January 20, 2026

Honorable Mayor,
Members of the City Council, and
Residents and Stakeholders of the City of Las Vegas, Nevada

We are pleased to present the City of Las Vegas' Annual Comprehensive Financial Report for the fiscal year ended June 30, 2025. State law requires that all general-purpose local governments publish their complete set of financial statements presented in conformance with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the City of Las Vegas (the City). Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, we have established a comprehensive internal control framework that is designed to both protect the City's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Rubin Brown LLP, a certified public accounting firm licensed and qualified to perform audits of state and local governments, issued an unmodified opinion on the City's financial statements for the year ended June 30, 2025. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the specialized and greater needs of Federal granting agencies. The standards governing Single Audit engagements require the independent auditors to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving administration of Federal awards.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The City was founded in 1905 and incorporated in 1911. It is located in the southern part of the State of Nevada within Clark County. The City currently occupies a land area of 142.0 square miles, serves a population of 673,334 and is the largest city in the State. Within statutory limits, the City is empowered to levy a property tax on both real and personal property located within its boundaries. It is also empowered by State statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Council. The City has operated under the council-manager form of government since January 1, 1944.

According to the City Charter, adopted by the State Legislature and in force during the fiscal year, the residents elect six City Council members and a Mayor who comprise the “Council.” The Council is elected on a non-partisan basis. Council members serve four-year staggered terms, with three members elected every two years. All voters of the city elect the Mayor “at large,” and each Council member is elected from one of six wards in the City. The Mayor and Council members are constitutionally limited to serving not more than 12 years. Policymaking and legislative authority are vested in the Council. The Council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees and hiring the City Manager, City Attorney, and City Auditor. The City Manager is responsible for carrying out the policies of the Council, and, along with three Deputy City Managers and a Chief Financial Officer, oversees the day-to-day operations of the City, including nineteen departments and offices of varying sizes. Departments are further divided into divisions to perform their respective functions. The City provides a full range of services including public safety (contract with the Las Vegas Metropolitan Police Department (LVMPD), City and Municipal Court Marshals, and Fire Protection), streets and infrastructure construction and maintenance, recreational activities and cultural events.

The government-wide financial statements include not only the City itself but also the financial activities of the City’s blended component units: the City of Las Vegas Redevelopment Agency, the City’s Nonprofit Corporations, and Strong Start Academy. These component units are legally separate entities for which the City is financially accountable. The report also includes two discretely presented component units: the Commission for the Las Vegas Centennial and LVCIC SUB-CDEs IV-X and XII, LLC for which the City is legally and operationally separated. For additional information, see the notes to the financial statements.

The annual budget serves as the foundation for the City’s financial planning and control. Per City Charter Chapter 4.08, all departments and agencies of the City are required to submit requests for appropriation or spending authority to the City’s Finance Director on or before the first Wednesday in February each year. These requests are used as the starting point for developing the proposed budget. Per Nevada Revised Statute, the City’s tentative budget is presented to the Nevada Department of Taxation (the “Department of Taxation”) by April 15 of each year. The Council is required to hold public hearings on the tentative budget and adopt a final budget by no later than June 1. The appropriated budget is prepared by fund, function (e.g., public safety), activity (e.g., fire) and department (e.g., Fire and Rescue). Department directors may make transfers of appropriations within a department. Transfers of appropriations between functions, however, require the approval of the City Council. Budget-to-actual comparisons are provided in this report for each individual fund for which an appropriated annual budget has been adopted.

Budgetary controls are maintained at the line item level on a departmental basis through the use of a purchase order and encumbrance system. Additional controls consist of the following: a) City Manager’s Office approves all staff hiring; b) ongoing monitoring of expenditures; and c) monthly analysis of departmental costs versus budget trends. Revenue monitoring may lead to curtailment of certain expenditures such as new hires, travel or capital outlay. If new programs have been initiated, existing programs change or unanticipated revenue is realized, it may be necessary to realign or revise the budget. The City formalizes this procedure by preparing an augmented budget for the current year, which reflects both revenue and expenditure adjustments. Following a public hearing, the augmentation is filed with the Department of Taxation.

Local Economy

Fiscal year 2025 was a leveling off year after a three year post pandemic surge in visitation. The City’s revenues remained steady with operating revenues in the general fund increasing by 1.4%, and consolidated tax revenues declining by .5%. Some of the contributing factors to the slowdown in growth, which contributed to level revenues for the City, follow below.

- The visitor volume to the Las Vegas area was 41.7 million for calendar year 2024 which was a 2.1% increase compared to 2023. It was down from the record high of 42.9 million in calendar year 2016 (2.8%). For the first five months of calendar year 2025, visitor volume was down 7.3%. Convention attendance in 2024 was equal to 2023 with approximately six million attendees coming to Las Vegas.
- Gaming win in the Las Vegas metropolitan area was \$13.6 billion for calendar year 2024 which was a .6% increase from 2023. For the period January through June 2025, the gaming win was up \$13.6 million when compared to the same period in 2024, which represents an increase of .2%. These gaming numbers represent all time record gaming win revenue received dating back to 1970.

- An all-time high unemployment rate of 31.7% for Las Vegas was reached in April 2020 as a result of the shutdown due to COVID-19. The April rate was much higher than the U.S. rate of 14.4% which reflected the dependence of the City on travel and entertainment, an industry shut down at the beginning of the pandemic. As of June 2025, the unemployment rate in Las Vegas was 5.8% which was lower than the pandemic high but lags behind the U.S. rate of 4.1%.

The housing market saw housing prices rise during 2024 as the cost of borrowing eased slightly. The median existing Las Vegas price of homes sold in June 2024 was \$475,000. As of June 2025, the price had risen to \$485,000 an increase of 2.1%. Assessed property values in the City rose 10.0% to \$30.7 billion in fiscal year 2025. For fiscal year 2026 the assessed growth is projected to be 2.3% to \$31.4 billion. The City's property tax base is very diverse with the ten largest taxpayers accounting for only 6.2% of assessed value. Property taxes are the second largest revenue source for the City. Fiscal year 2025 recorded 106 foreclosures compared with 103 in fiscal year 2024. Despite higher housing prices and mortgage rates, foreclosure activity related to housing affordability shows no noticeable increase.

The Las Vegas Valley and the City have become a destination for national sports teams including hockey, soccer, basketball and football. The Oakland A's have committed to relocating to Las Vegas in time for the 2028 baseball season and construction of a new ballpark began in 2025. The Las Vegas Aces WNBA team and the Vegas Golden Knights hockey team continue to draw record crowds from the local resident population as well as from the many visitors to the region. The Formula 1 inaugural Las Vegas Grand Prix was held on the streets of the Las Vegas Strip in November 2023 and now continues as an annual event drawing many international enthusiasts as well as domestic citizens.

Financial Planning

Detailed requirements for the City's budget are set forth in State statutes. The City's budget process begins with a strategic planning and visioning process. The City Council has developed the City's vision, mission, priorities, and themes. At the time of fiscal year 2026 budget development and approval, the priorities comprising the strategic plan of the City were public safety, healthcare and a diversified economy. In October 2025, the Council updated priorities and added an additional category of housing and homelessness.

During preparation of the fiscal year 2026 budget, the updated estimate for fiscal year 2025 General Fund revenues was \$802,800,322, compared to the originally budgeted amount of \$804,310,056, indicating that revenues were projected to come in essentially at budgeted levels. Given the uncertainty surrounding the sustainability of year-over-year growth in recent years, particularly considering relatively high interest rates and inflation, revenue was budgeted conservatively. Consolidated tax revenue was budgeted down compared to fiscal year 2025 actuals with economic uncertainty surrounding inflation and economic policies under a new federal administration.

The city settled ongoing litigation known as "Badlands," which included four cases. One of these cases had already been adjudicated and closed in fiscal year 2024, with the City making a payment of \$64.1 million. The other three outstanding cases were settled in fiscal year 2025 for \$286.0 million. Given the magnitude of the settlement paid out combined with economic uncertainty, a conservative approach was taken in developing the fiscal year 2026 budget.

As part of the expense planning process for fiscal year 2026, no program expansions were included in the fiscal year 2026 budget. All departments, with the exception of public safety, were asked to take budget decrements of between five and ten percent. Budget decrements were proposed by departments and reviewed with the City Manager's Office for consideration and evaluation of impact to the City. Seven new positions, with dedicated funding sources were added during the budget development process.

American Rescue Plan Allocation and Other Grants

The American Rescue Plan (ARPA), enacted on March 11, 2021, provided that cities with populations over 50,000 would receive a direct Federal allocation of \$65.1 billion. The City of Las Vegas' share was \$130.6 million. The City received the first half of the allocation, approximately \$65.3 million, in May 2021, and the second half was received in May 2022. All funds were committed or expended by December 31, 2025.

ARPA eligible uses were as follows:

- Responding to the public health emergency. Examples of this are: vaccination programs, medical care, contact tracing, and support for isolation or quarantine.
- Responding to the negative economic impacts of the pandemic. Eligible uses are: assistance to households, small businesses and non-profits, and aid to impacted industries.
- Premium pay for essential workers. Essential workers are those in critical infrastructure (e.g., healthcare, education and childcare, transportation, sanitation, grocery and food production, and public health and safety, among others) who regularly perform in-person work, interact with others at work, or physically handle items handled by others.
- Revenue replacement for the provision of government services to the extent the reduction in revenue is due to the COVID-19 public health emergency in relation to revenues collected in the most recent full fiscal year prior to the emergency.
- Investments in water, sewer, and broadband infrastructure.

The City determined the best use of this funding would be to respond to the public health emergency and to respond to the negative economic impacts of the pandemic. After an intensive application process, the City opted to focus on projects that benefited affordable housing (21% of funds), business assistance (9% of total funds), household assistance (10% of total funds), public/mental health (32% of total funds), workforce development (11% of total funds), youth and education (10% of total funds), and restoring City programs that were paused during the pandemic (7% of total funds).

- The City was awarded \$130.6 million and the funds were allocated to 112 projects. The project list includes 39 internal projects totaling \$73.9 million, and 73 community partner projects totaling \$56.7 million. Contracts were drawn up during summer 2022, and funds started to be disbursed in fall 2022.
- Of the \$130.6 million, all has been expended on the following U.S. Treasury's eligible use categories: Public Health - \$2.2 million, Negative Economic Impacts - \$32.3 million, Public Health-Negative Economic Impact - \$5.8 million, Revenue Replacement - \$89.4 million and Administrative - \$0.9 million.

In addition to the ARPA award, the City has used and will continue to use other resources to respond to the needs of the community. The City had 102 active Federal grant awards during fiscal year 2025 which provided \$82.1 million in Federal funds to advance City Council priorities related to public safety, healthcare and diversifying the economy.

Planning and Development

The City currently has 12 downtown districts, and all provide a different look and feel to the visitor and resident alike. The City is diversifying its downtown offerings by attracting new residential and commercial development including varied housing, businesses, cultural and medical facilities.

On July 21, 2021, the City Council adopted the 2050 Master Plan for the City of Las Vegas. The plan is a culmination of years of effort to plan the next decades of City development. The goals of the newly adopted plan include:

- Land Use – As the City grows, there is a plan for where people will live, work and play while ensuring preservation.
- Open Space – Parks, recreation and open spaces will be essential parts of our City.
- Transportation and Infrastructure – Moving people and goods is essential and future infrastructure must be accounted for.
- Economy and Education – Ensuring our region boasts a competitive economy that is diverse and makes use of new technologies.
- Services and Facilities – The provision of City services is the foundation for a world class community.

Since the Master Plan was adopted, several exciting projects are underway, and progress on its implementation is assessed annually. The City has adopted both the Nuestro Futuro Este Las Vegas and Imagine Parks LV Parks & Recreation Plans, with design continuing for the City-owned Desert Pines Golf Course to redevelop into affordable housing to complement an affordable housing incentive ordinance adopted in January 2023.

In addition, redevelopment efforts in the City's Historic Westside in conjunction with the Hundred Plan in Action took a step forward with grant funding which will allow for the redevelopment of the Marble Manor neighborhood in a development with 627 affordable and market-rate housing units. The City of Las Vegas has worked with regional partners to reduce water consumption through a new water conservation plan to reduce gallons per person per day consumption with initiatives such as limiting residential pool size, artificial turf installations and septic to sewer conversions. For transportation and infrastructure, the Maryland Pkwy Bus Rapid Transit Project is well under construction and the Charleston Blvd transit corridor project study and preliminary design has started, and a new transit-oriented development zoning code is in preparation to align with those projects.

Symphony Park continues to boom. Symphony Park AC by Marriott/Element and Westin Hotel by Jackson Shaw opened in 2025 with 441 rooms and 18,000 square feet of meeting space including a 10,000 square foot ballroom.

Within Symphony Park, on Parcel C and D just to the West of Auric, two buildings are under construction by Southern Land Company: a 5-story multifamily building consisting of 275 studio, 1, and 2 bedroom apartments wrapped around a parking garage, and a 22-story 265 unit apartment building, also with parking, and 14,000 square feet of commercial space. Both buildings are expected to be completed in 2026.

In September 2024 a development agreement was executed for the Las Vegas Museum of Art. The \$200 million, 90,000 square foot project will be built on City-owned land that has been contributed to the museum project.

A Disposition and Development Agreement with Red Ridge Development for 5.8 acres located Parcel E in Symphony Park was executed. The project is anchored by a 30-story 204 unit for-sale condominium tower and a 30,000 square foot grocery retail space. The project also includes 150 rental apartments, 40,000 square feet of office space, 20,000 square feet of ground floor retail, and a 700 stall parking garage, with a festival street. Construction is set to begin in January 2026.

The City began construction of a 500-space garage in the fast-growing Arts District. In addition to offering parking, the garage will incorporate a retail element that fits with the environment of which it is a part. There are currently two developments in progress in the Arts District which will benefit from the addition of the garage including Cedar Street's Art District Development (311 apartment units and retail) and Southern Land's Arts District Development (337 apartment units and retail).

An Economic Development and Assistance funded 15,000 square foot workforce education and training center was completed in October 2025 on the campus of the Historic Westside School. This new center, in partnership with the College of Southern Nevada, will focus on credentialed skills training programs in advanced manufacturing, construction trades, information technology and healthcare. The Historic Westside School Campus is also home to several additional workforce training and support programs, including: Strong Start GO! Mobile Preschool Academy, Mobile Culinary Training and Leadership Academy, Tech Impact, EmployNV, Technology Training Center, and coming soon the Career Connections Hub.

The Civic Center Plaza and two new buildings were completed in October 2025 and are located directly across from Las Vegas City Hall. The vision is to have an inviting area for the community to gather as well as space to bring City services currently located in other remote facilities to a central location in the Civic Center buildings. In addition, other key government and non-profit partners have signed or are in the process of signing leases to occupy a portion of the project. These include Workforce Connections, the Las Vegas Chamber, and a Las Vegas location for the Nevada Secretary of State.

Within the Las Vegas Medical District, the Kirk Kerkorian School of Medicine is a 5-story, 135,000 square-foot medical education building developed by Nevada Health & Bioscience Corporation and was completed in October 2023. The University Medical Center (UMC) Revitalize Campus Project leveraged public and private investment totaling \$60 million to complete exterior upgrades, including a redesigned façade with neon-style lighting, enhanced landscaping, and a public healing garden. The project was completed in December 2024.

Planning and development are well under way for recreational facilities and a park that will contribute to improving the quality of life and accessibility to recreational options for the citizens of the city. In council Ward 2, a federal grant funded Regional Aquatic Center has broken ground and will be completed by the end of calendar year 2026. In council Ward 4, the Northwest Regional Pickleball Complex with 24 courts, which is funded by federal grants, will break

ground in January 2026. In fiscal year 2025, conceptual design work commenced on a new soccer complex at Bettye Wilson Park, located in Ward 1, of which construction will be supported by grant funding. The expansion will include four new synthetic turf soccer fields, warm up areas and perimeter lighting. Currently the city is in the design phase for the Northwest Regional Park which will be supported financially with grant funding.

Tax Abatements

Properties within the City of Las Vegas received \$5.7 million of tax abatements, which are granted under State of Nevada statutes and fall outside of the City's control. The Governor's Department of Economic Development (GOED) is responsible for the review, granting and monitoring of tax abatement requests. The purpose of the abatements is to encourage economic development in industries that will provide employment and economic diversification outside of an economy that is heavily dependent on tourism. The largest category of property tax abatements within the City limits granted by the GOED is for the development of data centers and amounted to \$4.7 million or 82% of total abatements.

Major Initiatives

On September 30, 2025, the City Council met for a Strategic Planning Workshop to develop or confirm strategic priorities for the City. City Council priorities were determined and will become a guide for budgeting and program planning for the next three to five years (fiscal years 2027-2032). The priorities are:

1. Public Safety
2. Healthcare
3. Economic Development
4. Housing and Homelessness

Public safety and law enforcement - Public Safety has long been one of the top priorities of the city council. One important project in this plan that supports this initiative is the joint dispatch 911 center. As additional fire stations continue to integrate and the population expands the city, our fire combined communications center is rapidly outgrowing its current space. In addition, FEMA and other after action reports have signified for several years that our city would benefit from a co-located center with other 911 operations to address the issues mentioned above and increase interoperability. The new facility is planned to break ground in the second quarter of 2026 and will house LVMPD communications, North Las Vegas dispatch and the city's fire combined communications center. In addition, a city supported Las Vegas Metropolitan Police substation broke ground in October in council Ward 6 to support the residents of the Skye Canyon and Providence communities.

A new three-year franchise agreement was signed in May 2025 with emergency medical services provider American Medical Response (AMR). The new agreement provides for additional investment by AMR, which will help to improve response times.

Rehabilitation and expansion of the Fire Training Center is in the planning stages and is expected to break ground in the first quarter of 2026. As the City of Las Vegas continues to grow and new fire stations come online, this center will allow for expanded classes of recruits as well as the incorporation of the latest technology and training techniques. The city's commitment to public safety is ongoing through the continual funding of projects that support our safety teams through training and replacing/upgrading equipment in order to reduce response times for emergency services, provide public education and fire prevention information, and emergency preparedness.

Healthcare - Just outside of the Corridor of Hope, the Recuperative Care Center is currently going through a building expansion that will take the number of beds from 45 to 76 and will allow for a second-floor mental health unit. The Recuperative Care Center provides medical respite for fragile homeless individuals in need of extended medical care after hospital stays.

Economic Development - The city of Las Vegas is continuing to diversify its economy by expanding existing companies, attracting new companies, and supporting entrepreneurs and startups. The city is driving growth and new investment through multiple initiatives and new sector focus, including bio health science and sports medicine. A Bio Health Sciences Steering Committee has been created with community stakeholders from over 20 organizations and institutions to advise and support growth in the areas of workforce, ecosystem, lab space, and economic development.

Additional medical facilities, including a biomedical facility, a medical office building, and an expansion of the Women's Cancer Center recently opened in the Las Vegas Medical District. The city and the Las Vegas Redevelopment Agency are committed to driving development to every corner of the city, including continued strategic investments in the Historic Westside such as the Marble Manor neighborhood redevelopment and the ArtHaus workforce housing project in Ward 5: the Rafael Rivera Neighborhood Revitalization area and Desert Pines Redevelopment in Ward 3. In Symphony Park, Southern Land's mid-rise and high-rise multifamily projects are well under construction, and the Marriott AC/Element Hotel is now complete. Red Ridge Development is scheduled to start construction in February 2026 on Parcel E in Symphony Park on a 30-story building containing condominiums, rental apartments and retail space. A developer agreement signed in September 2024 for the Las Vegas Museum of Art has committed the last parcels of land in Symphony Park for development. Citywide GFiber, a subsidiary of Google, is under construction to deliver upgraded broadband services citywide.

Housing and Homelessness - The city of Las Vegas is committed to ending homelessness through a myriad of programs and services to help individuals become "hired, housed and healthy". The Courtyard Homeless Resource Center has a complete list of services ranging from behavioral health to housing and support services. In fiscal year 2025 the center provided shelter and services to 14,069 unduplicated individuals. With a \$50 million grant awarded by HUD in September 2024, the Southern Nevada Regional Housing Authority in partnership with the city of Las Vegas began the redevelopment of the Marble Manor neighborhood. The development will provide 627 new affordable and market-rate housing units to one of the older neighborhoods in Las Vegas. A developer agreement was signed in December 2024 for Skye Summit with Olympia Development. The development will bring a master plan development of 3,500 homes with an economic impact at buildout exceeding \$3 billion. The city auctioned the decommissioned Cashman Field in March 2025 to the developer Lennar. Plans for development will bring an estimated 1,200 units of workforce housing to the City of Las Vegas and an economic impact of \$500 million at buildout.

Awards and Acknowledgements

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its annual comprehensive financial report for the fiscal year ended June 30, 2024. This was the 47th consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

The preparation of the Annual Comprehensive Financial Report was made possible by the dedicated service of the staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. Credit also must be given to the Mayor and City Council for their unfailing support for maintaining the highest standards of professionalism in the management of the City's finances

Respectfully submitted,

Mike Janssen

The City of Las Vegas, Nevada

Report On The Audit Of The Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of City of Las Vegas, Nevada (the City), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General fund and the City of Las Vegas Redevelopment Agency special revenue fund for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis For Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis Of A Matter

As discussed in Notes 1 and 17, during the fiscal year ended June 30, 2025, the City adopted the provisions of Governmental Accounting Standards Board Statement No. 101, *Compensated Absences*. Our opinion is not modified with respect to this matter.

