Re: Continuation of Wireless Use Agreement Between the City of Las Vegas and ExteNet Systems, Inc.

Dear Madam or Sir:

The Wireless Use Agreement dated July 1, 2007 and extended on July 1, 2012 will expire on July 1, 2017. Due to industry innovations and new approaches to the wireless transmission of data, the City of Las Vegas ("City") is evaluating its current program and working on a policy to address this developing area of technology, to be reflected in the language of any new agreements.

Therefore, the City is willing to treat the terms of that original Wireless Use Agreement as modified by any amendments and extensions thereto, as if still effective, on a month-to-month basis until such time as the Las Vegas City Council considers and acts upon a new agreement, provided that ExteNet Systems, Inc. continues to comply with all of the terms of said agreement, including but not limited to maintaining the required insurance coverages and bonds, and timely reporting and payment of all fees due to the City. The City Council's decision with regard to the relationship between ExteNet Systems, Inc. and the City of Las Vegas is final.

If this is acceptable to you, please sign below and return the original to me. Please feel free to contact me at (702) 229-1206 or gbishop@lasvegasnevada.gov if you have any questions.
