

City of Las Vegas Fifth Amended FY 2019-2020 HUD Annual Action Plan

Prepared by the Office of Community Services, September 2022

The **prior amendments to the Action Plan incorporated** the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) funds and how the City will use its 2 rounds of CDBG-CV, 2 rounds of ESG-CV, and HOPWA-CV funds to prevent, prepare for and respond to COVID-19.

This Fifth Amendment incorporates updates to reflect the reallocation of funding within existing CV projects.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Las Vegas is amending its 2019-2020 HUD Action plan to reflect the reallocation of funding within existing CV projects. The most notable modification is the reduction of funding of Operation HOME and the redistribution of funds to the operations at the Recuperative Care Center (RCC). The complete list of modifications can be found in Section AP-35 Projects.

The City of Las Vegas **previously amended** its 2019 - 2020 HUD Action Plan to include Coronavirus Aid, Relief, and Economic Security Act (CARES Act) funds to prevent, prepare for, and respond to the coronavirus pandemic (COVID-19).

The City has received the following: CDBG-CV Rounds 1 & 3 of \$7,498,698, ESG-CV Rounds 1& 2 of \$9,895,110.00, HOPWA-CV \$280,792.00 with the following flexibilities:

CDBG-CV: HUD is waiving the requirements at 42 U.S.C. 12705(a)(2) to the extent it requires updates to the housing and homeless needs assessment, housing market analysis, and strategic plan and 24 CFR 91.220 and 91.320 to the extent the action plan is limited to a specific program year to permit grantees to prepare substantial amendments to their most recent annual action plan, including their 2019 annual action plan. Also, HUD is waiving 24 CFR 91.505 to facilitate the use of CDBG-CV funds to the extent necessary to require submission of the substantial amendment to HUD for review under 24 CFR 91.500.

ESG-CV: 1) The funds may be used to cover or reimburse allowable costs incurred by a State or locality before the award of funding (including prior to signing the CARES Act); 2) The funds are not subject to the spending cap on emergency shelter and outreach; 3) The funds are exempt from ESG Matching requirements; 4) The funds may be used to provide homelessness prevention assistance to any individual or family who does not have income higher than HUD's Very Low-Income Limit for the area and meets criteria of the "at risk homelessness" definition in 24CFR 576.3; 5) Recipients may deviate from applicable procurement standards when using these funds to procure goods and services; 6) While

HUD encourages offering of treatment and supportive services when necessary to assist vulnerable homeless populations, individuals and families experiencing homelessness must not be required to receive treatment or perform any other prerequisite activities as a condition for receiving shelter, housing, or other services for which these funds are used, notwithstanding 24 CFR 576.401(e).

HOPWA-CV: Funds may be used as support to maintain operations and for rental assistance, supportive services, and other necessary actions. HUD has provided additional flexibility to program participants to prevent the spread of COVID-19 and to facilitate assistance to eligible communities and households economically impacted by the virus.

Narrative Continued

The submission of the Annual Action Plan meets the United States Department of Housing and Urban Development (HUD) requirements for consolidating several grant programs into one proposal. These programs include Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), HOME Investment Partnership Act (HOME), and Housing Opportunities for Persons with AIDS (HOPWA), and Lead Hazard Control and Healthy Homes. HUD released the 2019-2020 allocation in May 2019.

- CDBG \$5,074,650
- ESG \$441,833
- HOME \$2,019,021
- HOPWA \$1,712,967

Besides, the City of Las Vegas (CLV) leverages funding to provide additional valuable services to our most vulnerable citizens, below are estimated 2019-2020 funding amounts which may change once State of Nevada allocations are announced:

- Low Income Housing Trust Fund (LIHTF) \$922,150
- State HOME \$408,025
- General Funds

In this proposal, the City of Las Vegas intends to describe its July 1, 2019 – June 30, 2020 initiatives for providing adequate housing and education, promoting safe and livable communities, and creating self-sustaining opportunities for the homeless, low and moderate-income households using the aforementioned aggregate funds.

