COMMUNITY DEVELOPMENT RECOMMENDING BOARD (CDRB)

The Community Development Recommending Board (CDRB) is a citizen's advisory group, appointed by the City Council. CDRB members are appointed to represent the concerns and opinions of the community by advising the City of Las Vegas on the allocation of funds for the Community Development Block Grant Program (CDBG) and Housing Opportunities for Persons with AIDS (HOPWA) Grant.

Through a series of open public meetings, and with the assistance of the DNS Department staff, the CDRB reviews past projects & performance, examines changes in community needs and explores trends as they affect community development as outlined in the City of Las Vegas HUD Consolidated Plan (CP), and subsequently evaluates and recommends projects to the City Council. The CDRB uses a review process that includes a careful evaluation of each eligible applicant proposal within the context of program design and against program criteria and current objectives, both nationally and those outlined in the CLV CP.

The most difficult task the CDRB faces is selecting which projects and activities are to be recommended to the City Council for funding. The limited amount of grant funds is inadequate to meet the requests of all of the applicants. Development of a project ranking system enables CDRB and staff to prioritize applications in a manner that will best meet citywide strategies and objectives.

Of the projects proposed, and determined by staff to meet HUD eligibility guidelines, the CDRB will recommend only those that most effectively and efficiently meet the needs of eligible Las Vegas residents.

The fact that an agency has received grant funds in prior years is not a guarantee for future funding as focuses and policies for desirable projects each entitlement year may change based upon the CLV Annual Action Plan, which is developed through citizen participation. Grant funds are targeted to assist low-income neighborhoods, citizens and City Council focuses.

The federal funds in this grant process have specific requirements; please follow the grant instructions.

PUBLIC MEETINGS AND HEARINGS

Public hearings and meetings have been and continue to be the prime vehicle for eliciting public input. Generally, public meetings are conducted in order to gather information on community priorities and to respond to citizen questions and concerns. Public hearings are held by the Las Vegas City Council for the purpose of formal presentation and/or adoption of projects or programs and to hear citizen testimony.

PROGRAM MANUAL

The City of Las Vegas (City) has developed specific Program Manuals to assist applicants and recipients of Federal funds. Please refer to this manual for information regarding the administration of these programs. Manuals will be available online at the City of Las Vegas Website under the “Grants” tab at the commencement of the fiscal year.

APPLICATION REQUIREMENTS

Two-Year Grant Period

The current Request for Proposal requests two-year program proposals and applicants are to adjust their requests, including their budgets to reflect one year of programming and that budget will be duplicated in the 2nd year, if approved. Additionally, applicants will be expected to address all other aspects of programming in the application including sustainability matters and the role of collaborations and partnerships as it relates to two years of program funding.

Evidence-Based Programming

It is expected that organizations applying for program funding associated with this grant will follow an evidence-based practice model for programming. Evidence-Based Intervention Network (<http://ebi.missouri.edu/>) defines evidence-based interventions (EBI) as “...treatments that have been proven effective [to some degree] through outcome evaluations.” Further, the Network provides, “The true documentation that an intervention is ‘evidence-based’ for a specific case occurs only when there is outcome data indicating a change in the target behavior.”

In addition to providing a program narrative and other information regarding the program, applicants will be expected to describe how its program has been proven effective through outcome evaluations and the proven support for those evaluations.

Unique Entity ID (UEI)

All sub-grantees are required to register with the System of Award Management (SAM) to obtain a UEI number, if they have not already done so. For more information go to: (<https://sam.gov/content/home>) Please make sure your UEI # is correct in Neighborly.

System for Award Management (SAM)

The System for Award Management (SAM) is an official website of the U.S. government. In order to be considered for one or more of the grants offered by the City of Las Vegas, applicants must be registered with SAM. For those entities who have already registered with SAM, please ensure that the entity registration is renewed and current. To register or renew, visit <https://sam.gov/content/home>

Multiple Grant Applications

Agencies may apply for multiple grants through the current RFP. An agency applying for more than one grant is required to submit a separate application for each grant program. For example, if an agency applies for a CDBG and HOPWA grant, that agency will be required to make an application for the CDBG grant and a separate application for the HOPWA grant.

GRANT PROGRAMS

Community Development Block Grant (CDBG)

Submitted applications must have a minimum funding request of \$50,000.

Eligible applicant programs must meet at least one of the three HUD CDBG Program National Objectives:

1. Benefitting low-and moderate-income persons;
2. Preventing or eliminating slums or blight; or

3. Meeting other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

Additionally, eligible applicant programs must address at least one of the City of Las Vegas' Fiscal Year 2024-2025/2025-2026 focus areas:

1. **Youth** – Promoting education enrichment opportunities to residents in their formative years. Qualified programs claiming a youth program focus must meet one or more of the following outcome achievements:
 - a. School readiness of pre-school aged children;
 - b. Children reading at grade level by the third grade;
 - c. Students remaining on track to graduate high school;
 - d. Reducing racial and ethnic disparities related to disciplinary practices that result in students of color coming into contact with the juvenile justice system (School-to-Prison Pipeline)
2. **Seniors** – Supporting community programs that support senior citizens aging in place. Qualified programs will adhere to the U.S. Department of Housing and Urban Development's definition of "elderly person" (24 CFR 891.205) which defines an elderly person as 62 years of age or older. Qualified programs that meet a need specific to the elderly population may include:
 - a. Transportation programs that increase access to medical visits and social activities and other necessary events;
 - b. Meal programs that increase and promote nutrition and health; and
 - c. Case management that connects seniors to community resources

