User Name and Password are only needed with parent consent for children 9 and under, or who need login assistance

Distance Learning

- The City will provide a work area and designated homework time for children to conduct their schoolwork. Electronic devices will only be available to children during their designated homework times.
- The City will assist with access to Clark County School District (CCSD) Wi-Fi.
- Parents must provide all log-in information, participant’s school I.D. number and all applicable information needed for participants to complete their homework.
- The City will provide a staff member to supervise the log-in process and assist with children’s needs, however, the City is not responsible for participant’s schoolwork productivity. Parents will be notified if there are issues that prevent their children from logging in.
- Student’s screens must remain viewable to program staff at all times. Staff will provide supervision of students during homework times, however students should only access web content directly relating to their virtual learning/homework.
- All participants must bring their own school supplies necessary to complete their assignments and crafts. Items should be labeled with the child’s name and in a backpack. Items should include:
 - **Fully charged** laptop, headphones (with microphone if needed), or electronic device(s) with charging cords to complete homework.
 - Pencils, pens, crayons/color pencils, glue sticks, notebooks, notebook paper, worksheets, scissors, a pencil box, personal hand sanitizer and tissues.
 - All personal supplies must be brought with the participant each day and taken home at the end of each day.
 - Disinfecting personal equipment will be the parent’s responsibility.
- The Safekey/Ignite program cannot guarantee access to power outlets for device charging.
- Please be advised that web content may not be filtered by the site’s internet service system.
- As stated in the parent handbook, the city of Las Vegas is not responsible for lost, damaged or stolen equipment.