The City **drafted** the third amendment to its 2019-2020 Annual Action plan to include how the City will use its third round of CDBG-CV funds to prevent, prepare for, and respond to COVID-19.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City will use its allocation of CARES Act funds for homeless prevention, building improvements, respite shelter operations for vulnerable citizens, and economic development activities that stabilize communities during and beyond COVID-19, and to serve the HIV/AIDS population. A Request for Proposal will be published for agencies who serve the HIV/AIDS community that will carry out services that allow for access to essential services and supplies, education on ways to reduce the risk of getting sick or spreading infectious diseases, provide transportation services including costs for privately-owned vehicle transportation when needed to access medical care, supplies, food and commute to places of employment, provide nutritious meals and lodging at hotels and motels to quarantine, and provide short-term rent, mortgage, and utility assistance.

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Our community outreach modalities and initiatives are multifaceted; all with the ultimate goal of reducing homelessness, providing adequate housing and education, promoting safe and livable communities, and creating self-sustaining opportunities for low and moderate-income households. The City of Las Vegas, along with its many community partners, intends on implementing the following strategies in order to achieve its objectives:

Neighborhood Revitalization

- Implement measures to prevent neighborhood blight
- Improve Neighborhood Empowerment
- Enhance Senior Services

Continuum of Care

- Develop partnerships to provide assessment, case management and job connections
- Bridge gaps in services for veterans, service members, and their families
- Connect released prisoners to community resources

Prevention and Reduction of Homelessness

- Expand access to homeless services and housing placement by filling existing service gaps in the City's urban core.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The full range of public services, HOME, and Lead Hazard Control and Healthy Home activities are priorities of the OCS FY19 Strategic Plan to Reduce Homelessness, Preserve Neighborhoods, and Improve Quality of Life.

In order to assess the efficacy in which OCS delivers those services through our community partnerships, OCS conducts onsite-monitoring visits, performs desk audits, and recently implemented an electronic performance metrics dashboard. These tools also assist the City in strengthening its community partnerships and facilitate technical assistance as necessary.

Public Services: The City's onsite-monitoring visits of its CDBG and HOPWA programs for the 2017-2018 highlighted the critical services our community partners provide to the City's most vulnerable citizens and the efficiency and effectiveness of carrying out those services. The City partnered with twenty-one CDBG and seven HOPWA subrecipients. Of the twenty-one CDBG recipients monitored, the monitoring team issued three findings. The findings addressed recordkeeping and intake requirements. The results of the HOPWA visits revealed the opportunity for greater collaboration with our agencies to improve health and housing management between Ryan White and HOPWA.

CDBG, HOPWA, and ESG subrecipients have an aggregate total, as of January 31, 2019, of 2,838 new clients, 1,274 existing enrollees, and 3,083 participants who either have exited or been discharged from the programs.

HOME: As previously mentioned, reducing homelessness is a City priority that requires adequate affordable housing. Currently the City of Las Vegas is considering two future projects, the rehabilitation of 125 units at 1720 Searles and the construction of 43 new units of affordable housing at 4445 Diamond Drive. OCS conducted onsite monitoring visits of its 41 projects which revealed excellent compliance with the exception of two. The monitoring team issued findings as a result using incorrect rent limits table and failure to renew leases upon expiration. Each recipient received recommendations as to how to resolve the findings.

Lead Hazard Control and Healthy Home: OCS is in its second program year of its Lead Hazard Control and Healthy Homes program and has completed multiple lead based paint hazard evaluations on several eligible properties, conducted extensive outreach, and hired a contractor for lead hazard construction.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

HUD has waived the requirements for jurisdictions to follow its original Citizen Participation Plans in response to the community's immediate needs. Correspondingly, the City has updated its Citizen Participation Plan to define "reasonable notice and opportunity" as it pertains to HUD's waiver of no less than 5 days for public comment for any substantial amendment related to COVID-19. Such amendments are time-limited to June 30, 2021. The updated Citizen Participation Plan and amended HUD 2019-2020 Action Plan were published for public comment from April 28, 2020, through May 3, 2020. The fourth amended plan was published for public comment on March 31, 2021.

