ELIZABETH N. FRETWELL OTY MANAGER

OTH OF LAS VEGAS. 406 S. MAN STREET LAS VEGAS, NEVADA, BOTOT

VOICE TOX 209,0011

December 31, 2015

Honorable Mayor, Members of the City Council, and Citients of the City of Las Vegas, Nevada

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformance with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing mandards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Las Vegus for the fiscal year ended June 30, 2015.

This report consists of management's representations concerning the finances of the City of Las Vegas (City). Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, we have established a comprehensive internal control framework that is designed to both protect the government's assets from loss, theft, or missue, and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the obst of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be fore from material misotatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Piercy Bowler Taylor & Kern, Certified Public Accountants and Business Advisors, a certified public accounting firm licensed and qualified to perform audits of state and local governments, issued an unmodified opinion on the City's financial statements for the year ended June 30, 2015. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal granter agencies. The standards governing Single Audit ongagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special couphasis on internal controls and legal requirements involving administration of federal awards. These reports are available in the Single Audit Section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors' report and provides a nurrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this lotter of transmittal and should be road in conjunction with it.

Profile of the Government.

The City was founded in 1905 and incorporated in 1911; it is located in the southern part of the state. The City currently occupies a land area of 133.2 square miles, serves a population 610,637 and is the largest City in the State of Nevada. Within statutory limits, the City is empowered to levy a property tax on both real and personal property located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Council.

2014 WINNER OF THE U.S. CONFERENCE OF MAYORS CLIMATE PROTECTION AWARD

The City has operated under the council-manager form of government since January 1, 1944. According to the City Charter, adopted by the State Legislature and in force during the fiscal year, the citizens elect six City Council members and a Mayor who comprise the "Council." The Council is elected on a non-partisan basis. Council members serve four-year staggered terms, with three members elected every two years. All voters of the city elect the Mayor "at large," and each Council member is elected from one of six wards in the city. The Mayor and Council members are constitutionally limited to serving not more than 12 years. Policymaking and legislative authority are vested in the Council. The Council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees and hiring the City Manager, City Attorney and City Auditor. The City Manager is responsible for carrying out the policies of the Council, and along with two Deputy City Managers and a Chief Financial Officer, oversees the day-to-day operations of the City, including nineteen major departments of varying sizes. Departments are further divided into divisions to perform their respective functions. The City provides a full range of services, including police and fire protection; the construction and maintenance of highways, streets, and other infrastructure; and recreational activities and cultural events.

This report also includes the financial activities of the City's blended component units: the City of Las Vegas Redevelopment Agency and the City's Nonprofit Corporations. These component units are legally separate entities for which the City is financially accountable. The report also includes two discretely presented component units: the Commission for the Las Vegas Centennial, LVCIC SUB-CDE I, LLC for which the City is legally and operationally separated. For additional information, see the notes to the financial statements.

The annual budget serves as the foundation for the City's financial planning and control. All departments and agencies of the City are required to submit requests for appropriation to the government's Finance Department Director on or before the first Wednesday in February each year. These requests are used as the starting point for developing a proposed budget. The tentative budget is presented to the Nevada Department of Taxation (the "Department of Taxation") by April 15. The Council is required to hold public hearings on the tentative budget and adopt a final budget by no later than June 1. The appropriated budget is prepared by fund, function (e.g., public safety), activity (e.g., fire) and department (e.g., Fire and Rescue). Department heads may make transfers of appropriations within a department. Transfers of appropriations between functions, however, require the approval of the City Council. Budget-to-actual comparisons are provided in this report for each individual fund for which an appropriated annual budget has been adopted.

Budgetary controls are maintained at the line item level on a departmental basis through the use of a purchase order and encumbrance system. Additional controls consist of the following: a) City Manager's office approves all staff hiring; b) on-going monitoring of expenditures; and c) monthly analysis of departmental costs versus budget trends. Revenue monitoring may lead to curtailment of certain expenditures such as new hires, travel or capital outlay. If new programs have been initiated or existing programs change or unanticipated revenue realized, it may be necessary to realign or revise the budget. The City formalizes this procedure by preparing an augmented budget for the current year, which reflects both revenue and expenditure adjustments. Following a public hearing, the augmentation is filed with the Department of Taxation.

Local Economy

The Las Vegas economy continues to show signs of recovery from the recession. Tourism continues to be the primary draw and economic engine for the city. After hitting a low of 36.35 million visitors in 2009, visitor count to Las Vegas has steadily increased. Statistics from the Las Vegas Convention and Visitors Authority indicate a visitor count of 41.1 million in 2014 which was up 3.7% or 1.46 million people when compared to 2013. In 2015, the visitor count sits at 31.89 million through September which is a 2.4% increase over the same 2014 period. Nevada Gaming win revenue has recovered since hitting a low of \$10.39 billion in 2009 but has not recovered to the peak level of \$12.85 billion achieved in 2007. Gaming win revenue for the year ended 2014 was \$11.0 billion which was down 1.2% when compared to year 2013. Through September 2015, gaming revenue is flat to the previous year at \$8.3 billion. Both the City of Las Vegas and Clark County unemployment rates have improved to 6.8% as of September 2015. This is a significant improvement from highs of 14.8% (City of Las Vegas) and 14.1% (Clark County) reached at the peak of the recession in 2010.

After peaking at \$25 billion in fiscal year 2008, in response to the recession assessed values of real and personal property decreased significantly over the following years. Assessed values reached a low of approximately \$12 billion for the Fiscal Year 2013. For fiscal year 2015, assessed property values increased approximately 15% to \$13.8

billion. Despite employment base concentration, the City's property tax base is very diverse with the 10 largest taxpayers accounting for 6.9% of assessed value. The number of Trustee Deeds (foreclosures) in the City of Las Vegas totaled 1,643 for the year ended 2014 which was a significant improvement from the high of 9,219 homes foreclosed on in 2009. The foreclosure trend downward continues in 2015 with foreclosures trending down 22.6% through September when compared to the same period in 2014.

Long-term Financial Planning

Detailed requirements for the City's budget are set forth in State statutes. The City's budget process begins with strategic planning. The City Council has developed the City's vision, mission, priorities, and values. Under the direction of the City Manager, each department within the City prepares an individual Strategic Business Plan (an "SBP") that addresses strategic issues within their programs and operations. Included in the plan are performance measures relative to input, output, efficiencies, and most importantly, results. The SBPs include revenue and expenditure data used in the determination of resource allocation relative to program priorities. The SBPs reflect the City's commitment to provide services that enhance the quality of life for its citizens and visitors while ensuring fiscal integrity and smart growth. Strategic planning is the cornerstone of the budget preparation process and is used to create focus, consistency and purpose for City departments.

The City Manager's Office and management of each department are involved to ensure that the scope and quality of the services to be funded via the budget are aligned with the needs and desires of the community as reflected in the Strategic Plan, and that the expenditures required are within the resources available to the City. The Mayor and City Council participate in an annual workshop designed to fine-tune the resource alignment, and the final budget is approved and adopted by the City Council and filed with the City Clerk, the County Clerk, and the Department of Taxation by June 1 of each year.

As part of the budget and planning process, a five-year financial forecast (the model) has been developed to evaluate the impact of changing economic conditions, revenue and expenditure trends, and the impact of possible action strategies. An independent citizen panel (Financial Oversight Committee) was formed that includes financial leaders from both the private and public sectors to assist with the planning process. This committee provides insight in formulating and reviewing the assumptions used in the model, particularly the revenue forecasts. The model is reviewed with the City Council semi-annually. City management actively uses this model to assist in negotiations with collective bargaining units, manage vacant positions, and evaluating possible strategies as the City strives to maintain fiscal integrity through sound financial policies. If new programs are initiated or existing programs changed, or if unanticipated revenue is realized, it may be necessary to realign or revise the budget.

Planning

The city is continuing to recover from the recession and one of our key priorities continues to be the growth and development of the urban core. That encompasses many areas including education, public safety, infrastructure and bringing in new businesses. The question asked was, "What kind of city do we want to be?" We are starting to answer that question with programs like our education initiative and projects like the Las Vegas Medical District.

The Las Vegas Medical District has strong, longstanding medical institutions currently operating within the boundaries. We are working toward projects including the new allopathic medical school which will complement the existing institutions as well as benefit from their extensive credentials and experience. Potential amenities include 860 total beds, over 180,000 patient visits, 33 total surgical suites, and 9,600 employees.

University Medical Center is the teaching hospital for the University of Nevada, School of Medicine and holds the following distinctions with the only Level I trauma center in the state, the only Level II pediatric trauma center in the state and Nevada's only burn center. Valley Hospital Medical Center is the current teaching hospital for the Touro Medical School which holds distinctions in Neurological surgery suites and a Behavioral Health Unit. Other specialized facilities include Desert Radiologists, Steinberg Diagnostics and the future Horizon Specialty Hospital.

The growth of the Medical District is something we need and is not only going to have an increasing positive impact on the health of our community, but will also benefit our higher education system and our economy. We know that medicine and education are hallmarks of top communities and they are big reasons why businesses would choose to locate here. Combine advances in those areas, a booming downtown and our friendly tax-climate and it becomes a real edge for companies wanting to locate here.

Education has been a key priority for the city of Las Vegas since 2011 when the City Council adopted the Corporate Scorecard, which included education attainment goals related to third-grade literacy and high school graduation rates. Initially, the city of Las Vegas influenced education through program enhancements and offerings such as Safekey and Batteries Included youth initiatives. Partnerships with education service providers and community stakeholders created synergy for more expansive collective impact projects such as Downtown Achieves and Las Vegas My Brother's Keeper. In the City Council's most recently adopted priorities, our strategic plan specifically includes education. Now in 2015, the city of Las Vegas continues to demonstrate a commitment to establishing a robust education system from preschool to post-secondary education with visionary projects such as the social impact bond/pre-k grant and CSN Learning Center at City Hall.

The development of a high-performing P-20 system is critical to the city of Las Vegas having a thriving future and impacts key City Council priorities such as economic development and public safety. Being a world-class city requires an education system where children enter kindergarten ready to learn, reach their full potential during K-12, and graduate from high school or college ready for careers.

National comparisons show the quality of education in Nevada and specifically Las Vegas lags behind the rest of the nation. This is a hindrance to the quality of life, not to mention a major obstacle in attracting new businesses. Our programs like Safekey, Downtown Achieves, Las Vegas My Brother's Keeper and Batteries included are making a difference in our schools.

Transportation and Mobility is another area we are concentrating on. We know that moving people in and around our city is very important. We are focused on walkability and are studying many different transportation modes from light rail to gondolas. You can see with the recent improvements on Main Street that combine walkability and beautification to create a complete street. We have also been at the forefront of adding bike lanes and trails, and we are looking at linear parks.

We are also focused on infrastructure and connectivity as well. We have the pedestrian bridge at the City Hall parking Garage to Symphony Park but we also plan additional bridges. We need more connectivity with Symphony Park and the rest of downtown.

Symphony Park is of course still a key development site, along with the Cashman Complex. These are large pieces of land that can be developed. We have had ideas for Cashman through the Strong Cities Strong Communities Federal Grant Process including a drone testing facility among other proposals.

When we talk about Symphony Park, we think back to Henry Cisneros comments about making the right decisions. We have the Smith Center and the Cleveland Clinic there as well as the Discovery Children's Museum. All great successes and the right choices. Going forward we are looking at many projects for this special property.

The Downtown Master Plan has been an ongoing process and we've had many public meetings to gather feedback from the community in answer to the question what kind of city do we want to be. We even had a booth at Life is Beautiful this past weekend to promote our City by Design program and all of the downtown planning efforts.

Major Initiatives

As part of the City's Healthy Organization initiative, an organization must identify what is important right now. This is defined as a Thematic Goal. The idea behind the thematic goal is that, while typically there is a long list of priorities, something is truly a top priority. It is more important than everything else. The completion of the new website, as well as a new employee portal (intranet) and a new Development Services Center portal is the organization's current Thematic Goal. The city's Office of Communications is partnering with Information and Technologies to achieve this goal with assistance and input from the entire organization.

The city is working toward an all-new revamped website that will be easier to use for residents, businesses and visitors while also serving as a marketing tool for the city. We are working with 3Di, a technology solution provider based in Los Angeles, on all three projects. In addition, a local web design company, Adlava, has been hired to design the new

website. The new website will be iconic. Las Vegas is really unlike any other city in the world and we want to be able to show that off, while at the same time ensuring that it is a website that is easy to use.

People visiting the web will be able to quickly and efficiently take care of their city business, and be informed about an upcoming event, performance or class that they may want to take advantage of. The new site is being designed with the idea that people visiting websites more than likely do so, on a mobile device, so the new site will render efficiently on a phone or tablet. Google has also had a major impact on websites with its clean search bur, and search engines have become the way people navigate first on the internet. Because of this the new city website will feature a much more prominent search bur, as well as multiple other ways for visitors to get from the home page to get to information that we already know they are coming to the website for through analytics. We know that visitors to the website often need to pay a bill or ticket, apply for a permit or sign up for classes and programs. These highly trafficked areas of the site will be easy to get to from the new city home page.

Another issue with the current website is that it is text heavy and light on visuals. The new site will flip that issue on its head, with much more visual content that showcases Las Vegus and all the unique offerings of our city. There will also be spaces for promoting city events and programs as well as changes in Municipal Code, new development plans or other hot topics that we want to make sure visitors to the site are aware of.

The new website as well as the employee portal and Development Services Center portal will be a new communication tool that is being designed to look great and be easy to use.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report for the fiscal year ended June 30, 2014. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such comprehensive annual financial reports must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City has received a Certificate of Achievement for the last 35 consecutive years (fiscal years 1980-2014). The City believes that this current comprehensive annual financial report continues to conform to the Certificate of Achievement program requirements, and is submitting it to the GFOA.

The preparation of the comprehensive annual financial report was made possible by the dedicated service of the staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. Credit also must be given to the Mayor and City Council for their unfailing support for maintaining the highest standards of professionalism in the management of the City's finances.

Respectfully submitted,

Elizabeth & Fredwell

INDEPENDENT AUDITORS' REPORT ON FINANCIAL STATEMENTS AND SUPPLEMENTARY INFORMATION

Members of the City Council City of Las Vegas, Nevada

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Las Vegas (the City) as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

An audit performed in accordance with applicable professional standards is a process designed to obtain reasonable assurance about whether the City's basic financial statements are free from material misstatement. This process involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the basic financial statements to enable the design of audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the basic financial statements.

Management's Responsibility for the Financial Statements. Management is responsible for the preparation and fair presentation of the basic financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility. Our responsibility is to express an opinion on the basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion. In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparison information for the general fund and each major special revenue fund, as listed in the table of contents for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters. Accounting principles generally accepted in the United States of America require that the

6100 Elton Avenue, Ste. 1000 • Las Vegas, Nevada 89107 • 702-384-1120 • fax 702-870-2474 • pbtk.com

management's discussion and analysis, postemployment benefits other than pensions, schedule of funding progress, proportionate share of the collective net pension liability information and proportionate share of statutorily required pension contribution information on pages 17-27 and 106-107 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information. Our audit was conducted for the purpose of forming our opinion on the financial statements that collectively comprise the City's basic financial statements. The introductory section, other supplementary information, as listed in the table of contents, statistical section and schedule of business license fees are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information as listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, statistical section and schedule of business license fees have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards. In accordance with Government Auditing Standards, we have also issued our report dated December 31, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

Teneny Boules Tayle & Con-Las Vegas, Nevada December 31, 2015

As management of the City of Las Vegas, Nevada, we offer readers of the City's basic financial statements this narrative overview and analysis of the City's financial activities as of and for the year ended June 30, 2015. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 5-9 of this report.

Financial Highlights

Government-wide:

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of fiscal year ended June 30, 2015, by \$3,589,733,856 (net position). Governmental activities represent \$2,807,750,561 of the total net position and \$781,983,295 is from business-type activities. Of this amount, \$4.0 billion is net investment in capital assets, \$130.6 million is restricted for various purposes, and unrestricted net position is a deficit of \$519.9 million. Unrestricted net position has been used to meet the City's ongoing obligation to citizens and creditors.
- Government-wide total governmental expenses were \$600,023,513. The major expense functions were Public Safety at \$275,512,135, Public Works at \$79,774,105, General Government at \$72,289,018, and Culture and Recreation at \$80,989,423. Business-type activities (proprietary funds) operating and non-operating expenses totaled \$112,397,314.
- The City's primary revenue sources are ad valorem (property) taxes of \$106,579,224 and intergovernmental-consolidated taxes of \$261,542,205. Combined, these two sources represent 51 percent of the total governmental activities revenue of \$727,360,991 from the statement of activities.

Fund Level:

- At the close of Fiscal Year 2015, the City's governmental funds reported combined ending fund balances of \$365,454,655. Of this amount \$55,826,810 is nonspendable, \$118,913,248 is restricted, \$22,493,139 is committed, \$90,161,921 is assigned and \$78,059,537 is unassigned.
- The general fund had a total fund balance of \$120,829,251 at June 30, 2015, which represented 24 percent of total General Fund revenues. The assigned and unassigned fund balance was \$91,098,446. It is the City's fiscal policy to maintain a total ending fund balance in the general fund of at least 12 percent of operating revenues.

Long-term Debt:

• The City's total debt had a net decrease of \$31,485,504 excluding premiums and discounts. Contributing factors were the refunding of \$8,875,000 of Main Street Parking garage bonds series 2009 and debt payments of \$22,610,504 during the current fiscal year.

Overview of the Basic Financial Statements

This discussion and analysis serves as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The *statement of net position* presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in

this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave). Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, judicial, public safety, public works, welfare, health, culture and recreation, economic development and assistance, transit systems, and interest on long-term debt. The business-type activities of the City include operations of its water pollution control facility (sanitation), municipal golf course, municipal parking, building permits and inspections, and nonprofit corporation activities.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also the activities of legally separate component units: City of Las Vegas Redevelopment Agency, and Non-Profit Corporations. Because the City Council acts as the governing board or has oversight power for each of these component units, their activities are blended with those of the primary government because they function as part of the City. The City also reports two discretely presented component units; The Commission for the Las Vegas Centennial and LVCIC-SUB CDE I, LLC which are both legally and operationally separate from the City.