(Continued)

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

(Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of changes in total other post-employment benefits liability and related ratios, the schedule of proportionate share of the net pension liability, the schedule of proportionate share of statutorily required contributions, and the related notes (collectively "required supplementary information") as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section, statistical section and schedule of business license fees but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

(Continued)

Mayor and City Council
City of Las Vegas, Nevada

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required By *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 20, 2026 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

BolinBrown LLP

January 20, 2026

CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

As management of the City of Las Vegas, Nevada (the City), we offer readers of the City's basic financial statements this narrative overview and analysis of the City's financial activities as of and for the year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found beginning on page 5 of this report.

Financial Highlights

The City implemented GASB Statement No. 101, *Compensated Absences*, effective July 1, 2024. This statement updates the recognition and measurement guidance for liabilities related to compensated absences. The adoption of GASB 101 did not result in a material impact on the City's financial statements; therefore, beginning net position and fund balances were not restated. Prior year balances presented in the Management's Discussion and Analysis (MD&A) were not adjusted to reflect the implementation of GASB 101.

The City implemented GASB Statement No. 102, *Certain Risk Disclosures*, effective July 1, 2024. This statement requires governments to disclose certain concentrations and constraints based on facts and circumstances that existed as of the reporting period. The implementation of GASB 102 is a disclosure-only standard and had no impact on the City's beginning net position or fund balances; therefore, no restatement was required. Prior year balances presented in the MD&A were not adjusted to reflect the implementation of GASB 102.

Government-wide

- At June 30, 2025, the City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$5,326,912,657, which represents the City's net position. This reflects an increase of \$354,127,077 or 7.1 percent. Of the total net position, \$4,272,486,679 is attributable to governmental activities and \$1,054,425,978 to business-type activities.
- The City's net position consists primarily of net investment in capital assets totaling \$5,197,969,249, which reflects infrastructure, buildings, and other long-term assets used to provide services. An additional \$255,152,497 is restricted for specific purposes. The remaining balance is an unrestricted net position deficit of \$126,209,089. The unrestricted deficit is largely the result of the City's recognition of long-term pension and other post-employment benefits (OPEB) liabilities, as required under GASB Statements No. 68 and No. 75. These liabilities include \$602,057,383 related to the City's pension obligations and \$15,383,800 related to OPEB. In addition, the City reports its proportionate share of the unfunded pension and OPEB liabilities of the Las Vegas Metropolitan Police Department (LVMPD), totaling \$430,290,145 and \$35,602,168, respectively. These accounting requirements affect the City's net position but do not represent immediate funding demands.
- Government-wide total governmental expenses were \$1,011,558,249. The major expense functions were Public Safety at \$502,904,068, Public Works at \$107,898,520, Economic Development and Assistance at \$69,272,398, General Government at \$147,620,141, and Culture and Recreation at \$109,493,230. Business-type activities operating and non-operating expenses totaled \$170,631,959.
- The City's primary revenue sources are Ad Valorem (property) taxes of \$212,185,553 and intergovernmental-consolidated taxes of \$440,438,963. Combined, these two sources represent 50.1 percent of the total governmental activities revenue of \$1,301,937,180 from the statement of activities.

Fund Level

At the close of fiscal year 2025, the City's governmental funds reported combined ending fund balances of \$926,235,513. Total fund balances for government funds decreased \$149,409,188. Of this amount \$3,012,830 is nonspendable, \$289,545,084 is restricted, \$55,322,470 is committed, \$311,592,127 is assigned and \$266,763,002 is unassigned.

The General Fund had a total fund balance of \$272,020,162 at June 30, 2025, which represented 36.8 percent of total General Fund expenditures. The unassigned fund balance was \$266,763,002 or 28.6 percent of General Fund expenditures and transfers out. A total of \$2,320,045 is committed by City Council resolution for fiscal stabilization. It is the City's fiscal policy to maintain a total ending fund balance in the General Fund of at least 25 percent of operating expenditures, not including amounts for fiscal stabilization.

**CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

Long-term Debt

- The City's total debt decreased by a net amount of \$37,060,090 during the fiscal year, excluding premiums and discounts, entirely due to the repayment of principal.

Overview of the Basic Financial Statements

This discussion and analysis serves as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector businesses.

The *statement of net position* presents information on all of the City's assets/deferred outflows of resources and liabilities/deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave). Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, judicial, public safety, public works, welfare, health, culture and recreation, economic development and assistance, and interest on long-term debt. The business-type activities of the City include operations of its water pollution control facility (sanitation), development services, parking, golf course and land development.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also the activities of legally separate component units: City of Las Vegas Redevelopment Agency (Agency), Strong Start Elementary School and the nonprofit corporations. Because the City Council acts as the governing board or has oversight power for each of these component units, their activities are blended with those of the primary government because they function as part of the City. The City also reports two discretely presented component units: The Commission for the Las Vegas Centennial and the LVCIC-SUB CDEs which are legally and operationally separate from the City.

By Nevada Revised Statute (NRS), the City and Clark County (County) are partners in a joint venture that created the LVMPD. A five-member fiscal affairs committee approves the LVMPD budget and related business matters. The committee is composed of two appointees each from the City and the County, and one appointee from the general public. The statute defines the funding formula shared by the City and the County. Complete financial information for the LVMPD is included in the annual comprehensive financial report of Clark County, Nevada.

Additional information on the LVMPD joint venture can be found in the notes to the government-wide financial statements on page 78 of this report. In addition to funding its share of the LVMPD, the City maintains its own detention facility and a small police force (City marshals) that has jurisdiction over City property, especially parks and recreation facilities.

The government-wide financial statements can be found on pages 36 - 41 of this report.

Fund financial statements: A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Governmental funds: *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the City of Las Vegas Redevelopment Agency, and the City Facilities Capital Projects Fund. Each of these funds are considered to be a major fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the combining and individual funds statements and schedules subsections of this report.

The City adopts an annual appropriated budget for its General Fund and each of its special revenue funds, debt service funds, and capital project funds. A budgetary comparison schedule is provided for each of the City's governmental funds to demonstrate compliance with this budget. The budgetary comparison schedules for the General Fund and the City of Las Vegas Redevelopment Agency Fund are located in the basic financial statements section of this report; the other major and non-major governmental funds are included in the combining and individual fund statements and schedules subsection of this report.

The basic governmental fund financial statements can be found on pages 42 - 45 of this report.

Proprietary funds: The City maintains two different types of proprietary funds.

1. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer (sanitation), municipal golf course, municipal parking, and building and safety (development services), as well as its nonprofit corporations.
2. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for the following activities:
 - Emergency dispatch services
 - Vehicle, computer and phone management
 - Self-insurance activities, including:
 - Employee benefits
 - Liability insurance and property damage
 - Workers' Compensation
 - Facilities maintenance and custodial services
 - Customer Care Center

Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

**CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The basic proprietary fund financial statements provide separate information for the Sanitation Enterprise Fund, Building and Safety Enterprise Fund, Municipal Parking Enterprise Fund and Municipal Golf Course Enterprise Fund, which are considered major funds of the City, as well as the non-major proprietary funds. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds and non-major enterprise funds is provided in the combining and individual funds statements and schedules subsections of this report.

The basic proprietary fund financial statements can be found on pages 49 - 53 of this report.

Fiduciary funds: The City's Fiduciary funds consist of three Custodial funds, a Private-Purpose Trust Fund, and an Other Post-Employee Benefits Trust Fund. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs.

The basic fiduciary funds financial statements can be found on pages 54 - 55 of this report.

Notes to the basic financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 56 - 117 of this report.

Required supplementary information: This section has additional information to support the basic financial statements. It includes a schedule of changes in the City's net OPEB liability and related ratios, and schedules related to the City's proportionate share of changes in the Public Employees' Retirement System (PERS) net pension liability and schedule of contributions. The required supplementary information can be found on pages 119 - 123 of this report.

Other information: In addition to the basic financial statements and accompanying notes, the report also presents a subsection titled Combining and Individual Funds Statements and Schedules Section, which includes the schedules for the City's major governmental funds – budget and actual, non-major governmental funds, major proprietary funds - budget and actual, non-major proprietary funds, internal service funds and fiduciary funds used in the operation of governmental funds (those not included in internal service funds). Combining and individual fund statements and schedules can be found on pages 126 - 211 of this report.

The *Statistical* section can be found on pages 214 - 234 of this report. This section includes schedules on statistical information provided on a trend basis for historical analysis.

The *Compliance and Supplementary Information* section can be found on pages 235 - 238 of this report. This section includes a schedule in compliance with state statutes.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$5,326,912,657 at the close of the most recent fiscal year.

The largest portion of the City's net position, 97.6 percent, reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, etc.), less accumulated depreciation and any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Total net position increased by 7.1 percent or \$354,127,077.

CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

CITY OF LAS VEGAS, NEVADA
SUMMARY SCHEDULE OF NET POSITION
AS OF JUNE 30, 2025 AND 2024

	Governmental		Business-type		Total	
	2025	2024	2025	2024	2025	2024
Assets other than capital assets	\$ 1,203,267,542	\$ 1,577,276,083	\$ 284,581,599	\$ 234,338,587	\$ 1,487,849,141	\$ 1,811,614,670
Net capital assets	4,839,278,212	4,556,335,460	960,368,175	952,026,159	5,799,646,387	5,508,361,619
Total assets	6,042,545,754	6,133,611,543	1,244,949,774	1,186,364,746	7,287,495,528	7,319,976,289
Deferred outflows of resources	220,534,537	205,747,156	29,015,014	29,927,165	249,549,551	235,674,321
Liabilities due or payable within one year	240,057,570	567,843,130	40,195,617	34,114,363	280,253,187	601,957,493
Liabilities due or payable after one year	1,634,796,747	1,741,029,594	117,463,329	140,872,461	1,752,260,076	1,881,902,055
Total liabilities	1,874,854,317	2,308,872,724	157,658,946	174,986,824	2,032,513,263	2,483,859,548
Deferred inflows of resources	115,739,295	44,826,034	61,879,864	54,179,448	177,619,159	99,005,482
Net position:						
Net investment in capital assets	4,312,503,223	3,996,175,609	885,466,026	873,167,366	5,197,969,249	4,869,342,975
Restricted	255,152,497	220,276,486	-	-	255,152,497	220,276,486
Unrestricted (deficit)	(295,169,041)	(230,792,154)	168,959,952	113,958,273	(126,209,089)	(116,833,881)
Total net position	\$ 4,272,486,679	\$ 3,985,659,941	\$ 1,054,425,978	\$ 987,125,639	\$ 5,326,912,657	\$ 4,972,785,580

The City's total net position is \$5,326,912,657, of which \$126,209,089 is *unrestricted deficit net position*. An additional portion of the City's net position represents resources that are subject to external restrictions on how they may be used. Of the total restricted net position of \$255,152,497, 2.9 percent is for repayment of long-term debt, 49.1 percent is for capital projects, 20.5 percent is for economic development and assistance, 15.3 percent is for street maintenance, 6.0 percent is for public safety, and 6.2 percent is for all other functions.

The City was a party to litigation collectively known as the Badlands matter, which was resolved during the current fiscal year. In fiscal year 2024, one of the four related cases was adjudicated and closed, resulting in a payment of \$64.2 million by the City. At that time, the City recognized an estimated provision in an internal service fund for the potential costs associated with an unfavorable outcome of the remaining three cases or the settlement amount unanimously approved by Council in December 2024. In fiscal year 2025, the City made a substantial payment to settle the remaining cases. This payment was the primary factor contributing to the material decrease in assets other than capital assets and the decrease in liabilities due or payable within one year.

At the end of the current fiscal year, the City is able to report positive balances in two of the three categories of its net position.

CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Governmental activities increased the City's net position by \$286,826,738. Key elements of this increase are as follows:

**CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

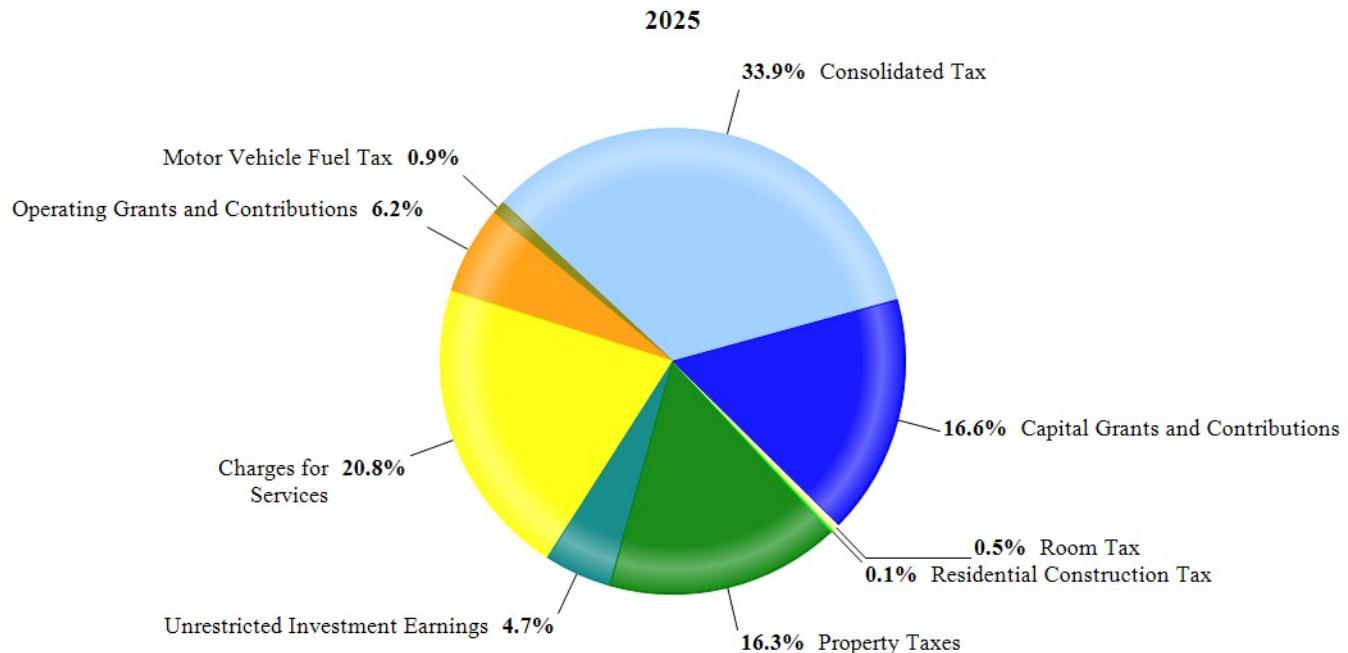

Program revenues for governmental activities include charges for services and both operating and capital grants and contributions. Program revenues make up 43.7 percent of the total revenues for governmental activities. The remaining program costs were financed from general revenues. Operating grants and contributions have decreased \$30.9 million to \$81.4 million. The change is mostly due to a decrease in revenues recognized during fiscal year 2025 related to the American Rescue Plan Act (ARPA), enacted on March 11, 2021. The City was initially awarded \$130.6 million in ARPA funding, of which \$41.6 million was expended in fiscal year 2024 compared to \$14.0 million expended in the current year. Capital grants and contributions increased 7.7 percent from the prior year to \$216.7 million. The increase in capital grants and contributions is primarily attributable to a \$6.3 million increase in donations of capital assets and a \$5 million increase in expenditures, reimbursable under a federal grant, related to the construction of the Westside Education Training Center. The City of Las Vegas and College of Southern Nevada partnered to open the new Historic Westside Education and Training Center. The 15,000 square-foot facility will house College of Southern Nevada staff who will provide credentialed job training programs in advanced manufacturing, health care, technology and construction trades. The training programs are focused on key high-demand, high-wage industries that will provide participants with pathways directly into career fields and align with college degree programs.

The largest general revenues are consolidated tax of \$440.4 million and Ad Valorem tax (property tax) of \$212.2 million, representing 50.1 percent of total governmental revenues. Consolidated tax decreased 0.5 percent due to a decrease in taxable sales resulting from an economic slowdown. Property taxes increased \$19.2 million during the year, attributable to a 10.0 percent increase in assessed property values City-wide and a 19.7 percent increase in assessed property values within the City's Redevelopment Agency tax increment area.

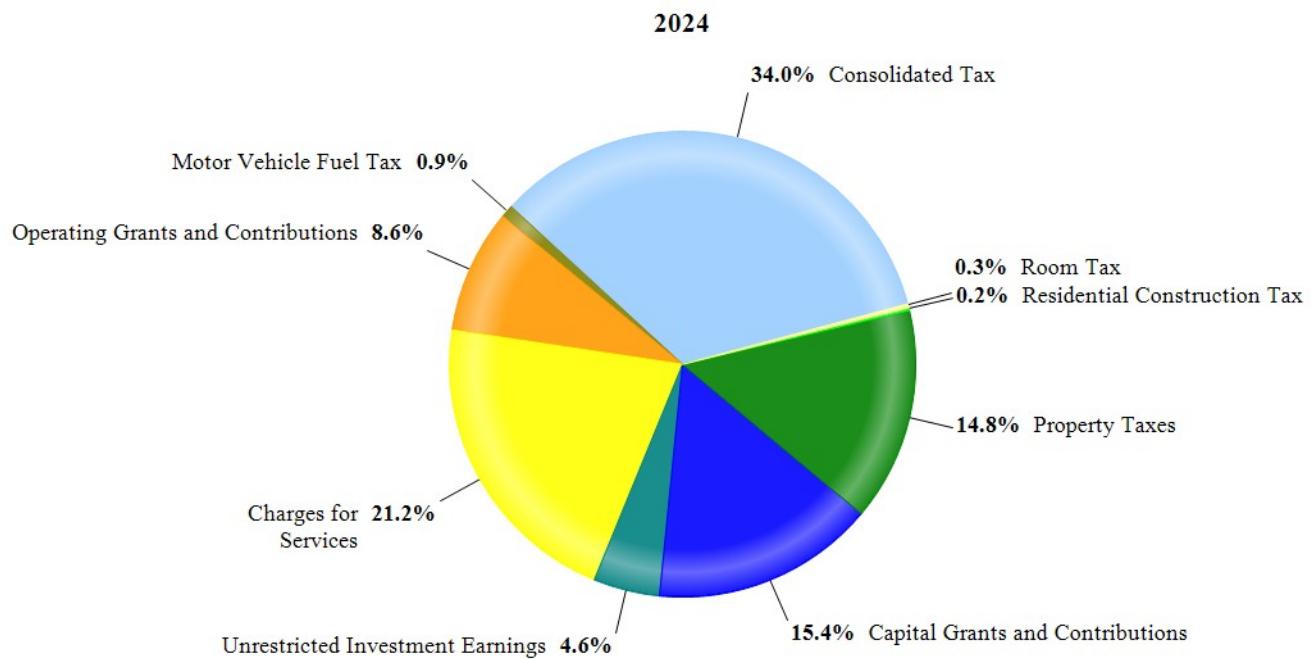

Governmental expenses decreased overall by \$213.1 million. The most significant reductions occurred in public safety and culture and recreation. Public safety expenses of \$502.9 million which represent 49.7 percent of total governmental expenses, decreased by 10.9 percent, or \$61.2 million, from the prior year. Culture and recreation expenses decreased 42.1 percent, or \$79.6 million. These decreases were largely due to a reduction in the adjustment related to the consolidation of internal service fund activities. As noted above, a significant liability was recorded in the prior year in an internal service fund for ongoing litigation that has since been settled.