The City of Las Vegas follows its Citizen Participation Plan to provide all citizens the opportunity to participate in the planning, implementation, and assessment of the CDBG, ESG, HOPWA, and HOME programs. This process is led by the Community Development Recommending Board (CDRB) which is appointed by the City Council to obtain input from citizens in their respective wards. It is a committee of up to thirteen (13) members who review the applications, attend presentations the applicants and discuss recommendations for funding.

The grant selection process differed this year as the CDRB was installed to evaluate whether second-year funding would be granted to those agencies that applied and that were awarded a two-year grant in 2018. In addition to the participation of the CDRB, the evaluation and deliberation meeting agenda was advertised in accordance with Open Meeting Law and posted in various locations around the city and on the City of Las Vegas' website beginning on Tuesday, March 19, 2019, for the Tuesday, March 26, 2019 meeting. Agencies that did not meet their established performance measures were invited to address the CDRB and provide reasons for their performance. The meeting was open to all agencies and to all interested parties and was conducted in two adjoining handicapped accessible rooms in Las Vegas City Hall. Additionally, City Council voted to approve the CDRB recommendations in an open meeting held on May 15, 2019, which allowed for citizen participation.

On Monday, April 8, 2019, the City publicized the availability of the 2019-2020 Action Plan in the Las Vegas Review-Journal media outlet for comment. It included how the public could access the Action Plan. In addition, the City uploaded a copy on its website, provided hard copies upon request, and invited the public to submit their written comments to the Office of Community Services. The Public Review and Comment period ended Tuesday, May 14, 2019. The City held a subsequent public hearing at the June 5, 2020, City Council meeting.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Regarding the **prior** FY 2019-2020 Amended Action Plan: The City of Las Vegas received one public comment that addressed the shortage of affordable housing and requested the City appropriate a

percentage of its CARES Act and FY2020 funds and all of its unspent FY2019 funds towards the emergency construction of affordable housing units to house existing homeless and to prevent homeless.

Any public comments received for the Fifth Amended Action Plan will be included in this section.

6. Summary of comments or views not accepted and the reasons for not accepting them

One public comment was received regarding a prior amendment and was attached in the Citizen Participation link in the Administration section of the plan when the amendment was published.

Any public comments received for the Fifth Amended Action Plan will be included in this section.

7. Summary

In the Fifth Amendment, the City is modifying its HUD 2019-2020 Annual Action Plan to reflect the updated reallocation of funding within existing CV projects.

The City previously amended its HUD 2019-2020 Annual Action Plan and Citizen Participation Plan to include the use of its CARES Act CDBG-CV, ESG-CV, and HOPWA-CV distributions to prevent, prepare for, and respond to COVID-19.

The amended plan included, also, the third round of CDBG CARES Act funds and how the City of Las Vegas will utilize its allocation in the prevention, preparation, and response to COVID-19.

The City's 2019-2020 Annual Action Plan describes the anticipated programs and services that will be provided during the year. These programs and services will address the following community needs: safe, suitable and affordable housing, safe and livable communities, community and individual enrichment and growth opportunities, and opportunities for low and moderate-income households. The program goals in the FY 2019-2020 Action Plan target community needs and focus on City Council priorities for addressing homelessness.