By Nevada state statute, the City and Clark County (County) are partners in a joint venture that created the Las Vegas Metropolitan Police Department (LVMPD). A five-member fiscal affairs committee approves the LVMPD budget and related business matters. The committee is composed of two appointees each from the City and the County, and one appointee from the general public. The statute defines the funding formula shared by the City and the County. Complete financial information for the LVMPD is included in the comprehensive annual financial report of Clark County, Nevada.

Additional information on the LVMPD joint venture can be found in the notes to the government-wide financial statements on page of this report. In addition to funding its share of the LVMPD, the City maintains its own detention facility and a small police force (City marshals) that has jurisdiction over City property, especially parks and recreation facilities.

The government-wide financial statements can be found on pages 31-34 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the City of Las Vegas Redevelopment Agency special revenue fund, and the Road and Flood capital projects fund. Each of these funds is considered to be a major fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the Combining and Individual Funds Statements and Schedules subsections of this report.

The City adopts an annual appropriated budget for its general fund and each of its special revenue funds, debt service funds, and capital project funds and its permanent fund. A budgetary comparison statement is provided for each of the City's governmental funds to demonstrate compliance with this budget. The budgetary comparison schedules for the General Fund and the City of Las Vegas Redevelopment Agency-Component Unit major Special Revenue Fund are major governmental funds, and are located in the basic financial statements; the Road and Flood major Capital Projects Fund and other Non-major governmental funds are included in the Combining and Individual Fund Statements and Schedules subsection of this report.

The basic governmental fund financial statements can be found on pages 35, 37 and 39-41 of this report.

Proprietary funds. The City maintains two different types of proprietary funds.

- 1. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its municipal golf course, sewer (sanitation), municipal parking, and building and safety (development services), as well as its non-profit corporations.
- 2. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for the following activities:
 - Emergency dispatch services
 - Reprographics equipment and operations
 - Vehicle, computer and phone management
 - Self-insurance activities, including:
 - * Liability insurance and property damage
 - * Employee benefits
 - Facilities maintenance and custodial services.

Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The basic proprietary fund financial statements provide separate information for the Sanitation Enterprise Fund, Non-Profit Corporations and Municipal Parking, which are considered major funds of the City. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds and non-major enterprise funds is provided in the Combining and Individual Funds Statements and Schedules subsections of this report.

The basic proprietary fund financial statements can be found on pages 43-47 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The City's Fiduciary funds consist of three Agency funds. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs.

The basic fiduciary funds financial statement can be found on page 48 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 49-103 of this report.

Required supplementary information. This section has additional information to support the basic financial statement. It includes a schedule of funding progress for the City's postemployment health care plan, reconciliation to combine the General Fund and the Fiscal Stabilization Special Revenue Fund together, and schedules related to the City's proportionate share of changes in the PERS net pension liability and schedule

of contributions. The required supplementary information can be found on pages 106-107 of this report.

Other information. In addition to the basic financial statements and accompanying notes, the report also presents a subsection titled Combining and Individual Funds Statements and Schedules Section, which includes the schedules for the City's major governmental funds – budget and actual, non-major governmental funds, major proprietary funds - budget and actual, non-major proprietary funds, internal service funds and fiduciary funds, together with information on capital assets used in the operation of governmental funds (those not included in internal service funds). Combining and individual fund statements and schedules, and information on governmental fund capital assets can be found on pages 113-207 of this report

The Statistical section can be found on pages 211-230 of this report. This section includes schedules on statistical information provided on a trend basis for historical analysis.

The Compliance and Supplementary Information section can be found on pages 232-234 of this report. This section includes a schedule in compliance with state statutes.

The Single Audit section can be found on pages 236-247 of this report. This section presents a schedule of expenditures of federal awards for the City, related notes and a schedule of findings and questioned costs.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$3,589,733,856 at the close of the most recent fiscal year.

The largest portion of the city's net position (110.8 percent) reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, etc.), less accumulated depreciation and any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Total net position decreased by (18.3) percent or \$(655,855,593), including a prior period adjustment of \$(804,687,411) related to the retroactive adoption of new accounting standards.

City of Las Vegas, Nevada Summary Schedule of Net Position As of June 30, 2015 and 2014

	Govern	nmental		Business-type			Total		
	2015	2014		2015	_	2014	2015	2014	
Current and other assets Net capital assets Total assets	\$ 502,318,654 3,742,467,221 4,244,785,875	\$ 503,983,278 3,772,786,979 4,276,770,257	\$	168,458,548 819,707,884 988,166,432	\$	115,069,414 701,503,047 816,572,461	\$ 670,777,202 4,562,175,105 5,232,952,307	\$ 619,052,692 4,474,290,026 5,093,342,718

The City's total net position is \$3,589,733,856, of which \$(519,907,888) is *unrestricted deficit net position*, which has been used to meet the City's ongoing obligations to citizens and creditors. An additional portion of the City's net position represents resources that are subject to external restrictions on how they may be used. Of the total restricted net position, 18.1 percent is for construction and maintenance of capital projects, 34.3

percent is for repayment of long-term debt, and 27.4 percent is for street maintenance.

At the end of the current fiscal year, the City is able to report positive balances in two of the three categories of its net position, for the governmental activities and business-type activities. In the prior fiscal year the City had positive balances in all three categories of net position.

Governmental activities. Governmental activities decreased the City's net position by \$(688,403,673). The City's governmental operations generated \$63,710,413 of positive net position, but there was a prior period adjustment of \$(752,114,086) that created the decrease in net position, thereby contributing to a 19.7 percent decrease in total net position of the City. Key elements of this decrease are as follows:

City of Las Vegas, Nevada Changes in Net Position For the Fiscal Year Ended June 30, 2015 and 2014

Note: Certain amounts in the 2014 balances have been reclassified for comparability with the current year. Such reclassification has no effect on previously reported results of operations.

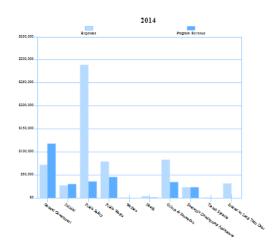

Program revenues for governmental activities include charges for services, licenses and permits, special assessments, inter-governmental fines and forfeitures, and both operating and capital grants and contributions. Program revenues of the governmental activities provided 46.7 percent of the resources necessary to pay the cost of providing program services. The remaining program costs were financed from general revenues. Operating grants and contributions have decreased \$3.2 million to \$13.1 million. Capital grants and contributions increased 67 percent over the prior year to approximately \$144.1 million.

The largest general revenues are consolidated tax of \$261,542,205 and Ad Valorem tax (property tax) of \$106,579,224, representing 51 percent of total governmental revenues. Consolidated tax increased 6.4 percent from an increase in taxable sales. Property taxes have increased \$3,399,809 during the year, attributable to a 12.9 percent increase in assessed property values city-wide and a 10.3 percent increase in assessed property values within the City's Redevelopment Agency tax increment area.

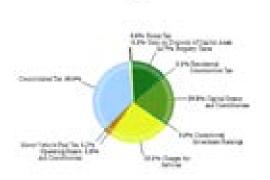

Expenses in public safety of \$275,512,135 and public works of \$79,774,105 represent 59.2 percent of the total governmental expenses. Public Works major expenses consist of planning and engineering of the City's arterial street and floodwater conveyance systems. Public Safety's major expenses increased by 4.9 percent, or approximately \$14.2 million, due to the Metropolitan Police Department using reserves to fund current expenditures and a slowing in the annual increase of the liability for post employment benefits for fire and police employees.

Expenses & Revenues - Governmental Activities (in thousands)

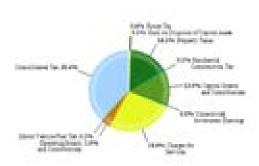

Revenues by Source - Governmental Activities

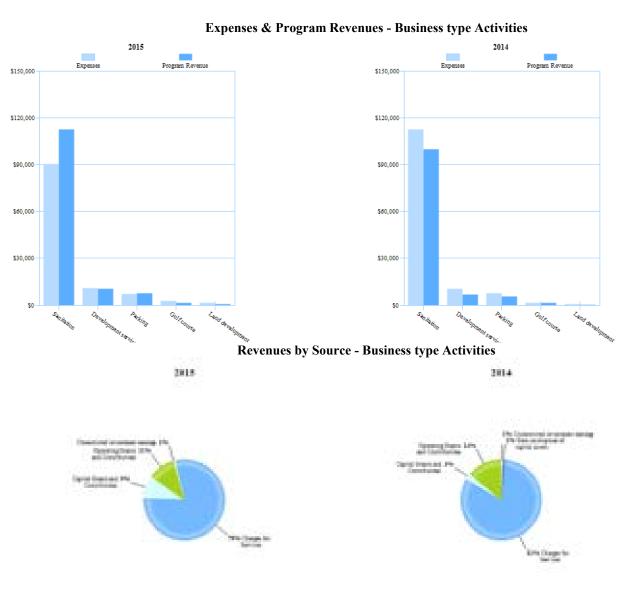

1915

Business-type activities. Business-type activities increased the City's net position by \$32,548,080, net of a prior period adjustment of \$52,573,325. A key element was an increase in sanitation revenues of approximately \$31.6 million due to a change in the City sanitation billing system from an annual to a quarterly billing basis. There was also a \$90.4 million increase in the investment in capital assets, and a \$57.9 million decrease in unrestricted net position.

Sanitation-related operating expenses represent 79.9 percent of total operating expenses for business-type activities. These expenses decreased by (0.9) percent in 2015 due to repair and cleanup costs associated with a catastrophic flood in the northwest section of the city in August 2013. Reimbursements from the regional flood control district caused operating grants and contributions to decrease by \$(9.3) million in fiscal year 2015 compared to fiscal year 2014. The fiscal 2014 amount includes \$16 million, a one-time interlocal joint venture with the Clark County Clean Water Coalition. This amount decreased to \$1.6 million in 2015. The fund also got \$800,000 less from the Southern Nevada Water Authority. Other costs include operations at the water pollution control facility, maintenance of sewer lines and storm drainage, and street cleaning.

Business-type activities program revenues provided 118 percent of the resources to finance their operations.

Financial Analysis of City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-regulated legal requirements.

Governmental Funds. The focus of the City's governmental funds is to provide information on current inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$365.5 million, a decrease of \$17.2 million from the prior year. Approximately \$168.2 million, or 46.0 percent of the total fund balance, constitutes an assigned and unassigned fund balance. Approximately \$197.2 million, or 54.0 percent of the total fund balance constitutes reserved fund balance which includes \$55.8 million nonspendable, \$118.9 million restricted and \$22.5 million committed.

The general fund is the primary operating fund of the City. At the end of the current fiscal year, the assigned and unassigned fund balance in the General Fund was \$91.1 million and total fund balance was \$120.8 million. As a measure of the general fund's liquidity, it may be useful to compare both an assigned and unassigned fund balance and total fund balance to total fund expenditures. An assigned and unassigned fund balance represents 18 percent of total fund expenditures and transfers out, while total fund balance represents 24 percent of that same amount.

The general fund also has \$29.7 million in nonspendable fund balance, consisting of \$27.4 million in noncurrent loans receivable and \$2.2 million in inventories and prepaids of \$129.676.

The fund balance of the City's General Fund decreased by \$847,713 during the current fiscal year. Key factors in this change are as follows:

- Total revenue increased from the prior year by \$32.5 million or 7.0 percent. Changes were mixed among major categories, with the largest increase seen to intergovernmental revenue (consolidated tax).
- Total expenditures of \$469.5 million increased from the prior year by \$16.9 million or 3.6 percent. This increase was driven primarily by increases in public safety (employee benefit costs) of \$16.1 million or 5.2 percent.
- Transfers out increased by \$19.4 million or 94.6 percent

The City of Las Vegas, Nevada Redevelopment Agency component unit has a total fund balance of \$14.4 million; \$5.1 million was nonspendable for land held for sale and loans receivable, \$8.5 million was restricted for debt service, and \$784 thousand was assigned for projects

The Road and Flood capital projects fund has a total fund balance of \$14.9 million; \$5.0 million was assigned for construction projects for road improvements which included \$1.1 million for flood channels and basins; and \$9.9 million was restricted for road improvements. The net decrease in fund balance during the current year was \$1.4 million. The fund received \$71.1 million in revenues from other governmental reimbursements and had expenditures for capital projects of \$72.1 million. The fund had a net transfer in of \$4.4 million, \$3.9 million from other nonmajor governmental funds.

Other non-major governmental funds had a total fund balance of \$215.4 million, of which \$21.0 million is nonspendable, \$100.5 million is restricted, \$22.5 million is committed and \$71.4 million is assigned. See Note 1. G. 11. for a complete breakdown.

Enterprise Funds. The City's enterprise funds statements provide the same type of information found in the government-wide financial statements, but in more detail. Net position of the proprietary funds totaled \$782.6 million, of which the Sanitation Fund had \$689.6 million in net position. The net position of the proprietary funds increased by \$80 million from capital contributions of \$12.6 million to Sanitation and \$67.5 million to Muncipal Parking. The Sanitation Fund was established to account for the City-owned and operated sewer system. Other factors concerning the finances of the proprietary funds have already been addressed in the discussion of the City's business-type activities.

Internal Service Funds. The City's internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its computer services, communications, graphic arts and automotive operations. The City also uses internal service funds to account for its self-insurance activities, including liability insurance, workers' compensation, property damage insurance and employee benefits. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Other factors concerning the finances of the internal service funds have already been addressed in the discussion of the City's governmental activities.

General Fund Budgetary Highlights

During the year, the General Fund was amended to increase original estimated revenues and original budgeted appropriations. The City also made an amendment to reallocate appropriations among departments. Generally, the movement of the appropriations between departments was *not* significant.

Capital Asset and Debt Administration

Capital assets. The City and its blended component units' net capital assets for its governmental and business-type activities amounts to \$4,562,175,105, net of accumulated depreciation of \$1,873,356,147, as of June 30, 2015. Capital assets include land, buildings, improvements, machinery and equipment and vehicles, wastewater systems, infrastructure (roadways, traffic signals and lighting, signage, pavement markers, storm drainage and sanitary sewer lines) and construction in progress. For the current fiscal year, the City's net increase in capital assets was 3.7 percent before depreciation and after retirements (1 percent for governmental activities, 14.7 percent for business-type activities). The city retired \$5,326,545 in capital assets. The major amount was from the sale of depreciated city vehicles.

The City has an aggressive capital improvement program totaling over \$925.00 million over the next five years (the City budgets its capital program in rolling 5-year increments). The City budgets these projects in six categories: general government, public safety, sanitation, public works, culture and recreation, and economic development and assistance. Among these categories, the major projects include park and leisure facilities (\$82.6 million), sanitation facilities (\$253.7 million), road and flood construction (\$387.4 million), and city facilities (\$113.8 million).

Major capital asset events during the current fiscal year included the following:

Construction in progress (CIP) increased by a net \$69,987,949. Fiscal year 2015 additions to CIP were \$127,855,720. The major additions to CIP were \$41.2 million on sewer lines and repairs, \$3.4 million on buildings and building improvements, \$7.2 million for land improvement, \$28.8 million on roadways, \$26.7 million on storm drains, and \$17.4 million on other sewer improvements. The City completed and placed into service \$57,867,771 of projects, and transferred them from construction in progress to the appropriate capital asset category.

Additional information on capital assets can be found in Note 7. on pages 68-70 of this report.

Long-term debt. At the end of the current fiscal year, the City and its blended component units' total bonded debt outstanding was \$622,975,611, exclusive of deferred issuance costs, and premiums and discounts. Of this amount, \$302,180,000 comprises general obligation debt backed by the full faith and credit of the government, \$118,195,000 of general obligation debts additionally secured by specified revenue sources, \$4,808,875 of special assessment debt for which the City is obligated in the event of default by the bonded property owners, \$188,255,000 of Certificates of Participation (COPS), \$8,328,813 of Installment Purchases and \$1,207,923 of revenue bonds.

Total	\$	512,405,611	\$	543,891,115	\$ 110,570,000	\$	40,750,000	\$ 622,975,611	\$	584,641,115

The City and its blended component units added new debt of \$83,750,000 during the current fiscal year. The increase resulted from the issuance of \$74,765,000 of General Obligation Sewer and Sewer Refunding Bonds, and \$8,985,000 in General Obligation Parking Refunding Bonds. The City's debt principal payments totaled \$28,725,504 and \$16,690,000 in bond refundings for fiscal year ended June 30, 2015, resulting in a net increase in total debt of \$38,334,496.

State statutes and City Charter limit the amount of general obligation debt a governmental entity may issue to 20 percent of its total assessed valuation. The current debt limitation for the City is \$3.0 billion (see page 224), which is significantly in excess of the City's outstanding general obligation debt.

The City maintains an AA rating from Fitch, an AA rating from Standard and Poors (S&P) Corporation, and an AA2 rating from Moody's Investors Service. These ratings apply to all of the City's bond issues except for the Redevelopment Agency whose S&P rating is BB.

Additional information on the City's long-term debt can be found in Note 10. on pages 77-88 of this report.

Economic Factors

For fiscal year 2016, the assessed valuation of the City is \$15,520,077,988, an increase of \$1,667,354,211 over fiscal year 2015, with a combined tax rate of \$0.7715 apportioned to the City per \$100 of assessed value. This is the third annual increase in assessed values after four consecutive annual decreases, due to the downturn in the economy which caused a dramatic decrease in property values in the City.

Requests for Information

The financial report is designed to provide a general overview of the City finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Department of Finance, 495 S. Main St., Las Vegas, Nevada, 89101.