Expenses & Revenues - Governmental Activities (in thousands)

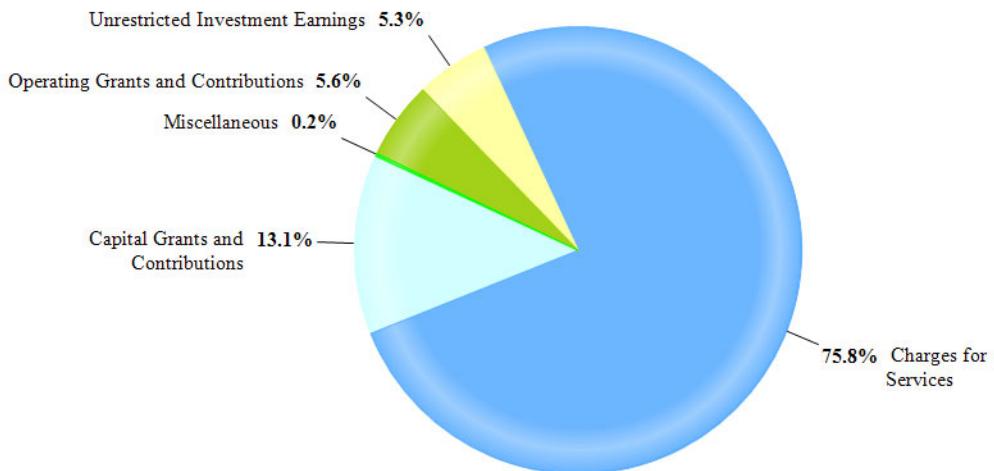

**CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

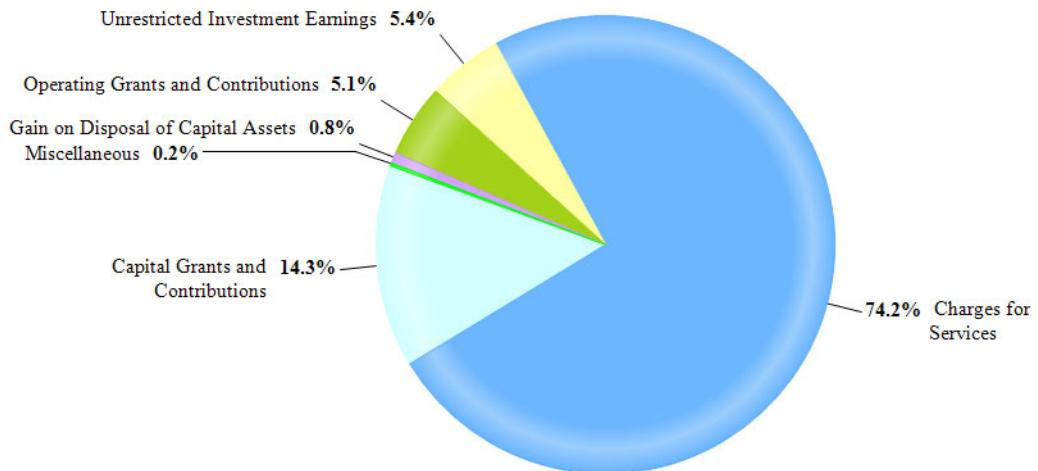

Business-type activities net position increased by \$67.3 million. In the prior year, expenses increased significantly due to an adjustment required to reflect the consolidation of internal service fund activities with enterprise funds. Of this increase, \$93.8 million was attributable to a liability accrual associated with litigation that was ongoing at the time. That matter has since been settled, and as a result, the related accrual and its impact on expenses did not recur in the current year which led to an increase in net position. A \$12.8 million rise in land development expenses partially offset the increase in net position. This increase was driven primarily by a \$6.3 million loss on the disposal of capital assets and a \$6.4 million funding contribution to the New Market Tax Credit Project supporting the expansion of the Strong Start Academy Elementary School at the Tony Hsieh Educational Center. The new campus building will add 10 classrooms and accommodate an additional 144 students, increasing the school's total capacity to 360 students in grades K-5. The school offers a dual-language education program that supports and affirms the development of students' home languages and cultures.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

Financial Analysis of City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-regulated legal requirements.

Governmental Funds. The focus of the City's *governmental funds* is to provide information on current inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$926.2 million, a decrease of \$149.4 million from the prior year. The main driver of the change was a \$105.5 million increase in transfers out during the year. These transfers were related to payments for the settlement of the aforementioned Badlands litigation and funding for various capital projects, including the Facilities Capital Asset Replacement program, the Regional Pickleball Complex at Bunker, the Meadow-Charleston Storm Drain project, and city-wide roadway traffic and safety improvements. The decrease in fund balances was also influenced by a \$39.9 million increase in total expenditures, largely attributable to higher public safety costs resulting from increased wages. Additionally, there was a \$34.7 million reduction in intergovernmental revenues related to the American Rescue Plan Act (ARPA) funding. During fiscal year 2024, \$41.6 million of ARPA funds were expended and recognized as revenue. Conversely, expenditures in the current fiscal year totaled only \$14.0 million. As of year end, the City has fully utilized its allocation of ARPA funding. Lastly, the prior year included proceeds from a \$29.3 million bond issuance, while no new debt was issued in 2025, contributing to the year-over-year decline.

Of the total fund balance, approximately \$578.4 million, or 62.4 percent, is classified as assigned or unassigned. The remaining \$347.9 million, or 37.6 percent, is classified as nonspendable (\$3.0 million), restricted (\$289.5 million) or committed (\$55.3 million).

The General Fund is the primary operating fund of the City. At the end of the current fiscal year, the assigned and unassigned fund balance in the General Fund was \$266.8 million and total fund balance was \$272.0 million. Unassigned fund balance represents 28.6 percent of total fund expenditures and transfers out, while total fund balance represents 29.2 percent of that same amount.

The General Fund also has \$2.9 million in nonspendable fund balance, consisting of \$2.7 million in inventories and prepaid items of \$0.2 million.

The fund balance of the City's General Fund decreased by \$81.5 million during the current fiscal year. Key factors in this change are as follows:

- Total revenue declined from the prior year by \$21.5 million or 2.5 percent, compared to the prior year. In fiscal year 2025, only \$14.0 million of the City's ARPA allocation remained available for expenditure, representing a \$27.5 million reduction from fiscal year 2024. In addition, gas and electric utilities franchise fee revenue fell by \$12.1 million due to lower gas rates and reduced energy consumption associated with a cooler summer. This decline was partially offset by an \$11.5 million increase in Ad Valorem (property) tax revenues resulting from higher assessed property values.
- Total expenditures of \$740.3 million increased from the prior year by \$21.9 million or 3.0 percent. This increase was driven primarily by a \$31.7 million increase in public safety costs which can be attributable to wage increases for public safety personnel of over 700 firefighters.
- Transfers out increased by \$74.4 million or 63.8 percent from the prior year. Most of the increase relates to one-time transfers to capital project funds for various projects including the Facilities Capital Asset replacement, Regional Pickleball Complex at Bunker, the Meadow-Charleston Storm Drain, and City-wide roadway traffic and safety improvements.

The City of Las Vegas Redevelopment Agency Fund had a net increase in fund balance during the year of \$13.2 million, resulting in a total fund balance of \$25.6 million. The increase resulted from higher tax increment revenue, which rose to \$41.0 million in fiscal year 2025 from \$31.0 million in fiscal year 2024. This change is largely related to recent development projects in Symphony Park.

**CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

The City Facilities Capital Projects Fund reported a net decrease in fund balance of \$88.5 million, resulting in an ending fund balance of \$69.1 million. In earlier periods, the fund received significant transfers to support the construction of the Civic Center Plaza and Buildings Project, which City leaders unveiled on September 2025. The new Downtown Las Vegas Civic Center and Plaza occupies an entire city block in downtown Las Vegas, consolidating City Hall, the Municipal Court, and two new office buildings. No other initiatives have received comparable funding in recent years. As a result, ongoing expenditures related to the completion of this project, in the absence of similarly significant new funding, have contributed to the decrease in the fund balance during the current year.

Non-major governmental funds had a total fund balance of \$559.6 million, of which \$281.3 million is restricted, \$51.2 million is committed and \$227.0 million is assigned. Restricted funds in the amount of \$281.3 million primarily relate to capital projects of \$174.4 million, \$36.3 million of the restricted amounts relates to the road and flood projects. Most of the remaining restricted funds consist of amounts restricted by State of Nevada law which include motor vehicle fuel tax, property taxes, and car rental tax. Committed funds of \$51.2 million consist primarily of funds committed for capital projects of \$24.9 million. Assigned funds of \$227.0 million consists primarily of capital projects of \$190.4 million which includes \$69.0 million for park projects such as the Regional Aquatic Center at Pavilion School and the LVMPD Providence/Skye Canyon Area Substation and Park. An additional \$33.8 million was allocated to fire service capital projects, primarily for the Fire Training Center Rehabilitation and the Fire Fleet Apparatus and Equipment Replacement Project.

Enterprise Funds. The City's enterprise fund statements provide the same type of information presented in the government-wide financial statements, but in greater detail. Total net position of the proprietary funds was \$1,143.9 million, with the Sanitation Fund accounting for \$1,049.4 million of that amount. Overall, proprietary fund net position increased by \$68.0 million during the year. In 2025, operating revenues exceeded operating expenses by \$15.7 million, compared to 2024, when operating expenses exceeded revenues by \$14.2 million. This change was primarily driven by an \$11.1 million increase in charges for services due to an increase in sewer rates in January 2025. In addition, miscellaneous revenue increased by \$6.5 million, largely due to funding related to the expansion of the Strong Start Academy Elementary School. Lastly, transfers in and intergovernmental revenues remained consistent year over year and were a factor in the increase in net position. Had either of these revenue sources declined, the net position would have been negatively impacted. Intergovernmental revenues consist primarily of a Southern Nevada Water Authority (SNWA) tax, which is used to fund road construction and flood control projects. The Sanitation Fund accounts for the City-owned and operated sewer system. The Building and Safety Fund accounts for activities related to safeguarding people and property by regulating the construction, use, and occupancy of buildings. The Municipal Parking Fund accounts for the revenues and expenses associated with providing public parking, while the Municipal Golf Course Fund accounts for the revenues and costs of constructing, operating, and leasing public golf courses. Other factors affecting the proprietary funds have been discussed previously in the analysis of the City's business-type activities.

Internal Service Funds. The City's internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its computer services, communications, automotive operations and customer care center. The City also uses internal service funds to account for its self-insurance activities, including liability insurance, workers' compensation, property damage insurance and employee benefits. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Other factors concerning the finances of the internal service funds have already been addressed in the discussion of the City's governmental activities.

General Fund Budgetary Highlights

During the year, the General Fund budget was amended to increase original budgeted appropriations. The City also made an amendment to reallocate appropriations among departments. Revenues in the General Fund exceeded the original amount by \$23.5 million. Charges for services and interest income exceeded the original budget by \$4.4 million and \$8.4 million, respectively. Consolidated tax, the primary revenue source for the City, was below original budget by \$1.6 million. Expenditures for the General Fund were \$18.4 million below original budget and \$29.2 million below amended budget.

Capital Assets and Debt Administration

Capital assets: The City and its blended component units' net capital assets for its governmental and business-type activities amount to \$5,799.6 million, net of accumulated depreciation and amortization of \$3,535.9 million, as of June 30, 2025. Capital

CITY OF LAS VEGAS, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

assets include land, buildings, improvements, machinery and equipment, vehicles, wastewater systems, infrastructure (roadways, traffic signals and lighting, signage, pavement markers, storm drainage, and sanitary sewer lines), construction in progress, intangible right to use assets - buildings, land, land improvements, equipment, and software subscriptions.

The City has an aggressive capital improvement program totaling \$1.8 billion over the next five years (the City budgets its capital program in rolling five-year increments). The City budgets these projects in eight categories: general government, public safety, public works, culture and recreation, economic development and assistance, sanitation, municipal parking, and IT CIP projects. Among these categories, the major projects include road and flood channel construction (\$672.4 million), sanitation system and sanitation construction (\$359.1 million), park and leisure facilities (\$230.2 million), and traffic improvements (\$56.6 million).

Major capital asset events during the current fiscal year included the following:

Construction in progress (CIP) decreased by a net \$113.7 million. Fiscal year 2025 additions to CIP were \$154.8 million, a \$93.6 million decrease compared to fiscal year 2024. The major additions to CIP were \$61.1 million on roadways. It primarily consists of the Summerlin SID 816 (\$19.3 million), the Lake Mead - Losee to Simmons (\$9.8 million), the Arterial Reconstruction Program (\$8.3 million), and the Sunstone SID 611 (\$7.2 million). Land improvements totaled \$12.2 million and is primarily related to the Cragin Park Soccer Field Modification (\$9.1 million) and Regional Pickleball Complex (\$0.4 million). Buildings and building improvements totaled \$33.1 million and includes Centennial Hills Indoor/Outdoor Pool Improvements (\$9.4 million), Arts District Parking Garage (\$4.0 million), and Police Memorial Park (\$2.5 million). Storm drains totaled \$12.6 million and is primarily related to the Sunstone SID II 613 (\$7.2 million). The sewer improvements totaled \$25.0 million and primarily consists of W.P.C.F. Filtration Building Rehabilitation (\$5.3 million) and Bonneville Pumping Station Retrofit Construction (\$5.2 million). The City completed and placed into service \$268 million of projects, and transferred them from construction in progress to the appropriate capital asset category.

Additional information on capital assets can be found in Note 6 on pages 79 - 82, leases can be found in Note 8 on pages 88 - 89, and subscriptions can be found in Note 9 on page 89 of this report.

NRS and City Charter limit the amount of general obligation debt a governmental entity may issue to 20 percent of its total assessed valuation. The current debt limitation for the City is \$6.6 billion, which is significantly in excess of the City's outstanding general obligation debt.

The City maintains an AA rating from Fitch, an AA+ rating from Standard and Poor's (S&P) Corporation, and an Aa2 rating from Moody's Investors Service. These ratings apply to all of the City's bond issues except for the Redevelopment Agency whose S&P rating is BBB+.

Additional information on the City's long-term debt can be found in Note 11 on pages 91 - 99 of this report.

Economic Factors

For fiscal year 2026, the City's assessed valuation, including its Redevelopment Agency, totals \$33.7 billion, representing an increase of \$3.0 billion compared to fiscal year 2025. The City's combined tax rate is \$0.7715 per \$100 of assessed value, while the Redevelopment Agency's combined tax rate is \$2.4298 per \$100 of incremental assessed value. The increase in assessed valuation reflects continued population growth, driven in part by sustained in-migration to Nevada, as new residents relocating from higher-cost states have contributed to ongoing demand for housing, supporting residential development and reinvestment in existing properties. Additionally, higher construction and replacement costs have contributed to the overall growth in property values. Within the redevelopment areas, commercial projects, including the Symphony Park AC by Marriott/Element hotel, have also supported increases in assessed valuation.

Requests for Information

The financial report is designed to provide a general overview of the City finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Department of Finance, 495 S. Main St., Las Vegas, Nevada, 89101.

Amounts reported for governmental activities in the statement of net position (pages 36 - 38) are different because:

Total fund balances - total governmental funds (page 42)	\$ 926,235,513
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	
Capital assets	7,506,798,634
Less: Accumulated depreciation	(2,700,390,717)
Less: Accumulated amortization	<u>(9,304,789)</u>
	4,797,103,128
Long-term liabilities, including bonds payable and the related deferred inflows and outflows of resources, are not due and payable in the current period, therefore, are not reported in the funds.	(1,504,179,861)
Deferred inflows of resources represent amounts that are not available to fund current expenditures, and therefore, are not reported in governmental funds as revenue.	72,838,144
Internal service funds are used by management to charge the costs of various services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. Total net position in the internal service funds is \$(109,023,012), less \$(89,512,767) to reflect consolidation of internal service fund activities to related enterprise funds.	<u>(19,510,245)</u>
Net position of governmental activities (page 38)	<u><u>\$ 4,272,486,679</u></u>

CITY OF LAS VEGAS, NEVADA
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
 CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
 FOR THE FISCAL YEAR ENDED JUNE 30, 2025

Amounts reported for governmental activities in the statement of activities (pages 40-41) are different because:

Net change in fund balances - total governmental funds (page 44)	\$ (149,409,188)
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the current period.	188,767,986
The net effect of various transactions involving capital assets (i.e., sales, trade-ins, transfers, gains/losses from disposal, and donations) is to increase net position.	93,985,987
Certain amounts reported as revenue in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(3,028,388)
The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	31,812,408
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(26,421,012)
Internal service funds are used by management to charge the costs of a variety of services (i.e., fleet, graphic reproduction, purchase and maintenance of computers, maintenance of radios, pagers, cellular, and telephones, etc.) to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	<u>151,118,945</u>
Net change in net position - governmental activities (page 41)	<u>\$ 286,826,738</u>

The notes to the basic financial statements are an integral part of this statement.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies

A. Description of government-wide financial statements

The financial statements of the City of Las Vegas, Nevada, (the City) have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

B. Reporting entity

The City was incorporated in 1911. The City provides a full range of municipal services as directed by NRS. Services provided include public safety (police and fire), street construction and maintenance, sanitation, culture and recreation, public improvements, planning and zoning, and general administration and services. The City has a Council-Manager form of government. The Mayor is elected by the voters of the City at-large for a four-year term. The City is divided into six wards. Voters of each ward elect a member of the Council for a four-year term. The Mayor and City Council are limited to three four-year terms, or a total of twelve years. Policymaking and legislative authority are vested in the Council. The City's officials are also responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making the appointments. City officials appoint board members to the Southern Nevada Health District, Las Vegas Convention and Visitors Authority, Regional Flood Control District, Regional Transportation Commission of Southern Nevada, Southern Nevada Regional Planning Coalition, and the Southern Nevada Water Authority.

In evaluating how to define the financial reporting entity, management considered all potential component units using the standards prescribed under GASB Statement No. 14, *The Financial Reporting Entity* and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34*. Component units would include any legally separate organizations for which the City Council is financially accountable. Financial accountability would result where the City Council appoints a voting majority of the organization's governing body and (1) is able to impose its will on that organization, or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Financial accountability may also result where an organization is fiscally dependent on the City. Based upon these criteria, no component units or other reportable organizations other than those discussed below were identified.

The accompanying basic financial statements present the financial position of the City (primary government) and its blended component units for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the City's operations. The blended component units discussed below are included in the City's reporting entity because of the significance of their operation or financial relationship with the City. The City's discretely presented component units are reported in separate columns in the government-wide financial statements (see note below for description) to emphasize that they are operationally separate from the City.

The only City component units that issue separate financial statements are the Agency, Strong Start Elementary School, and the Sub-CDEs, which can be obtained from the City of Las Vegas Department of Finance, 4th Floor, 495 South Main Street, Las Vegas, Nevada, 89101.

**CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025**

1. Summary of significant accounting policies (continued)

B. Reporting entity (continued)

Blended component units

On March 5, 1986, the Official Redevelopment Plan was adopted to facilitate urban redevelopment efforts for the downtown area. The City of Las Vegas Redevelopment Agency (Agency) has the same elected governing board as the City, comprised of the six City Council persons and the City Mayor. The management of the City also manages the activities of the Agency in essentially the same manner as it manages the City's activities. The Agency exists to benefit the City and its citizens through redevelopment and revitalization of the City's downtown areas. This revitalization is based on the City's redevelopment plan which aligns the agency's efforts with the City's vision for downtown.

The CLV Strong Start Academy Elementary School (the charter school) is a nonprofit corporation formed on February 22, 2022, to develop, manage, operate, guide, and promote one or more Nevada public charter schools. Their mission is to provide equitable, high-quality academics to students in grades K-2 to maximize their potential in their community. The City is accountable as follows: the charter school is governed by a seven-member board of directors appointed and ratified by the Las Vegas City Council. The City is the sole corporate member of the nonprofit, and it provides fiscal and operational support to the charter school.

The nonprofit corporations exclusively promote the health and welfare of the City, and therefore, are reported as blended component units. The services of the nonprofit corporations are provided entirely to the City (the primary government). Their services include the acquisition and disposition of property for public purposes or the distribution of the proceeds from the disposition thereof to the City. The City is financially accountable as follows: the nonprofit corporations are governed by a two-member board of directors appointed by the Mayor and ratified by the Las Vegas City Council, and the nonprofit corporations are also fully dependent on the City for fiscal and operational support.

Discretely presented component units

The Commission for the Las Vegas Centennial (the Commission) is a nonprofit corporation formed on May 20, 2004, to advance, support, and promote the health and social welfare of the City and its citizens for the City's 100 year birthday celebration (Centennial). The Commission is governed by a twelve-member board of directors (Board) which provides management for the business and affairs of the Commission. The City is financially accountable because all members of the Centennial Board are appointed by the Mayor of the City and ratified by the Las Vegas City Council. Also, the City has the ability to impose its will on the Commission if it so chooses and can provide or take away specific financial benefits. The City is legally entitled to the assets of the Centennial and has effective access to them. The financial operations of the Commission are reported as a separate column in the basic financial statements to emphasize that it is legally and operationally separate from the City. All grants over \$100,000 must be approved by the City Council.

LVCIC SUB-CDE IV, V, VI, VII, VIII, IX, X, and XII LLC (the Sub-CDEs), Nevada nonprofit corporations, were incorporated from May 4, 2015 to December 21, 2017. The Sub-CDEs were formed to obtain Qualified Equity Investments (QEI) from investors and make qualified investments in qualified Active Low-Income Community Business in accordance with the terms under the New Markets Tax Credit (NMTC) Program pursuant to Section 450 of the Internal Revenue Code. The Sub-CDEs principal business objective is to provide nontraditional investment capital to underserved markets and enhance the return on said investments by providing its investor member with NMTC. This mission is accomplished by providing loans to qualified businesses in the low-income communities of the City's service area. The Las Vegas Community Investment Corporation (LVCIC), which is a blended component unit of the City, is charged with the day-to-day operating responsibility of the Sub-CDEs. However, the Sub-CDE operating agreements establish several limitations on the powers of the LVCIC as the managing member, and for significant events and transactions (as delineated in the operating agreements), the LVCIC is required to obtain consent from the various investor members of the Sub-CDEs. Accordingly, the financial operations of the Sub-CDEs are reported as a separate column in the City's basic financial statements to emphasize that they are legally and operationally separate from the City.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

C. Basis of presentation - government-wide and fund financial statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier in Note 1B, the City has two discretely presented component units; while neither the Commission for the Las Vegas Centennial nor the Sub-CDEs are considered to be major component units, they are nevertheless shown in separate columns in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's sanitation and municipal parking functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

D. Basis of presentation - fund financial statements

The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The *City of Las Vegas Redevelopment Agency Fund* is a special revenue fund that is primarily supported by property tax revenue which is used for a variety of activities in the City's downtown development area.