 - c. Severely disabled;
 - d. Illiterate adults;
 - e. Persons with HIV/AIDS (*applicants applying for this category must do so through the HOPWA Grant*)
 - f. Mentally Ill

The following activities may not be assisted with CDBG funds:

- Buildings used for the general conduct of government
- General governments expenses
- Political activities
- Furnishings and personal property for agency purposes

- Purchase of vehicles
- Maintenance and operating expenses without providing a service

Housing Opportunities for Persons with AIDS (HOPWA) Grant

The HOPWA Grant Program focus areas include low-income individuals with Acquired Immunodeficiency Syndrome (AIDS) or related diseases and the individual's family. Additionally, focus will be provided to assist:

1. Housing activities including acquisition, rehabilitation and construction of Single Room Occupancy (SRO) facilities or community residences;
2. Rental assistance payments;
3. Housing information and referral services to assist an eligible person to locate, acquire, finance and maintain housing; and
4. Other related supportive services focused on housing stability are also eligible for funding including mental health, drug and alcohol abuse treatment and counseling, personal assistance, and nutritional services.

Eligible Activities

- Rental assistance includes payment of rent, including utilities, for housing which meets local housing codes/quality standards, HUD's standards for Fair Market Rent in the MSA and rent reasonableness requirements. Persons that receive rental assistance under this program must pay a portion of their rent and utilities as dictated by HUD guidelines. Rental assistance may include project or tenant based rental assistance but **does not** include short-term supportive housing or short-term rent, mortgage, and utility assistance described below. Rental assistance is not emergency assistance but helps individuals access permanent housing.
- Short-Term Rent, Mortgage, and Utility (STRMU) Assistance provides payments to prevent the homelessness of a tenant or mortgagor of a dwelling for costs accruing over a period of not more than 21 weeks during any 52 week period. While HUD does not require compliance with Fair Market Rent guidelines, the City's guidelines specify that no rent will be paid that is higher than the applicable FMR. Neither local housing codes and housing quality standards, nor rent reasonableness requirements apply to STRMU. However, the City expects the assistance to be reasonable and to be used in emergency situations in order to prevent homelessness. STRMU is not appropriate as on-going assistance when less expensive, more appropriate housing should be obtained to ensure a client remains housed. All short-term rent, mortgage and utility assistance programs must comply with the guidelines dictated by the City.
- Operating/Leasing Costs for Housing include costs of property maintenance and upkeep, security measures, insurance, utility costs, furnishings and equipment, operating supplies and other incidental expenses. This category includes costs associated with the operation of Short-Term Supported Housing such as emergency and transitional shelters.
- Hotel/Motel Vouchers will assist clients with HIV/AIDS and their families with 30 days of emergency housing (one-time). This practice will provide clients with temporary emergency shelter until appropriate housing is available. Per HUD, 30 days is the maximum.
- Permanent Housing Placement helps establish the household in a housing unit, including (but not limited to) application fees, related credit checks, reasonable security deposits and first month's rent necessary to move persons into permanent housing, provided such deposits do not exceed two months of rent and should be a one-time per year assistance.
- Capital Development includes the costs of new construction, acquisition, rehabilitation, conversions, lease and repairs for single room occupancy facilities or community residences.
- Supportive Services include the costs of providing a wide range of supportive services like health, mental health, assessment, drug and alcohol abuse treatment and counseling, housing case management, nutritional services, job training, transportation and other services necessary to ensure the housing stability of the program participant. Although supportive services not directly related to the provision of housing are eligible for HOPWA funding, housing-related activities will be considered a higher priority for funding.

- Administrative Costs. Each project sponsor receiving a HOPWA grant may use no more than 7 percent of the amount received for administrative costs. A lump sum is not provided and costs may include only costs for general management, oversight, coordination, evaluation and reporting on eligible activities. Such costs do not include costs directly related to carrying out eligible activities, since those costs are eligible as part of the activity delivery costs of such activities.

Ineligible Activities

A number of limitations are placed on activities in the HOPWA regulations. Please refer to the City of Las Vegas HOPWA Manual.

3. ***Q: What does Verification of Good Standing mean?***

A: In addition to being an IRS 501 (c)(3) or 501 (c)(4), all non-profit agencies must be in compliance with the Nevada Secretary of State's Office in order to apply. Each year, agencies must file updated Board of Directors and Officer's list with the Secretary of State's office. This information is verified by Department of Neighborhood Services (DNS) staff.

A: All agencies, including non-profit agencies, doing business in the City of Las Vegas, or serving city residents must have a business license. Agencies must contact the Business License Office at 702.229.6281 or visit <https://www.lasvegasnevada.gov/Business/Business-License/Apply-For-A-Business-License> to determine program-licensing requirements. In some instances, agencies must coordinate with the City's Planning Department to ensure compliance with zoning and special use permit requirements. Agencies' licensing status is verified by DNS staff.

5. ***Q: What are Outcomes?***

A: Outcomes are not the products for the agency, but the benefits for the participants. What will be the benefits for the client? What is this program accomplishing? Examples of outcomes include increased percentage of individuals and their families that are living in stable housing, increased housing affordability for clients and their families, increased accessibility to affordable decent housing or services for clients and their families, increased affordability and availability of services to clients. Applicants should include only the major program outcomes supported by the requested City funds. Outcomes should tell the story as to what happens to a client after entering the program. They should be very specific as to each step of the journey with benchmark dates and success markers

FREQUENTLY ASKED QUESTIONS (FAQ's) Cont'd