CITY OF LAS VEGAS, NEVADA RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION JUNE 30, 2015

Amounts reported for governmental activities in the statement of net position (pages 31-32) are different because:

Total fund balances - total governmental funds (page 35)	\$ 365,454,655
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Capital assets consist of governmental assets of \$3,730,891,506 and internal service fund assets of \$11,575,715.	3,742,467,221
	3,742,407,221
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.	(1,311,332,000)
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	11,845,353
Internal service funds are used by management to charge the costs of various services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. Total net position in the internal service funds is \$10,230,048, plus \$660,999 to reflect consolidation of internal service fund activities to related enterprise funds; and less \$11,575,715 of internal service fund net capital assets reflected in governmental	
activities.	(684,668)
Net position of governmental activities (page 32)	\$ 2,807,750,561

CITY OF LAS VEGAS, NEVADA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2015

Amounts reported for governmental activities in the statement of activities (page 33-34) are different because:

Net changes in fund balances - total governmental funds (page 37)	\$ (17,208,321)
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceed capital outlay in the current period.	(9,202,939)
The net effect of various transactions involving capital assets (i.e., sales, trade-ins, transfers, and donations) is to increase net position.	(22,423,845)
Property tax revenue and special assessments revenue in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(1,705,480)
The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	31,485,504
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	84,363,862
Internal service funds are used by management to charge the costs of a variety of services (i.e., fleet, graphic reproduction, purchase and maintenance of computers, maintenance of radios, pagers, cellular, and telephones, etc.) to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	(1,598,368)
Change in net position of governmental activities (page 34)	\$ 63,710,413

1. Summary of significant accounting policies

A. Description of government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. The financial statements of the City of Las Vegas, Nevada (the City) have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

B. Reporting entity

The City was incorporated in 1911. The City provides a full range of municipal services as directed by statute. Services provided include public safety (police and fire), street construction and maintenance, sanitation, culture and recreation, public improvements, planning and zoning, and general administration and services. The City has a Council-Manager form of government. The Mayor is elected by the voters of the City at large for a four-year term. The City is divided into six wards. Voters of each ward elect a member of the Council for a four-year term. The Mayor and City Council are limited to three four-year terms, or a total of twelve years. Policymaking and legislative authority are vested in the Council. The City's officials are also responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making the appointments. City officials appoint board members to the Southern Nevada Health District, Las Vegas Convention and Visitors Authority, Regional Flood Control District, Regional Transportation Commission, Southern Nevada Regional Planning Coalition, and the Southern Nevada Water Authority.

In evaluating how to define the financial reporting entity, management considered all potential component units using the standards prescribed under GASB Statement No. 61, *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34.* Component units would include any legally separate organizations for which the City Council is financially accountable. Financial accountability would result where the City Council appoints a voting majority of the organization's governing body and (1) is able to impose its will on that organization, or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Financial accountability may also result where an organization is fiscally dependent on the City. Based upon these criteria, no component units or other reportable organizations other than those discussed below were identified.

The accompanying basic financial statements present the financial position of the City (primary government) and its blended component units for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the City's operations. The blended component units discussed below are included in the City's reporting entity because of the significance of their operation or financial relationship with the City. The City's discretely presented component units are reported in separate columns in the government-wide financial statements (see note below for description) to emphasize that they are operationally separate from the City.

Blended component units

On March 5, 1986, the Official Redevelopment Plan was adopted to facilitate urban redevelopment efforts for the downtown area. The City of Las Vegas Redevelopment Agency (Agency) has the same elected governing board as the City, comprised of the six city council persons and the City mayor. The management of the City also manage the activities of the Agency in essentially the same manner as it manages the city's activities. The Agency exists to benefit the City and its citizens through redevelopment and revitalization of the city's downtown areas. This revitalization is based on the City's redevelopment plan which aligns the Agency's efforts with the City's vision for downtown

The Nonprofit Corporations exclusively promote the health and welfare of the City, and therefore, are reported as blended component units. The services of the non-profit corporations are provided entirely to the City (the primary government). Their services include the acquisition and disposition of property for public purposes, or the distribution of the proceeds from the disposition thereof, to the City. The City is financially accountable as follows: The Nonprofit Corporations are governed by a

1. Summary of significant accounting policies (continued)

B. Reporting entity (continued)

Blended component units (continued)

two-member board of directors appointed by the Mayor and ratified by the Las Vegas City Council, and the Nonprofit Corporations are also fully dependent on the City for fiscal and operational support.

Discretely presented component units

The Commission for the Las Vegas Centennial (the Commission) is a nonprofit corporation formed on May 20, 2004, to advance, support and promote the health and social welfare of the City and its citizens for the City's 100 year birthday celebration (centennial). The Commission is governed by a twelve member Board of Directors (Board) which provides management for the business and affairs of the Commission. The City of Las Vegas is financially accountable because all members of the Board are appointed by the Mayor of the City and ratified by the Las Vegas City Council. The financial operations of the commission are reported as a separate column in the basic financial statements to emphasize that it is legally and operationally separate from the City. All grants over \$100,000 must be approved by the City Council.

LVCIC SUB-CDE I, LLC (the Company), a Nevada non-profit corporation, was incorporated on March 12, 2013. The Company was formed to obtain Qualified Equity Investments (QEI) from investors and make qualified investments in qualified Active Low-Income Community Business in accordance with the terms under the New Markets Tax Credit (NMTC) Program pursuant to Section 450 of the Internal Revenue Code. The Company's principal business objective is to provide nontraditional investment capital to underserved markets and enhance the return on said investments by providing its investor member with NMTC. This mission is accomplished by providing loans to qualified businesses in the low-income communities of the City's service area. The three member board is appointed by the LVCIC, Inc. The company is legally and operationally separate from the City.

Complete financial statements of the Agency, the Nonprofit Corporations, the Commission, and LVCIC SUB-CDE I, LLC can be obtained from the City of Las Vegas Department of Finance, 4th Floor, 495 South Main Street, Las Vegas, Nevada 89101.

C. Basis of presentation - government-wide and fund financial statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the City has two discretely presented component units. While neither the Commission for the Las Vegas Centennial nor LVCIC SUB-CDE I, LLC are considered to be major component units, they are, nevertheless, shown in separate columns in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's sanitation and municipal parking functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

D. Basis of presentation - fund financial statements

The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

1. Summary of significant accounting policies (continued)

D. Basis of presentation - fund financial statements (continued)

The City reports the following major governmental funds:

The General fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The City of Las Vegas Redevelopment Agency – Component Unit (the Agency). This fund accounts for the financial activity of the Agency, which derives its revenue from property tax that will be used to rehabilitate the various redevelopment districts.

The Road and Flood capital projects fund. This fund is used to account for major infrastructure improvements to the City's arterial street system and floodwater conveyance systems. Financing is provided primarily by Clark County, the Regional Transportation Commission and the Clark County Regional Flood Control District.

The City reports the following major enterprise funds:

The Sanitation enterprise fund accounts for the City's sewage treatment plant, sewage pumping stations and collection systems and the wastewater distribution system.

The Nonprofit Corporations fund promotes the health and welfare of the City and its citizens through the acquisition and disposition of property, exclusively for public purposes that benefit the City.

The *Municipal Parking fund* accounts for the revenues and expenses of providing public parking. This includes the leasing of two downtown parking garages owned by the City, all parking enforcement and parking ticket collection activity throughout the City, and the construction and operation of downtown parking facilities.

Additionally, the City reports the following fund types:

Internal service funds account for a variety of services provided to other departments or agencies of the City on a cost reimbursement basis. These services include graphic reproduction, purchase and maintenance of personal computers, emergency dispatch services, purchase and maintenance of radios, pagers, cellular and telephone equipment, automotive operations, city facilities, employee benefits, workers compensation insurance, and liability and property damage insurance.

Agency funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. These funds are custodial in nature and do not involve measurement of operations. The Agency funds are merely clearing accounts and have no fund equity. The agency funds consist of a deposits fund, municipal court bail fund and developer special assessment fund.

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers among the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, transfers among the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

1. Summary of significant accounting policies (continued)

E. Measurement focus, basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements, except agency funds that have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Government fund financial statements are reported using the *current financial resources measurement focus* and *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Grant revenues are recognized when earned and billable to the grant-awarding agency. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

Property taxes, and other taxpayer-assessed tax revenues (franchise fees, intergovernmental consolidated tax, room tax, residential construction tax, and motor vehicle fuel tax), licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received.

The City reports unearned revenue in the fund financial statements. Unearned revenues arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period. Unearned revenues are recorded when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

The proprietary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis* of accounting. The agency funds have no measurement focus but utilize the *accrual basis* of accounting for reporting its assets and liabilities.

F. Budgetary information

1. Budgetary basis of accounting

Budgets are adopted on a basis consistent with GAAP. Annual appropriated budgets are adopted for the general, special revenue, capital projects, and debt service funds. An annual budget report is filed with the Nevada Department of Taxation, a branch of the state government charged with the responsibility to oversee local government finances.

The City's budgeting process consists of a series of reviews and analyses of budget requests that are submitted by the various departments by February 1 of each year. City management and budget office staff compile and prioritize all data, with the objective of aligning budget resources with the City Council's strategic plan objectives as closely as possible. A series of public hearings are held for the City Council and the general public on budget recommendations. The final budget is approved and adopted by the Mayor and City Council and filed with the City Clerk, County Clerk and the Nevada Department of Taxation by June 1.

The annual appropriated budgets approved by the City Council are controlled at the function level, which is the legal level of budgetary control. The revenue classifications and expenditure functions shown in the basic financial statements are those prescribed by the Nevada Department of Taxation. An amended budget is one in which internal modifications

1. Summary of significant accounting policies (continued)

F. Budgetary information (continued)

1. Budgetary basis of accounting (continued)

are made but the total resources and expenditures remain the same as the original. Per Nevada law, the City Manager may amend the budget by transferring appropriations within any function or program or between any function or program within a fund, and may authorize the transfer of appropriations between funds at any time if the City Council is advised of the action at a Council meeting and the action is recorded in the official minutes of the meeting.

An augmented budget is approved by the City Council and filed with the Nevada Department of Taxation when the total revenues and corresponding expenditures increase. All annual appropriations lapse at fiscal year-end.

Non-appropriated budgets are prepared for all proprietary type funds as a guide to levels of operating expenses. Budgets are not required for agency (fiduciary) type funds.

For the fiscal year ended June 30, 2015, funds were augmented and realigned between functions to provide for additional expenditures for new and expanded programs. Non-appropriated budgets for proprietary type funds were augmented and filed with the Nevada Department of Taxation for informational purposes, according to Nevada law. The following governmental funds were augmented from actual beginning fund balance in excess of the original budgeted amount to increase total appropriations (expenditures, other financing uses).

	Original Budget Adjustment		Final Budget
General fund	\$ 498,802,735	\$ 12,520,000	\$ 511,322,735
Multipurpose special revenue fund	20,628,508	1,720,000	22,348,508
Fremont Street Room Tax special revenue fund	1,562,800	130,000	1,692,800

For budgetary control purposes, the City records encumbrances for purchase orders, contracts and other commitments in memorandum accounts. Since they do not constitute actual liabilities of the City in accordance with GAAP, encumbrances are not reported in the basic financial statements.

2. Excess of expenditures over appropriations

The Special Improvement District Administration Special Revenue Fund expenditures exceeded appropriations by \$1,105,089. The excess was for expenditures associated with bond refunding costs.

The Municipal Parking Enterprise Fund expenditures exceeded appropriations by \$1,204,388. The excess was for expenditures associated with depreciation of capital assets.

The Employee Benefit Internal Service Fund expenditures exceeded appropriations by \$9,652,159. The excess was for expenditures associated with the adoption of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and an increase in accruals for workers compensation claims.

In the General Fund, the function Culture and Recreation expenditures exceeded appropriations by \$1,101,776. The excess was from the result of negotiated collective bargaining contracts that increased the weekly working hours from 38 to 40. Also, services and supplies increased from efforts to generate additional program revenues. Capital outlay increased from land purchases and security system upgrades at community centers.

In the General Fund, the function Economic Development and Assistance expenditures exceeded appropriations by \$458,937. The excess was from the re-organization of one department into two departments during the fiscal year and the reassigning of the contract for helping the homeless from non-departmental to Neighborhood Services without a budget transfer.

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

1. Pooled cash, cash equivalents and investments

The City maintains a cash and investment pool that is available for use by all funds. Monies that are not required for immediate obligations are invested. Pooled cash, cash equivalents and investments include currency on hand, demand deposits with banks or other financial institutions, and highly liquid short-term investments with original maturities of three months or less from date of acquisition.

The City's investment policies are governed by state statutes and its own written policies. Permissible investments include obligations of the U.S. Treasury and U.S. agencies, bankers acceptances, corporate, state, and local government bonds, repurchase agreements, commercial paper and money market mutual funds.

Investments include short-term investments that are easily converted to cash and long-term investments with maturity dates ranging from six months to 47 years. Investments are stated at fair value, determined by using quoted market prices provided by a nationally recognized independent bank, or amortized cost for investments that have a remaining maturity at time of purchase of one year or less.

The City's cash equivalents are considered to be cash on hand and short-term investments with original maturities of three months or less from the date of acquisition.

2. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Receivables are reported at their gross value and, where appropriate, are shown net of an allowance for uncollectible accounts. General fund accounts receivable consists of \$6.6 million and other non major government funds of \$2.3 million. Accounting operations division reviews outstanding receivables twice a year to determine uncollectible receivables. Accounts deemed uncollectible are then written off or reserved via an allowance. The allowance for uncollectible accounts for the General Fund was \$2.6 million at June 30, 2015.

3. Inventories and prepaid items

Inventories in the internal service and enterprise funds consist of expendable supplies held for consumption and are stated at cost, which approximates market value, using the first-in, first-out method. The balances are determined by physical count. Inventories in governmental funds are recorded as expenditures when consumed rather than when purchased.

Payments made to vendors for services that will benefit future periods are recorded as prepaid items in both government-wide and fund financial statements. In fund financial statements, a portion of fund balance equal to total prepaid items is reflected as nonspendable.

4. Restricted investments

Cemetery Operations Permanent Fund - Restricted investments in this fund are derived from the endowment care portion of the fee charged for a cemetery lot. The monies are invested and the interest income is used for the perpetual care and maintenance of the cemetery in accordance with the cemetery system's lease agreement (Note 9.1). An independent trustee manages the fund. At June 30, 2015, the restricted investments were \$2,121,554.

Other Funds - The City also has restricted investments in the Redevelopment Agency for \$8,500,150 and \$18,470,930 in the (Debt Service Fund), both are debt reserves. An amount of \$750,000 is in the Multipurpose Special Revenue Fund for the Darling Tennis Foundation. Total restricted investments equal \$29,842,634 as of June 30, 2015.

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance (continued)

5. Capital assets

Capital assets, which include land, buildings, land and building improvements, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are reported at estimated fair value at the date of donation.

Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property and equipment acquired by proprietary funds are reported in those funds at cost or estimated fair value at the time of donation. In enterprise funds, interest expense on bonds issued for construction of capital assets is netted against interest revenue earned on the investment of bond proceeds, and if determined to be immaterial will not be capitalized.

Capital assets of the primary government, as well as the component units, are depreciated using the straight line method over the following estimated useful lives:

Storm drains	50 years	Building improvements	10-20 years
Roadways	30 years	Vehicles	3-10 years
Buildings	20-40 years	Traffic signage	10 years
Land and sewer plant improvements	20-24 years	Machinery and equipment	7-10 years
Traffic signals and lighting	20 years	Traffic pavement markers	4 years

6. Deferred outflows/inflows of resources

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category. It is the deferred charge on refunding reported in the government wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The City also reports deferred amounts related to pensions for the changes in the difference between the City's actual pension contributions and the City's actuarial share of pension contributions. This amount is deferred and amortized over the average expected remaining service lives of all employees, active, inactive and retirees. Deferred outflows are also recorded for city contributions made subsequent to the measurement date of the net pension liability and before the end of the City's fiscal year.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two items that qualify for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from three resources: property taxes, special assessments and loans receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The City also has deferred inflows for the difference between expected and actual pension plan experience with economic factors and the effect of changes in assumptions about future economic factors, which are deferred and amortized over the average expected service lives of all employees that are provided pension benefits and the recognition of deferrals attributable to differences between projected and actual earnings on plan investments, which are amortized over five years.

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance (continued)

7. Compensated absences

It is the City's policy to permit employees to accumulate earned, but unused vacation (including TILO and Executive Severance) and sick pay benefits which are collectively referred to as compensated absences. Compensated absences paid or accrued due to employment terminations within the current year are reported as an expenditure in governmental fund types. The estimated long-term liability of vested or accumulated compensated absences that is not expected to be liquidated within the current year is accounted for in the government-wide financial statements. Vested or accumulated compensated absences of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to the employees.

8. Long-term obligations

In the government-wide financial statements, and in proprietary fund types financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period issued. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

An arbitrage rebate payable is recorded as a liability to account for arbitrage amounts to be rebated to the federal government that result from interest earned in excess of the interest costs on the monies invested from the proceeds of bond issues.

The City and Clark County (a joint venture) both provide financing for the Las Vegas Metropolitan Police Department Self Insurance internal service fund. In the City's government-wide financial statements, the City reports its portion of the unfunded Las Vegas Metroplitan Police OPEB Liability and Pension Liability in governmental activities.

9. Net position flow assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts of net position to report as restricted and unrestricted in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

10. Fund balance flow assumptions

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Unassigned fund balance is applied last.

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance (continued)

11. Fund balance components

The fund balance amounts for governmental funds are classified in accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, as follows:

- Non-spendable fund balances include items that cannot be spent. This includes amounts that are not in a spendable form (inventories, prepaid amounts, long-term portion of loans/notes receivable, or property held for resale unless the proceeds are restricted, committed or assigned) and amounts that are legally or contractually required to remain intact, such as a principal balance in a permanent fund.
- Restricted fund balances have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or state enabling legislation.
- *Committed* fund balances can be used only for specific purposes pursuant to constraints imposed by a formal action of the Mayor and City Council, the city's highest level of decision-making authority. This formal action is the passage of ordinances creating, modifying, or rescinding committed resources.
- Assigned fund balances include amounts that are constrained by the City's intent to be used for a specific purpose, but are neither restricted nor committed. The City's Chief Financial Officer is authorized to assign amounts to a specific purpose based on the City's policy (see below).
- *Unassigned* fund balances are the residual amount not included in the four categories described above. The general fund is the only fund that can report a positive unassigned fund balance and any deficit fund balances with the other governmental fund types are reported as unassigned.