The *City Facilities Capital Projects Fund* accounts for the costs of capital improvements which are periodically required at the City Hall Complex, its satellite facilities, and the maintenance yards. Revenues are derived primarily from General Fund transfers and bond proceeds.

The City reports the following major enterprise funds:

The *Sanitation Enterprise Fund* accounts for the City's sewage treatment plant, sewage pumping stations and collection systems, and the wastewater distribution system.

The *Building and Safety Enterprise Fund* accounts for the costs of safeguarding people and property by providing reasonable controls for the construction, use, and occupancy of buildings.

The *Municipal Parking Enterprise Fund* accounts for revenues and expenses of providing public parking.

The *Municipal Golf Course Enterprise Fund* accounts for revenues and expenses associated with constructing, operating, and leasing public golf courses.

Additionally, the City reports the following fund types:

Internal Service Funds account for a variety of services provided to other departments or agencies of the City on a cost reimbursement basis. These services include emergency dispatch services, purchase and maintenance of personal computers, purchase and maintenance of radios, pagers, cellular and telephone equipment, automotive operations, employee benefits, workers compensation insurance, liability and property damage insurance, acquisition of fire equipment, City facilities, and customer care and payment center.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

D. Basis of presentation - fund financial statements (continued)

Fiduciary Funds consist of three Custodial funds, a Private-Purpose Trust fund, and OPEB Trust fund. The Custodial funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. These funds are custodial in nature and generally should report fiduciary activities that are not held in a trust or equivalent arrangement. The Custodial funds consist of a deposits fund, municipal court bail fund, and developer special assessment fund. The Private-Purpose Trust fund is used to account for the cemetery operations trust fund. The OPEB Trust fund is used to account for the OPEB trust.

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers among the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, transfers among the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E. Measurement focus, basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Grant revenues are recognized when all eligibility requirements are met, resources are available, and billable to the grant-awarding agency. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt, including lease and subscription liabilities, as well as expenditures related to claims and judgments, compensated absences, pension, and OPEB are recorded only when payment is due.

Property taxes and other taxpayer-assessed tax revenues (franchise fees, intergovernmental consolidated tax, room tax, residential construction tax, and motor vehicle fuel tax), licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received.

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

E. Measurement focus, basis of accounting (continued)

The City reports unearned revenue in the fund financial statements when resources are received before the City has a legal claim to them, such as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when the government has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

F. Budgetary basis of accounting

1. Budgetary basis of accounting

Budgets are adopted on a basis consistent with GAAP with the exception of the General Fund (see Reconciliation to Combine General Fund, COVID-19 Fund, and Fiscal Stabilization Fund to General Fund as reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances, page 135). Annual appropriated budgets are adopted for the general, special revenue, capital projects, and debt service funds. An annual budget report is filed with the Nevada Department of Taxation, a branch of the state government charged with the responsibility to oversee local government finances.

The City's budgeting process consists of a series of reviews and analyses of budget requests that are submitted by the various departments by February 1st of each year. City management and budget office staff compile and prioritize all data, with the objective of aligning budget resources with the City Council's strategic plan objectives as closely as possible. A series of public hearings are held for the City Council and the general public on budget recommendations. The final budget is approved and adopted by the Mayor and City Council and filed with the City Clerk, County Clerk, and the Nevada Department of Taxation by June 1st.

The annual appropriated budgets approved by the City Council are controlled at the function level, which is the legal level of budgetary control. The revenue classifications and expenditure functions shown in the basic financial statements are those prescribed by the Nevada Department of Taxation. An amended budget is one in which internal modifications are made but the total resources and expenditures remain the same as the original. Per Nevada law, the City Manager may amend the budget by transferring appropriations within any function or program or between any function or program within a fund, and may authorize the transfer of appropriations between funds at any time if the City Council is advised of the action at a Council meeting and the action is recorded in the official minutes of the meeting.

An augmented budget is approved by the City Council and filed with the Nevada Department of Taxation when the total revenues and corresponding expenditures increase. All annual appropriations lapse at fiscal year-end.

Non-appropriated budgets are prepared for all proprietary type funds as a guide to levels of operating expenses. Budgets are not required for fiduciary type funds.

For the fiscal year ended June 30, 2025, funds were augmented and realigned between functions to provide for additional expenditures for new and expanded programs. Non-appropriated budgets for proprietary type funds were augmented and filed with the Nevada Department of Taxation for informational purposes, according to Nevada law. The following funds were augmented from actual beginning fund balance in excess of the original budgeted amount and/or excess revenues to increase total appropriations (expenditures, other financing uses).

	Original Budget	Adjustment	Final Budget
General Fund	\$ 826,566,414	\$ 69,300,000	\$ 895,866,414
Fire Safety Initiative Special Revenue Fund	22,639,775	200,000	22,839,775
Environmental Surcharge Special Revenue Fund	4,550,728	850,000	5,400,728
City Facilities Capital Projects Fund	136,886,932	4,000,000	140,886,932
Special Assessments Capital Projects Fund	33,210,320	19,000,000	52,210,320
Municipal Parking Enterprise Fund	17,882,218	500,000	18,382,218
Workers Compensation Internal Service Fund	17,244,792	2,500,000	19,744,792

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

F. Budgetary basis of accounting (continued)

1. Budgetary basis of accounting (continued)

For budgetary control purposes, the City records encumbrances for purchase orders, contracts, and other commitments in memorandum accounts. Since they do not constitute actual liabilities of the City in accordance with GAAP, encumbrances are not reported in the basic financial statements.

2. Excess of expenditures over appropriations

The COVID-19 Special Revenue Fund exceeded appropriations by \$164,722. The excess was for expenditures associated with ARPA projects that were unknown at the time of budget preparation.

The Workers' Compensation Internal Service Fund exceeded appropriations by \$1,532,056. The excess was the result of recording an accrual for judgments payable and presumptive liability at year-end. The amount of these claims were unknown at the time of budget preparation.

Expenditures in the debt service function for the General Fund, City of Las Vegas Debt Service Fund, Multipurpose Special Revenue Fund, General Capital Projects Fund, City Facilities Capital Projects Fund, Traffic Improvements Capital Projects Fund, and City of Las Vegas Redevelopment Agency Special Revenue Fund exceeded appropriations. However, pursuant to Nevada Revised Statute (NRS) 354.626(1), expenditures in excess of appropriations for the repayment of debt do not constitute a violation of law.

3. Deficit fund balance or net position

At June 30, 2025, the following funds reported a deficit fund balance or a net position deficit. In the enterprise and internal service funds, the deficits are due primarily to the adoption of GASB 68 and 75, which resulted in significant liabilities for pensions and other post-employment benefits (OPEB), respectively. The net position deficit shown in the Liability and Insurance and Property Damage Internal Service Fund was mainly due to the settlement of litigation during the fiscal year.

The Reimbursable Expenses Internal Service Fund has a net position deficit of \$1,537,003.

The Fire Communications Internal Service Fund has a net position deficit of \$7,554,561.

The Liability Insurance and Property Damage Internal Service Fund has a net position deficit of \$152,492,126.

The Workers Compensation Internal Fund has a net position deficit of \$33,093,330.

The City Facilities Internal Service Fund has a net position deficit of \$6,401,794.

The Building and Safety Enterprise Fund has a net position deficit of \$5,720,071.

G. Assets, liabilities, deferred inflows/outflows of resources, and net position or equity

1. Pooled cash, cash equivalents and investments

The City maintains a cash and investment pool that is available for use by all funds. Monies that are not required for immediate obligations are invested. Pooled cash, cash equivalents, and investments include: currency on hand, demand deposits with banks or other financial institutions, and highly liquid short-term investments with original maturities of three months or less from date of acquisition.

The City's investment policies are governed by NRS and its own written policies. Permissible investments include obligations of the U.S. Treasury and U.S. agencies, bankers acceptances, corporate, State of Nevada local government investment pools, state and local government bonds, repurchase agreements, commercial paper, and money market mutual funds.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred inflows/outflows of resources, and net position or equity (continued)

1. Pooled cash, cash equivalents and investments (continued)

Investments include short-term investments that are easily converted to cash and long-term investments with maturity dates ranging from six months to 10 years. Investments are stated at fair value, determined by using quoted market prices provided by a nationally recognized independent bank, or amortized cost for investments that have a remaining maturity at time of purchase of one year or less.

The City's cash equivalents are considered to be cash-on-hand and short-term investments with original maturities of three months or less from the date of acquisition. Since all cash in proprietary funds is pooled with the rest of the City's cash and is available upon demand, all cash and investments in those funds are considered cash equivalents.

2. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Receivables are reported at their gross value and, where appropriate, are shown net of an allowance for uncollectible accounts. The City's accounting operations division reviews outstanding receivables twice a year to determine uncollectible receivables. Accounts deemed uncollectible are then either written off or reserved via an allowance. The allowance for uncollectible accounts for the General Fund was \$3,701,373 at June 30, 2025.

3. Inventories and prepaid items

Inventories in the internal service and enterprise funds consist of expendable supplies held for consumption and are stated at cost, which approximates market value, using the first-in, first-out method. The balances are determined by physical count. Inventories and prepaid items in governmental funds are recorded as expenditures when consumed (consumption method) rather than when purchased or prepaid. Inventories in the governmental funds are stated at cost. In fund financial statements, the portion of fund balance equal to inventories is reflected as nonspendable.

Payments made to vendors for services that will benefit future periods are recorded as prepaid items in both government-wide and fund financial statements. In fund financial statements, the portion of fund balance equal to total prepaid items is reflected as nonspendable.

4. Restricted investments

Cemetery Operations Fiduciary Fund - Restricted investments in this fund are derived from the endowment care portion of the fee charged for a cemetery lot, which is collected by a third party. The monies are invested and the interest income is used for the perpetual care and maintenance of the cemetery. An independent trustee manages the fund. At June 30, 2025, the restricted investment balance was \$2,743,999.

Other Funds - The City has restricted investments of \$2,660,635 in the City's Debt Service Fund and \$5,736,629 in the Redevelopment Agency Debt Service Fund.

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred inflows/outflows of resources, and net position or equity (continued)

5. Capital assets

Capital assets, which include land, buildings, land and building improvements, equipment, infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), and other tangible and intangible assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual, or aggregate cost of more than \$10,000 for tangible assets and intangible assets and an estimated useful life in excess of one year. As the City acquires assets each period, they are capitalized and reported at historical cost. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are reported at acquisition value at the date of donation. Any capital assets received in a service concession arrangement, if any, would be reported at acquisition value.

Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. The costs of normal maintenance and repairs that do not add to the value of the asset or materially or extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property and equipment acquired by proprietary funds are reported in those funds at cost or acquisition value at the time of donation.

Capital assets of the primary government, as well as the component units, are depreciated using the straight line method over the following estimated useful lives:

Storm drains	50 years	Traffic signage	10 years
Roadways	30 years	Machinery and equipment	7-10 years
Buildings	20-40 years	Traffic pavement markers	4 years
Land and sewer plant improvements	20-24 years	Intangible right to use asset - land	12-39 years
		Intangible right to use asset - land	
Traffic signals and lighting	20 years	improvement	4-6 years
Sewer lines	20-50 years	Intangible right to use asset - buildings	5-39 years
Building improvements	10-20 years	Intangible right to use asset - equipment	2-12 years
Vehicles	3-10 years	Intangible right to use asset - software	1-22 years

6. Deferred outflows/inflows of resources

Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and thus will not be recognized as an outflow of resources (expense/expenditure) until then. A deferred charge on refunding is reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The City also reports deferred outflows of resources amounts related to pensions for the changes in the difference between the City's actual pension contributions and the City's actuarial share of pension contributions. This amount is deferred and amortized over the average expected remaining service lives of all employees: active, inactive, and retirees. Deferred outflows are also recorded for City's contributions made subsequent to the measurement date of the net pension liability and before the end of the City's fiscal year. The City reports deferred amounts related to pension and OPEB for changes in actuarial assumptions. The assumption changes are amortized over the remaining service life of employees. The City reports deferred amounts related to the differences between expected and actual pension and OPEB plan experience. Lastly, the City reports deferred amounts related to OPEB for the net difference between projected and actual earnings on OPEB plan investments.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred inflows/outflows of resources, and net position or equity (continued)

6. Deferred outflows/inflows of resources (continued)

Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The governmental activities and/or governmental funds report unavailable revenues from five resources: property taxes, special assessments, intergovernmental revenue, franchise fees, and loans receivable. These amounts are recognized as an inflow of resources in the period that the amounts become available. The City also reports deferred inflows for the difference between expected and actual pension plan and OPEB experience with economic factors and the effect of changes in assumptions about future economic factors, which are deferred and amortized over the average expected service lives of all employees that are provided pension benefits and the recognition of deferrals attributable to differences between projected and actual earnings on plan investments, which are amortized over five years. The City reports deferred inflows of resources related to OPEB for changes in actuarial assumption. The assumption changes are amortized over the remaining service life of the employees. The City reports deferred amounts related to pensions for the changes in the difference between the City's actual pension contributions and the City's actuarial share of pension contributions. This amount is deferred and amortized over the average expected remaining service lives of all employees: active, inactive, and retirees. Lastly, the City reports deferred inflows of resources related to lease and PPP agreements entered into as a lessor/transferor. These amounts are deferred and recognized as an inflow of resources in a systematic manner over the term of the lease.

7. Compensated absences

Effective July 1, 2024, the City implemented GASB Statement No. 101, *Compensated Absences* (GASB 101). Pursuant to GASB 101, a liability is required to be recognized for leave that has not been used if the leave is attributable to services already rendered, the leave accumulates, and the leave is more likely than not to be used for time off or otherwise paid in cash or settled through non-cash means. Based on the criteria listed, four types of leave qualify for liability recognition for compensated absences – vacation, sick leave, banked holidays and time in lieu of (TILO). The liability for compensated absences is reported as incurred in the government-wide and proprietary fund financial statements. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable. The balances reported at July 1, 2024 were not changed as result of the implementation of GASB 101.

8. Long-term obligations

In the government-wide financial statements and in proprietary fund type financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are amortized to interest expense over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period issued. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

An arbitrage rebate payable is recorded as a liability to account for arbitrage amounts to be rebated to the federal government that result from interest earned in excess of the interest costs on the monies invested from the proceeds of bond issues.

The City and Clark County (a joint venture) both provide financing for the Las Vegas Metropolitan Police Department Self Insurance internal service fund. In the City's government-wide financial statements, the City reports its portion of the unfunded Las Vegas Metropolitan Police OPEB Liability and Pension Liability in governmental activities.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred inflows/outflows of resources, and net position or equity (continued)

9. Leases

Lessee: The City is the lessee for noncancelable leases involving real property and equipment. The City recognizes a lease liability and an intangible right to use asset in the City-wide financial statements. The City recognizes lease liabilities with an initial, individual value of \$10,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the lesser of its useful life or the lease term.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor: The City is a lessor for noncancelable leases involving real property. The City recognizes a lease receivable and deferred inflows of resources in the City-wide and governmental fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflows of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflows of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable are composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its leases, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred inflows/outflows of resources, and net position or equity (continued)

10. Software subscriptions

The City has entered into noncancelable software subscriptions. The City recognizes a subscription liability and an intangible right to use subscription asset in the City-wide financial statements. The City recognizes subscription liabilities with an initial, individual value of \$10,000 or more.

At the commencement of the software subscription, the City initially measures the liability at the present value of payments expected to be made during the term. Subsequently, the liability is reduced by the principal portion of payments made. The intangible asset is initially measured as the sum of the initial amount of the subscription liability, payments made at or before the subscription commencement date, and capitalizable implementation costs, less any incentives received from the vendor at or before the commencement of the subscription term. Subsequently, the subscription asset is amortized on a straight-line basis over the lesser of its useful life or the subscription term.

Key estimates and judgments related to software subscriptions include how the City determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments.

- The City uses the interest rate charged by the vendor as the discount rate. When the interest rate charged by the vendor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for software subscriptions.
- The subscription term includes the noncancelable period of the subscription. Subscription payments included in the measurement of the liability are composed of fixed payments.

The City monitors changes in circumstances that would require a remeasurement of its software subscriptions and will remeasure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Subscription assets are reported with other capital assets and subscription liabilities are reported with long-term debt on the statement of net position.

11. Net position flow assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts of net position to report as restricted and unrestricted in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

12. Fund balance flow assumptions

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Unassigned fund balance is applied last.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred inflows/outflows of resources, and net position or equity (continued)

13. Fund balance components

The fund balance amounts for governmental funds are classified in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as follows:

- *Nonspendable* fund balances include items that cannot be spent. This includes amounts that are not in a spendable form (inventories, prepaid amounts, long-term portion of loans/notes receivable, or property held for resale unless the proceeds are restricted, committed, or assigned) and amounts that are legally or contractually required to remain intact, such as a principal balance in a permanent fund.
- *Restricted* fund balances have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or state enabling legislation.
- *Committed* fund balances can be used only for specific purposes pursuant to constraints imposed by a formal action of the Mayor and City Council, the City's highest level of decision-making authority. This formal action is the passage of ordinances creating, modifying, or rescinding committed resources.
- *Assigned* fund balances include amounts that are constrained by the City's intent to be used for a specific purpose, but are neither restricted nor committed. The City's Chief Financial Officer is authorized to assign amounts to a specific purpose based on the City's policy.
- *Unassigned* fund balances are the residual amount not included in the four categories described above. The General Fund is the only fund that can report a positive unassigned fund balance and any deficit fund balances with the other governmental fund types are reported as unassigned.

It is the City's fiscal policy to maintain a total ending fund balance in the General Fund of at least 25 percent of General Fund operating expenditures.

**CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025**

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred inflows/outflows of resources, and net position or equity (continued)

14. Estimates

The preparation of basic financial statements in conformance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

15. Grant portion of intergovernmental revenues

Grant revenues and expenditures are generally recorded in Special Revenue Funds. If an expenditure of monies by a grantee and ensuring all eligibility requirements are the prime factor for determining the release of grant funds, revenue is recognized at the time of the expenditure. If release of grant funds is not contingent upon expenditure of monies, revenue is recorded when received or when the grant becomes an obligation of the grantor.

16. Interfund transactions

During the course of normal operations, the City has numerous transactions between funds, which include transfers of resources from one fund to another. The fund financial statements reflect such transactions as transfers. Certain receivable/payable balances between the primary government and blended component units are eliminated for financial statement presentation. Internal service funds record charges for services to all City departments and funds as operating revenue. All City funds record these payments to the internal service funds as operating expenditures/expenses.

17. Fiscal Stabilization Fund

In fiscal year 2020, the City Council through Resolution established a special revenue fund whose purpose is to provide for the stabilization of operations during periods of economic downturn, or for the mitigation of the effects of disasters in accordance with NRS 354.6115. Additional funding will be provided annually in the amount of .010% of the City's property tax revenue with the option to provide additional funding as directed by the City Council. Expenditures will be limited to transfers out to other funds to provide for the stabilization of operations or as otherwise directed by the City Council. The ending fund balance of the Fiscal Stabilization Special Revenue Fund at June 30, 2025 was \$2.3 million.

Fiscal Stabilization Special Revenue Fund did not meet the reporting requirements to be presented as special revenue fund, as required by GASB 54, and is, therefore, presented as part of the City's General Fund. However, the City budgeted this fund as a Special Revenue Fund (see reconciliation at page 135).

18. Pension

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Public Employees' Retirement System of Nevada (PERS) and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

19. Postemployment Benefits Other than Pensions (OPEB) and OPEB Trust Fund

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense; information about the fiduciary net position of the City of Las Vegas Benefit Plan (Plan) and additions to/deductions from the plan fiduciary net position have been determined on the same basis they are reported by the Plan. For this purpose the plan recognizes benefit payments when due and payable in accordance with the Plan terms. The assets of the OPEB Trust Fund are invested in the State of Nevada Retirement Benefit Investment Fund (RBIF) established pursuant to NRS 355.220.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred inflows/outflows of resources, and net position or equity (continued)

20. Public-private and public-public partnerships

A PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs are service concession arrangements (SCAs). An SCA is a PPP arrangement between a transferor and an operator in which a) the transferor conveys to the operator the right and related obligation to provide public services through the use and operation of an underlying PPP asset in exchange for significant consideration, b) the operator collects and is compensated by fees from third parties, c) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services, and d) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement.

The City is a transferor in PPPs involving real property. At the commencement of a PPP arrangement, the City initially measures the PPP receivable at the present value of payments expected to be received during the PPP term. Subsequently, the receivable is reduced by the principal portion of payments received. The deferred inflows of resources is initially measured as the initial amount of the PPP receivable, adjusted for payments received at or before the PPP commencement date. Subsequently, the deferred inflows of resources is recognized as revenue over the life of the PPP term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected PPP receipts to present value, (2) PPP term, and (3) PPP receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for PPPs.
- The PPP term includes the noncancelable period of the PPP arrangement. PPP receipts included in the measurement of the PPP receivable are composed of fixed payments from the operator.

