Las Vegas Fire & Rescue Mission Statement

We promote community safety by

- *Protecting life*
- *Preventing loss*
- *Providing support and relief to those in need*

Las Vegas Fire & Rescue Vision Statement

We will continue to be a world-class fire and rescue agency striving for a safer community.

Las Vegas Fire & Rescue Slogan

“Striving for a safer community”

Las Vegas Fire & Rescue Core Values

1. **Honor** – It is our privilege to serve our community; we take pride in our profession and in our appearance.
2. **Duty** – We are committed to our mission; putting others before self.
3. **Trust** – We are honest and reliable.
4. **Integrity** – We do the right thing even when no one is watching; we take responsibility for our actions.
5. **Respect** – We treat other as we want to be treated; we comply with our policies and procedures; we are understanding.
6. **Unity** – Working as one in support of our mission.

EXECUTIVE STAFF

William “Willie” McDonald, *Fire Chief*

Eddie Vigil, *Senior Deputy Chief*

David Slattery, *Deputy Chief of Medical Services/Medical Director*

Robert Nolan, *Deputy Chief of Fire Prevention/Fire Marshal*

Jon Stevenson, *Assistant Chief*

Sarah McCrea, *Assistant Chief*

History

On June 6, 1905, the newly founded city of Las Vegas had its first fire when four buildings burned. In 1907, city ordinance established the Las Vegas Volunteer Fire Department (LVFD). As the city grew, so did the requests for service from LVFD. So, Aug. 1, 1942, the department hired its first full-time members: one fire chief and 12 firefighters. In 1999, city ordinance changed the name of the department from Las Vegas Fire Department to Las Vegas Fire & Rescue.

Today, Las Vegas Fire & Rescue (LVFR) protects a city that covers 133.25 square miles (including large Clark County "islands"), nearly 610,000 residents and several million visitors each year. LVFR is an Insurance Services Office (ISO) Class One department and is an internationally accredited agency by the Commission on Fire Accreditation International.

Las Vegas Fire & Rescue consists of:

- 705 employees
- 21 Fire Stations
- 21 Paramedic Engine companies
- 6 Ladder Truck companies
- 24 Paramedic Rescue (ambulance) units
- 3 Battalion Chief units
- 1 Technical Rescue unit
- 1 Hazardous Material unit
- 1 CBRNE unit
(Chemical – Biological – Radiological – Nuclear – Explosives)
- 1 Mobile Command unit
- 1 3,000-gallon Water Tender
- 1 Mobile Shop unit
- 1 EMS Coordinator unit
- 1 Public Education & Information unit
- Arson / Bomb Squad units

"Engine" companies consist of a crew of four: one captain, one driver/engineer, two firefighters (one is a certified paramedic). Engine companies carry hoses, ladders and various tools and equipment to extinguish a fire. The units carry 300 gallons of water for quick attacks on arrival at fires; most water is used from the nearly 20,000 fire hydrants in the city. Engines also carry paramedic medical equipment and supplies to handle advance life support medical emergencies.

"Ladder Truck" companies carry more than 200 feet of ground ladders and have one 100-foot aerial device, along with extra heavy tools and equipment used at fires for rescue, removing smoke and gases from buildings during a fire and controlling the utilities to a building. Crews consist of one captain, one driver/engineer, and two firefighters. (Two ladder trucks also have a driver on the rear part of the truck.)

Paramedic "rescue" units consist of a crew of two; both are firefighters and medical personnel. They provide advance life support at emergency incidents and provide transportation to emergency facilities for the sick and injured.

The Technical Rescue Team (TRT) unit is “heavy rescue,” which consists of a crew of four: one captain, one drive/engineer and two firefighters. This is a specialty unit that handles technical rescues, including confined-space rescue (cave-ins), high-angle rescue (off tall buildings or mountain rescue) and vehicle extrication.

Hazardous Materials (HazMat) is a specialty unit that is equipped with tools, equipment and supplies to handle hazardous-materials incidents. It is based at Fire Station 3. All of the personnel assigned to Fire Station 3 are members of the department’s hazardous materials team. LVFR operates the only public safety hazardous-materials response team in Southern Nevada and has a response area of the entire southern part of Nevada.

CBRNE is a specialty unit that responds to Chemical – Biological – Radiological – Nuclear – Explosive incidents and assists at all working fires and bomb squad responses. The unit consists of a crew of four.

LVFR operates the only FBI-certified Bomb Squad in Southern Nevada and has a response area of Southern Nevada, northeast California and northwest Arizona. All members of the unit are assigned to Fire Station 102 and are certified firefighters, police officers in the state of Nevada, fire investigators, FBI-certified bomb technicians and are deputized federal agents. The team operates a number of state-of-the-art devices and units and also is responsible for all fire investigations conducted by the department.