It is the City's policy when both restricted and unrestricted resources are available for specific resources, restricted resources are considered spent before unrestricted resources. Within unrestricted resources, committed and assigned are considered spent (if available) before unassigned amounts.

It is the City's fiscal policy to maintain a total ending fund balance in the General Fund of at least 12 percent of General Fund operating revenues.

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance (continued)

11. Fund balance components (continued)

The following schedule shows the composition of the fund balances of the governmental funds for the year ended June 30, 2015:

	Major Governmental Funds			Non Major Governmental Funds								
				Re	edevelopment	Spe	ecial Revenue	Debt S	Service	Capital Project		
Fund Balances	G	eneral Fund	Road and Flood		Agency	•	Funds	Fu	nds	Funds	Permanent Fund	Total
Nonspendable:												
Inventories	\$	2,222,567	\$	\$		\$		\$		\$	\$	\$ 2,222,567
Prepaid items		129,676					2,868					132,544
Noncurrent loans receivable		27,378,562					,					27,378,562
Land/Property held for resale					4,258,265		18,126,784					22,385,049

12. Estimates

The preparation of basic financial statements in conformance with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1. Summary of significant accounting policies (continued)

G. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance (continued)

13. Grant portion of intergovernmental revenues

Grant revenues and expenditures are generally recorded in special revenue funds. If an expenditure of monies by a grantee is the prime factor for determining the release of grant funds, revenue is recognized at the time of the expenditure. If release of grant funds is not contingent upon expenditure of monies, revenue is recorded when received or when the grant becomes an obligation of the grantor.

14. Interfund transactions

During the course of normal operations, the City has numerous transactions between funds, which include transfers of resources from one fund to another. The fund financial statements reflect such transactions as transfers. Certain receivable/payable balances between the primary government and blended component units are eliminated for financial statement presentation. Internal service funds record charges for services to all City departments and funds as operating revenue. All City funds record these payments to the internal service funds as operating expenditures/expenses.

15. Fiscal Stabilization Fund

The City Council through Resolution established a special revenue fund whose purpose is to provide for the stabilization of operations during periods of economic downturn, or for the mitigation of the effects of disasters in accordance with NRS 354.6115. The ending fund balance of the Fiscal Stabilization Special Revenue Fund at June 30, 2015 was \$12,999,187.

A transfer of available resources from the general fund, special revenue funds, internal service funds and capital project funds was used to establish the fund. The fund will maintain a fund balance not to exceed ten percent (10%) of the prior year's general fund expenditures. The general fund transfer will be 20% of the excess actual audited ending fund balance over the budgeted ending fund balance to the fund until such time as the maximum fund balance is reached.

The fund balance will not be used to finance routine operations. Revenues will be realized only through transfers in from other funds and interest earnings. Expenditures will be limited to transfers out to other funds to provide for the stabilization of operations under the following conditions:

- A) If the total actual revenue of the City falls short of the total anticipated revenue in the general fund for the fiscal year in which the local government uses that money, and
 - 1. The revenue shortfall is the result of an economic event that could not be anticipated, and
 - 2. The resulting general fund balance will fall below 10% of the anticipated expenditures, or
- B) To pay expenses incurred by the City to mitigate the effects of a natural disaster or act of terrorism.

At June 30, 2015, based on the requirements of GASB 54, the City's Fiscal Stabilization Special Revenue Fund did not meet the reporting requirements to be presented as a special revenue fund, and is, therefore, presented as part of the City's General Fund. However, the City budgeted this Fund as a Special Revenue Fund (see reconciliation at page 121).

16. Pension

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Public Employees' Retirement System of Nevada (PERS) and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

1. Summary of significant accounting policies (continued)

H. Revenues and expenditures/expenses

1. Program revenues

Amounts reported as *program revenues* include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

2. Proprietary funds operating and nonoperating revenues and expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Sanitation Fund are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

2. Reconciliation of government-wide and fund financial statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains, "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of the \$1,311,332,000 difference are as follows:

Bonds payable, net of unamortized premium and discounts	\$	513,188,463
Deferred charges on refunding (to be amortized as interest expense and fiscal charges))	(777,483)
Accrued interest payable		7,240,058
Arbitrage rebate payable		71,085
Las Vegas Metropolitan Police Department OPEB liability		32,609,037
Compensated absences		38,952,935
City OPEB liability		42,571,732
Heart lung presumptive liability		48,451,229
Net pension liability		327,624,613
Las Vegas Metropolitan Police Department net pension liability		269,307,644
Deferred amounts related to pensions		84,493,225
Deferred amounts related to pensions	_	(52,400,538)
Net adjustment to reduce fund balance - total governmental funds	\$	1,311,332,000

2. Reconciliation of government-wide and fund financial statements (continued)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of the \$(9,202,939) difference are as follows:

Capital outlay	\$ 108,060,879
Depreciation expense (Note 7)	(117,263,818)
Net adjustment to decrease net changes in fund balance - total governmental	\$ (9,202,939)

Another element of that reconciliation states that "the net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net assets." The details of the \$(22,423,845) difference are as follows:

Donations of capitals assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	\$ 45,587,883
Capital assets transferred to proprietary funds	(67,484,318)
The statement of activities reports losses from the disposal or trade-in of existing capital assets to acquire new capital assets. Conversely, governmental funds do not report any gain or loss on the trade-in of capital assets.	 (527,410)
Net adjustment to decrease net changes in fund balance - total governmental funds to arrive at changes in net position - governmental activities.	\$ (22,423,845)

Another element of the reconciliation states that "the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The details of this \$31,485,504 difference are as follows:

Principal repayments:	
Bond principal repayments	\$ 22,610,504
Payment to current bond refunding agent	 8,875,000
Net adjustment to decrease net changes in fund balance	 _
total governmental funds to arrive at changes in net	
position - governmental activities	\$ 31,485,504

2. Reconciliation of government-wide and fund financial statements (continued)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities (continued)

Another element of the reconciliation states that "some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this \$(84,363,862) difference are as follows:

City OPEB liability	\$ 447,900
Net pension liability	(6,028,126)
Heart lung presumptive liability	(1,625,619)
Compensated absences	96,875
Las Vegas Metropolitan Police Department OPEB liability	2,705,283
Las Vegas Metropolitan Police Department net pension liability	(79,381,198)
Accrued interest	(224,342)
Amortization of bond discounts	210,653
Amortization of bond premiums	(780,243)
Amortization of debt refunding	 214,955
Net adjustment to decrease net changes in fund balance - total	_
governmental funds to arrive at changes in net position -	
governmental activities	\$ (84,363,862)

Another element of the reconciliation states that some revenue reported in the statement of activities does not provide current financial resources and therefore is not reported as revenue in governmental funds. The details of this \$(1,705,480) difference are as follows:

Deferred loan proceeds	\$ (656,452)
Property tax revenue	(434,713)
Special assessments	 (614,315)
Net adjustment to decrease net changes in fund balance - total	
governmental funds to arrive at changes in net position -	
governmental activities	\$ (1,705,480)

Another element of the reconciliation states that internal service funds are used by management to charge the costs of a variety of services: fleet, graphic reproduction, purchase and maintenance of computers, maintenance of radios and telephones, employee benefits, property damage, facilities maintenance and fire equipment acquisition to individual funds. The net revenue of certain activities of internal service funds is reported with government activities. The details of this \$(1,598,368) difference are as follows:

Change in net position of the internal services funds	\$ (1,181,770)
Gain from charges to business-type activities	 (416,598)
Net adjustment to decrease net changes in fund balance - total governmental	 _
funds to arrive at changes in net position - governmental activities	\$ (1,598,368)

2. Reconciliation of government-wide and fund financial statements (continued)

C. Explanation of certain differences between the proprietary fund statement of net position and the government-wide statement of net position

The proprietary fund statement of net position includes a reconciliation between *net position - total enterprise funds* and *net position of business-type* activities as reported in the government-wide statement of net position. The description of the sole element of that reconciliation is "Adjustment to reflect the consolidation of internal service fund activities related to enterprise funds." The details of this \$(660,999) difference are as follows:

Internal receivable representing charges in excess of cost to business-type activities - prior years Internal receivables representing charges in excess of cost to business-type	\$	(1,077,597)
activities - current year		416,598
Net adjustment to decrease <i>net position - total enterprise funds to arrive at</i> Net position - business-type activities	<u>\$</u>	(660,999)

3. Pooled cash, cash equivalents and investments

As of June 30, 2015, the City had the following pooled cash, cash equivalents and investments:

Pooled cash and investments reconciled to government-wide financial statements:

Total cash equivalents and investments Add: Cash in checking accounts	\$ 459,607,205 47,737,053 507,344,258
Less: Cash and cash equivalents in agency funds Pooled cash, cash equivalents and investments - government wide	\$ (18,592,694) 488,751,564

GASB Statement 31 allows the City to report short-term money market investments such as commercial paper and U.S. Treasury and agency obligations that have a remaining maturity at time of purchase of one year or less, to be reported at amortized cost (book value). All other investments are reported at their fair value.

	· · · · · · · · · · · · · · · · · · ·			Weighted- Average Maturity

Money Market Fund	1,431,826	_	1,431,826								
Total Investments	\$ 459,607,205	\$	141,304,928	\$	310,468	\$	92,933,229	\$	212,851,024	\$	12,207,556

Interest Rate Risk: In accordance with its investment policy, the City manages its exposure to declines in fair value by limiting the weighted-average maturity of its investment portfolio to less than thirty months.

Some of the U.S. agency investments have call options which, if exercised, could shorten the maturity of these investments. The asset-backed securities are backed by mortgages that are subject to prepayment risk which could also shorten the maturity of these investments.

Credit Risk: Statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies (i.e., FNMA, FHLB, etc.), corporate bonds rated "A" or better by a nationally recognized rating service, commercial paper rated "A-1," "P-1" by a nationally recognized rating service, repurchase agreements, certificates of deposit, money market mutual funds rated "AAA" by a nationally recognized rating service or other securities in which banking institutions may legally invest, State of Nevada Local Government Pooled Funds or collateralized investment contracts. The City has adopted the state statutes for its investing policies to help minimize its credit risk.

As of June 30, 2015, more than 5% of the City's investments are in Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, Morgan Stanley Institutional Money Market Fund and U.S. Treasuries. These investments are 9%, 26%, 22%, and 16% respectively, of the total investments.

As of June 30, 2015, the City was holding a \$250,000 par value security of Lehman Brothers Holdings in the Darling Foundation special revenue fund. Although rated as "A", Lehman Brothers filed for bankruptcy under Chapter 11 of the U.S. Bankruptcy Code on September 18, 2008. During the current fiscal year, the value of the investment was written down by \$27,187 to \$27,188, which was the market value as determined by the City's investment custodian.

3. Pooled cash, cash equivalents and investments (continued)

				Rating as of Year End							
Type of Investments	Amount	Minimum Legal Rating	xempt From Disclosure		AAA		AA		A		Not Rated
U.S. Treasury U.S. Agencies Corporate Bonds	\$ 67,224,200 140,509,039 45,086,545	N/A N/A A	\$ 67,224,200	\$	1,988,240	\$	113,537,960 34,178,800	\$	8,892,280	\$	26,971,079 27,225
Corporate Bonds- Cemetery Money Market Funds NVEST Program:	2,121,497 137,724,380	N/A AAA			137,724,380						2,121,497
U.S. Treasury U.S. Agencies Collateralized	1,071,807 41,026,977	N/A N/A	1,071,807				41,026,977				
Mortgage Obligations Money Market Fund	23,410,934 1,431,826	AAA AAA			18,137,791 1,431,826		5,273,143	_		_	
Total Investments	\$ 459,607,205		\$ 68,296,007	\$	159,282,237	\$	194,016,880	\$	8,892,280	\$	29,119,801

Concentration of Credit Risk: The City's investment policy allows for investments as follows: (1) U.S. Treasury, money market funds and agencies, State of Nevada local government pooled funds, no limit; (2) repurchase agreements, 20% of portfolio; (3) commercial paper, 20% of portfolio with a 10% per issue limit; (4) corporate notes, 20% of portfolio with a 25% per issue limit; and (5) certificates of deposit, \$100,000 per institution. Collateralized investment contracts may be utilized on bond proceeds for which the original amount of the principal of the original issuance was \$10,000,000 or more. To reduce the overall portfolio risks, the City will diversify its investments by security type and institution. With the exception of U.S. Treasuries and government agency securities, no more than 50% of the City's total investment portfolio will be invested in a single security type or with a single financial institution.

Related Party Investment: The Sanitation Enterprise fund holds an investment in the Redevelopment Agency, which is a blended Component Unit of the City. The Redevelopment Agency Tax Increment Revenue Subordinate Lien Bond Series 2011 is due February 17, 2021. The investment is for \$15,472,192. This investment is eliminated and reflected in the internal balances in the Statement of Net Position.

4. Property taxes

By December 31 of each year, all property in Clark County is assessed by parcel for property tax purposes by the Clark County Assessor. The assessment valuation roll is published in a local newspaper for the information of all taxpayers. If desired, property owners have until January 15 to appeal the valuation to the Clark County Board of Equalization. Any taxpayer not agreeing with the decision of the County Board of Equalization may file an appeal with the State Board of Equalization no later than the first Monday of March.

The Nevada Department of Taxation provides the maximum allowable tax rates for operating purposes to local governments for inclusion in their budgets. Each local government that receives property taxes must file a budget on or before June 1, which provides for the allowed tax rate for the next fiscal year. The Nevada Tax Commission must certify all tax rates on June 25, the levy date, and property is liened on July 1. Property taxes are then payable to the County Treasurer in four equal installments, the first Monday of August, October, January and March. Apportionment of taxes by Clark County to the City of Las Vegas, Nevada is made in the calendar quarters of September, December, March and June.

The actual rates, which were levied for June 30, were as follows:

	2015	2014
General	0.6765	0.6765
Special	0.0950	0.0950
Total Tax	0.7715	0.7715

Amounts per \$100 of assessed value

5. Intergovernmental receivables

The following schedule details the intergovernmental receivables as of June 30, 2015:

								Business- type Activities

Security		795.117					795,117		795,117
Security	_	470,992	\$ 25,288,603	\$ 10,729,165	\$	200,764	\$ 38,689,524	\$15,506,761	\$ 54,196,285
	э 2,	, + /U,772	\$ 23,200,003	φ 10,729,103	Φ	200,704	φ 30,009,324	\$13,300,701	\$ 54,170,285

Payments of intergovernmental receivables are expected to be received and available soon enough after year-end to finance expenditures of the year ended June 30, 2015. In addition, the City has resources available from the U.S. Department of Housing and Urban Development through the Community Development Block Grant Program totaling \$4,013,454, the Housing Opportunities for Persons With AIDS totaling \$577,748, HOME Investment Program totaling \$2,452,408, Emergency Solutions Grant totaling \$52,528 and Neighborhood Stabilization Program totaling \$2,342,171, which are available to reimburse the City for qualifying expenditures.

6. Joint Venture

A. Las Vegas Metropolitan Police Department (Metro)

The City is a participant in a joint venture with Clark County created by a special financing relationship for the Las Vegas Metropolitan Police Department (Metro) established by state statute. A five-member committee composed of two appointees each from the City and the County, and one appointee from the general public approves Metro's budget.

State statute mandates apportionment of costs among the participating political subdivisions based upon a percentage of the permanent population and the total number of calls for service within each subdivision. Complete financial information for Metro is included in the comprehensive annual financial report of Clark County, Nevada. The following schedule presents a two-year summary of condensed financial information for Metro, as of and for the years ended June 30:

	 2015	 2014
Assets	\$ 51,763,396	\$ 34,850,746
Liabilities	(20,530,214)	(20,451,275)
Deferred inflows	 (1,712,685)	 (1,893,726)
Fund balance	29,520,497	 12,505,745
Revenues	286,205,675	275,306,818
Expenditures	 (485,695,231)	 (501,431,063)
	 (199,489,556)	 (226,124,245)
Other financing sources	216,504,308	198,590,209
Change in fund balance	\$ 17,014,752	\$ (27,534,036)

On July 1, 2014 the City of Las Vegas Redevelopment Agency transferred the Neonopolis and City Center Parking Garages to the City's Municipal Parking Enterprise Fund. The garages had a net book value of \$43,173,271. The City also transferred from General Fixed Assets the Main Street Parking Garage with a net book value of \$24,311,047. The total transfer of the parking garages equaled \$67,484,318.

7. Capital Assets (continued)

Construction Commitments

The City of Las Vegas, Nevada has active construction projects as of June 30, 2015. The projects include buildings, building improvements, land improvements (associated with various parks), machinery and equipment (mainly associated with upgrades to technology in progress), roadways, storm sewers (widening, construction of new and existing streets and detention basin and drainage facilities), traffic signals and streetlights in progress. The City is also in the process of constructing sewer plant improvements and sanitary sewer lines. At year end, the City commitments with contractors are as follows:

				Remaining	
Projects - Governmental funds		Spent to date	Commitment		
Buildings	\$	1,979,544	\$	1,492,790	
Building improvements	Ψ	1,960,334	Ψ	980,625	
Land improvements		11,963,794		4,093,991	
Machinery and equipment		229,513		379,706	
Roadways		81,799,552		31,196,200	
Vehicles		01,777,332		42,556	
Storm drains		35,280,054		19,922,672

Traine organis, agained, organis and manifest	\$	141,263,068	\$	59,308,206	
Projects Proprietory funds					
Projects - Proprietary funds	\$	07.550	¢	20.280	
Buildings	Ф	97,559	\$	20,380	
Building improvements		84,912		940 290	
Land improvements		46,197		840,289	
Machinery and equipment		77.077.460		64,775	
Sanitation plant improvements		77,077,462		21,757,244	
Sanitation sewer lines		72,883,742		24,023,875	
	\$	150,189,872	\$	46,706,563	

The major financing for roadways and storm sewer projects includes reimbursements from the Regional Transportation Commission of Southern Nevada (RTC), Clark County, Clark County Regional Flood Control District, Nevada Department of Transportation, Motor Vehicle Fuel Tax, special assessments, and bond issuances. Sanitation sewer lines and sanitation plant improvements are financed by sewer revenues. Reimbursements from federal (i.e., SNPLMA) and local governments (i.e., RTC) and bond proceeds finance solar energy projects in the General Capital Projects Fund, building and land improvements, mainly in the Parks and Leisure Activities and City Facilities capital projects funds.

8. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan

The City's employees are covered by the Public Employees' Retirement System of Nevada (PERS), which was established by The Nevada Legislature in 1947, effective July, 1948. PERS is governed by the Public Employees Retirement Board (the PERS Board) whose seven members are appointed by the governor. The City does not exercise any control over PERS. NRS 286.110 states that "The respective participating public employers are not liable for any obligations of the system."

A. Plan Description

PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

8. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

B. Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering the System on or after January 1, 2010, there is a 2.5% multiplier. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575-.579.

C. Vesting

Regular members are eligible for retirement at age 65 with five years of service, at age 60 with 10 years of service, or at any age with thirty years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or any age with thirty years of service. Police/Fire members are eligible for retirement at age 65 with five years of service, at age 55 with ten years of service, at age 50 with twenty years of service, or at any age with twenty-five years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at 65 with five years of service, or age 60 with ten years of service, or age 50 with twenty years of service, or at any age with thirty years of service. Only service performed in a position as a police officer or firefighter may be counted towards to eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

D. Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. Contributions are shared equally by employer and employee. Employees can take a reduced salary and have contributions made by the employer (EPC) or can make contributions by a payroll deduction matched by the employer.

PERS basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund the System on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by statute. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary. For the fiscal year ended June 30, 2014 and June 30, 2015 the Statutory Employer/employee matching rate was 13.25% for Regular and 20.75% for Police/Fire. The Employer-pay contribution (EPC) rate was 25.75% for Regular and 40.50% for Police/Fire.

E. Basis of Accounting

The City participates in PERS cost sharing multiple-employer defined benefit plans and is required to report pension information in its financial statements for fiscal periods beginning on or after June 30, 2014, in accordance with

8. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

E. Basis of Accounting (continued)

Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions.

The underlying financial information used to prepare the pension allocation schedules is based on PERS financial statements. PERS financial statements are prepared in accordance with GAAP that apply to governmental accounting for fiduciary funds.

Contributions for employer pay dates that fall within PERS fiscal year ending June 30, 2014, are used as the basis for determining each employer's proportionate share of the collective pension amounts.

The total pension liability is calculated by PERS' actuary. The plan's fiduciary net position is reported in PERS financial statements and the net pension liability is disclosed in PERS notes to the financial statements. An annual report containing financial statements and required information for the System may be obtained by writing to PERS, 693 W. Nye Lane, Carson City, Nevada 89703-1599, or by calling (775) 687-4200.

F. Investment Policy

PERS policies which determine the investment portfolio target asset allocation are established by the Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the PERS.

I ama Tama Caamatuia

The following was the Board adopted policy target asset allocation as of June 30, 2014.

		Long-Term Geometric
		Expected Real Rate of
Asset Class	Target Allocation	Return*
Domestic Equity	42%	5.50%
International Equity	18%	5.75%
Domestic Fixed Income	30%	0.25%
Private Markets	10%	6.80%

^{*}As of June 30, 2014 PERS' long-term inflation assumption was 3.5%

G. Pension Liability

1. Net Pension Liability

PERS collective net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer allocation percentage of the net pension liability was based on the total contributions due on wages paid during the measurement period. Each employer's proportion of the net pension liability is based on their combined employer and member contributions relative to the total combined employer and member contributions for all employers for the period ended June 30, 2014.

2. Pension Liability Discount Rate Sensitivity

The following presents the City's net pension liability of PERS as of June 30, 2014, calculated using the discount rate of 8.00%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00%) or 1-percentage-point higher (9.00%) than the current discount rate:

		1% Decrease in				1% Increase in
	Dis	count Rate (7.00%)	Disc	count Rate (8.00%)	Dis	count Rate (9.00%)
Net pension liability	\$	635,216,879	\$	408,470,876	\$	219,987,209

8. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

3. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Report, available on the PERS website.

4. Actuarial Assumptions

PERS net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	3.50%
Payroll growth	5.00%, including inflation
Investment rate of return	8.00%
Discount rate	8.00%
Productivity pay increase	0.75%
Projected salary increases	Regular: 4.60% to 9.75%, depending on service;
	Police/Fire: 5.25% to 14.5%, depending on service;
	Rates include inflation and productivity increases
Consumer price index	3.50%

Actuarial assumptions used in the June 30, 2014 valuation were based on the results of the experience review completed in 2013, applied to all priods included in the measurement.

At June 30, 2014, assumed mortality rates and projected life expectancies for selected ages were as follws:

	Regular Membe	ers		
	Mortality Rates			
Age	Males	Females	Males	Females
40	0.10%	0.05%	41.1	44.4
50	0.17%	0.12%	31.6	34.7
60	0.55%	0.42%	22.4	25.4
70	1.82%	1.39%	14.3	17.0
80	5.65%	3.79%	7.7	10.1

	Police/Fire Memb	bers			
	Mortal	ity Rates	Expected Years of Life Remaining		
Age	Males	Females	Males	Females	
40	0.10%	0.06%	40.2	42.5	
50	0.19%	0.15%	30.7	32.8	
60	0.63%	0.54%	21.5	23.6	
70	2.02%	1.72%	13.5	15.5	
80	6.41%	4.63%	7.1	9.0	

8. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

4. Actuarial Assumptions (continued)

These mortality rates and projected life expectancies are based on the following:

For non-disabled male regular members - RP-2000 Combined Health Mortality Table, projected to 2013 with Scale AA

For non-disabled female regular members - RP-2000 Combined Healthy Mortality Table, projected to 2013 with Scale AA, set back one year

For all non-disabled police/fire members - RP-2000 Combined Healthy Mortality Table projected to 2013 with Scale AA, set forward one year

For all disabled regular members and all disabled police/fire members - RP-2000 Disabled Retiree Mortality Table projected to 2013 with Scale AA, set forward three years

The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the pension plan's fiduciary net position at June 30, 2014, was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2014 and June 30, 2013.

5. Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2015, the total employer pension expense is \$54,141,314. At June 30, 2014, the measurement date, PERS reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred		Deferred
		Outflows of		Inflows of
	Resourcs Resou		Resources	
Differences between expected and actual experience	\$		\$	19,547,581
Change of assumptions				
Net difference between projected and actual earnings on				
investments				85,795,608
Changes in proportion and differences between actual				
contributions and proportionate share of contributions		3,674,183		

Average expected remaining service lives: 5.70 years

Deferred outflows/(inflows) of resources related to pension will be recognized as follows:

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date totaling \$61,656,969 will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2016	(24,010,591)
2017	(24,010,591)
2018	(24,010,591)
2019	(24,010,591)
2020	(3,309,789)
Thereafter	(2,316,852)

8. Multiple-Employer Cost-Sharing Defined Benefit Pension Plan (continued)

5. Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Changes in the City's net pension liability were as follows:

Net pension liability, beginning of year	\$ 515,384,070
Pension expense Employer contributions Net new deferred inflows and outflows of	54,141,314 (59,385,501)
resources	(101,669,006)
Net pension liability, end of year	\$ 408,470,877

As of June 30, 2015, the required contribution to PERS was \$4,843,857 and is included in benefits payable in the Employee Benefit Internal Service Fund.

9. Lease commitments

A. The City (lessor) leases various buildings and a cemetery under non-cancelable operating leases. The major asset class and accumulated depreciation at June 30, 2015 are as follows:

	Cost	Accumulated Depreciation	Net Book Value	
Woodlawn Cemetery	¢ 22.010	¢	¢ 22.010	
Land Building and improvements	\$ 23,810 1,244,838	\$ 1,215,842	\$ 23,810 28,996

9. Lease commitments (continued)

1. Woodlawn Cemetery

On May 19, 2000, the City (lessor) entered into a systems lease agreement with a private company to manage and operate Woodlawn Cemetery. The initial term of the agreement was for 10 years, which expired on May 13, 2010. The City agreed to two of three five-year renewal options beginning on May 14, 2010 and expiring on May 13, 2020. The following is a schedule of future rental income for the years ending June 30:

Year Ending	
June 30	Amount
2016	\$ 69,143
2017	69,143
2018	69,143
2019	69,143
2020	60.051

The above rental income is subject to a yearly increase based on the consumer price index. Per the agreement, the City will bear responsibility for the first \$50,000 in water charges and one-half of the water charges over \$100,000.

2. Ogden and Carson Parking Garages:

The City (lessor) leases two off-street parking garages in the downtown area to private companies on a long-term basis. The agreements require monthly payments. The leases run for 50 years from their inception and rental rates are subject to change at five-year intervals based on changes in the consumer price index. The Ogden lease has been renegotiated and will be extended to 2058.

The following is a schedule of future rental income for the years ending June 30:

Year Ending		Year Ending	
June 30	Amount	June 30	Amount
2016	\$ 1,124,721	2021-2025	\$ 6,170,985
2017	1,124,721	2026-2030	6,170,985
2018	1,124,721	2031-2035	6,170,985
2019	1,124,721	2036-2040	6,170,985
2020	1,161,212	2041-2045	6,170,985
		2046-2050	5,315,739
		2051-2055	2,750,000
		2056-2058	1,650,000

3. Atrium Building:

The City (lessor) owns an office building and leases office space and areas on the roof for cell towers. The lease terms vary in length from two to fifteen years and the rental income is adjusted annually based on various percentages.

The following is a schedule of future rental income for the year ending June 30:

Year Ending	
June 30	Amount
2016	\$ 400,566
2017	235,970
2018	194,322
2019	149,951
2020	61,022

9. Lease commitments (continued)

4. Historic Westside School

In December 2014 the City entered into a facility lease agreement with Historic Westside School Corporation. In exchange for the possession and use of the premises, Historic Westside School Corporation shall pay an advance rental fee of \$700,000. The term of the lease shall commense on December 19, 2014 and shall remain in force until December 31, 2074, unless the lease is extended or sooner terminates. The following is a schedule of future rental income:

Year Ending	
June 30	Amount
2016	\$ 11,664
2017	11,664
2018	11,664
2019	11,664
2020	11,664
Thereafter	641,680

In December 2014 the City leased back from the Historic Westside School Corporation site and improvements of the Westside School for the use and occupancy and enjoyment of the school. The lease commences in December 2014 and shall end on December 2046. The following schedule details the annual lease payment the city will make:

Year Ending June 30	Amount		
2016	\$	67,249	
2017		135,667	
2018		136,871	
2019		138,112	
2020		139,389	
Thereafter		13,998,612

10. Long-term liabilities and debt service requirements to maturity (continued)

A. Changes in long-term liabilities (continued)

Variable rate debt. In July 2013, the City issued \$30,025,000 of General Obligation (limited tax) Adjustable Rate Various Purpose Refunding Bonds Series 2013 to refund the August 2006 outstanding \$30,025,000 General Obligation Adjusted Rate Various Purpose Bonds Series 2006C, which bore interest at a variable rate. Pursuant to the bond ordinance, the new bonds have their interest rate determined on a daily basis. This daily rate is determined by the remarketing agent (Merrill Lynch), under the then existing market conditions, that would result in the sale of the bonds at a price equal to the principal amount, thereof, plus interest, if any accrued through the current date.

The interest requirements for the variable rate debt was computed using the maximum allowable rate effective at June 30, 2015.

Compensated absences. Included in the City's governmental long-term obligations is \$41,679,131 of accrued compensated absences, of which \$38,662,774 relates to the General fund, \$2,726,196 to the Internal Service funds, \$273,811 to the Special Revenue funds and \$16,350 to the Capital Project funds.

Bond covenants. For the Fremont Street Experience general obligation revenue bonds, the City is required to maintain a reserve fund in the amount of \$400,000. At June 30, 2015, the reserve is \$400,000. For the Redevelopment Agency Tax Increment Revenue Bonds Series 2009A the Agency (a blended component unit) is required to maintain a reserve fund in the amount of \$8,500,000. This amount at year end was \$8,500,000 and was invested with a trustee bank.

Special Assessment Debt. Special assessment local improvement bonds are unique obligations of the City, payable primarily from the assessments levied in each district, and secondly from pledged and general fund revenues. The special assessment receivable balance at June 30, 2015, is \$5,454,036.

The nonprofit corporations have interfund loans payable to the Municipal Parking enterprise fund for \$2,781,449, the General Fund for \$12,378,562 and Redevelopment Agency Special Revenue fund for \$25,000.

Interfund loans payable between the Non-Profit Corporations and the Municipal Parking Fund were eliminated in the Government-wide Statement of Net Position. The interfund loans payable to the Industrial Development Special Revenue fund and Redevelopment Agency Special Revenue fund are reflected in the internal balances in the Statement of Net Position.

Interfund 3.0% Redevelopment Agency Tax Increment Revenue Subordinate Lien Bond Series 2011, due February 17, 2021, for \$15,472,192 payable between the Redevelopment Agency and the Sanitation Enterprise fund was eliminated in the Statement of Net Position.

10. Long-term liabilities and debt service requirements to maturity (continued)

C. Current refundings

In November 2014, the City issued \$74,765,000 in General Obligation (Limited Tax) Sewer Refunding Bonds, Series 2014A. Proceeds of the 2014A bonds were used to current refund \$7,815,000 of the City's General Obligation (Limited Tax) Sewer Refunding Bonds, Series 2004. The 2004 Bonds were redeemed on the date of issuance of the Series 2014A Bonds. The refunding was undertaken as part of a new issue for working capital for the sewer plant improvements and upgrades.

Additionally, in December of 2014 the City issued \$8,985,000 in General Obligation (Limited Tax) Parking Refunding Bonds, Series 2014B. Proceeds of the 2014B bonds were used to current refund \$8,875,000 of the City's General Obligation (Limited Tax) Medium-Term Main Street Parking Garage Bonds, Series 2009. The 2009 Bonds were redeemed on the date of issuance of the Series 2014B Bonds. The refunding was undertaken in order to extend the term of the debt, achieving a lower debt service payment and to move the debt to the Municipal Parking Enterprise fund.

D. Payment requirements for debt service

The annual debt service requirements for all bonds outstanding are as follows:

GOVERNMENTAL AND BUSINESS-TYPE ACTIVITIES

Various purpose General Obligation Refunding Bonds Series Series 2005B with an outstanding principal of \$7,430,000 at June 30, 2014 was retired on July 15, 2015, therefore the entire principal balance was recorded in the column "due within one year."

Taxable various purpose General Obligation Bonds Series 2006A with outstanding principal of \$11,385,000 were refunded on August 27, 2015 (see Note 19) therefore the total balance due at June30,2015 is presented as "due within one year."

E. Pledged Revenues

The City has pledged certain revenues for the payment of debt principal and interest. The following revenues were pledged as of June 30, 2015.

1. General Obligation Consolidated Tax Supported Bonds

These bonds are secured by a pledge of up to 15% of the consolidated taxes allocable to the City. These bonds also constitute direct and general obligations of the City, and the full faith and credit of the City is pledged for the payment of principal and interest. The following debt issuances are consolidated tax supported.

Bonds Issued	Maturity (Length of Pledge)
Various Purpose Refunding Bonds Series 2005B	06/01/2018
Various Purpose Refunding Bonds Series 2006A	05/01/2024
Various Purpose Series 2006B	05/01/2036
Adjustable Rate Various Purpose Refunding Bonds Series 2013	06/01/2036
Fremont Street Experience 2012C	07/01/2015

10. Long-term liabilities and debt service requirements to maturity (continued)

E. Pledged Revenues (continued)

2. General Obligation Medium-Term Supported Bonds

These bonds are secured by a pledge of general fund revenues (primarily consolidated and property taxes). These bonds constitute direct and general obligations of the City, and the full faith and credit of the City is pledged for the payment of principal and interest. The ad valorem tax levy available to pay on the bonds is limited to the City's maximum operating levy.

Bonds Issued	Maturity (Length of Pledge)
Medium Term Cultural/Stupak Community Center 2007	11/01/2017
Medium Term Public Safety Bonds 2007	11/01/2017
Medium Term Various Purpose Bonds Series 2011A	12/01/2021
Medium Term Various Purpose Bonds Series 2011B (taxable)	12/01/2019
Medium Term Bonds Series 2012 A (F Street)	05/01/2022

3. Downtown Room Tax Revenue Supported Bonds

The Fremont Street Experience Refunding Bond Series 2012C bonds with a maturity date of July 1, 2015, are secured from the proceeds derived from a one and two percent tax on the gross receipts from the rental of transient lodging within the specific boundaries in the City. The Downtown Room Tax proceeds are limited to receipts from the 1% (2% in the case of properties that front Fremont Street) tax imposed on hotels with 75 or more rooms located in a specified area.

4. General Obligation Sanitation and Flood Control Supported Bonds

These bonds are general obligation bonds additionally secured by an irrevocable pledge of the net revenue received by the City in connection with the ownership and operation of the City's sewer system. Pledged revenues consist of all fees, rates and other charges for the use of the sewer system remaining after deduction of operation and maintenance expenses is the sewer system.

The City covenants in its bond ordinances to fix and collect rates and other charges for the services or commodities pertaining to the utility system in amounts sufficient to pay the operation and maintenance expenses of the sewer system and any debt service of its outstanding sewer bonds.

	Maturity
Bonds Issued	(Length of Pledge)
Sewer Refunding Bonds Series 2006A	04/01/2021

Golf Course Refunding Bonds Series 2012B	06/01/2022

6. General Obligation Performing Arts Center Supported Bonds

The General Obligation Performing Arts Center Supported Bonds (Series 2009) revenue bonds are secured by a pledge of revenues defined in the bond ordinance as the "Pledged Rental Car Fees," as that term is defined in the Second Amended and Restated Interlocal Agreement Regarding the Distribution of Taxes for a Performing Arts Center dated as of April 1, 2008, between the City and Clark County (the "Interlocal Agreement").