The City monitors changes in circumstances that would require a remeasurement of its PPPs, and will remeasure the PPP receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the PPP receivable.

For arrangements in which the underlying PPP asset is a new asset constructed or purchased by the operator and the agreement does not meet the definition of a SCA, the City initially recognizes a receivable for the underlying asset based on the operator's estimated carrying value on the expected date of transfer of the asset to the City. For arrangements that meet the definition of a SCA, the City recognizes the underlying PPP asset when the asset is placed into service. Improvements made by the operator to existing underlying PPP assets of the City are recognized when the improvements are placed into service. The deferred inflow of resources is initially measured as the initial amount of the PPP receivables and assets, adjusted for PPP payments received at or before the PPP commencement date. Subsequently, the deferred inflows of resources is recognized as revenue over the life of the PPP term.

H. Revenues and expenditures/expenses

1. Program revenues

Amounts reported as *program revenues* include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

1. Summary of significant accounting policies (continued)

H. Revenues and expenditures/expenses (continued)

2. Proprietary funds operating and nonoperating revenues and expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Sanitation Fund are charges to customers for sales and services. The principal operating revenue of the Building and Safety Fund are charges to customers for licenses and permits which provide reasonable controls for constructions, use, and occupancy of buildings. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

2. Reconciliation of government-wide and fund financial statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains, “long-term liabilities, including bonds payable and the related deferred inflows and outflows of resources, are not due and payable in the current period and therefore are not reported in the funds.” The details of the difference are as follows:

Bonds payable	\$ (485,641,231)
Less: original issue discount (to be amortized over the life of the bonds as interest expense and fiscal charges)	90,965
Add: original issue premiums (to be amortized over the life of the bonds as interest income)	(20,999,675)
Deferred charges on refunding (to be amortized as interest expense and fiscal charges)	12,873,174
Accrued interest payable	(4,364,769)
LVMPD net OPEB liability	(35,602,168)
Compensated absences	(49,003,810)
City net OPEB liability	(12,296,897)
Deferred inflows related to OPEB	(9,167,215)
Deferred outflows related to OPEB	2,501,269
Heart lung presumptive liability	(28,475,217)
Benefits payable	(9,058,987)
City net pension liability	(483,570,334)
LVMPD net pension liability	(430,290,145)
Deferred inflows related to pensions	(83,579,741)
Deferred outflows related to pensions	184,508,907
Lease accrued interest payable	(2,479,593)
Lease liability	(43,604,883)
Software subscription liability	<u>(6,019,511)</u>
Net adjustment to reduce fund balance - total governmental funds	<u><u>\$ (1,504,179,861)</u></u>

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

2. Reconciliation of government-wide and fund financial statements (continued)

B. Explanation of certain differences between the governmental fund schedule of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund schedule of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the current period.” The details of the difference are as follows:

Capital outlay	\$ 341,014,050
Depreciation (Note 6)	(148,662,320)
Amortization (Note 6)	(3,583,744)
<i>Net adjustment to increase net changes in fund balance - total governmental activities</i>	<u><u>\$ 188,767,986</u></u>

Another element of that reconciliation states that “the net effect of various transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net position.” The details of the difference are as follows:

Donations of capital assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	\$ 95,403,401
The statement of activities reports gains/(losses) from the disposal or trade-in of existing capital assets to acquire new capital assets. Conversely, governmental funds do not report any gain or loss on the trade-in of capital assets and lease assets.	<u><u>(1,417,414)</u></u>
<i>Net adjustment to increase net changes in fund balance - total governmental funds to arrive at changes in net position - governmental activities.</i>	<u><u>\$ 93,985,987</u></u>

Another element of the reconciliation states that “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are amortized in the statement of activities.” The details of this difference are as follows:

Bond principal repayments	\$ 33,345,090
Issuance of leases and software	(4,287,220)
Lease principal payments	1,185,676
Software subscription principal payments	<u><u>1,568,862</u></u>
<i>Net adjustment to increase net changes in fund balance total governmental funds to arrive at changes in net position - governmental activities</i>	<u><u>\$ 31,812,408</u></u>

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

2. Reconciliation of government-wide and fund financial statements (continued)

B. Explanation of certain differences between the governmental fund schedule of revenues, expenditures, and changes in fund balances and the government-wide statement of activities (continued)

Another element of the reconciliation states that "some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this difference are as follows:

Change in City net OPEB liability	\$ (17,482,018)
Change in City net pension liability	(1,449,649)
Change in heart lung presumptive liability	5,746,990
Change in compensated absences	(6,881,428)
Change in benefits payable	(149,902)
Change in LVMPD net OPEB liability	2,732,288
Change in LVMPD net pension liability	24,955,144
Change in accrued interest payable	(508,159)
Change in accrued ground emergency medical transportation	(35,437,789)
Amortization of bond discounts	(8,939)
Amortization of bond premiums	3,711,488
Amortization of debt refunding	<u>(1,649,038)</u>
<i>Net adjustment to decrease net changes in fund balance - total governmental funds to arrive at changes in net position - governmental activities</i>	<u>\$ (26,421,012)</u>

Another element of the reconciliation states that "certain amounts reported as revenues in the statement of activities do not provide current financial resources and therefore is not reported as revenue in governmental funds." The details of this difference are as follows:

Intergovernmental revenue	\$ (717,346)
Property tax revenue	237,357
Special assessments	(217,965)
Deferred loan proceeds	(1,865,448)
Franchise fees	<u>(464,986)</u>
<i>Net adjustment to decrease net changes in fund balance - total governmental funds to arrive at changes in net position - governmental activities</i>	<u>\$ (3,028,388)</u>

Another element of the reconciliation states that "internal service funds are used by management to charge the costs of a variety of services: fleet, graphic reproduction, purchase and maintenance of computers, maintenance of radios and telephones, employee benefits, property damage, facilities maintenance, and fire equipment acquisition to individual funds. The net revenue of certain activities of internal service funds is reported with government activities." The details of this difference are as follows:

Change in net position of the internal services funds	\$ 150,422,106
Gain from charges of business type activities	<u>696,839</u>
<i>Net adjustment to decrease net changes in fund balance - total governmental funds to arrive at changes in net position - governmental activities</i>	<u>\$ 151,118,945</u>

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

2. Reconciliation of government-wide and fund financial statements (continued)

C. Explanation of certain differences between the proprietary fund statement of net position and the government-wide statement of net position

The proprietary fund statement of net position includes a reconciliation between *net position - total enterprise funds* and *net position of business-type activities* as reported in the government-wide statement of net position. The description of the sole element of that reconciliation is “adjustment to reflect the consolidation of internal service fund activities related to enterprise funds.” The details of this difference are as follows:

Internal receivables representing charges in excess of cost to business-type activities - prior years	\$ (88,815,928)
Internal receivables representing charges in excess of cost to business-type activities - current year	<u>(696,839)</u>
<i>Net adjustment to increase net position - total enterprise funds to arrive at Net position - business-type activities</i>	<u><u>\$ (89,512,767)</u></u>

3. Pooled cash, cash equivalents and investments

As of June 30, 2025, the City had the following pooled cash, cash equivalents, and investments:

Pooled cash and investments reconciled to government-wide financial statements:

Total cash equivalents and investments	\$ 1,179,478,311
Add: Cash on hand and cash in checking accounts	<u>39,526,568</u>
	<u>1,219,004,879</u>
Less: Cash, cash equivalents, and investments in fiduciary funds	<u>(69,088,026)</u>
Pooled cash, cash equivalents and investments (including restricted amounts) - government-wide	<u><u>\$ 1,149,916,853</u></u>

The NRS governs the City's deposit policies. City monies must be deposited in federally insured banks and savings and loan associations. As of June 30, 2025, the recorded amount of the City's deposits was \$38,550,026 and the bank balance was \$46,344,593. As of year-end, the City's bank balance was either insured by the Federal Depository Insurance Corporation (FDIC) or fully collateralized in accordance with NRS as discussed in the following paragraph.

GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, states that the City may report short-term money market investments, such as commercial paper and U.S. Treasury and agency obligations that have a remaining maturity at time of purchase of one year or less, to be reported at amortized cost (book value). All other investments are reported at their estimated fair value.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

3. Pooled cash, cash equivalents and investments (continued)

Type of Investments	Amortized Cost	Fair Value	Total	Weighted-Average Maturity (Years)
U.S. treasury	\$ 54,585,101	\$ 224,464,422	\$ 279,049,523	2.232
U.S. agencies	-	340,399,590	340,399,590	1.606
Corporate bonds	-	155,425,435	155,425,435	2.421
Commercial paper	19,705,567	-	19,705,567	0.332
Local government investment pool	-	123,483,578	123,483,578	0.003

Total value	\$ 74,290,668	\$ 1,105,187,643	\$ 1,179,478,311	

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset. Investments classified at Level 1 of the fair value hierarchy are valued using prices quoted in active markets for identical assets. Investments classified at Level 2 of the fair value hierarchy are generally valued using a matrix pricing technique. Matrix pricing is the process of estimating the market price of a bond based on the quoted prices of more frequently traded comparable bonds. Land and property held for resale are generally valued using Clark County assessed values.

The City has the following recurring fair value measurements as of June 30, 2025:

Type of Investments	Fair Value Measurements Using		
	Quoted Prices in Active Markets for Identical Assets		
	June 30, 2025	(Level 1)	(Level 2)

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

3. Pooled cash, cash equivalents and investments (continued)

The State of Nevada Local Government Investment Pool (LGIP) and the Retirement Benefits Investment Fund are external pools administered by the Treasurer of the State of Nevada and Public Employees Retirement System, respectively, with oversight by the State of Nevada Board of Finance. The LGIP operates in accordance with all applicable NRS. The fair value of the City's investments in the pool as reported is based upon the City's pro-rata share of the fair value provided by LGIP. As of June 30, 2025, the City held \$123,483,578, in the LGIP. The LGIP fair value factor of 0.999903984 was used to calculate the fair value of the investments in the LGIP and has an average maturity of 49.5 days. Investments in the Retirement Benefits Investment Fund are carried at fair value, which is the same as the value of the shares in the pool.

Type of Investment	Amount	Investment Maturities				
		1 - 30 Days	31 - 60 Days	61 - 365 Days	366 Days to 5 Years	More than 5 Years
U.S. treasury	\$ 279,049,523	\$ 34,959,731	\$ -	\$ 69,768,542	\$ 174,321,250	\$ -

Total investments	\$ 1,179,478,311	\$ 407,340,836	\$ 53,186,000	\$ 187,913,423	\$ 524,796,195	\$ 6,241,857

Interest Rate Risk: In accordance with its investment policy, the City manages its exposure to declines in fair value by limiting the weighted-average maturity of its investment portfolio to less than 3.5 years. Some of the U.S. agency investments have call options, which, if exercised, could shorten the maturity of these investments.

Credit Risk: Statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies (i.e., FNMA, FHLB, etc.), corporate bonds rated "A" or better by a nationally recognized rating service, commercial paper rated "A-1," "P-1" by a nationally recognized rating service, repurchase agreements, certificates of deposit, money market mutual funds rated "AAA" by a nationally recognized rating service or other securities in which banking institutions may legally invest, and State of Nevada Local Government Pooled Funds or collateralized investment contracts. The City has adopted the state statutes for its investing policies to help minimize its credit risk.

Total investments	<u>\$1,179,478,311</u>										

Custodial Credit Risk: Custodial credit risk from deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of its investment or collateral securities that are in the possession of another party. At year-end, the City's investment pool and specific investments had no securities exposed to custodial credit risk.

Concentration of Credit Risk: Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's investment policy allows for investments as follows: (1) U.S. Treasury, money market funds and agencies, with no limit; (2) repurchase agreements, 20% of portfolio; (3) commercial paper, 25% of portfolio with a 5% per issue limit; (4) corporate notes, 25% of portfolio with a 5% per issue limit; and (5) certificates of deposit, and (6) State of Nevada local government pooled funds with a 50% limit. Collateralized investment contracts may be utilized on bond proceeds for which the original amount of the principal of the original issuance was \$10,000,000 or more. Other allowable investments, not utilized during the year, which also have issuer restrictions include asset- backed securities, collateralized mortgage obligations, state and local government bonds, and supranationals. To reduce the overall portfolio risks, the City diversifies its investments by security type and institution. As of June 30, 2025, more than 5% of the City's investments are in Federal Home Loan Bank (9%), Federal Farm Credit Bank (11%), United States Treasuries (24%), Local Government Investment Pool (11%), and Invesco Money Market Funds (16%).

4. Property taxes

By December 31 of each year, all property in Clark County is assessed by parcel for property tax purposes by the Clark County Assessor. The assessment valuation roll is published in a local newspaper for the information of all taxpayers. If desired, property owners have until January 15 to appeal the valuation to the Clark County Board of Equalization. Any taxpayer not agreeing with the decision of the County Board of Equalization may file an appeal with the State Board of Equalization no later than the first Monday of March.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

4. Property taxes (continued)

The Nevada Department of Taxation provides the maximum allowable tax rates for operating purposes to local governments for inclusion in their budgets. Each local government that receives property taxes must file a budget on or before June 1, which provides for the allowed tax rate for the next fiscal year. The Nevada Tax Commission must certify all tax rates on June 25, the levy date, and property is liened on July 1. Property taxes are then payable to the County Treasurer in four equal installments, due the third Monday of August, and the first Monday of October, January and March. Apportionment of taxes by Clark County to the City of Las Vegas, Nevada is made in the calendar quarters of September, December, March, and June.

The actual rates, which were levied for June 30, were as follows:

	<u>2025</u>	<u>2024</u>
General	0.6765	0.6765
Special	0.0950	0.0950
Total Tax	<u>0.7715</u>	<u>0.7715</u>

Amounts per \$100 of assessed value

5. Joint Venture

A. Las Vegas Metropolitan Police Department (LVMPD)

The City is a participant in a joint venture with Clark County created by a special financing relationship for the Las Vegas Metropolitan Police Department (LVMPD) established by NRS.280 in 1973. A five-member committee composed of two appointees each from the City and the County, and one appointee from the general public approves LVMPD's budget.

State statute mandates apportionment of costs among the participating political subdivisions based upon a percentage of the permanent population and the total number of calls for service within each subdivision. Complete financial information for LVMPD is included in the annual comprehensive financial report of Clark County, Nevada. The following schedule presents a two-year summary of condensed financial information for LVMPD, as of and for the years ended June 30:

	<u>2025</u>	<u>2024</u>
Assets	\$ 78,762,080	\$ 62,352,533
Liabilities	(57,543,353)	(41,693,819)
Deferred inflows of resources	(3,173,600)	(3,389,000)
Fund balance	<u>\$ 18,045,127</u>	<u>\$ 17,269,714</u>
Revenues	\$ 489,272,842	\$ 463,383,481
Expenditures	(835,137,677)	(791,228,651)
	(345,864,835)	(327,845,170)
Other financing sources	361,140,248	337,932,790
Other financing uses	(14,500,000)	(20,700,000)
Change in fund balance	<u>\$ 775,413</u>	<u>\$ (10,612,380)</u>
Political Subdivision Funding Percentage:		
Clark County	66.0%	65.6%
City of Las Vegas	34.0%	34.4%

During the fiscal years ended June 30, 2025 and 2024, the City paid LVMPD \$180,682,077 and \$169,475,115, respectively.

Complete financial statements of the Las Vegas Metropolitan Police Department can be obtained from the Comptroller at Clark County Finance & Risk Management, located at 500 South Grand Central Parkway, Las Vegas, Nevada 89155.

Construction Commitments

The City has active construction projects as of June 30, 2025. The projects include buildings, building improvements, land improvements (associated with various parks), machinery and equipment, roadways, storm sewers (widening, construction of new and existing streets and detention basin and drainage facilities), traffic signals and streetlights in progress. The City is also in the process of constructing sewer plant improvements and sanitary sewer lines. At year-end, the City's commitments with contractors are as follows:

<u>Projects - Governmental funds</u>	<u>Spent to date</u>	<u>Remaining Commitment</u>
Buildings	\$ 19,096,348	\$ 98,018,830
Building improvements	21,051,622	7,788,804
Land improvements	21,076,248	53,847,209
Machinery and equipment	113,980	3,655,935
Roadways	110,839,899	71,699,720
Vehicles	3,027,847	18,252,827
Storm drainage	19,051,207	73,376,618
Sewer improvements	2,060	-
Traffic signals, lighting, signs and markers	16,473,715	6,354,356
	<u>\$ 210,732,926</u>	<u>\$ 332,994,299</u>
<u>Projects - Enterprise funds</u>		
Buildings	\$ -	\$ 57,290
Building improvements	1,222,710	117,597
Land improvements	19,700	18,027
Machinery and equipment	102,579	120,436
Sanitation plant improvements	23,575,994	40,086,815
Sanitation sewer lines	20,114,177	20,941,720
	<u>\$ 45,035,160</u>	<u>\$ 61,341,885</u>

The major financing for roadways and storm sewer projects includes reimbursements from the Regional Transportation Commission of Southern Nevada (RTC), Clark County, Clark County Regional Flood Control District, Nevada Department of Transportation, Motor Vehicle Fuel Tax, special assessments, and bond issuances. Sanitation sewer lines and sanitation plant improvements are financed by sewer revenues. Reimbursements from federal (i.e., SNPLMA) and local governments (i.e., RTC) and bond proceeds finance solar energy projects in the General Capital Projects Fund, building and land improvements, mainly in the Parks and Leisure Activities and City Facilities capital projects funds.

7. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan

The City's employees are covered by the Public Employees' Retirement System of Nevada (PERS), which was established by the Nevada Legislature in 1947, effective July, 1948. PERS is governed by the Public Employees Retirement Board (the PERS Board) whose seven members are appointed by the governor. The City does not exercise any control over PERS. NRS 286.110 states that "the respective participating public employers are not liable for any obligations of PERS."

A. Plan Description

PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which include both Regular and Police/Fire members. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earning capacities have been removed or substantially impaired by age or disability.

**CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025**

7. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

B. Benefits Provided

Benefits, as required by the NRS, are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010, and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering the System on or after January 1, 2010, there is a 2.5% multiplier. Regular members entering PERS on or after July 1, 2015, have a 2.25% multiplier. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575-.579.

C. Vesting

Regular members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with five years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or at age 62 with 10 years of service, or at any age with 30 years of service. Regular members entering PERS on or after July 1, 2015, are eligible for retirement at age 65 with five years of service, at age 62 with 10 years of service, at age 55 with 30 years of service, and at any age with 33 1/3 years of service.

Police/Fire members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with five years of service, at age 55 with 10 years of service, at age 50 with 20 years of service, or at any age with 25 years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or at age 60 with 10 years of service, or at age 50 with 20 years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985 is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

D. Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates is set by NRS. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. One plan provides for matching employee and employer contributions, while the other plan provides for employer-pay contributions only. Under the matching Employee/Employer Contribution plan a member may, upon termination of service for which contribution is required, withdraw employee contributions which have been credited to their account. All membership rights and active service credit in PERS are canceled upon withdrawal of contributions from the member's account. If EPC was elected, the member cannot convert to the Employee/Employer Contribution plan and cannot withdraw these contributions.

PERS basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contributions rates required to fund the System on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450. Employer and employee contribution at June 30, 2025 totaled \$102,366,025.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

7. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

D. Contributions (continued)

The actuarial funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary. For the fiscal year ended June 30, 2024 the Statutory Employer/employee matching rate was 17.50% for Regular and 25.75% for Police/Fire. The Employer- pay contribution (EPC) rate was 33.50% for Regular and 50.00% for Police/Fire.

E. Basis of Accounting

The City participates in PERS cost-sharing multiple-employer defined benefit plans and is required to report pension information in its financial statements for fiscal periods beginning on or after June 30, 2014, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*.

The underlying financial information used to prepare the pension allocation schedules is based on PERS financial statements. PERS financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Contributions for employer pay dates that fall within PERS fiscal year ending June 30, 2024, are used as the basis for determining each employer's proportionate share of the collective pension amounts.

The total pension liability is calculated by PERS' actuary. The plan's fiduciary net position is reported in PERS financial statements and the net pension liability is disclosed in PERS notes to the financial statements. An annual report containing financial statements and required information for the System may be obtained by writing to PERS, 693 W. Nye Lane, Carson City, Nevada 89703-1599, or by calling (775) 687-4200

F. Investment Policy

PERS policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the PERS.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2025.

Asset Class	Target Allocation	Long-Term Geometric Expected Real Rate of Return
Domestic equity	34%	5.50%
International equity	14%	5.50%
Domestic fixed income	28%	2.25%
Private markets	12%	6.65%
Short-term investments	12%	0.05%

*As of June 30, 2024 PERS' long-term inflation assumption was 2.50%

G. Pension Liability

I. Net Pension Liability

PERS collective net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer allocation percentage of the net pension liability was based on the total contributions due on wages paid during the measurement period. Each employer's proportion of the net pension liability is based on their combined employer and member contributions relative to the total combined employer and member contributions for all employers for the period ended June 30, 2024. The employer portion of the collective net pension liability was 3.33% and 3.62% as of June 30, 2025 and 2024, respectively.

