

## Shuttered Venue Operators Grant Webinar Cliff Notes:

The webinar was a brief 15 minute overview of the future grant application opportunity not yet available, with no date given when it would. It will be advertised through a press release and other social media. It is recommended to also check [SBA.gov/coronavirusrelief](https://www.sba.gov/coronavirusrelief).

If in business 1/1/19, 45% of 2019 gross earned revenue with a max of \$10 million per grant.

There will be different levels of eligibility and well as a government agency would be eligible in that category. It will have its own set of requirements.

Mentioned the following:

PPP – Forgivable loan: covers payroll costs, not contractors, rent, utilities and other costs

SVOG – Do not have to repay and covers broader use of funds

COVID EIDL – Repayable loan covers capital exp, had the pandemic not occurred

This webinar was recorded and will be available on their website soon. Once the grant opportunity is open, they will offer another webinar.