The Interlocal Agreement defines "Rental Car Fee" as a fee imposed by Clark County ("the County") upon the lease of a passenger car by a short-term lessor in the County in the amount of not more than 2% of the total amount for which the passenger car was leased, excluding any taxes or other fees imposed by a governmental entity.

The County imposed the Rental Car Fee in the amount of 2% pursuant to NRS 244A.860 and Sections 4.28.020 through 4.28.050 of the County Code (the "Rental Car Fee Ordinance"), effective July 1, 2005. The "Pledged Rental Car Fees" are amounts remaining after (i) a required distribution by the County of the initial \$3 million of Rental Car Fee proceeds were distributed to the Culinary and Hospitality Academy of Las Vegas (the "Culinary Academy") for the planning, design and construction of a facility for vocational training in southern Nevada; and (ii) the reimbursement of the State Department of Taxation for its expense in collecting and administering the Rental Car Fee. The required distribution to the Culinary Academy has been made.

Bonds Issued	Maturity (Length of Pledge)
General Obligation Performing Arts Center Supported Bonds Series 2009	04/01/2039

7. General Obligation Special Assessment Bonds

Special Assessment Bonds are secured by property assessments within the individual districts.

Bonds Issued	Maturity (Length of Pledge)
Special Assessment Bonds 1507	06/01/2032
Special Assessment Bonds 1463, 1470, 1471	12/01/2022

Special Assessment Bonds 1490	06/01/2017

10. Long-term liabilities and debt service requirements to maturity (continued)

E. Pledged Revenues (continued)

8. Certificates of Participation (COPS)

The City is using an Installment Purchase to finance the new City Hall project. Certificates of Participation (COPS) were sold to investors as Build America Bonds under the American Recovery and Reinvestment Act, which means the effective interest rate, after federal rebates, is approximately 5.2 percent. The bonds are supported by consolidated tax revenue, with a potential secondary payment support from the Redevelopment Agency tax increment revenue via an Interlocal Agreement between the City and the Agency. Through the Interlocal Agreement, the Agency has agreed to consider using future increment revenue (to the extent revenue is available) to make a partial payment toward the COPS payment.

Bonds Issued	Maturity (Length of Pledge)
COPS Tax Exempt City Hall Project Series 2009A	09/01/2019
COPS Taxable City Hall Project Series 2009B (Direct Pay Build America Bonds)	09/01/2039

9. General Obligation Tax Increment Revenue Supported Bonds

The bonds are supported by pledged property tax revenues from the property located within the Redevelopment Agency.

Bonds Issued	Maturity (Length of Pledge)
Redevelopment Agency Tax Increment Revenue Refunding Bonds Series 2009A	06/15/2030

10. Installment Purchase Agreements

The American Recovery and Reinvestment Act of 2009 (ARRA) provided the City with low-cost financing to fund energy conservation and renewable energy projects. The City was designated by the U.S. Department of the Treasury to receive an allocation of Qualified Energy Conservation Bonds (QECB) and New Clean Renewable Energy Bonds (NCREB) to finance energy projects. The Treasury provided a subsidy of approximately 70% (based on a formula) of the amount of interest due on QECB and NCREB bonds. The bonds will be used on lighting improvements to outdoor streetlights and energy conservation retrofits to city buildings and solar panel installations at various city facilities, which are expected to reduce utility costs generating savings sufficient to repay the debt service on the Agreements.

11. Revenue Bonds

The City received funds from the State of Nevada. The bonds were from the State's Renewable Energy, Energy Efficiency and Energy Conservation loan funding. The Bonds are authorized to defray in part the cost to acquire, improve and equip building projects as defined in NRS 268.676, including without limitation, the prepayment of solar energy electricity for city buildings under the authority of, and in full conformity with, the constitution and laws of the State of Nevada. The City does not pledge its full faith and credit for the payment of the bonds. The Bonds are a special obligation of the City, payable and collectible solely out of and secured by the City's consolidated tax.

11. Developer special assessment debt

In May 1996, the City created Special Improvement District No. 707 for the Summerlin development area. In July 1996, the City issued \$40,000,000 in tax-exempt bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as an agent for the property owners in collecting the assessment and forwarding the collections to the bondholders. These transactions are accounted for in an agency fund. The Summerlin project consists of the acquisition of certain improvements developed by Howard Hughes Properties, Ltd. These improvements, which are accounted for in a capital projects fund, include construction of streets, water distribution systems, sanitary sewers, storm sewers, curbs and gutters, sidewalks, localized drainage facilities, and landscaping.

As of June 30, 2015, the City had released approximately \$45,135,153 of the construction funds for improvements, which included \$5,406,962 of interest income used. The outstanding balance on the bonds was \$1,690,000 at June 30, 2015.

In February 2001, the City created Special Improvement District No. 808 for the Summerlin development area. In May 2001, the City issued \$46,000,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as an agent for the property owners in collecting the assessment and forwarding the collections to the bondholders. These transactions are accounted for in an agency fund. The Summerlin project consists of the acquisition of certain improvements developed by Howard Hughes Properties, Ltd. These improvements, which are accounted for in a capital projects fund, include street improvements (including grading, paving, base, street lights, curbs and gutters, sidewalks and striping), together with traffic signals, sanitary sewers, water lines, storm drains, and related facilities. As of June 30, 2015, the City has released \$41,990,010 of the construction funds, which includes \$3,121,256 of interest income used. The outstanding balance on the bonds payable was \$10,310,000 at June 30, 2015.

11. Developer special assessment debt (continued)

In May 2003, the City created Special Improvement District No. 809 for the Summerlin development area. In June 2003, the City issued \$10,000,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as an agent for the property owners in collecting the assessment and forwarding the collections to the bondholders. These transactions are accounted for in an agency fund. The Summerlin project consists of the acquisition of certain improvements developed by Howard Hughes Properties, Ltd. These improvements, which are accounted for in a capital projects fund, include street improvements (including grading, paving, base, street lights, curbs and gutters, sidewalks and striping), together with traffic signals, sanitary sewers, water lines, storm drains, and related facilities. As of June 30, 2015, the City has released \$10,797,533 of the construction funds, which includes \$797,536 in interest income used. The outstanding balance on the bonds payable was \$4,295,000 at June 30, 2015.

In May 2004, the City created Special Improvement District No. 607 for the Providence development area. On June 3, 2004, the City issued \$51,185,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as the agent for the property owners in collecting the assessments and forwarding the collection to the bond holders. These transactions are accounted for in an agency fund. The Providence project consists of the acquisition of certain improvements developed by Cliffs Edge, LLC. These improvements, which are accounted for in a capital projects fund, include street, water, sewer, storm drainage and other improvements. The outstanding balance on the bonds payable was \$24,180,000 at June 30, 2015.

In July 2007, the City created Special Improvement District No. 810 for the Summerlin development area. In September 2007, the City issued \$23,625,000 in tax-exempt local improvement bonds on behalf of the property owners. The City is not liable for repayment of the debt and is prohibited from assuming the debt in the event of default by the property owners. The City acts as an agent for the property owners in collecting the assessment and forwarding the collections to the bondholders. These transactions are accounted for in an agency fund. The Summerlin project consists of the acquisition of certain improvements developed by Howard Hughes Properties, Ltd. These improvements, which are accounted for in a capital projects fund, include street improvements (including grading, paving, base, street lights, curbs and gutters, sidewalks and striping), together with traffic signals, sanitary sewers, water lines, storm drains, and related facilities. As of June 30, 2015, the City has released \$9,436,942 of the construction funds, \$8,090,758 for refunding of District No. 808, and \$4,460,100 for bond costs and reserves. The outstanding balance on the bonds payable was \$18,310,000 at June 30, 2015.

13. Encumbrances / Commitments

Encumbrances:

Encumbrances for purchase orders, contracts, and other commitments for expenditures are recorded in memorandum accounts of the City's governmental funds. Encumbrance balances include contracts that span over multiple fiscal years.

The following schedule details encumbrances outstanding for the year ended June 30, 2015

General Fund	\$ 131,279
Special Revenue Funds	9,848,936
Capital Projects Funds	 62,549,176
	\$ 72,529,391

Commitments:

In October 1998, the City and Clark County entered into the Regional Justice Center Financing Agreement. The County has constructed a Regional Justice Center (RJC) for the Eighth Judicial District Court of the State of Nevada, Las Vegas Justice Court, and the Municipal Court of the City. In exchange for leasing a portion of the RJC, the City agreed to pay 25% of the project cost limited to a maximum of \$29,000,000. On March 1, 1999, on behalf of the City, the County issued the \$29,000,000 of Clark County, Nevada General Obligation (Limited Tax) Public Facilities Bonds (Additionally Secured by Interlocal Agreement Pledged Revenues) Series 1999C. Pursuant to the financing agreement, the City makes semi-annual payments to the County on December 1 and June 1, which are in-substance rent. For the year ended June 30, 2015, the City made \$1,991,040 of in-substance lease payments per the agreement.

The County issued public safety bonds for the purpose of financing all or a portion of the cost of acquiring, constructing, improving, and equipping a police training academy and four area command substations for the Las Vegas Metropolitan Police Department. In March 2000, the City and Clark County entered into an interlocal financing agreement which requires the City to make semi-annual payments to the County to fund a portion of the outstanding balance of the public safety bonds. The City's annual financial commitment varies based on the City's apportionment of the funding formula approved by the City and the County pursuant to NRS 280.190 (4) for the fiscal year in which such debt service payment is due and payable. For the year ended June 30, 2015, the City made \$644,725 in payments, and the bonds were fully repaid.

14. Interfund transactions

A. Due to/from other funds

The following schedule details the amounts due from/to other funds at June 30, 2015:

Receivable Fund	Payable Fund		Amount
General Fund	Redevelopment Agency	\$	679,196
	Non-major governmental		140
	Nonprofit corporations	_	1,030,759
			1,710,095
Nonprofit corporations	General Fund	_	2,610
	Municipal Parking	_	37,534
		_	40,144
Redevelopment Agency	Nonprofit coporations	_	2,927,813
Sanitation	Nonprofit corporations		109,163
Non-major governmental	Non-major governmental		63,161
Internal Service Fund	Redevelopment Agency	_	283
Total		\$ =	4,850,659

14. Interfund transactions (continued)

A. Due to/from other funds (continued)

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. These balances also include the amount of working capital advances made to various funds that the general fund expects to collect in the subsequent year.

B. Interfund transfers

Interfund transfers are legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended. Transfers between fund types during the year ended June 30, 2015, were as follows:

	TRANSFERS OUT													
				R	edevelopment		Road and		Non-Major		Municipal		Nonprofit	Internal
	TR	RANSFERS IN	General Fund		Agency		Flood	_ (Governmental		Parking	_	Corps	Service
General Fund	\$	9,550,000	\$	\$		\$	_	\$	9,550,000	\$	_	\$	_	\$
Redevelopment														
Agency		4,900,000	2,000,000										2,900,000	
Road and Flood		4,420,378	500,000						3,920,378					
Non-Major														
Governmental		92,743,923	30,013,000		938,000		892,297		48,422,539		11,525,274			952,813
Nonprofit														
Corporations		9,368,021	8,329						9,359,692					
Non-Major														
Proprietary		1,200,000	1,200,000											
Internal Service	_	7,013,000	6,293,000						720,000					
Total	\$	129,195,322	\$ 40,014,329	\$	938,000	\$	892,297	\$	71,972,609	\$	11,525,274	\$	2,900,000	\$ 952,813

Transfers are used to move revenues from the funds with collection authorization to other funds where expenditures are recorded. These include debt service principal and interest payments, voter-approved fire safety initiative expenditures for operating and capital costs, residential construction taxes and hotel/motel room taxes for capital projects. Unrestricted general fund revenues are moved to finance various programs and capital projects that the City must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies for various programs or matching funds for various grant programs.

15. Segment information

In a prior fiscal year, the City issued general obligation revenue bonds to finance construction of a golf course. Summary financial information for the Municipal Golf Course Enterprise Fund as of and for the years ending June 30, 2015 and 2014 is presented below.

CONDENSED STATEMENT OF NET ASSETS

	2015	2014

Beginning cash and cash equivalents	778,200	990,515

16. Risk management and contingent liabilities

Ending cash and cash equivalents

State and local governments are subject to many types of claims; such as those arising out of workers' compensation claims, contractual actions, claims for delays or inadequate specifications, damage to privately owned vehicles by City-owned vehicles, and claims relating to personal injuries and property damage.

891,103

778,200

Claims against state and local governments are characterized by the following conditions that could make estimation of the ultimate liability extremely difficult:

- a. Certain types of claims may be filed in amounts far greater than those that can reasonably be expected to be agreed on by the City and the claimant or awarded by a court.
- b. The time permitted between the occurrence of an event causing a claim and the actual filing of the claim may be lengthy.
- c. The time that may elapse between filing and ultimate settlement and payment of a claim may be extremely lengthy. Similarly, the adjudicated loss may be paid over a period of years after a settlement.

16. Risk management and contingent liabilities (continued)

A liability for claims will be reported if information is available prior to issuance of the basic financial statements and indicates it is probable that a liability has been incurred at the date of the basic financial statements and the amount of the loss can be reasonably estimated. In addition, there are situations in which incidents occur before the balance sheet date but claims are not reported or asserted when the basic financial statements are prepared. These "incurred but not reported" claims have been estimated based upon the City's past experience, adjusted for current trends and an inflation factor. The claims are included in the appropriate liability accounts.

A. Self-Insurance programs

The City operates two self-insured programs – one for liability and property damage purposes and one for employee benefits including workers' compensation and group insurance as follows:

1. Liability Insurance and Property Damage Internal Service Fund

The fund was established December 15, 2004, by City Council Resolution. It is a consolidation of the Liability Insurance Internal Service Fund, established July 5, 1979, by City Council Resolution and modified August 7, 1985, and the Property Damage Insurance Fund, established October 6, 1993, by City Council Resolution. The fund's pooled cash and investments balance was \$4,261,332 at June 30, 2015, and charges for services of \$1,879,468 were made to the consolidated funds during the year ended June 30, 2015. The purpose of the fund is to pay for self-assumed losses. As of June 30, 2015, \$284,111 has been accrued for claims and judgments payable, including incurred, but not reported claims, which are estimated to be payable within one year.

Changes in the balance of claims and judgments during fiscal years ended June 30 were as follows:

		Current year			
	Balance at	claims and	Claims and	Balance at	
	beginning of	changes	Claim	end of	Due within
	fiscal year	in estimates	payments	fiscal year	one year
2014	\$ 316,836	\$ 1,136,997	\$ (1,094,687)	\$ 359,146	\$ 359,146
2015	359,146	965,842	(1,040,877)	284,111	284,111

2. Employees Benefit Internal Service Fund

The fund was established December 15, 2004, by City Council Resolution. It is a consolidation of the Workers' Compensation Insurance Internal Service Fund established August 21, 1985, by City Council Resolution and the Group Insurance Internal Service Fund. The resolution establishes a minimum cash balance not less than twenty-five percent of the prior year expenditures. The purpose of the fund is to provide employees and beneficiaries with compensation for occupational accidents and diseases and other insurance benefits, and is funded by an adjustable payroll allocation and payroll deductions. The City's maximum payment for industrial injuries as of June 30, 2015, ranges from \$350,000 to \$5,000,000 per claim, with excess insurance coverage provided by an insurance company. Settled claims have not exceeded this commercial coverage over the past three fiscal years. The City will be reimbursed \$1,185,867 by an insurance company for payments on settled claims in excess of the self-insurance limits in effect at the time of the claims. The fund's pooled cash and investments and other investments at June 30, 2015, was \$34,467,967 with a net position balance of \$8,527,679. Current benefits payable totaled \$7,639,703 which include \$2,713,723 in accrued judgements payable, PERS liability of \$4,843,857 and employee withholding payable of \$82,123. The current portion of the heart lung presumptive claims liability totaled \$4,498,231 at June 30, 2015.

Noncurrent liabilities consisted of heart lung (workers' compensation) presumptive liability of \$13,011,400 and \$630,969 of accrued general workers' compensation claims payable. There were charges for services of \$148,614,250 made to the fund during the current year.

16. Risk management and contingent liabilities (continued)

A. Self-Insurance programs (continued)

2. Employees Benefit Internal Service Fund (continued)

Changes in the balance of workers' compensation claims during fiscal years ended June 30 were as follows:

		Current year			
	Balance at	claims and		Balance at	
	beginning of	changes in	Claim	end of	Due within
	fiscal year	estimates	payments	fiscal year	one year
2014	\$ 11,443,809	\$ 9,063,398	\$ (5,740,752)	\$ 14,766,455	\$ 6,353,261
2015	14,766,455	10,785,482	(4,697,612)	20,854,325	7,211,955

B. Other Postemployment Benefits (OPEB) Plan

1. Background:

The City accounts for and reports its costs and estimated future liability related to postemployment healthcare and other non-pension benefits. Historically, the City's subsidy was funded on a pay-as-you-go basis. The City now accrues the cost of the retiree health subsidy and other postemployment benefits during the period of employees' active employment, while the benefits are being earned, and discloses the unfunded actuarial accrued liability in order to accurately account for the total future cost of postemployment benefits and the financial impact on the City. The net OPEB liability is reduced each year by the amount of employee contributions. Employee contributions equal the claim payments, administrative charges and state charged subsidies paid on behalf of retirees, less any retiree contribution premiums.

2. Plan Description:

The City sponsors a single-employer defined benefit healthcare plan. The plan options are: Sierra Health and Life (PPO); Health Plan of Nevada (HMO); and dental (MetLife) and vision plans (VSP). Each City plan provides medical, prescription drug, dental and vision benefits to retirees and their covered dependents. Retirees are eligible to participate at age 55 with 5 years of service or at any age with 30 years of service. Those retiring on or before September 1, 2008, also had the option of transferring to the State of Nevada Plan. This plan, the Public Employee Benefit Program (PEBP), is an agent multiple employer, defined benefit plan. PEBP benefit provisions are established by the Nevada State Legislature. For those retirees who selected the PEBP Plan, the City is obligated to pay a monthly subsidy to the PEBP for the coverage on those transferees. Information on the State plan can be obtained at Public Employee Benefits Plan, 901 South Stewart Street, Suite 101, Carson City, Nevada 89701, 1-800- 326-5496.