1. Introduction

The City of Las Vegas, Office of Community Services is a part of a multi-agency network whose mission is to address the special needs that plague our communities and eliminate homelessness. While the City's partnerships include participation in statewide outreach efforts, it also partners with non-profit organizations to provide invaluable and varied social services to low to moderate income residents, at risk youth, senior citizen advocacy, and homeless citizens using CDBG, ESG, HOME, and HOPWA Funds.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

In an effort to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies, the City of Las Vegas opened a Request for Qualifications for the building and operation of two health and wellness centers in Las Vegas. The process began with two meetings of Federally Qualified Health Centers (FQHC) representatives where subject matter experts in community health and other interested stakeholders convened to discuss the potentiality of launching health and wellness centers and to seek input on the project. The Request for Qualifications opened Monday, July 16, 2018 and closed Thursday, November 15, 2018.

In its effort to select a private partner for the health and wellness center, the City of Las Vegas hosted a review process for the applicants of the Health and Wellness Center funding on Tuesday, December 18, 2018. The panel included subject matter experts of the following fields: county government/social services; mental and behavioral health; facility building and rehabilitation; non-profit management, homelessness, and medical clinic programming and operations. Panel members were asked specific questions relative to the support of patients who are homeless, low and very low income as well as to the support of patients who have diagnosed and undiagnosed mental illnesses.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Las Vegas coordinates with the Southern Nevada Homelessness Continuum of Care (SNH CoC) by requiring all of CLV ESG sub recipients to participate in the Homeless Management Information System (HMIS), per the HEARTH Act and the ESG and SNH CoC Interim Rules. Through the coordinated entry process, all persons experiencing homelessness in the SNH CoC are assessed for vulnerability/need, prioritized for housing/services on that basis, and matched/referred to appropriate homeless and mainstream resources. All sub recipients are required to assist homeless individuals and families to obtain other Federal State, local and private assistance available to assist the participants in

obtaining and maintaining housing stability, including but not limited to the following: Medicaid, SNAP, WIC, SSDC, SSI, TANF etc.

Although, Clark County Social Service provides the staff support for much of the activities of the SNH CoC. Such as yearly strategic planning, inclement weather shelter, Homeless Management Information System, and HEARTH ACT implementation and compliance. The SNH CoC is comprised of local stakeholders, including the City of Las Vegas. The City participates in the annual homeless census (Point-In-Time Count), identification of homeless issues and gaps in services, coordination of HUD entitlement funds, and the development and support of homeless services. City of Las Vegas staff also participates in several of the SNH CoC working groups on an ongoing basis to collaborate on regional efforts. The City specifically participates in the Evaluation Working group (EWG), which is responsible for leading efforts as it relates to funding priorities, collaborative application process, RFPs and evaluations associated with homeless efforts and ESG coordination.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Las Vegas is an active member of Southern Nevada's CoC Evaluation Committee. ESG is a standing item on the SNH CoC EWG monthly meeting agenda, where ESG grantees including the City of Las Vegas provide information on the allocation of ESG funds, discuss ESG application process, and develop written standards and reports on sub recipient monitoring. The SNH CoC EWG also reviews and approves the ESG written standards and HMIS administration policies. All ESG sub recipients are required to participate in HMIS and data gathered is shared with the SNH CoC. The City of Las Vegas in conjunction with other ESG grantees work with the SNH CoC to ensure collaboration, non-duplication of services and maximum use of resources.

Introduction

The City has received CDBG-CV (\$7,498,698.00), ESG-CV (\$9,895,110), and HOPWA-CV (\$280,792.00) supplemental funds to be used to prevent, prepare for, and respond to COVID-19. These funds were allocated through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

In order to receive HUD funding, the City of Las Vegas must develop and submit a Consolidated Plan every five years and an Annual Action Plan that addressed the city's anticipated use for federal funds. HUD announced the following allocations for FY 2019/2020:

- CDBG \$5,074,650
- ESG \$441,833
- HOME \$2,019,021
- HOPWA \$1,712,967

In addition, the City of Las Vegas (CLV) leverages funding to provide additional valuable services to our most vulnerable citizens, below are

estimated 2019-2020 funding amounts which may change once State of Nevada allocations are announced:

- Low Income Housing Trust Fund (LIHTF) \$922,150

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City is committed to supporting sustainability and affordability in our neighborhoods. During this FY the City has committed over 1 Million in general fund money to support the city-funded MORE Teams who provide daily outreach in the community and connect homeless individuals to immediate services. The city also committed over 2 Million in Redevelopment Set-Aside funding through the Office of Community Services to

support initiatives that serve homeless individuals through case management, workforce development, and bridge and transitional housing. In addition, the City has raised over \$100,000 through the Mayor's Fund to pay for workforce development and the Ticket to Home Program that allows homeless individuals the opportunity to reunite with family members in other states who are willing and able to support them as they become independent. Lastly, the City satisfies matching requirements for the HOME Investment Partnership Program by leveraging State and Private Activity Bond dollars to HOME Projects; and ESG matching requirements are passed on to the awarded agencies and monitored during monthly requests for funds and/or annual compliance audits.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Currently, the City owns several parcels of land recently purchased with CDBG dollars which have been slated for Housing and Economic Development in one of the most deteriorated neighborhoods in the City. One of the deteriorating neighborhoods the City will focus on economic redevelopment through the submission of its NRSA Plan is the Historic Westside, CT3.01, Block Group 3. The City purchased several parcels in the area for mixed use, income housing and business development. Also, they City is pursuing the implementation of two (2) Health and Wellness Centers.

Goal Descriptions

1	Goal Name	Prevent and End Homeless
	Goal Description	<p>The City has received two rounds of CDBG-CV and two rounds of ESG-CV funds to be used to prevent, prepare for, and respond to COVID-19. Specifically, the City will utilize its CDBG-CV funds towards homeless prevention through an emergency rental assistance program for households between 50%-80% AMI (\$851,395), to support case management and operations for community agencies partaking in Operation HOME(\$424,297.27), a regional effort to house 2022 people by the year 2022, and to fund the interlocal agreement with \$1,617,309 of CDBG-CV funds to expand shelter partner operations.</p> <p>ESG-CV funds of \$9,895,110 will be used to provide rent and utility assistance to households at or below 50% AMI (\$295,239.13); to provide support for the Recuperative Care Center operations emergency shelter (\$5,810,617); transportation for homeless to and from essential services via the Arrow (\$938,277.75), Rapid Rehousing activities for Operation HOME (\$841,965.34), and administration costs (\$989,511).</p> <p>The City will focus a large portion of its FY 19/20 ESG, HOPWA, and CDBG funds to prevent and reduce homelessness by working with many qualified agencies and dedicating internal resources to the construction and management of the Homeless Courtyard. Services that will be provided during the FY 19/20 include supportive wrap-around services, case management, shelter operations, rapid-rehousing, permanent supportive housing, and emergency rental and utility assistance. In addition, the city will use General Fund and Redevelopment Set-Aside funds to support bridge housing and the Homeless Courtyard.</p>
2	Goal Name	Educational enrichment services & supportive prgms
	Goal Description	These funds will be used to provide educational supportive services for low/mod income families and individuals to improve literacy and early childhood education in the community.