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

7. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

G. Pension Liability (continued)

2. Pension Liability Discount Rate Sensitivity

The discount rate used to measure the total pension liability was 7.25% as of June 30, 2024 and June 30, 2023. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified by NRS. Based on that assumption, the PERS fiduciary net position at June 30, 2024, was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments (7.25%) was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2024.

The following presents the City's net pension liability of PERS as of June 30, 2025, calculated using the discount rate of 7.25%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current discount rate:

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
Regular funds	\$ 969,091,906	\$ 602,057,383	\$ 299,233,969

3. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Annual Comprehensive Report, available on the PERS website (www.nvpers.org).

4. Actuarial Assumptions

PERS net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Payroll growth	3.50%
Investment rate of return	7.25%
Discount rate	7.25%
Productivity pay increase	0.50%
Projected salary increases	Regular: 4.20% to 9.10%, depending on service; Police/Fire: 4.60% to 14.50%, depending on service; Rates include inflation and productivity increases
Consumer price index	2.50%

Actuarial assumptions used in the most recent valuation were based on the results of the experience review completed in 2025, applied to all periods included in the measurement.

The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in NRS. Based on that assumption, the pension plan's fiduciary net position at June 30, 2025, was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2025.

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

7. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

G. Pension Liability (continued)

4. Actuarial Assumptions (continued)

At June 30, 2025, assumed mortality rates and projected life expectancies for selected ages were as follows:

Regular Members				
<u>Age</u>	Mortality Rates		Expected Years of Life Remaining	
	Males	Females	Males	Females
40	0.07%	0.04%	43.4	47.1
50	0.35%	0.24%	33.2	36.7
60	0.72%	0.43%	23.7	26.9
70	1.80%	1.19%	15.2	17.8
80	5.71%	3.75%	8.1	10.0

Police/Fire Members				
<u>Age</u>	Mortality Rates		Expected Years of Life Remaining	
	Males	Females	Males	Females
40	0.07%	0.05%	44.2	47.3
50	0.21%	0.15%	33.9	36.9
60	0.57%	0.44%	24.0	26.9
70	1.76%	1.31%	15.3	17.9
80	5.65%	3.92%	8.2	10.2

These mortality rates and projected life expectancies are based on the following:

Healthy - Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 15% for females, projected generationally with the two-dimensional monthly improvement scale MP-2020 for regular members. Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 5% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020 for police/fire members.

Disabled - Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females) with rates increased by 20% for males and 15% for females, projected generationally with the two-dimensional mortality improvement scale MP- 2020 for regular members. Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females) with rates increased by 30% for males and 10% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020 for police/fire members.

Pre-Retirement - Pub-2010 General Employee Amount-Weighted Above- Median Mortality Table (separate tables for males and females), projected generationally with the two-dimensional mortality improvement scale MP-2020 for regular members. Pub-2010 Safety Employee Amount-Weighted Above- Median Mortality Table (separate tables for males and females). Projected generationally with the two-dimensional mortality improvement scale MP-2020 for police/fire members.

The Pub-2010 Amount-Weighted Mortality Tables reasonably reflect the projected mortality experience of the plan as of the measurement date. The generational projection is a provision made for future mortality improvement.

Note that generational projections beyond the base year (2010) are not reflected in the above mortality rates. Deaths that occur during the first two years of employment are assumed to be non-duty related.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

7. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

G. Pension Liability (continued)

5. *Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

For the year ended June 30, 2025, the total employer pension income is \$53,119,607. At June 30, 2024, the measurement date, PERS reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 127,762,970	\$ 26,794
Net difference between projected and actual earnings on investments	- -	59,690,332
Change of assumptions	38,872,819	-
Changes in proportions and differences between actual contributions and proportionate share of contributions	15,053,787	47,603,239
Employer contributions subsequent to the measurement date	<u>51,289,649</u>	-
	<u><u>\$ 232,979,225</u></u>	<u><u>\$ 107,320,365</u></u>

Average expected remaining service lives: 5.64 years

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date totaling \$51,289,649 will be recognized as a reduction of the net pension liability during the year ending June 30, 2026. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2026	\$ 10,867,004
2027	52,997,616
2028	3,852,080
2029	(123,002)
2030	6,775,513
Thereafter	-
	<u><u>\$ 74,369,211</u></u>

Changes in the City's net pension liability were as follows:

Net pension liability, beginning of year	\$ 661,616,636
Pension expense (income)	53,119,607
Employer contributions	(48,128,393)
Net new deferred inflows and outflows of resources	<u>(64,550,467)</u>
Net pension liability, end of year	<u><u>\$ 602,057,383</u></u>

As of June 30, 2025, the required contribution to PERS was \$7,624,747 and is included in benefits payable.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

8. Leases

A. Leases Payable

As of June 30, 2025, the City had 30 active leases involving real property and equipment. The leases have interest rates between 0.3% and 9.5%, and a remaining estimated life of one to thirty-five years. The total principal and interest payments related to governmental activities for the fiscal year ended June 30, 2025 were \$1,360,223 and \$471,063, respectively. The total principal and interest payments related to enterprise funds was \$154,758 and \$16,292, respectively.

The future principal and interest lease payments as of June 30, 2025, were as follows:

Fiscal year June 30	Governmental Activities			Business-Type Activities		
	Principal Payments	Interest Payments	Total	Principal Payments	Interest Payments	Total
2026	\$ 1,305,191	\$ 456,808	\$ 1,761,999	\$ 91,162	\$ 5,438	\$ 96,600

Direct borrowings and direct placement of debt. The City's Revenue Bonds, Series 2014, due July 30, 2028 are payable to the State of Nevada acting by and through the Governor's Office of Energy. Principal and interest payments are due bi-annually. The City will be considered in default if any payment has not been received within thirty days of any due date in accordance with the payment schedule. A penalty in the amount of one-tenth of one percent of the defaulted loan repayment will be due for each day of nonpayment. In the event of violation by the City of any material provision of the agreement, the City shall be responsible for any damages suffered by the State and agrees to repay all remaining principal advanced pursuant to the terms of the agreement.

The City's installment Purchase Bonds, Series 2011, are payable to Banc of America Leasing & Capital, LLC. Principal and interest payments are due bi-annually. In the event the City fails to observe and perform any covenant or condition specified in the agreement, the lender may declare the unpaid principal of and accrued interest to be immediately due and payable. Significant events of default with finance - related consequences include 1) failure to pay any base payments, 2) commencement by the City of a case or proceedings under the Federal bankruptcy laws and 3) any certificate, statement, representation, warranty or audit furnished by or on behalf of the City proving to have been false in any material respect at the time as of which the facts therein set forth were stated or certified, or having omitted any substantial contingent or unliquidated liability or claim against the City.

The City does not have any unused line of credit or assets pledged as collateral related to these direct borrowings.

Compensated absences. Included in the City's governmental long-term obligations is \$52,771,677 of accrued compensated absences, of which \$48,344,490 relates to the General fund, \$3,767,867 to the Internal Service funds, \$620,204 to the Special Revenue funds and \$39,116 to the Capital Project funds.

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

11. Long-term liabilities and debt service requirements to maturity (continued)

D. Pledged Revenues

The City has pledged certain revenues for the payment of debt principal and interest. The following bonds are secured by pledged revenues as of June 30, 2025.

1. General Obligation Consolidated Tax Supported Bonds

These bonds are secured by a pledge of up to 15% of the consolidated taxes allocable to the City. For fiscal year ended June 30, 2025, the City collected \$440,438,963 in consolidated tax revenue, which leaves a balance of \$66,065,844 to retire \$10,088,000 and \$12,307,925 in principal and interest, respectively. The total principal and interest remaining to be paid on the bonds is \$275,655,000 and \$117,669,450, respectively. These bonds also constitute direct and general obligations of the City, and the full faith and credit of the City is pledged for the payment of principal and interest. The following debt issuances are consolidated tax supported.

Bonds Issued	Maturity (Length of Pledge)
Various Purpose Refunding Bonds Series 2016B	06/01/2036
City Hall Bonds Series 2015C	09/01/2039
Building Bonds Series 2019A	02/01/2039
Building Bonds Series 2019C	06/01/2036
Building Bonds Series 2023A	03/01/2053

2. General Obligation Medium-Term Supported Bonds

These bonds are secured by a pledge of general fund revenues (primarily consolidated and property taxes). For fiscal year ended June 30, 2025, the City collected \$440,438,963 in consolidated tax revenue and \$148,480,264 in property taxes, which leaves a balance of \$214,546,108 to retire \$13,160,000 and \$2,783,280 in principal and interest, respectively. The total principal and interest remaining to be paid on the bonds is \$56,140,000 and \$9,009,283, respectively. These bonds constitute direct and general obligations of the City, and the full faith and credit of the City is pledged for the payment of principal and interest. The ad valorem tax levy available to pay on the bonds is limited to the City's maximum operating levy.

4. General Obligation Performing Arts Center Supported Bonds

The General Obligation Performing Arts Center Supported Bonds (Series 2009) revenue bonds are secured by a pledge of revenues defined in the bond ordinance as the “Pledged Rental Car Fees”, as that term is defined in the Second Amended and Restated Interlocal Agreement Regarding the Distribution of Taxes for a Performing Arts Center dated as of April 1, 2008, between the City and Clark County (the “Interlocal Agreement”).

The Interlocal Agreement defines “Rental Car Fee” as a fee imposed by Clark County (“the County”) upon the lease of a passenger car by a short-term lessor in the County in the amount of not more than 2% of the total amount for which the passenger car was leased, excluding any taxes or other fees imposed by a governmental entity.

The County imposed the Rental Car Fee in the amount of 2% pursuant to NRS 244A.860 and Sections 4.28.020 through 4.28.050 of the County Code (the “Rental Car Fee Ordinance”), effective July 1, 2005. The “Pledged Rental Car Fees” are amounts remaining after (i) a required distribution by the County of the initial \$3 million of Rental Car Fee proceeds was made to the Culinary and Hospitality Academy of Las Vegas (the “Culinary Academy”) for the planning, design and construction of a facility for vocational training in southern Nevada; and (ii) the reimbursement of the State Department of Taxation for its expense in collecting and administering the Rental Car Fee. The required distribution to the Culinary Academy has been made.

For fiscal year ended June 30, 2025, car rental fees totaled \$12,204,860, to retire \$3,650,000 and \$2,747,519 in principal and interest, respectively. The total principal and interest remaining to be paid on the bonds is \$70,665,000 and \$18,875,044, respectively.

Bonds Issued	Maturity (Length of Pledge)
General Obligation Performing Arts Center Refunding Bonds Series 2016A	06/01/2039

5. General Obligation Special Assessment Bonds

Special Assessment Bonds are secured by property assessments within the individual districts. For fiscal year ended June 30, 2025, the City received \$329,012 from property assessments to retire \$165,705 and \$39,401 in principal and interest, respectively. The total principal and interest remaining to be paid on the bonds is \$701,403 and \$104,763, respectively.

11. Long-term liabilities and debt service requirements to maturity (continued)

D. Pledged Revenues (continued)

6. General Obligation Tax Increment Revenue Supported Bonds

The bonds are supported by pledged property tax revenues from the property located within the Redevelopment Agency.

For fiscal year ended June 30, 2025, the Agency collected \$33,452,667 in incremental property tax revenue and contributed \$7,343,268 to low income housing and education. This leaves a remaining balance of \$33,452,667 to retire \$2,185,000 and \$3,399,481 in principal and interest, respectively. The total principal and interest remaining to be paid on the bonds is \$71,680,000 and \$40,030,194, respectively.

Bonds Issued	Maturity (Length of Pledge)
Redevelopment Agency Tax Increment Revenue Refunding Bonds Series 2016	06/15/2045

7. Installment Purchase Agreements

The American Recovery and Reinvestment Act of 2009 (ARRA) provided the City with low-cost financing to fund energy conservation and renewable energy projects. The City was designated by the U.S. Department of the Treasury to receive an allocation of Qualified Energy Conservation Bonds (QECD) and New Clean Renewable Energy Bonds (NCREB) to finance energy projects. The Treasury provided a subsidy of approximately 70% (based on a formula) of the amount of interest due on QECD and NCREB bonds. For fiscal year ended June 30, 2025 the City received from the Treasury \$41,569 to retire \$832,921 and \$102,376 in principal and interest, respectively. The total principal and interest remaining to be paid on the bonds is \$853,660 and \$51,818, respectively. The bonds will be used on lighting improvements to outdoor streetlights and energy conservation retrofits to City buildings and solar panel installations at various City facilities, which are expected to reduce utility costs generating savings sufficient to repay the debt service on the Agreements.

Bonds Issued	Maturity (Length of Pledge)
Taxable Direct Pay Qualified Energy Conservation Bonds	05/01/2026
Taxable Direct Pay New Clean Renewable Energy Bonds	05/01/2026

8. Revenue Bonds

The City received funds from the State of Nevada. The bonds were from the State's Renewable Energy, Energy Efficiency and Energy Conservation loan funding. The Bonds are authorized to defray in part the cost to acquire, improve and equip building projects as defined in NRS 268.676, including without limitation, the prepayment of solar energy electricity for City buildings under the authority of, and in full conformity with, the constitution and laws of the State of Nevada. The City does not pledge its full faith and credit for the payment of the bonds. The bonds are a special obligation of the City, payable and collectible solely out of and secured by the City's consolidated tax. For fiscal year ended June 30, 2025, the City collected \$440,438,963 in consolidated tax revenue, which leaves a balance of \$66,065,844 to retire \$96,464 and \$13,011 in principal and interest, respectively. The total principal and interest remaining to be paid on the bonds is \$361,168 and \$21,993, respectively.

9. General Obligation Parking Supported Bonds

These bonds are general obligation refunding bonds additionally secured by a pledge of the net revenues of the City's Main Street Parking facility refinanced by the bonds and additionally secured by 15% of all income and revenues derived by and distributed to the City pursuant to NRS 360.698 (Consolidated tax). For fiscal year ended June 30, 2025, the City collected \$440,438,963 in consolidated tax revenue and \$397,133 in net revenues from the 500 Main Street parking facility, which leaves a balance of \$66,264,411 to retire \$465,000 and \$183,788 in principal and interest, respectively. The total principal and interest remaining to be paid on the bonds is \$4,900,000 and \$918,875, respectively.

Bonds Issued	Maturity (Length of Pledge)
General Obligation Parking Refunding Bonds Series 2014B	05/01/2034

10. Sales Tax Increment Revenue Bonds

These bonds were issued to finance the acquisition, improvement and equipping of real and personal property, within the City of Las Vegas, Nevada Tourism Improvement District (Symphony Park) suitable for retail, tourism or entertainment purposes. The bonds are secured by Net Sales Tax Revenue (portion of the retail sales taxes imposed within the district). The bonds constitute a special obligation of the City payable solely from the net sales tax revenues. The full faith and credit of the City is not pledged to the payment of the bonds. For fiscal year ended June 30, 2025, net sales tax revenues totaled \$2,345,269, to retire \$2,370,000 and \$495,579 in principal and interest, respectively. The total principal and interest remaining to be paid on the bonds is \$9,585,000 and \$1,164,106, respectively.

Bonds Issued	Maturity (Length of Pledge)
Sales Tax Increment Revenue Bonds Series 2016	06/15/2035

12. Developer special assessment debt

In July 2007, the City created Special Improvement District No. 810 for the Summerlin development area. In September 2007, the City issued \$23,625,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as an agent for the property owners in collecting the assessment and forwarding the collections to the bondholders. These transactions are accounted for in a custodial fund. The Summerlin project consists of the acquisition of certain improvements developed by Howard Hughes Properties, Ltd. These improvements, which are accounted for in a capital projects fund, include street improvements (including grading, paving, base, street lights, curbs and gutters, sidewalks and striping), together with traffic signals, sanitary sewers, water lines, storm drains, and related facilities. As of June 30, 2025, the City has released all of the construction funds, which includes \$290,223 in interest income used, \$8,090,758 for refunding of District No. 808, and \$4,460,100 for bond costs and reserves. The outstanding balance on the bonds payable was \$5,045,000 at June 30, 2025.

The outstanding balance on the bonds payable was \$16,065,000 at June 30, 2025.

In November 2020, the City created Special Improvement District No. 612 for the Skye Hills development area. In December 2020, the City issued \$11,940,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as the agent for the property owners in collecting the assessments and forwarding the collections to the bondholders. These transactions are accounted for in a custodial fund. The Skye Hills project consists of the acquisition of certain improvements developed by 190 Octane FT Partners, LLC. These improvements, which are accounted for in a capital projects fund, include roadway, water, sewer, a water main, and other improvements. As of June 30, 2025, the City has released \$10,679,998 of the construction funds by way of acquisition. Since the bond issue date, the construction fund has earned \$855,327 in interest income while \$1,219,997 were used for bond costs and reserves. The outstanding balance on the bonds payable was \$9,960,000 at June 30, 2025.

In July 2021, the City created Special Improvement District No. 816 for the Summerlin development area. In August 2021, the City issued \$45,425,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as an agent for the property owners in collecting the assessment and forwarding the collections to the bondholders. These transactions are accounted for in a custodial fund. The Summerlin project consists of the acquisition of certain improvements developed by Howard Hughes Properties, Ltd. These improvements, which are accounted for in a capital projects fund, include street, water, sewer, storm and other improvements. As of June 30, 2025, the City has released \$37,475,192 of the construction funds. The funds have earned \$4,095,460 in interest income while \$3,173,940 were used for bond costs and reserves. The outstanding balance on the bonds payable was \$40,715,000 at June 30, 2025.

In October 2023 the City created Special Improvement District No. 817 for the Summerlin development area. In November 2023, the City issued \$21,290,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as an agent for the property owners in collecting the assessment and forwarding the collections to the bondholders. These transactions are accounted for in a custodial fund. The Summerlin project consists of the acquisition of certain improvements developed by Howard Hughes Properties, Ltd. These improvements, which are accounted for in a capital projects fund, include street, water, sewer, storm and other improvements. As of June 30, 2025,

12. Developer special assessment debt (continued)

the City has not released any of the construction funds. The funds have earned \$1,488,851, in interest income while \$2,224,613 were used for bond costs and reserves. The outstanding balance on the bonds payable was \$20,820,000 at June 30, 2025.

In April 2024, the City created Special Improvement District No. 613 for the Sunstone Phases III and IV development area. In May 2024, the City issued \$18,220,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as the agent for the property owners in collecting the assessments and forwarding the collections to the bondholders. These transactions are accounted for in a custodial fund. The Sunstone project consists of the acquisition of certain improvements developed by Northland LLC. These improvements, which are accounted for in a capital projects fund, include roadway, water, sewer, a water main, and other improvements. As of June 30, 2025, the City has released \$8,979,354 of the construction funds. Since the bond issue date, the fund has earned \$666,596 in interest income while \$1,670,132 were used for bond costs and reserves. The outstanding balance on the bonds payable was \$18,130,000 at June 30, 2025.

In November 2024, the City created Special Improvement District No. 818 for the Summerlin development area. In December 2024, the City issued \$37,990,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as the agent for the property owners in collecting the assessments and forwarding the collections to the bondholders. These transactions are accounted for in a custodial fund. The Summerlin project consists of the acquisition of certain improvements developed by Howard Hughes Properties Ltd. These improvements, which are accounted for in a capital projects fund, include roadway, water, sewer, storm, and other improvements. As of June 30, 2025, the City has not released any of the construction funds. Since the bond issue date, the fund has earned \$769,368 in interest income while \$3,301,773 were used for bond costs and reserves. The outstanding balance on the bonds payable was \$37,990,000 at June 30, 2025.

14. Encumbrances

Encumbrances for purchase orders, contracts, and other commitments for expenditures are recorded in memorandum accounts of the City's governmental funds. Encumbrance balances include contracts that span over multiple fiscal years.

The following schedule details encumbrances outstanding for the year ended June 30, 2025:

General Fund	\$ 3,469,562
Special Revenue Funds	20,253,595
Capital Projects Funds	325,647,271
	\$ 349,370,428

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

15. Interfund transactions

A. Due to/from other funds

The following schedule details the amounts due from/to other funds at June 30, 2025:

Receivable Fund	Payable Fund	Amount
General Fund	Non-major governmental	\$ 655,816
CLV Redevelopment Agency	CLV Redevelopment Agency Debt Service Funds	1,025,086
Total		<u><u>\$ 1,680,902</u></u>

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. These balances also include the amount of working capital advances made to various funds that the general fund expects to collect in the subsequent year.