3. Funding Policy

The City has a six-member Insurance Committee (three labor and three management) that reviews the insurance needs of the City. They make recommendations to City management, who then determines funding requirements and plan options. Insurance funding for the Las Vegas Police Officers Association/Correction Officers (POA), the Las Vegas Police Protection Association Marshals (PPA) and the International Association of Firefighters Local 1285 are governed by collective bargaining association contracts. The associations cover the OPEB insurance needs of these organizations based on contract funding with the City, therefore they are not included in the City OPEB liability and cost. The City is required to pay the PEBP a monthly subsidy based on the number of years of service with the City at retirement. The subsidy levels payable by the City differ based upon Medicare status. For retirees not on Medicare who retired prior to January 1, 1994 the subsidy is \$462 and does not vary by years of service at retirement. Otherwise, the subsidy level does vary by years of service, except in those instances where greater than 20 years of service is attained. The subsidy contribution ranges from 5 years of service at \$116 per month to 20 or more years of services at \$636 per month. For those on Medicare, the subsidy level ranges from \$55 (5 years of service) to \$220 (20 or more years of service). The level is \$165 for all Medicare retirees that retired prior to January 1, 1994. Approximately 469 retirees are with the State Plan as of the most recent valuation. The City's current funding policy for its OPEB liability is pay as you go.

16. Risk management and contingent liabilities (continued)

B. Other Postemployment Benefits (OPEB) Plan (continued)

4. Annual OPEB Cost:

The annual OPEB cost for the City plan is calculated based on the annual required contribution (ARC) of the City, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45 *Accounting and Financial Reporting for Postemployment Benefits other than Pensions.* The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The City's annual OPEB cost for the current year and the related information is as follows:

	City		PEBP		Total	
Annual Required Contribution (ARC)	\$	3,939,790	\$	1,336,128	\$	5,275,918
Interest on net OPEB obligation		2,225,100		1,498		2,226,598
Adjustments to ARC		(3,114,878)		(2,098)		(3,116,976)
Annual OPEB cost		3,050,012		1,335,528		4,385,540
Contributions		(1,651,000)		(2,121,182)		(3,772,182)
Increase (decrease) in net OPEB obligation		1,399,012		(785,654)		613,358
Net OPEB obligation, beginning of year		56,331,633		37,933		56,369,566
Net OPEB obligation, end of year	\$	57,730,645	\$	(747,721)	\$	56,982,924

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation, as of and for the years ended June 30, is as follows:

		Percentage of Annual				
		Annual OPEB Cost		Net OPEB		
Plan	Year End	OPEB Cost	Contribution	Obligation/(Asset)		
City of Las Vegas	June 30, 2013	\$ 2,688,893	128.7%	\$ 54,609,418		
City of Las Vegas	June 30, 2014	3,077,215	44.0%	56,331,633		
City of Las Vegas	June 30, 2015	3,050,012	54.1%	57,730,645		
PEBP	June 30, 2013	1,638,613	269.3%	481,250		
PEBP	June 30, 2014	1,328,526	133.4%	37,933		
PEBP	June 30, 2015	1,335,528	158.8%	(747,721)		

16. Risk management and contingent liabilities (continued)

B. Other Postemployment Benefits (OPEB) Plan (continued)

5. Funding Status and Funding Progress:

The funding status of the plan as of the most recent actuarial valuation date, July 1, 2013 is as follows:

	City	PEBP	Total	
Actuarial accrued liability (AAL) (a)	\$ 37,285,394	\$ 27,946,26	\$ 65,231,657	
Actuarial value of Plan assets (b)	 (6,271,969)	(4,700,98	5) (10,972,954)	
Unfunded actuarial accrued liability				
(UAAL)=(a)-(b)	\$ 31,013,425	\$ 23,245,27	8 \$ 54,258,703	
Funded ratio (b)/(a)	16.8%	16.8%	16.8%	
~				
Covered payroll (c)	\$ 113,476,559	*	\$ 113,476,559	
UAAL as a percentage of covered payroll ([(a)-(b)]/(c))	27.3%	0.0%	47.8%	

^{*}PEBP closed to City participants as of September 1, 2008, therefore covered payroll is zero Annualized pay of active employees as of the valuation date.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions: Projections of benefits for financial reporting purposes are based on the substantive plans (the plans as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the City and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Significant methods and assumptions are as follows:

	City	PEBP	Total
Actuarial valuation date	July 1, 2013	July 1, 2013	
Actuarial cost method	Projected unit	Projected unit	
Amortization method	Level dollar on an open period amortization basis	Level dollar on an open period amortization basis	
Remaining amortization period	30 years	30 years	
Actuarial value of assets	\$6,271,969	\$4,700,985	\$10,972,954
Valuation rate of return (Investment rate)	3.95%	3.95%	
Inflation rate	3.0%	3.0%	
Healthcare inflation trend rate years from measurement date	1 through 10	1 through 10	
Increase over prior year	7.5% initial through 5.25% ultimate	First year based on actual 2nd year 7.25% through 5.25% ultimate	

The City uses the Employee Benefit Internal Service fund to allocate OPEB cost to each fund based on a payroll benefit rate. Each fund incurs a charge for the service.

16. Risk management and contingent liabilities (continued)

C. OPEB Trust Fund

In a prior fiscal year, the City approved the creation of an OPEB Trust Fund. The assets of the OPEB Trust are intended to be invested in the Retirement Benefits Investment Fund (RBIF), which is managed through an intrastate interlocal agreement with the Retirement Benefits Investment Board, located at 693 W. Nye Lane, Carson City, Nevada 89703. The trust was established pursuant to NRS 355.220 and the investments are not allowed to violate Section 10 of Article 8 of the Constitution of the State of Nevada. The trust is intended to provide the means to fund post-retirement benefits provided by the employee benefit plans. The assets to fund retiree health benefits are to be held in trust and treated as wholly separate from the City's assets and are for the benefit of participants and beneficiaries. There are no tax consequences to the trust, and the income of the trust is tax exempt. The trust is subject to the usual rules applicable to health benefit plans. During the Fiscal Year ended June 30, 2015, the City made no contribution to the trust. The net market value of the trust at June 30, 2015, was \$13,409,353.

D. Heart, Lung Presumptive Liability

The City has estimated the potential exposure for costs of indemnity (wage replacement) benefits and medical benefits for disability of public safety employees (police, fire) who develop heart disease, lung disease, cancer or hepatitis. The estimated liability is the sum of two components:

- The outstanding benefit costs due to reported claims for which the City is currently paying benefits, and
- The outstanding benefit costs for future claims incurred but not reported (IBNR) by the City (current population of active and retired public safety employees who may meet future eligibility requirements for awards under Nevada revised statutes).

The claims liability currently payable for indemnity claims is \$4,498,232. Reported as noncurrent is \$61,462,629 consisting of \$13,011,400 of case reserves for existing claims and \$48,451,229 of IBNR claims. IBNR is discounted and amortized over a 20 year period.

E. Litigation

The City is currently involved in litigation including tort actions, condemnations and civil rights allegations. The City Attorney is vigorously contesting each case. Since the minimum probable loss, if any, cannot be reasonably estimated, no provision for loss has been recorded in the accompanying basic financial statements.

F. Unfunded Metropolitan Police (Metro) OPEB Liability and Net Pension Liability

The City and the County jointly fund Metro. The City funds 37.0% and is liable for \$32,609,037 of the Metro net OPEB obligation. A liability has been established in the government-wide statement of net position for the City's portion (see Note 6A).

For the fiscal year ended June 30, 2015, in connection with the adoption of GASB No. 68, the City has recorded its percentage share of Metro's net pension liability of \$269,307,644, in accordance with the City fund percentage.

16. Risk management and contingent liabilities (continued)

G. Tax Increment Notes of the Redevelopment Agency

The Agency has entered into tax increment subordinate lien notes as part of various owner participation agreements related to development of land included in the various redevelopment districts. The indebtedness represented by the notes has been allocated to the land and improvements and is payable solely and exclusively from a predetermined percentage of site tax increment received by the Agency on the parcels, and is not payable from any other source. Because the requirements to repay the notes are contingent on the Agency receiving sufficient site tax increment on the specific parcels, and the obligation is subordinate to the Agency's pre-existing and future debt, the potential future obligation of the Agency has not been reflected in the basic financial statements. The following is a summary of the terms of the various notes:

- Simon/Chelsea Las Vegas Development, LLC Note Taxable tax increment subordinate Lien Note entered into June 30, 2004, in the amount of \$1,837,360 (on June 18, 2008, the note was modified to add an additional \$756,095 for a total of \$2,593,455). Payments started June 30, 2004 and continue until March 5, 2016. Interest accrues at 7 percent per annum, beginning July 1, 2004. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. The note payments started June 30, 2008 and continue until June 30, 2016, with interest at 7 percent beginning accrual June 18, 2008. Also, the percentage of site tax increment from which the note is paid is 41%, and all unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year the Agency received site tax increment revenue and paid \$135,248 in interest to Simon/Chelsea, which was charged to economic development and assistance. The combined outstanding balance at June 30, 2015 was \$3,052,122 which includes \$603,567 of accrued interest.
- WMCV Phase I, LLC Note Taxable tax increment subordinate Lien Note entered into June 30, 2005, in the amount of \$1,696,622. Payments started June 30, 2006 and continue until June 30, 2025. Interest accrues at 8.07 percent per annum, beginning July 1, 2005. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year, the Agency received site tax increment revenue and paid \$136,917 in interest to WMCV Phase I, LLC, which was charged to economic development and assistance. The outstanding balance was \$1,833,540 at June 30, 2015, which includes \$136,917 of accrued interest.
- WMCV Phase II, LLC Note Taxable tax increment subordinate Lien Note entered into June 30, 2006, in the amount of \$8,725,545. Payments started June 30, 2006 and continue until June 30, 2025. Interest accrues at 8.04 percent per annum, beginning July 1, 2005. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year, the Agency received site tax increment revenue and paid \$72,922 in interest to WMCV Phase II, LLC, which was charged to economic development and assistance. The outstanding balance was \$15,673,857 at June 30, 2015, which includes \$6,948,312 of accrued interest.
- WMCV Phase II, LLC Note Taxable tax increment subordinate Lien Note entered into June 18, 2008, in the amount of \$14,268,157. Payments started June 30, 2008 and continue until June 30, 2025. Interest accrues at 7.90 percent per annum, beginning June 30, 2008. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year, the Agency received site tax increment revenue and paid \$303,132 in interest to WMCV Phase III, LLC, which was charged to economic development and assistance. The outstanding balance was \$18,442,931 at June 30, 2015, which includes \$4,616,038 of accrued interest.

16. Risk management and contingent liabilities (continued)

G. Tax Increment Notes of the Redevelopment Agency (continued)

- SP Sahara Development, LLC Note Taxable tax increment subordinate Lien Note entered into June 30, 2008, in the amount of \$20,912,094. Payments started June 30, 2008 and continue for nineteen years until June 30, 2027. Interest accrues at 7.9 percent beginning June 30, 2008. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year, the Agency received site tax increment revenue and paid \$297,388 in interest to SP Sahara Development, LLC, which was charged to economic and development assistance. The outstanding balance at June 30, 2015 was \$31,131,565 which includes \$10,519,886 in accrued interest.
- PH ASA, LLC Note Taxable tax increment subordinate Lien Note entered into April 24, 2006, in the amount of \$995,510. Payments started June 30, 2006 and continue until June 30, 2026. Interest accrues at 7 percent per annum, beginning April 24, 2006. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year, the Agency received site tax increment revenue and paid \$35,719 in interest to PH ASA, LLC, which was charged to economic development and assistance. The outstanding balance at June 30, 2015 was \$1,414,576, which includes \$419,066 of accrued interest.
- WMCV Phase III, LLC Note—Taxable tax increment subordinate Lien Note entered into June 17, 2009, in the amount of \$12,321,620. Payments started June 30, 2009 and continue until June 30, 2025. Interest accrues at 7.57% per annum, beginning June 30, 2009. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year, the Agency received site tax increment revenue and paid \$406,173 in interest to WMCV Phase III, LLC, which was charged to economic development and assistance. The outstanding balance was \$14,520,985 at June 30, 2015, which includes \$2,199,365 of accrued interest.
- WMCII Associates, LLC Note Taxable tax increment subordinate Lien Note entered into June 17, 2009, in the amount of \$2,663,073, payments started June 30, 2009 upon the payment of property taxes and continue for seventeen years until June 30, 2025. Interest accrues at 7.57% beginning June 30, 2009. The percentage of site tax increment from which the note is paid is 41%. All unpaid principal and interest that remains due on the maturity date will cease to be owed and the Agency will owe no additional money after the maturity date. During the year, the Agency received site tax increment revenue and paid \$44,539 in interest to WMCII Associates, LLC, which was charged to economic development and assistance. The outstanding balance was \$3,571,257 at June 30, 2015, which includes \$908,184 of accrued interest.
- On June 15, 2011, the Agency entered into an Interlocal Cooperative Agreement with the City of Las Vegas. This Agreement is for the purpose of transferring to the City a portion of the real estate taxes attributable to the Las Vegas Metropolitan Police Department Metroplex that are distributed to and received by the Agency. The Agency will transfer to the City sixty percent (60%) of the Agency share only of real estate taxes as defined in the Metro Interlocal Agreement between Clark County and the City of Las Vegas each year in connection with the Metroplex. The transfer will occur annually commencing on the first anniversary of the date of a Certificate of Occupancy issued for the Metroplex and will continue thereafter until the County either closes escrow on the purchase of the Metroplex or March 5, 2031, whichever comes first. During the year ended June 30, 2015, the Agency was not obligated to transfer real estate taxes to the City of Las Vegas for Metroplex taxes.

17. Nonprofit Corporations

The corporations were established to promote the health and welfare of the City through the acquisition and disposition of property located within the City. The following schedule presents the financial information for each of the nonprofit corporations that comprise the nonprofit corporations on the Statement of Net Position-Proprietary Funds for the year ended June 30, 2015:

CITY OF LAS VEGAS, NEVADA NOTES TO THE BASIC FINANCIAL STATEMENTS JUNE 30, 2015

18. Prior Period Adjustments

Effective July 1, 2014, the City implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. These statements collectively require governments to report an allocated portion of multi- employer cost-sharing pension funds' liability in which they participate, along with other deferred amounts related to pensions. In connection with the adoption of these standards, beginning net position of governmental and business-type activities has been restated by \$752,114,086 and \$52,573,325, respectively.

The City is a participant in a joint venture with Clark County creating a special financing relationship for the Las Vegas Metropolitan Police Department (Metro) established by State statute (see Note 6). The city is required to fund 37% of Metro's pension liability. Reflected below is the effect of recording the liability on net position.

Net position as of July 1, 2014 has been retroactively restated as follows:

	Governmental Activities	Business-Type Activities	Total
Net Position as previously reported	\$ 3,496,154,234	\$ 749,435,215	\$ 4,245,589,449
Adjustment:			
Record City of Las Vegas pension			
liability	(403,425,244)	(52,573,325)	(455,998,569)
Record City percentage of Metro			
pension liability	(348,688,842)		(348,688,842)
Net Position as restated	\$ 2,744,040,148	\$ 696,861,890	\$ 3,440,902,038

19. Subsequent events

On August 27, 2015, the City issued \$26,000,000 of General Obligation (limited tax) medium-term Recreation Project Bonds Series 2015A. Interest ranges from 2.0 percent to 5.0 percent and is payable semi-annually on March 1 and September 1, commencing March 1, 2016. The bonds mature September 1, 2025.

Also, on August 27, 2015, the City issued \$11,090,000 of General Obligation (limited tax) taxable various purpose refunding bonds (additionally secured by pledged revenues) Series 2015B. Interest ranges from 0.950 percent to 3.30 percent and is payable semi-annually on June 1 and December 1, comencing June 1, 2016. The bonds mature June 1, 2024.

			_		_			=		

The Actuarial Accrued Liability (AAL) calculated under GASB 45 has decreased from \$201 million (September 1, 2006 valuation) to \$65.2 million (July 1, 2013 valuation). The number of City retirees that may elect coverage with the PEBP was closed as of September 1, 2008, in accordance with Senate Bill 544. Effective July 1, 2013, all City retirees in the PEBP eligible for Medicare are in the HRA Individual Medicare Exchange where the City contributions are lower. The City has gone to a fully insured program for retirees not in the PEBP effective January 1, 2013, where no age subsidy applies to post 65 coverage. These plan changes, along with assumption changes including a reduction in the assumed enrollment rate and a change in the attribution method, have resulted in a reduction in the AAL.

The City has acturial valuations biannually. The next valuation will be for fiscal year ended June 30, 2015. Information will be presented as it becomes available in future years.

City = City of Las Vegas (see Footnote 16.B. pages 95 thru 98) PEBP = Public Employee Benefits Plan (See Footnote 16.B. pages 95 thru 98)

Only one year of information is available due to the reporting changes with GASB 68 for Fiscal Year 2015

Major Governmental Funds

GENERAL FUND

The General Fund is the primary operating fund of the City. The fund is supported by a variety of revenue sources and is used to finance a wide range of activities traditionally associated with government which are not legally or by sound financial management to be accounted for in another fund. General Fund resources are ordinarily expended and replenished on an annual basis.

CAPITAL PROJECTS FUND

ROAD AND FLOOD FUND

This fund is used to account for major infrastructure improvements to the City's arterial street system and floodwater conveyance systems. Financing is provided primarily by Clark County, the Regional Transportation Commission and the Clark County Regional Flood Control District.