3	Goal Name	Provide Community and Supportive Services
	Goal Description	The City will use CDBG-CV funding toward providing PPE and sanitization supplies to agencies (\$223,690.18), partner with a community agency, Ready Responders, to provide house-call services for patients presenting COVID-19 and non-COVID-19 symptoms for homeless citizens at the Courtyard (\$698,037.83), support case management and operations at the Recuperative Care Center (\$2,134,229.27); provide \$50,000k in support of minor repairs for homeowners to stabilize them in housing; and administration costs of \$1,499,739. 2019/2020 funds will support community agencies that provide essential services to low/mod individuals and families with special needs including senior services, mental health services, and job readiness.
4	Goal Name	Provide Decent & Affordable Hsg (Rental & Owner)
	Goal Description	Wardelle Street Townhouses will construct 80 townhouse-style units with one, two and three bedrooms for mixed-income families. The amenities will include a community center and outdoor recreation area. In addition, the city will support critical home repairs for eligible individuals and families to help them maintain decent and affordable housing.
5	Goal Name	Community Facilities/Infrastructure/Neigh. Revital
	Goal Description	CDBG-CV funds may be used to support necessary building improvements that will facilitate COVID-19 related activities for our vulnerable population and support economic development activities that help to sustain communities during and beyond COVID-19. The city will support economic development and neighborhood revitalization with 2019/2020 capital funds.
6	Goal Name	HIV/AIDS Homeless Prevention
	Goal Description	The City has received \$280,792.00 in HOPWA-CV funds to be used to prevent, prepare for, and respond to COVID-19. While 6% or \$16,847.52 will be dedicated toward Administration and Planning, an RFP will be published for the remaining amount of \$263,945.00 for agencies that serve the HIV/AIDS community and can provide essential services and access to supplies. The city will dedicate FY 19/20 funds to support individuals and families affected by HIV/AIDS with supportive services, homeless prevention and short-term rental, mortgage, and utility assistance. In addition, the city will support local agencies in the operation of dedicated units to house individuals and families affected by HIV/AIDS.

Projects

AP-35 Projects – 91.220(d)

Introduction

The City has incorporated several projects into the existing plan to show how it will deploy its allocation of its two rounds of CDBG-CV, two rounds of ESG-CV, and HOPWA-CV CARES Act funds to prevent, prepare for, and respond to COVID-19.

The grant selection process differed this year as the CDRB was installed to evaluate whether second-year funding would be granted to those agencies that applied and awarded a two-year grant in 2018. Partnering agencies were informed of the new process and funding depended on their ability to meet desired outcomes. There were 18 agencies who met their performance goals, financial metrics, and reporting standards as outlined in their agreement: ESG (5), HOPWA (3), and CDBG (10). These agencies were required to present before CDRB, public meeting to discuss a plan of action toward meeting their performance goals. Those agencies were funded at their FY18 levels. There were 14 agencies who experienced some challenges with meeting the criteria set forth in their agreement. The City and CDRB recognized this as an opportunity to conduct technical assistance and additional training as needed: ESG (1), HOPWA (4), and CDBG (9). Each of the agencies was funded at FY18 levels with conditions for mandatory training, cross-programming/collaboration with other agencies as appropriate, create an Action Plan with the City to address issues. Overall, the agencies' appearances resulted in a great deal of discussion that resulted in strengthening our partnerships.

Describe the reasons for allocation priorities and any obstacles to addressing underserved

needs

The City will utilize its CARES Act funds to prevent, prepare for, and respond to COVID-19

Reducing homelessness, community education, and engagement are amongst the top priorities for the City and the Office of Community Services (OCS). Since OCS redesigned its grant cycle from one year to every two years, the partnering agencies were selected upon the population of applicants that were best aligned with the City's and OCS' strategic priorities.

	Location Description	

	Planned Activities	<p>Funding for this program will go to support HIV Navigation Services and Housing Navigation services. CPLC proposes to implement HIV Navigation Services, which includes linkage to HIV care, treatment promotion and adherence, community referrals, partner services, prevention education, emotional support, outreach services, condom distribution, and Prep & Pep education for people living with HIV or individuals at high-risk of HIV infection, their partners and families. Housing Navigation Services include: housing search and placement, move in cost assistance, utility assistance, start up boxes, eviction prevention, housing plan, housing check in's at 30/60/90 days follow up and check in's based on need.</p> <p>The program will work off of a community based model where the program staff is identifying this high needs population through word of mouth, social media, other LGBTQ serving nonprofits, the Courtyard, and other service providers including mental health, substance abuse and domestic violence shelters. The program has also had success going to nightclubs and other alternative venues.</p> <p>Once an individual is identified they will meet with the HIV Service Navigation staff for identification of HIV positive status, needs assessment, HIV services referrals, and linkage to Housing Case Manager. Once an individual is deemed eligible for HOPWA services they will meet and create a service provision plan with the Housing Case Manager and be enrolled for referral and follow-up. If the needs include housing, the HIV Service Navigator will provide a warm transfer to the Housing Navigator to work on a housing plan that is complimentary to the service provision in plan or referral to HIV case manager for HIV needs. The HIV Service Navigator and Housing Navigator work hand in hand to ensure all the client's needs are getting met as long as they meet eligibility guidelines. The Housing Navigator will also provide checkups and self-care including how to talk with your landlord, make sure your unit is in working order and even basic financial literacy to ensure you pay all your bills on time to avoid eviction.</p>

