supplemental artwork.
- Adjacent access to courtyard for outdoor programming and receptions.

# TECHNICAL SPECIFICATIONS

## LIGHTING

- Ceiling track lighting with directional heads.
- Multiple lighting zones for curated emphasis.

## FLOORING & LOAD-IN

- Low-pile commercial carpet
- Load-in access via auditorium/service corridors and front gallery door.

## ENVIRONMENTAL

- Skylights add natural day time lighting.
- Other windows have blinds.

## ACOUSTICS

- Reverberant conditions noted; not recommended for performance or speaking events.

## RESTRICTIONS

- Some events require pieces to be temporarily moved.
- Some wall areas may have operational clearances (water fountain, emergency exits, etc.).

# WINDOWS ON FIRST

## LOCATED AT

City Hall | 495 S. Main St.

Las Vegas, NV 89101

Part of the First Street Art Trail

# OVERVIEW

30

Windows on First is a public-facing exhibition initiative designed to engage pedestrians through contemporary visual art. Located on the exterior of City Hall, the space activates the downtown streetscape day and night, reaching diverse and continuous audiences. This street gallery supports temporary installations that are:

- Site-specific
- Light-responsive
- Community-engaging

The series has featured significant regional and national artists whose work celebrates themes of connection, resilience and transformation within the Las Vegas Valley.

## ACCESS

- Ground-level visibility facing First Street from public sidewalk.
- Open and viewable 24/7 from exterior pedestrian pathway.
- ADA-accessible exterior experience.

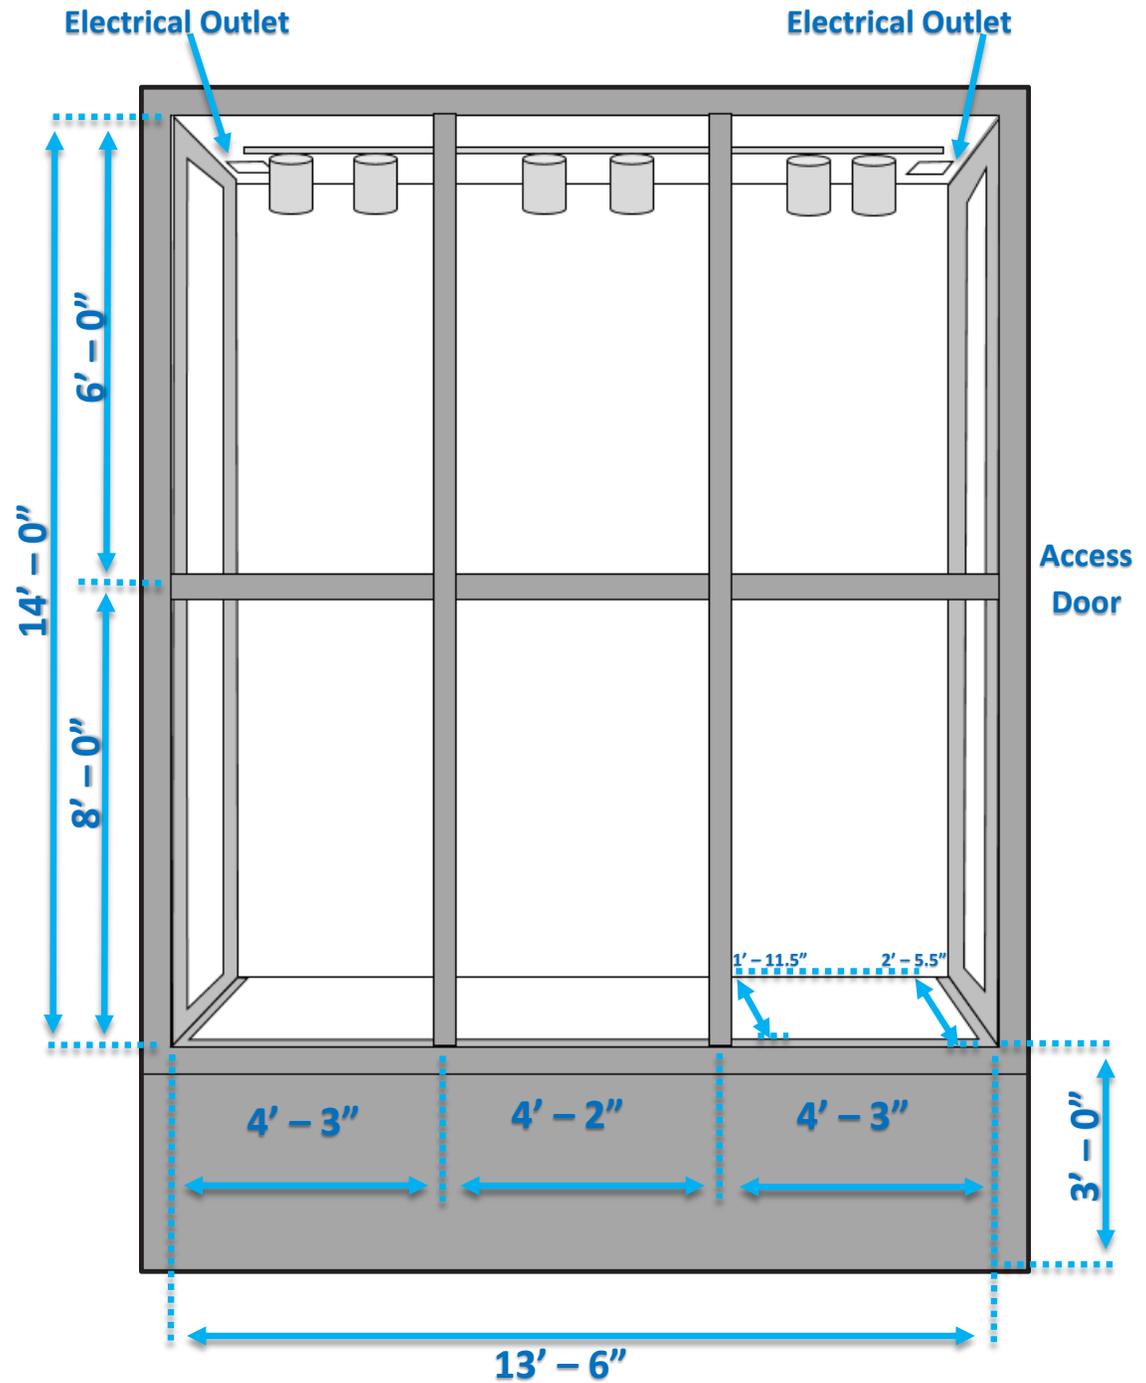

## EXHIBITION SUPPORT

- Locked storefront glass presentation system.
- Suitable for 2D visual artwork, light-based artwork, sculptural displays, and custom window installations.

# FLOOR / WINDOW PLAN

31

- 3 Large glass bays supporting vinyl, hanging, and sculptural installations.
- Electrical outlets located near display areas for illuminated works.

# TECHNICAL SPECIFICATIONS

32

## DISPLAY TYPE

- Sculptural/object displays behind storefront glass.
- Suspended lightweight artwork where approved.
- Mural or painted walls.

## LIGHTING

- Natural daylight and nighttime city illumination.
- Optional interior-powered lighting.

## RESTRICTIONS

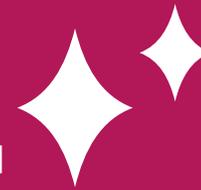

- All materials must be securely installed and removable.
- No adhesives directly on glass unless approved.
- Artwork must remain appropriate for all-ages public audiences.
- UV exposure should be considered in material selection.
- All walls, floors and condition of the space to be returned to original condition.