CITY OF LAS VEGAS, NEVADA RECONCILIATION TO COMBINE GENERAL FUND AND FISCAL STABILIZATION FUND

TO GENERAL FUND AS REPORTED ON THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS FOR THE FISCAL YEAR ENDED JUNE 30, 2015

With the implementation of Governmental Accounting Standards Board (GASB) Statement 54, Fund Balance Reporting and Governmental Fund Type Definitions, the budgetary basis of accounting for the General Fund differs from generally accepted accounting principles (GAAP). GASB 54 requires actual amounts reported in special revenue funds that do not meet the new definition of a Special Revenue Fund from proceeds of specific revenue sources to be included in the General Fund, or other related governmental funds.

Under the new definition, the Fiscal Stabilization special revenue fund did not qualify as a special revenue fund and was combined with the city's general fund as follows:

			Special Revenue Fund	<u> </u>	
		General Fund	Fiscal Stabilization	То	otal General Fund

Nonmajor Governmental Funds

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted for expenditure for specified purposes.

Multipurpose Fund -- This fund accounts for a variety of small programs of a specific nature. Each revenue source has a designated purpose restricted by grant award and/or Council resolution and action.

Las Vegas Convention and Visitors Authority Fund -- This fund accounts for monies received from the Las Vegas Convention and Visitors Authority and subsequent transfers to community programs. The City annually receives a restricted grant which must be used for recreational purposes.

Fremont Street Room Tax Fund -- This fund accounts for monies received from a special 1% downtown room tax. The revenues are to be used exclusively for the purpose of constructing or improving urban projects of the central business area located in downtown Las Vegas.

Special Improvement District Administration Fund -- This fund accounts for monies received from a 1% administrative fee assessed property owners under Nevada Revised Statute 271.415. The revenues are used to administer the billing and collection of assessments, as well as parcel apportionments on development assessments.

Transportation Programs Fund -- This fund accounts for revenues received from a 1% motel/hotel room tax to be used exclusively for transportation improvement projects in the downtown areas.

Street Maintenance Fund -- This fund accounts for revenues received from the City's portion of the motor vehicle fuel tax to be used for maintenance of exiting streets and roadways.

Housing Program Fund -- This fund is used to finance the City's affordable housing needs. public/private partnerships are coordinated via federal grant programs, public fundraising and private foundation support.

Housing and Urban Development Fund -- This fund is used to account for monies received by the City as a grantee participant in the federal Community Development Block Grant and Home Investment in Affordable Housing programs which must be used for qualifying projects.

Fire Safety Initiative Fund -- This fund accounts for a supplemental property tax levy approved by the voters. The revenue will be used for fire station construction, equipment acquisition and additional crews.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, long-term debt principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the government is obligated in some manner for the debt payments.

City of Las Vegas Fund -- This fund is used to account for the annual payment of principal, interest and other fiscal charges necessary to retire the City's general obligation long-term debt.

City of Las Vegas Redevelopment Agency Fund -- Component Unit -- This fund is used to account for the annual payment of principal, interest and other fiscal charges necessary to retire the Agency's long-term debt.

Nonmajor Governmental Funds - Continued

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for the purchase or construction of major facilities which are not financed by proprietary funds.

General Capital Projects Fund -- This fund accounts for the financing and construction of general-purpose public facilities. Financing is provided primarily from bond proceeds and the Housing and Urban Development/Community Development Block Grant and HOME Grant programs.

City Facilities Fund -- This fund is used to account for the costs of capital improvements which are periodically required at the City Hall Complex, its satellite facilities and the maintenance yards. Revenues are derived primarily from General Fund transfers and bond proceeds.

Fire Service Fund -- This fund accounts for costs of constructing new fire stations and making improvements to existing stations. Financing is provided by bond proceeds, interest earnings and transfers from the Fire Safety Initiative Special Revenue Fund.

Public Works Fund -- This fund is used to account for the financing of street rehabilitation and neighborhood drainage improvement programs with revenues provided primarily from the Street Maintenance Special Revenue Fund

Traffic Improvement Fund -- This fund is used to account for the costs of traffic capacity improvements such as installing street signs, traffic signals and street lighting. Financing is provided primarily by the State of Nevada Department of Transportation, the Regional Transportation Commission and developer donations.

Parks and Leisure Activities Fund -- This fund is used to account for the costs construction new or improving existing parks, recreation centers and senior citizen facilities. Financing is provided by transfers from the General Fund, the Las Vegas Convention and Visitors Authority Special Revenue Fund, bond proceeds, grants and park impact fees.

Detention and Enforcement Fund -- This fund is used to account for the costs incurred in the expansion or improvement of the existing detention facilities. Financing is provided by bond proceeds and interest earnings.

Special Assessments Fund -- This fund is used to account for the costs of major infrastructure improvements which benefit particular taxpayers whose properties are being developed through a special assessment district. Funding is provided by bond proceeds and assessment payments from property owners.

Capital Improvements Fund -- This fund is used to account for the City's share of a countywide 5 cent ad valorem property tax levy for capital improvements.

Green Building Fund -- This fund is used to account for programs and incentives to encourage the development and implementation of "green building" practices which are energy efficient and environmentally friendly.

PERMANENT FUND

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Cemetery Operations Permanent Fund -- This fund is used to account for principal trust amounts received. The interest earned on the trust principal is used by the cemetery operator to maintain Woodlawn cemetery.

MAJOR PROPRIETARY FUNDS

Major Proprietary Funds

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

SANITATION FUND

This fund is used to account for the operation of the City's water pollution control facilities and the construction and maintenance of sanity sewer lines for the residents of Las Vegas and North Las Vegas.

NONPROFIT CORPORATIONS

The purpose of the corporations is to promote the health and welfare of the City of Las Vegas and its citizens through the acquisition and disposition of property, exclusively for public purposes.

MUNICIPAL PARKING FUND

This fund is used to account for the revenues and expenses of providing public parking. This includes the leasing of two downtown parking garages owned by the City, all parking enforcement and parking ticket collection activity throughout the City, and the construction and operation of downtown parking facilities.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods and services provided by one department or agency of a government to other departments or agencies on a cost reimbursement basis. Accounting for Internal Service Funds as a proprietary fund type is designed to accumulate the total cost (including depreciation) of providing a particular service. Costs of services are reimbursed by the departments or agencies to which the service is provided.

Reimbursable Expense Fund -- This fund is used to account for miscellaneous costs of services and supplies which are incurred on behalf of private enterprises and other governmental entities.

Fire Communications Fund -- This fund is used to account for the costs of providing emergency dispatch services for the entire Las Vegas valley area. Through an interlocal agreement, the costs of operations are shared by the City and other governmental entities who are billed quarterly.

Print Media Fund -- This fund is used to account for the costs of materials, supplies and graphic reproduction services to City departments and agencies which are charged at cost plus a handling fee.

Computer Services Fund -- This fund is used to account for the purchase, software licensing, and maintenance of personal computers.

Automotive Operations Fund -- This fund is used to account for the acquisition, replacement, maintenance and repair of the City's fleet of vehicles and equipment as well as the operating costs of the central garage and its satellites. City departments and agencies are charged monthly fees to allow recovery of costs.

Employee Benefit Fund -- This fund is used to account for monies collected from City departments, employees and former employees and dependents to be expended for premiums and claims for health insurance and other employee benefits provided to employees and their dependents. The fund includes the City's Workers' Compensation self-insurance program which expends payment of claims, as required by law, to employees injured by accident at work.

Liability Insurance and Property Damage Fund -- This fund is used to account for monies collected for the self-insurance program from City departments to be expended for payment of claims, to certain legal limits, for casualty and accident insurance and to cover damage and loss of City-owned assets.

City Facilities Fund -- This fund is used to account for all costs associated with the utilities, maintenance, custodial and remodeling services for City-owned facilities.

Fiduciary Funds

AGENCY FUNDS

Agency Funds are used to account for assets held by the government as an agent for individuals, private organizations, and other governments. These funds are custodial in nature and do not involve measurement of operations. Agency Funds are merely clearing accounts and have no fund equity.

Deposits Fund -- This fund is used to account for the collection and disbursement of monies deposited with the City. Monies collected and disbursed from this fund include room tax, local gaming tax, payroll deductions, unclaimed monies, water planning fees and various other deposits.

Municipal Court Bail Fund -- This fund is used to account for the collection and disbursement of monies deposited by individuals awaiting trial and final adjudication of the charges filed against them.

Developer Special Assessment Fund -- This fund is used to account for the debt service, collection of assessments and arbitrage payments for developer special improvement districts on behalf of the property owners. The City is not obligated in any manner for the debt and is only acting as an agent for the assessed property owners and the bondholders.

This schedule presents only the capital asset balances related to governmental funds. Accordingly, the capital assets reported in internal service funds are excluded from the above amounts. Generally, the capital assets of internal service funds are included as governmental activities in the statement of net assets.

STATISTICAL SECTION

This part of the City of Las Vegas' Comprehensive Annual Financial Report presents detailed information as context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City of Las Vegas' financial performances and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City of Las Vegas' most significant local revenue source, the consolidated tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City of Las Vegas' current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City of Las Vegas' financial report related to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

Source: Clark County Assessor's Office

Notes:

Property in the County is reassessed annually. The county assesses property at approximately 35% of actual value for all types of real and personal property.

¹ Vacant parcels include those with minor improvements.

² Estimated Taxable Actual Value is calculated by dividing Total Taxable Assessed Value by the current 35% tax rate.

³ Includes Tax-Exempt Property

⁴ The Net Assessed value that is used in this section will vary to the amount utilized in the Annual Budget book for the City of Las Vegas due to the timing of data from the Clark County Assessor and the State of Nevada, Department of Taxation.

Totas.

The State Constitution has a maximum rate limit of \$5 per \$100 assessed value and Nevada Revised Statutes further lower the limit to a total combined tax rate of \$3.64. The overlapping rates include the County, School District, State and Special Districts (LVMPD 911, LVMPD Manpower, Library and Artesian Basin). These apply to taxpayers whose property is located within the City of Las Vegas boundaries.

¹ City of Las Vegas operating tax rate includes .06765 for regular operating and .0950 Fire initiative tax which is distributed at 80% and 20% capital.

² The Special Districts include the Library, LVMPD 911 and LVMPD Manpower.

Total Overlapping Debt									2,053,174	
Total Direct and Overlapping Debt								↔	2,536,137	

Sources: Debt amounts are acquired from the various entities; percentage applicable is derived from the assessed value in the State of Nevada Department of Taxation's Redbook' and the Clark County Assessor Segregation Report. Clark County School District percentage was taken from the annual report. The Library District is from the annual

of those overlapping governments that is borne by the residents and businesses of the City of Las Vegas. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be take into account. However, this does not imply that every taxpayer is Notes: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt a resident, and therefore responsible for repaying the debt, of each overlapping government.

¹ This is the outstanding debt of governmental activities, net of original issuance discounts and premiums

² The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the City's taxable assessed value that is within the County's boundaries and dividing it by the County's total taxable assessed value and the State's total taxable assessed value.

³ The percentage of the School District is the total schools in the City of Las Vegas divided by the total schools in the District. Library percentage is the total of branches in the City of Las Vegas divided by the total number of branches in the District.

⁴ The Clark County debt includes the Las Vegas Valley Water District.

⁵ Debt pertaining to the City of Las Vegas Redevelopment Agency/Component Unit are included in the above schedule

Votes

Per City Charter, the City of Las Vegas' bonded debt cannot exceed 20 percent of total assessed property value.

Per NRS 244A.059, the general obligation debt subject to the limitation may be offset by outstanding revenue bonds, special assessment bonds, any other special obligation and amounts set aside for repaying general obligation bonds.

¹ This is the outstanding debt of both governmental and business-type activities, net of original issuance discounts and premiums

² This debt is excluded in the calculation under NRS 244

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the City Council City of Lau Vegas, Nevada

We have audited, in accordance with the soliting standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Las Vegus (the City) as of and for the year ended Jose 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents, and have issued our report thereon dated December 31, 2015.

Internal Control over Financial Reporting. In placeing and performing our audit of the basic financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing on opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A difficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, existatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's basic financial statements will not be prevented, or detected and corrected on a timely basis. A significant difficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to ment attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters. As part of obtaining reasonable assurance about whether the City's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of busic financial statement amounts, including whether the funds established by the City, as listed in Nevada Revised Statutes (NRS) 354.624 (5)(a)(1 through 5), complied with the express purposes required by NRS 354.6241. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain mature that we reported to the City in a separate letter dated December 31, 2015.

Purpose of this Report. The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Members of the City Council. City of Las Vegus, Nevada

We have studied the compliance of the City of Las Vegas (the City) with the types of compliance requirements described in the Office of Management and Budget (OMB) Compilance Supplement that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2015. The City's major federal programs are identified in the summary of suditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility. The City's management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility. Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our sudit of compliance is accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, inseed by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Nov-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our sudit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program. In our opinion, the City complied, in all statorial respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance. The City's management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our madit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness is interest control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant algliciency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first puragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-U3. We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 31, 2015, which contained an unmodified opinion on those basic financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements thereselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

CITY OF LAS VEGAS, NEVADA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2015

(1) Reporting Entity

The accompanying Schedule of Expenditures of Federal Awards presents the expenditure activity of all federal award programs of the City of Las Vegas, Nevada (the "City") for the year ended June 30, 2015. The City's reporting entity is defined in Note 1 to its basic financial statements. All expenditures of federal grant awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule.

(2) Basis of Accounting

The accompanying supplementary Schedule of Expenditures of Federal Awards is prepared on the accrual basis of accounting. Expenditures are recognized when they become a demand on current available financial resources. Encumbrances are used during the year for budgetary control purposes and lapse at fiscal year end.

(3) Relationship to General Purpose Financial Statements

Expenditures of federal awards are reported in the City's basic financial statements as follows:

Capital Project Funds	\$ 6,900,825
General Revenue Fund	1,143,195
Special Revenue Funds	12,405,680
	\$ 20,449,700

(4) Subrecipient Expenditures

Of the federal expenditures provided in the Schedule of Expenditures of Federal Awards, the total amount provided to subrecipients from each federal program for the fiscal year ended June 30, 2015 is listed below:

Community Development Block Grants/Entitlement Grants (CFDA Number 14.218)	\$	1,/28,368
Emergency Solutions Grant Program (CFDA Number 14.231)		464,252
Housing Opportunities for Persons with Aids (CFDA Number 14.241)		931,761
Distribution of Receipts to Local Governments / Southern Nevada Public Land		330,900
Management (CFDA Number 15.235)		
Home Investment Partnerships Program (CFDA Number 14.239)		2,472,778
Edward Byrne Memorial Justice Assistance Grants (CDFA Number 16.738	_	32,987
	\$	5,961,046

None reported

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

FOR THE YEAR ENDED JUNE 30, 2015

Section III – Findings and questioned costs for federal awards, including audit findings as defined in Circular A-133 Section .510(a)

None reported

SCHEDULE OF PRIOR FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED JUNE 30, 2014

Section II – Findings relating to the financial statements, which are required to be reported in accordance with auditing standards generally accepted in the United States and Government Auditing Standards

2014 - 001

Criteria Asset ledgers and schedules listing properties held for resale are routinely and timely reviewed and

reconciled to the general ledger. In addition, communication between departments is timely and effective to ensure that entries posted to the City's financial statements are complete and accurate.

Condition During fiscal 2014, as part of the City's internal review procedures, it was noted that certain foreclosed

residential properties acquired with federal grant funding were maintained in the City's name; however, such assets were not recorded in the City's financial statements. As a result, a prior period adjustment was prepared by management to record \$14,037,241 of properties held for resale.

While testing the prior period adjustment during the audit, we noted that the adjustment incorrectly excluded certain refurbished homes that were still listed in the City's name on the Clark County

Assessor's website at year-end.

Effect The asset balance (properties held for resale) was understated by \$4,871,770.

Cause The Finance department misinterpreted the schedule used to prepare the prior period adjustment, and

inadvertently excluded properties that had yet to be sold and were still listed in the City's name.

Current status Corrected

SCHEDULE OF PRIOR FINDINGS AND QUESTIONED COSTS (CONTINUED)

FOR THE YEAR ENDED JUNE 30, 2014

Section III – Findings and questioned costs for federal awards, including audit findings as defined in Circular A-133 Section .510(a)

2014 - 002

Program Community Development Block Grants/Entitlement Grants (CFDA #14.218)

Specific requirements The amounts reported in the schedule of expenditures of federal awards (SEFA) should be a complete

and accurate representation of the federal expenditures and program income applicable to each federal

program (or cluster of programs).

Condition and context The unaudited schedule of expenditures of federal awards (SEFA) listed expenditures of \$12,093,412 for

CFDA #14.218. During the audit, it was noted that \$300,932 of fiscal 2013 expenditures related to the Neighborhood Stabilization Program (NSP) were inappropriately included in the current year

SEFA

Questioned costs None

Effect The amounts reported in the unaudited SEFA were overstated by \$300,932.

Cause The review of the reconciliation between expenditures incurred and federal draws requested did not

detect that \$300,392 of prior year expenditures were being included as expenditures in the current year

SEFA.

Current status Corrected

SCHEDULE OF PRIOR FINDINGS AND QUESTIONED COSTS (CONTINUED)

FOR THE YEAR ENDED JUNE 30, 2014

Section III - Findings and questioned costs for federal awards, including audit findings as defined in Circular A-133 Section .510(a) (continued)

2014 - 003

Community Development Block Grants/Entitlement Grants (CFDA #14.218) Program

Specific requirements

The Federal Funding Accountability and Transparency Act (Transparency Act) requires specific information to be reported using the OMB website (www.USAspending.gov) for "first-tier" subawards. First-tier subawards are defined as Non-Recovery Act funding received directly from a federal agency in excess of \$25,000 that are passed through to a subrecipient, and are required to be

reported in the month following the month in which the amount was awarded.

Condition and context During fiscal 2014, there were nine first-tier subawards approved by City Council that were not reported

on the www.USAspending.gov web site.

Ouestioned costs None.

Effect The City is not in compliance with the reporting requirements of the Transparency Act.

Cause Management's understanding of the Transparency Act was that sub-awards had to be reported by the end

of the calendar year, and not in the month following the completion of the sub-award agreement.

Current status Corrected.