	Target Area	CITY LIMITS
	Goals Supported	HIV/AIDS Homeless Prevention
	Needs Addressed	Special Needs and Low/Mod Income Public Services

	Funding	HOPWA-CV: \$80,000
	Description	With this grant, Golden Rainbow is proposing to supplement its long-established HOPWA-funded Program: Permanent Housing Placement.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	20
	Location Description	

	Planned Activities	<p>The additional \$80,000 requested for this category will be used to provide clients with the funds necessary to re-establish a permanent residence in Southern Nevada. Activities will include PHP rents, PHP deposits, STRMU, Bus Passes/ID's, along with grant administrative and salaries for subrecipient employees. Most clients referred to Golden Rainbow are seeking assistance with securing a new permanent house, apartment or room for rent in a private home. This financial assistance may be in the form of first/last month's rent, security deposits, background checks, application fees and credit checks.</p> <p>With COVID-19 leaving many of our clients unemployed for the past few months, most have become delinquent in their rents with their current landlords. While we have leveraged our Ryan White Housing Program dollars to assist many of our clients during this time, there still are many who will be evicted from their current housing once the moratorium on evictions is lifted.</p> <p>We would also be using these funds to provide emergency rental assistance for those clients who have exhausted their Ryan White assistance limits for the year. This too will help prevent homelessness.</p> <p>Our goal with these funds is to increase the number of clients/households we serve to secure new permanent housing and preventing them from becoming homeless. Golden Rainbow has formed strategic alliances with other AIDS service organizations in Southern Nevada to identify and screen eligible clients prior to being referred to us for support. A housing plan and monthly budget is created and the Case Manager will then send the client referral to Golden Rainbow if the client meets the criteria for Housing Support. Housing plans are reviewed with the referring case-manager to assure that the client can successfully follow the plan that was laid out.</p> <p>Under most circumstances, Golden Rainbow can provide financial assistance within 24 hours of receipt of request. This quick turnaround can make a difference between a client having a safe place to call home or being left homeless.</p>

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

City of Las Vegas funded projects are primarily located in traditional low-income census tracts and areas that document a higher percentage of low and moderate income citizens; however, certain projects are available throughout the City. New construction HOME projects are located in areas with a diverse population and have vacant land or the ability to be converted to the proper zoning and use. The city supports the rehabilitation of existing substandard affordable housing in areas of minority concentration. HOPWA funds are used countywide while ESG funds will support individuals who meet eligibility criteria.

Geographic Distribution

Target Area	Percentage of Funds
CITY LIMITS	80

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of Las Vegas will purpose its CDBG and ESG funds for homelessness prevention and housing services, youth enrichment, and special needs services. A greater emphasis will be on Historic West Las Vegas, the Corridor of HOPE, and the Meadows Community. However, homeless citizens' city-wide will have the opportunity to receive assistance and services.

The City will use HOPWA funds to target the Paradise EMSA as the city is the entitlement agency for those funds in Southern Nevada.