B. Interfund transfers

Interfund transfers are legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended. Transfers between fund types during the year ended June 30, 2025, were as follows:

	Transfers Out								
	City of Las Vegas								
	Transfers In	General Fund	Agency Special Revenue Fund	City Facilities Capital Projects Fund	Municipal Parking	Sanitation	Non-Major Governmental Funds	Non-Major Proprietary Funds	Internal Service Funds
General Fund	\$ 20,430,775	\$ -	\$ 3,390,000	\$ -	\$ -	\$ -	\$ 16,955,775	\$ -	\$ 85,000
City Facilities	27,253,832	17,121,893	-	-	-	-	10,131,939	-	-
Non-Major Governmental Funds	193,635,349	95,590,333	10,225,026	204,528	591,000	-	85,637,620	342,070	1,044,772
Municipal Parking	5,000,000	-	5,000,000	-	-	-	-	-	-
Sanitation	13,859	-	13,859	-	-	-	-	-	-
Non-Major Proprietary	74,404	-	-	-	-	-	74,404	-	-
Internal Service Funds	130,386,605	78,304,287	-	11,573,016	-	603,000	39,531,302	-	375,000
Total	<u><u>\$ 376,794,824</u></u>	<u><u>\$ 191,016,513</u></u>	<u><u>\$ 18,628,885</u></u>	<u><u>\$ 11,777,544</u></u>	<u><u>\$ 591,000</u></u>	<u><u>\$ 603,000</u></u>	<u><u>\$ 152,331,040</u></u>	<u><u>\$ 342,070</u></u>	<u><u>\$ 1,504,772</u></u>

Transfers are used to move revenues from the funds with collection authorization to other funds where expenditures are recorded. These include debt service principal and interest payments, voter-approved fire safety initiative expenditures for operating and capital costs, residential construction taxes and hotel/motel room taxes for capital projects. Unrestricted general fund revenues are moved to finance various programs and capital projects that the City must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies for various programs or matching funds for various grant programs.

C. Advances to/from Other Funds

Advances to/from other funds are recorded for loans made between City funds. As of June 30, 2025 there were two advances outstanding made to the City of Las Vegas Redevelopment Agency, which is presented as a special revenue fund in the City's fund financial statements. One advance was from the Sanitation Enterprise Fund and one was from the Debt Service Fund. These transactions are shown at the fund level but eliminated from the Statement of Net Position in the government wide presentation.

The City's Sanitation Enterprise Fund advanced \$15,472,192 to the City of Las Vegas Redevelopment Agency in 2017 for the purpose of land development. The agreement for the advance requires ten equal principal payments of \$1,547,219 plus interest to the Sanitation Enterprise Fund through June 1, 2027. Interest is calculated using the average earning rate of the sanitation fund, which is currently 1.43% plus .25%. The balance owed by the Redevelopment Agency for this advance is \$3,094,438 as of June 30, 2025 and the amount due within one year is \$1,547,219.

**CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025**

15. Interfund transactions (continued)

C. Advances to/from Other Funds (continued)

The City's Debt Service Fund advanced \$21,615,000 to the City of Las Vegas Redevelopment Agency in 2018 for the purpose of upgrading the canopy at the Fremont Street Experience. The redevelopment agency reimburses the City's Debt Service Fund as debt service is due by the City on Bond Series 2018B, through June 1, 2028. Payments are made according to the principal repayment schedule of the debt plus interest expense ranging from 2.5% to 3.6%. The balance owed by the Redevelopment Agency for this advance was \$7,230,000 as of June 30, 2025 and the amount due within one year is \$2,325,000.

The City's Sanitation Enterprise Fund advanced \$123,500,000 to the Liability Insurance and Property Damage Internal Service Fund for the purpose of paying outstanding litigation. This advance is payable in full by March 2026. Interest on the advance accrues at a rate of 4.2%. The balance owed by the internal service fund for this advance was \$123,500,000 as of June 30, 2025, and the entire amount is due within one year.

16. Risk management and contingent liabilities

State and local governments are subject to many types of claims; such as those arising out of workers' compensation claims, contractual actions, claims for delays or inadequate specifications, damage to privately owned vehicles by City-owned vehicles, and claims relating to personal injuries and property damage.

Claims against state and local governments are characterized by the following conditions that could make estimation of the ultimate liability extremely difficult:

- a. Certain types of claims may be filed in amounts far greater than those that can reasonably be expected to be agreed on by the City and the claimant or awarded by a court.
- b. The time permitted between the occurrence of an event causing a claim and the actual filing of the claim may be lengthy.
- c. The time that may elapse between filing and ultimate settlement and payment of a claim may be extremely lengthy. Similarly, the adjudicated loss may be paid over a period of years after a settlement.

A liability for claims will be reported if information is available prior to issuance of the basic financial statements and when it indicates it is probable that a liability has been incurred at the date of the basic financial statements and the amount of the loss can be reasonably estimated. In addition, there are situations in which incidents occur before the balance sheet date but claims are not reported or asserted when the basic financial statements are prepared. These "incurred but not reported" claims have been estimated based upon the City's past experience, adjusted for current trends and an inflation factor. The claims are included in the appropriate liability accounts.

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

16. Risk management and contingent liabilities (continued)

A. Self-Insurance programs

1. Liability Insurance and Property Damage Internal Service Fund

The fund was established December 15, 2004, by City Council Resolution. It is a consolidation of the Liability Insurance Internal Service Fund, established July 5, 1979, by City Council Resolution and modified August 7, 1985, and the Property Damage Insurance Fund, established October 6, 1993, by City Council Resolution. The fund's pooled cash and investments balance was \$9,173,741 at June 30, 2025, and charges for services of \$5,819,838 were made to the consolidated funds during the year ended June 30, 2025. The purpose of the fund is to pay for self-insured losses. As of June 30, 2025, \$85,650 has been accrued for claims and judgments payable, including incurred, but not reported claims, which are estimated to be payable within one year.

Changes in the balance of claims and judgments during fiscal years ended June 30 were as follows:

Fiscal Year	Current Year				
	Balance at Beginning of Fiscal Year	Claims and Changes in Estimates	Claims Payments	Balance at End of Fiscal Year	Due Within One Year
2024	\$ 401,385	\$ 805,126	\$ (841,088)	\$ 365,423	\$ 365,423
2025	365,423	1,063,108	(1,342,881)	85,650	85,650

2. Workers' Compensation Internal Service Fund

The fund was established August 21, 1985, by City Council Resolution to be effective December 30, 1985. The purpose of the fund is to provide employees and beneficiaries with compensation for occupational accidents and diseases and is funded by an adjustable payroll allocation and payroll deductions. The City's maximum payment for industrial injuries as of June 30, 2025, ranges from \$350,000 to \$5,000,000 per claim, with excess insurance coverage provided by an insurance company. Settled claims have not exceeded this commercial coverage over the past three fiscal years. The City will be reimbursed \$1,366,684 by an insurance company for payments on settled claims in excess of the self-insurance limits in effect at the time of the claims. The fund's pooled cash and investments and other investments, at June 30, 2025, was \$28,593,564 with a net position deficiency of \$33,093,330. At June 30, 2025, the current portion of the heart lung (workers' compensation) presumptive claims liability and accrued general workers' compensation payable totaled \$8,467,662 and \$11,274,001, respectively.

Noncurrent liabilities consisted of heart lung presumptive liability of \$43,407,730 and \$329,081 of accrued general workers' compensation claims payable. There were charges for services of \$14,784,719 made to the fund during the current year.

Changes in the balance of workers' compensation claims during fiscal years ended June 30 were as follows:

Fiscal Year	Current Year				
	Balance at Beginning of Fiscal Year	Claims and Changes in Estimates	Claims Payments	Balance at End of Fiscal Year	Due Within One Year
2024	\$ 48,028,535	\$ 16,201,396	\$ (7,446,465)	\$ 56,783,466	\$ 16,529,252
2025	56,783,466	17,916,721	(11,221,713)	63,478,474	19,741,663

**CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025**

16. Risk management and contingent liabilities (continued)

B. Heart, Lung, Presumptive Liability

The City has estimated the potential exposure for costs of indemnity (wage replacement) benefits and medical benefits for disability of public safety employees (police, fire) who develop heart disease, lung disease, cancer or hepatitis. The estimated liability is the sum of two components:

- The outstanding benefit costs due to reported claims for which the City is currently paying benefits.
- The outstanding benefit costs for future claims incurred but not reported (IBNR) by the City (current population of active and retired public safety employees who may meet future eligibility requirements for awards under NRS).

The claims liability currently payable for indemnity claims is \$8,467,662, which is reported at the fund level. Reported as noncurrent at the government-wide level is \$71,882,947 consisting of \$43,407,730 of case reserves for existing claims and \$28,475,217 of IBNR claims. IBNR is discounted. IBNR claims in the prior year were \$34,222,207.

C. Workers' Compensation Claims Payable

The City has estimated the potential exposure for costs of indemnity (wage replacement) benefits and medical benefits for disability of City employees who experience conditions that qualify to open a workers' compensation claim, exclusive of presumptive benefits (i.e., heart & lung claims). The estimated liability is the sum of two components:

- The outstanding benefit costs due to reported claims for which the City is currently paying benefits.
- The outstanding benefit costs for future claims incurred but not reported (IBNR) by the City (current population of active and retired public safety employees who may meet future eligibility requirements for awards under NRS).

The claims liability currently payable for indemnity claims is \$11,274,001. Reported as noncurrent is \$9,388,068 consisting of \$329,081 of case reserves for existing claims and \$9,058,987 of IBNR claims. IBNR claims in the prior year were \$8,909,085.

D. Postemployment Benefits Other Than Pensions

OPEB Plans Administered Through Trusts

City of Las Vegas Self-Funded (City Plan) OPEB Trust

1. Plan Description

The City sponsors a single-employer defined benefit healthcare plan. The plan options are: Sierra Health and Life (PPO Plus); Health Plan of Nevada (HMO or Point of Service); and dental (MetLife) and vision plans (VSP). The plans provide medical, prescription drug, dental, and vision benefits to retirees and their covered dependents, with monthly premiums fully paid by Retirees. The City of Las Vegas Self-Funded (City Plan) OPEB Trust provides OPEB to all permanent full-time employees of the City of Las Vegas enrolled in the City of Las Vegas single-employer defined benefit healthcare plan. The City Plan OPEB Trust is a single-employer defined OPEB plan administered by the City of Las Vegas. Information for the City plan can be obtained from the City of Las Vegas, Department of Human Resources, Benefits Division, 495 S. Main Street, Las Vegas, NV 89101.

2. Benefits Provided

The City Plan OPEB Trust provides medical, dental, vision and prescription drug benefits to eligible retirees and beneficiaries. Retirees are eligible to continue coverage in the City of Las Vegas Self-Funded Group Medical and Dental Plans as a participant with active employees at a blended premium rate, resulting in an implicit subsidy. Benefit provisions are established and amended through negotiations between the respective unions and the City.

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

16. Risk management and contingent liabilities (continued)

D. Postemployment Benefits Other Than Pensions (continued)

3. Employees Covered by Benefits:

At June 30, 2025, the following employees were covered by benefit terms:

	City of Las Vegas Plan
Active employees	1,788
Inactive employees currently receiving benefits	285
Total employees City of Las Vegas Plan	<u><u>2,073</u></u>

4. Contributions

The City of Las Vegas OPEB Trust does not have contractually or statutorily required contributions. State law requires health insurance to be provided to retirees at a blended rate. For fiscal year ended June 30, 2025, the actuarial and market value of assets was \$31,839,197. The City of Las Vegas can make voluntary cash contributions to the plan for purposes of prefunding obligations for past service. The City did not make any cash contributions in fiscal year 2025.

5. Net OPEB liability

The City's net OPEB liability was measured as of June 30, 2025, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions: The total OPEB liability in the June 30, 2025 actuarial valuation was determined using the following actuarial assumptions for the City Plan unless otherwise indicated, for all periods included in the measurement:

Salary increases - 3.50% per annum

Inflation rate - 2.50%

GASB standards require a single discount rate be determined. To the extent the OPEB Plan's fiduciary net position is projected to be sufficient to make projected benefit payments, the discount rate will equal the expected return on Plan assets, which is 7.25% (end of year measurement) for the City's Plan. To the extent Plan assets are not projected to be sufficient to make future benefit payments the yield or index for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher should be factored in. In order to determine the municipal bond rate we used the published yield from the S&P Municipal Bond 20 year High Grade index. The yield published by the index as of June 30, 2025 is 4.81%

As of June 30, 2025, a projection of the sufficiency of the Plan assets was performed by the actuary. Through this process the actuary determined a weighted-average expected return on Plan assets of 7.25% and the municipal bond rate noted above. The calculations resulted in a discount rate of 5.4%.

Actuarial Cost Method - Entry Age Normal, Level Percent-of-Pay Actuarial Cost Method. Investment rate of return - 7.25%.

Health cost trend rates for the post-employment benefit plan and the City Plan were 7.0% for 2025, decreasing to an ultimate rate of 4.5% for 2035 and later years.

Mortality rates were based on Society of Actuaries Pub-2010 Public Retirement Plans Headcount-Weighted General Mortality Tables using Scale MP-2021 Full Generational Improvement as of June 30, 2025.

The current plan option is assumed to continue during retirement to retiree age 65, and to spouse age 65 for spouses. All future retiring employees will elect from the Medicare Advantage plans. Current retirees over age 65 (and their spouses if spouse age is > age 65) electing a plan in the City group program will stay in the current plan.

CITY OF LAS VEGAS, NEVADA
 NOTES TO BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2025

16. Risk management and contingent liabilities (continued)

D. Postemployment Benefits Other Than Pensions (continued)

5. Net OPEB liability (continued)

The PEBP plan assumes the retirees currently age 65 and over that are not in the HRA Medicare Exchange will not participate in the Exchange in the future since the retirees did not contribute to Medicare and will continue to receive the Non-State Subsidy. Retirees currently under age 65 and receiving the Non-State subsidy will participate in the Exchange upon reaching age 65. A pro rata sharing of the contributions was assumed for retirees with service from multiple employers. There were no changes in OPEB benefit terms that affected the measurement of the City's total OPEB Liability during the period ending June 30, 2025.

OPEB Trust Fund

The Trust, which is irrevocable, is intended to provide the means to fund the OPEB liability of the City, is intended to qualify as a non-taxable trust fund under Section 115 of the Internal Revenue Code of 1986, as amended, and is intended to comply with NRS 287.017. The Trust shall be funded by Participant and/or Employer contributions. Such funding shall be determined pursuant to NAC 287.786(1) in a manner consistent with the Code and any other applicable laws and regulations, in accordance with generally accepted accounting principles, and on a sound actuarial basis. The City is funding on an ad-hoc basis at this juncture. The trust fund assets are separate from the City's and are held for the benefit of OPEB plan participants and beneficiaries and are invested in the Retirement Benefits Investment Fund (RBIF) established pursuant to NRS 355.220.

The overall targeted long-term rate of return is 7.25%.

The investment objective of the Retirement Benefits Investment Fund is to:

- Invest in a diversified portfolio with a similar asset allocation that produces long-term total return and risk objectives consistent with the Public Employees' Retirement System (PERS) Fund;
- Invest so that the short-term volatility of returns will not cause the System to alter its long-term strategy; and
- Structure a simple investment program to control the ability to consistently meet return and risk objectives.

The asset allocation shall be as follows:

Asset Class	Target Allocation	Long-Term Geometric Expected Real Rate of Return
U.S. stocks	42.0%	6.65%
International stocks	18.0%	7.18%
U.S. bonds	28.0%	0.91%
Private markets	12.0%	6.65%
Total	100.0%	21.39%

Assets shall be rebalanced only if the actual allocation reaches the rebalance trigger. When a trigger is hit, asset classes shall be brought all the way back to the allocation target. The funding source / destination shall be those asset classes that are the farthest from their policy target.

Portfolios shall be invested consistent with the following targets:

- Stocks - U.S. stocks shall be invested in 100% S&P 500 index
- Stocks - International stocks shall be invested in 100% MSCI World USA Index
- Bonds - U.S. bonds shall be invested in 100% Bloomberg U.S. Treasury Index

OPEB Plans Not Administered Through Trusts

State of Nevada Public Employees' Benefits Program (PEBP)

7. Plan Description

Those retiring on or before September 1, 2008, had the option of transferring to the State of Nevada Plan. This plan, the Public Employees' Benefits Program (PEBP), is an agent multiple employer, defined benefit plan. PEBP benefit

CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025

16. Risk management and contingent liabilities (continued)

D. Postemployment Benefits Other Than Pensions (continued)

7. Plan Description (continued)

provisions are established by the Nevada State Legislature. For those retirees who selected the PEBP Plan, the City is obligated to pay a monthly subsidy to the PEBP for the coverage on those transferees. Information on the State plan can be obtained at Public Employees' Benefits Program, 901 South Stewart Street, Suite 101, Carson City, Nevada 89701, 1-800-326-5496.

8. Employees Covered by Benefit Terms

At June 30, 2025, the following employees were covered by the benefit terms:

	PEBP
Inactive employees currently receiving benefits	342
Total employees PEBP	<u>342</u>

9. Contributions

Approximately 342 retirees are with the State Plan as of the most recent valuation. The cost of retiree insurance benefits continues to be paid as it becomes due from internal service funds. The City has been making contributions to the State Plan on an ad-hoc basis. For the fiscal year ending June 30, 2025, the City had made net benefit payments of \$955,613.

10. Total OPEB Liability

The City's total OPEB liability was measured as of June 30, 2025, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions: The total OPEB liability in the June 30, 2025 actuarial valuation was determined using the following actuarial assumptions for the Post Employment Benefits Plan (PEBP) unless otherwise indicated, for all periods included in the measurement:

Salary increases - 3.50% per annum

Inflation rate - 2.50%

GASB standards require a single discount rate be determined. To the extent the OPEB Plan's fiduciary net position is projected to be sufficient to make projected benefit payments, the discount rate will equal the expected return on Plan assets, which is 7.25% (end of year measurement) for the City's Plan. To the extent Plan assets are not projected to be sufficient to make future benefit payments the yield or index for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher should be factored in. In order to determine the municipal bond rate we used the published yield from the S&P Municipal Bond 20 year High Grade index. The rate as of June 30, 2025 is 4.81%.

As of June 30, 2025, a projection of the sufficiency of the Plan assets was performed by the actuary. Through this process the actuary determined a weighted-average expected return on Plan assets of 7.25% and the municipal bond rate noted above. The calculations resulted in a discount rate of 5.4%

16. Risk management and contingent liabilities (continued)

D. Postemployment Benefits Other Than Pensions (continued)

10. Total OPEB Liability (continued)

Actuarial Cost Method - Entry Age Normal, Level Percent-of-Pay Actuarial Cost Method. Investment rate of return - 7.25%.

Health cost trend rates for the post-employment benefit plan and the City Plan were 7.0% for 2025, decreasing to an ultimate rate of 4.5% for 2035 and later years.

Mortality rates were based on Society of Actuaries Pub-2010 Public Retirement Plans Headcount-Weighted General Mortality Tables using Scale MP-2021 Full Generational Improvement as of June 30, 2025.

The current plan option is assumed to continue during retirement to retiree age 65, and to spouse age 65 for spouses. All future retiring employees will elect from the Medicare Advantage plans. Current retirees over age 65 (and their spouses if spouse age is > age 65) electing a plan in the City group program will stay in the current plan.

The PEBP plan assumes the retirees currently age 65 and over that are not in the HRA Medicare Exchange will not participate in the Exchange in the future since the retirees did not contribute to Medicare and will continue to receive the Non-State Subsidy. Retirees currently under age 65 and receiving the Non-State subsidy will participate in the Exchange upon reaching age 65. A pro rata sharing of the contributions was assumed for retirees with service from multiple employers. There were no changes in OPEB benefit terms that affected the measurement of the City's total OPEB Liability during the period ending June 30, 2025.

**CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025**

16. Risk management and contingent liabilities (continued)

E. Unfunded Metropolitan Police (LVMPD) OPEB Liability and Net Pension Liability

The City and the County jointly fund LVMPD. The City funds 34.0% and is liable for \$35,602,168 of the LVMPD net OPEB obligation. A liability has been established in the government-wide statement of net position for the City's portion (see Note 5A).

The City has also recorded its percentage share of LVMPD's net pension liability of \$430,290,145, in accordance with the City's funding percentage.

F. Tax Increment Notes and Related Tax Abatements

The City has entered into three tax increment subordinate lien notes as part of various owner participation agreements related to development of land included in the various redevelopment districts. The indebtedness represented by the notes has been allocated to the land and improvements and is payable solely and exclusively from a predetermined percentage of site tax increment received by the City on the parcels, and shall not be payable from any other source. Because the requirements to repay the notes are contingent on the City receiving sufficient site tax increment on the specific parcels, and subordinate to the lien of the City's preexisting and future debt, the potential future obligation of the City has not been reflected in the basic financial statements. The following is a summary of the terms of the various notes:

- WMCV Phase 3 SPE, LLC, WMC Garage SPE, LLC, & WMC Land SPE, LLC Note - Taxable tax increment subordinate Lien Note entered into December 28th, 2020, in the amount of \$30,000,000. Payments started June 30, 2021 and continue until March, 5th, 2046. Interest accrues at 5.24% per annum, beginning June 30, 2021. The percentage of site tax increment from which the note is paid is 82%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the City will owe no additional money after the maturity date. During the year, the City received site tax increment revenue and paid tax abatement of \$3,793,413 in principal and interest to WMCV, WMC Garage, and WMC Land. The outstanding balance was \$23,367,516 at June 30, 2025, with no accrued interest.
- SP Sahara Development, LLC Note – Taxable tax increment subordinate Lien Note entered into June 30, 2008, in the amount of \$20,912,094. Payments started June 30, 2008 and continue for nineteen years until June 30, 2027. Interest accrues at 7.90% beginning June 30, 2008. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the City will owe no additional money after the maturity date. During the year, the City received site tax increment revenue and paid tax abatement of \$418,775 in interest to SP Sahara Development, LLC. The outstanding balance at June 30, 2025 was \$61,371,723 which includes \$40,760,045 in accrued interest.
- PH GSA, LLC Note – Taxable tax increment subordinate Lien Note entered into April 24, 2006, in the amount of \$995,510. Payments started June 30, 2006 and continue until June 30, 2026. Interest accrues at 7% per annum, beginning April 24, 2006. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the City will owe no additional money after the maturity date. During the year, the City received site tax increment revenue and paid tax abatement of \$45,538 in interest to PH GSA, LLC. The outstanding balance at June 30, 2025 was \$2,201,404, which includes \$1,205,894 of accrued interest.

All tax abatement agreements/programs, entered into by the State of Nevada, have been summarized, by type of agreement/program and the gross, accrual basis reduction of the City's taxes for the year ended June 30, 2025 aggregated as follows:

- Agreement/program description - Nevada Revised Statutes 360.753 - Partial abatement of certain taxes imposed on aircraft, components of aircraft, and other personal property used for certain purposes related to aircraft. The amount abated during the year ended June 30, 2025 is \$71,912.

**CITY OF LAS VEGAS, NEVADA
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2025**

16. Risk management and contingent liabilities (continued)

F. Tax Increment Notes and Related Tax Abatements (continued)

- Agreement/program description - NRS 360.754 - Partial abatement of certain taxes imposed on new or expanded data center. The amount abated during the year ended June 30, 2025 is \$4,746,577.
- Agreement/program description - NRS 701A - Energy-related tax incentives (NRS 701A.110 Partial abatement of certain property taxes for buildings or structures that meet certain standards under Green Building Rating System, NRS 701A.200 Exemption from certain property taxes for qualified energy systems. NRS 701A.210 Partial abatement of certain property taxes for businesses and facilities using recycled material. NRS 701A.370 Duration, amount and other terms of partial abatement; notice of abatement; distribution of certificate of eligibility by Director). The amount abated during the year ended June 30, 2025 is \$809,051.
- Agreement/program description - NRS 360.750 - Abatement for eligible machinery or equipment used by certain new or expanded businesses. The amount abated during the year ended June 30, 2025 is \$116,472.

G. Litigation

The City is currently involved in litigation including tort actions, condemnations, and civil rights allegations. The City attorney is vigorously contesting each case. Since the minimum probable loss, if any, cannot be reasonably estimated, no provision for loss has been recorded in the accompanying basic financial statements.

17. Adoption of GASB Statements

GASB Statement No. 101, *Compensated Absences*, establishes updated recognition and measurement guidance for compensated absences liabilities. The requirements of this statement are effective for reporting periods beginning after December 15, 2023. The City adopted this standard for the fiscal year ended June 30, 2025. The implementation of GASB 101 did not have a material impact on the City's financial statements and did not require a restatement of beginning net position or fund balance.

GASB Statement No. 102, *Certain Risk Disclosures*, establishes requirements for governments to disclose information about certain concentrations and constraints that could make the government vulnerable to the risk of a substantial impact. The requirements of this statement are effective for reporting periods beginning after June 15, 2024. The City adopted this standard for the fiscal year ended June 30, 2025. This statement requires disclosures to be based on facts and circumstances that existed as of the reporting period. The implementation of GASB 102 did not have an impact on beginning net position or fund balance, as it is a disclosure-only standard, and no restatement was required.

18. Nonprofit Corporations

The corporations were established to promote the health and welfare of the City through the acquisition and disposition of property located within the City. The following schedule presents the financial information for each of the nonprofit corporations that comprise the nonprofit corporations on the Statement of Net Position-Proprietary Funds for the year ended June 30, 2025:

Note: Only seven years of data is presented due to the initial application of GASB statement no. 75 - *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* during fiscal year 2018. This schedule is intended to show information for 10 years, and additional years' data will be displayed as it becomes available. In fiscal year 2025, the City made the decision to allocate all fiduciary plan net position against the liability for the City of Las Vegas OPEB plan. In prior fiscal years, this was allocated between the City of Las Vegas OPEB Plan and the PEBP OPEB Plan.

PROPORTIONATE SHARE OF THE COLLECTIVE NET PENSION LIABILITY INFORMATION

Notes:

The amounts presented for each fiscal year were determined as of the year-end that occurred one year prior.

Changes of Assumptions. In 2019, amounts reported resulted primarily from changes in assumed life expectancies as a result of adopting Headcount-Weighted RP-2014 Employee/Healthy Annuitant tables projected to 2020 using Scale MP-2016 and the Headcount-Weighted RP-2014 Disabled Retiree tables projected to 2020 using Scale MP-2016 and set forward four years. The prior year valuation used the RP-2000 Combined Healthy/Disabled Retiree mortality tables projected to 2016 using Scale AA. For fiscal year ending June 30, 2022, future salary increases vary based on years of services where prior year assumed a flat rate increase of 3.50% per year. Assumed withdrawal rates for fiscal year ending June 30, 2019 are service-based compared to the prior year assumption being age-based and ranged from 9.70% per year at age 25 to 0.0% at age 55. In 2016, amounts reported as Changes of Assumptions resulted from adjustments to assumed life expectancies as a result of adopting the RP-2000 Combined Healthy/Disabled mortality table projected to 2015 using Projection Scale AA and from changing the amortization of unfunded liability (closed period) as a level percent of pay, using layered bases starting July 1, 2016.

MAJOR GOVERNMENTAL FUNDS

Major Governmental Funds

GENERAL FUND

The General Fund is the primary operating fund of the city. The fund is supported by a variety of revenue sources and is used to finance a wide range of activities traditionally associated with government which are not legally or by sound financial management to be accounted for in another fund. General Fund resources are ordinarily expended and replenished on an annual basis.

CAPITAL PROJECTS FUNDS

CITY FACILITIES CAPITAL PROJECTS FUND

This fund is used to account for the costs of capital improvements which are periodically required at the City Hall Complex, its satellite facilities and the maintenance yards. Revenues are derived primarily from General Fund transfers and bond proceeds.

CITY OF LAS VEGAS, NEVADA
RECONCILIATION TO COMBINE GENERAL FUND, COVID-19 FUND, AND FISCAL
STABILIZATION FUND TO GENERAL FUND AS REPORTED ON THE SCHEDULE OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

With the implementation of Governmental Accounting Standards Board (GASB), Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the budgetary basis of accounting for the General Fund differs from generally accepted accounting principles (GAAP). GASB 54 requires actual amounts reported in special revenue funds that do not meet the new definition of a Special Revenue Fund from proceeds of specific revenue sources to be included in the General Fund, or other related governmental funds.

The COVID-19 special revenue fund and the Fiscal Stabilization special revenue fund do not qualify as special revenue funds and are combined with the city's General fund as follows:

	General Fund	COVID-19 Special Revenue Fund	Fiscal Stabilization Fund	Eliminations	Total General Fund
Revenues					
Taxes	\$ 154,492,013	\$ -	\$ 148,629	\$ -	\$ 154,640,642
Licenses and permits	117,585,875	-	-	-	117,585,875
Intergovernmental	455,310,394	13,987,185	-	-	469,297,579

NON-MAJOR GOVERNMENTAL FUNDS

NON-MAJOR GOVERNMENTAL
FUNDS

Non-Major Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted for expenditure for specified purposes.

Multipurpose Fund -- This fund is used to account for a variety of small programs of a specific nature. Each revenue source has a designated purpose restricted by grant award and/or City Council resolution and action.

Las Vegas Convention and Visitors Authority Fund -- This fund accounts for monies received from the Las Vegas Convention and Visitors Authority and subsequent transfers to community programs. The city annually receives a restricted grant which must be used for recreational purposes.

Special Improvement District Administration Fund -- This fund accounts for monies received from a 1% administrative fee assessed on property owners under Nevada Revised Statute 271.415. The revenues are used to administer the billing and collection of assessments, as well as parcel apportionments on development assessments.

Transportation Programs Fund -- This fund accounts for revenues received from a 1% motel/hotel room tax to be used exclusively for transportation improvement projects in the downtown areas.

Street Maintenance Fund -- This fund accounts for revenues received from the city's portion of the motor vehicle fuel tax to be used for maintenance of existing streets and roadways.

Housing Program Fund -- This fund is used to finance the city's affordable housing needs. Public/private partnerships are coordinated via federal grant programs, public fundraising and private foundation support.

Housing and Urban Development Fund -- This fund is used to account for monies received by the city as a grantee participant in the Federal Community Development Block Grant and Home Investment in Affordable Housing programs which must be used for qualifying projects.

Fire Safety Initiative Fund -- This fund accounts for a supplemental property tax levy approved by the voters. The revenue is used for fire station construction, equipment acquisition and additional crews.

Environmental Surcharge Fund -- This fund accounts for monies received from an environmental surcharge on all billings for solid waste and residential recycling services rendered within the city, the proceeds of which may be used by the city for environmental programs and activities that benefit the public health, safety and welfare.

Neighborhood Beautification Program Fund -- This fund accounts for monies used to promote suitable living conditions within mature neighborhoods across the City of Las Vegas with an objective to prevent deterioration. A percentage of civil code enforcement penalties received each fiscal year will be used to support this fund's activities.

Community Recovery Fund-- This fund is used to account for opioid litigation proceeds, as well as expenditures to remediate the impacts caused by the opioid pandemic within the city.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, long-term debt principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the debt payments.

Non-Major Governmental Funds (continued)

City of Las Vegas Redevelopment Agency Debt Service Fund -- This fund is used to account for the annual payment of principal, interest and other fiscal charges necessary to retire the City of Las Vegas Redevelopment Agency long-term debt.

City of Las Vegas Debt Service Fund -- This fund is used to account for the accumulation of resources for the payment of long-term debt principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the debt payments.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for the purchase or construction of major facilities which are not financed by proprietary funds.

General Capital Projects Fund -- This fund is used to account for the financing and construction of general-purpose public facilities. Financing is provided primarily from bond proceeds and the Housing and Urban Development/Community Development Block Grant and HOME Grant programs.

Road and Flood Capital Projects Fund -- This fund is used to account for major infrastructure improvements to the city's arterial street system and floodwater conveyance systems. Financing is provided primarily by Clark County, the Regional Transportation Commission and the Clark County Regional Flood Control District.

Special Assessments Capital Projects Fund-- This fund is used to account for the costs of major infrastructure improvements which benefit particular taxpayers whose properties are being developed through a special assessment district. Funding is provided by bond proceeds and assessment payments from property owners.

Fire Services Capital Projects Fund -- This fund accounts for costs of constructing new fire stations and making improvements to existing stations. Financing is provided by bond proceeds, interest earnings and transfers from the Fire Safety Initiative Special Revenue Fund.

Traffic Improvements Capital Projects Fund -- This fund is used to account for the costs of traffic capacity improvements such as installing street signs, traffic signals and street lighting. Financing is provided primarily by the State of Nevada Department of Transportation, the Regional Transportation Commission and developer donations.

Parks and Leisure Activities Capital Projects Fund -- This fund is used to account for the costs of constructing new or improving existing parks, recreation centers and senior citizen facilities. Financing is provided by transfers from the General Fund, the Las Vegas Convention and Visitors Authority Special Revenue Fund, bond proceeds, grants and park impact fees.

Department of Public Safety Capital Projects Fund -- This fund is used to account for the costs incurred in the expansion or improvement of the existing detention facilities. Financing is provided by bond proceeds and interest earnings.

Capital Improvements Capital Projects Fund -- This fund is used to account for the city's share of a countywide 5 cent ad valorem property tax levy for capital improvements.

MAJOR PROPRIETARY FUNDS

MAJOR PROPRIETARY FUNDS

Major Proprietary Funds

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

SANITATION FUND

This fund is used to account for the operation of the city's water pollution control facilities and the construction and maintenance of sanitary sewer lines for the residents of Las Vegas and North Las Vegas.

BUILDING AND SAFETY FUND

This fund is used to account for the costs of safeguarding people and property by providing reasonable controls for the construction, use and occupancy of buildings.

MUNICIPAL PARKING FUND

This fund is used to account for the revenues and expenses of providing public parking, all parking enforcement and parking ticket collection activity throughout the city, and the construction and operation of downtown parking facilities.

MUNICIPAL GOLF COURSE

This fund is used to account for the revenues and costs associated with constructing, operating and leasing public golf courses.

NON-MAJOR PROPRIETARY FUNDS

Non-Major Proprietary Funds

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses including depreciation) of the providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Nonprofit Corporations -- The purpose of the corporations is to promote the health and welfare of the City of Las Vegas and its citizens through the acquisition and disposition of property, exclusively for public purposes.

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

Internal Service Funds

Internal Service Funds are used to account for the financing of goods and services provided by one department or agency of a government to other departments or agencies on a cost reimbursement basis. Accounting for Internal Service Funds as a proprietary fund type is designed to accumulate the total cost (including depreciation) of providing a particular service. Costs of services are reimbursed by the departments or agencies to which the service is provided.

Reimbursable Expenses Fund -- This fund is used to account for miscellaneous costs of services and supplies which are incurred on behalf of private enterprises and other governmental entities.

Fire Communications Fund -- This fund is used to account for the costs of providing emergency dispatch services for the entire Las Vegas valley area. Through an interlocal agreement, the costs of operations are shared by the city and other governmental entities who are billed quarterly.

Computer Services Fund -- This fund is used to account for the purchase, software licensing, and maintenance of personal computers.

Automotive Operations Fund -- This fund is used to account for the acquisition, replacement, maintenance and repair of the city's fleet of vehicles and equipment as well as the operating costs of the central garage and its satellites. city departments and agencies are charged monthly fees to allow recovery of costs.

Employee Benefit Fund -- This fund is used to account for monies collected from city departments, employees and former employees and dependents to be expended for premiums and claims for health insurance and other employee benefits provided to employees and their dependents. The fund includes the city's Workers' Compensation self-insurance program which expends payment of claims, as required by law, to employees injured by accident at work.

Liability Insurance and Property Damage Fund -- This fund is used to account for monies collected for the self-insurance program from city departments to be expended for payment of claims, to certain legal limits, for casualty and accident insurance and to cover damage and loss of city-owned assets.

Workers' Compensation Fund -- This fund is used to account for direct claims related to workers' compensation benefits, excess workers' compensation insurance premiums, and the related charges for workers' compensation estimated claims incurred but not reported.

City Facilities Fund -- This fund is used to account for all costs associated with the utilities, maintenance, custodial and remodeling services for city-owned facilities.

Customer Care & Payment Center Fund -- This fund is used to cover all costs associated with the Customer Care Center which centralizes customer service to direct public calls and inquiries to the proper city department as well as accept payments for various city services.

FIDUCIARY FUNDS

FIDUCIARY FUNDS

Fiduciary Funds

CUSTODIAL FUNDS

Custodial Funds are used to account for assets held by the government as an agent for individuals, private organizations, and other governments. Custodial funds generally should report fiduciary activities that are not held in a trust or equivalent arrangement

Deposits Fund -- This fund is used to account for the collection and disbursement of monies deposited with the city. Monies collected and disbursed from this fund include room tax, local gaming tax, unclaimed monies, water planning fees and various other deposits.

Municipal Court Bail Fund -- This fund is used to account for the collection and disbursement of monies deposited by individuals awaiting trial and final adjudication of the charges filed against them.

Developer Special Assessment Fund -- This fund is used to account for the debt service, collection of assessments and arbitrage payments for developer special improvement districts on behalf of the property owners. The city is not obligated in any manner for the debt and is only acting as an agent for the assessed property owners and the bondholders.

PRIVATE-PURPOSE TRUST FUND

Cemetery Private-Purpose Trust Fund is used to account for the cemetery operations.

Cemetery Private-Purpose Trust Fund -- This fund is used to account for principal trust amounts received. The interest earned on the trust principal is used by the cemetery operator to maintain Woodlawn cemetery.

OTHER POST-EMPLOYMENT BENEFITS TRUST FUND

Other Post-Employment Benefits Trust Fund is used to account for the other post-employment benefits.

OPEB Trust Fund -- The OPEB Trust Fund is an irrevocable trust fund established under NRS 287.017 for other postemployment benefits. The Trust is funded from excess city funds on an ad-hoc basis.

STATISTICAL SECTION

STATISTICAL SECTION

STATISTICAL SECTION

This part of the City of Las Vegas' Annual Comprehensive Financial Report presents detailed information as context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City of Las Vegas' financial performances and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City of Las Vegas' most significant local revenue source, the consolidated tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City of Las Vegas' current levels of outstanding debt and the city's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City of Las Vegas' financial report related to the services the city provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year.

Source: Clark County Assessor's Office

Notes:

Property in the County is reassessed annually. The county assesses property at approximately 35% of actual value for all types of real and personal property.

¹ Vacant parcels include those with minor improvements.

² Estimated Actual Taxable Value is calculated by dividing Total Taxable Assessed Value by the current 35% tax rate.

³ Includes Tax-Exempt Property.

Notes:

The State Constitution has a maximum rate limit of \$5 per \$100 assessed value and Nevada Revised Statutes further lower the limit to a total combined tax rate of \$3.64.

The overlapping rates include the County, School District, State and Special Districts (LVMPD 911, LVMPD Manpower, Library, and Artesian Basin). These apply to taxpayers whose property is located within the City of Las Vegas boundaries.

² City of Las Vegas operating tax rate includes \$0.6765 for regular operating and \$0.0950 Fire Safety Initiative tax which is distributed at 80% for operations and 20% for capital.

² The Special Districts include the Library, LVMPD 911, and LVMPD Manpower.

Notes:

¹ Levy includes general fund and fire safety but does not include personal property.

² The County Treasurer will collect the delinquent taxes under NRS 361.482.

³ Total collected includes the current levy and delinquent taxes collected during the current fiscal year, which can exceed the amount levied by the County Treasurer for the current year.

⁴ Collected to date percentage includes the current and delinquent taxes which may exceed the total levy for the current fiscal year.

Values pertaining to the City of Las Vegas Redevelopment Agency have not been included in the above schedule in accordance with the City of Las Vegas Charter.

Notes: Details regarding the city's outstanding debt can be found in the notes to the financial statements and the City's Debt Policy.

¹ See the schedule of Assessed Value and Estimated Actual Value of Taxable Property for property value data.

² Population data can be found in the Schedule of Demographic and Economic Statistics.

³ Debt pertaining to the City of Las Vegas Redevelopment Agency/Component Unit have been included in the above schedule.

⁴ This is the outstanding debt of both governmental and business-type activities before premium/(discount).

⁵ Beginning in FY2014, GFOA requested that Premium/(Discount) be included in the schedule.

CITY OF LAS VEGAS, NEVADA
 DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
 AS OF JUNE 30, 2025
 (UNAUDITED)
 (AMOUNTS EXPRESSED IN THOUSANDS)

<u>Governmental Unit</u>	<u>Debt Outstanding^{1,4}</u>	<u>Estimated Percentage Applicable^{2,3}</u>	<u>Estimated Share of Overlapping Debt</u>
City of Las Vegas	\$ 574,041	100.00 %	<u>\$ 574,041</u>
Total Direct Debt			574,041
Clark County	3,208,744	21.00 %	673,836
Clark County School District	3,025,536	21.00 %	635,363
State of Nevada	1,239,360	15.02 %	<u>186,152</u>
Total Overlapping Debt			<u>1,495,351</u>
Total Direct and Overlapping Debt			<u>\$ 2,069,392</u>

Sources: Debt amounts are acquired from the various entities; percentage applicable is derived from the assessed value in the State of Nevada Department of Taxation's 'Redbook'.

Notes: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Las Vegas. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

¹ This is the outstanding debt of governmental activities (excluding discounts).

² The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the city's taxable assessed value that is within the County's boundaries and dividing it by the County's total taxable assessed value and the State's total taxable assessed value.

³ The percentage of the School District is the total schools in the City of Las Vegas divided by the total schools in the District.

⁴ Debt pertaining to the City of Las Vegas Redevelopment Agency/Component Unit are included in the above schedule.

COMPLIANCE SECTION

AND SUPPLEMENTARY INFORMATION

COMPLIANCE SECTION
AND SUPPLEMENTARY INFORMATION

**Report On Internal Control Over Financial Reporting And On Compliance And Other
Matters Based On An Audit Of Financial Statements Performed In Accordance With
*Government Auditing Standards***

Mayor and City Council
The City of Las Vegas, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Governmental Auditing Standards*), the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Las Vegas, Nevada (the City) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated January 20, 2026.

Report On Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

(Continued)

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report On Compliance And Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose Of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BolinBrown LLP