The City remains committed to applying for Neighborhood Revitalization Strategy Areas as mentioned in the Consolidated Plan

Discussion

The city of Las Vegas' geographic priorities were established based upon the analysis of the current community needs, the characteristics of the overall market, the ability of low income households to afford, locate, and maintain housing and the availability of resources to address the identified needs. The City will continue to rely on low income census tracts and block groups in addition to other data supplied by HUD and city data to determine the areas of greatest need. Currently, funds are allocated citywide providing low income residents the opportunity to apply for much needed services.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City of Las Vegas will utilize CDBG, ESG, HOME and LIHTF funds to increase and sustain the number of affordable housing units, as well as help low-income residents, maintain their housing. The City monitors recipients of rental housing and inspections are conducted to ensure units meet the required standards. The City's affirmative marketing policies and procedures mirror HUD's HOME affirmative marketing requirements and the city monitors recipients affirmative marketing activities.

AP-60 Public Housing – 91.220(h)

Introduction

Actions planned during the next year to address the needs to public housing

The Southern Nevada Regional Housing Authority (SNRHA) continues to utilize its Capital Fund Program (CFP) for the required capital improvements. The SNRHA CFP Funds is one of the financing tools to fund comprehensive modernization and new construction under the Rental Assistance Demonstration (RAD) Program and Mixed Finance Program.

Following the ECT Master Plan the SNRHA submitted in May 2018 a 9% Low Income Housing Tax Credits Application and a Mixed-Finance Proposal to HUD and the NV Housing Division to develop one of the vacant lots. The proposed Wardelle Street Townhouses Project entails the financing for the new construction of approximately (57) family units, and a Community Center/Management Office/Maintenance.

Building to be located on a portion of the site of the former Ernie Cragin Terrace (NV210/AMP305portion off) public housing development located at the corner of Wardelle and Bonanza APN Nos 139-25-410-039/139-25-410-040 /139-25-410-041 totaling 7.73 acres. Approximately 1.5 acres fronting Bonanza Road or Harris Street will be available for future construction of the City of Las Vegas proposed Early Childhood Education Center. The City of Las Vegas has recently named this future center as the Strong Start Academy at Wardelle. The proposed unit mix will be 20-1 bedroom units, 27 2-bedroom units and 10 3-bedroom units which includes 20 public housing at <30% AMI, 22 project based vouchers (9 at <30% & 13 at <50% AMI), 15 tax credits (3 at <50% & 9 at <60% AMI) and 3 unrestrictive apartments targeted to low-income families continuing on their path to self-sufficiency. The creation of these townhomes will help meet the need for affordable housing in the City of Las Vegas and will complement the City's proposed plan for an early childhood educational facility and the County's new East Las Vegas Branch public library which is currently under construction on the adjacent parcel. The proposed Wardelle Street townhomes will serve as a stimulus for other developments in the vicinity and promote a more vibrant neighborhood environment. SNRHA will self-develop this project

A Request For Proposal was issued in February 2019 for General Contractor Construction Management Contract for the Comprehensive Modernization of a 200 Unit Senior Housing Complex at James Down Towers. The RFP closes the Spring of 2019. An architectural firm will be assigned by the SNRHA to work

in conjunction with the General Contractor in providing a design to upgrade this facility.

The SNRHA has issued a Request For Qualifications for a Master Developer For Mixed Income Re-Development of Marble Manor. The developer will be required to provide a master plan, entitlement and environmental assessment for the redevelopment of the Marble Manor public housing site consistent with the UNLV HUNDRED YEAR Plan for the Historic Westside Community final report dated May 2016 and the City of Las Vegas Downtown Master Plan Vision 2045. This proposed redevelopment will occur on a site over 35 acres and introduce mixed-income housing and related facilities adjacent to the downtown of the City of Las Vegas.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Through 2018, the grant funded Resident Opportunities Self Sufficiency – Family Self Sufficiency (ROSS-FSS) program served 404 voluntary participants alongside 42 Housing Choice Voucher (HCV) mandatory participants. Escrow disbursements through that period totaled \$299,088 to 41 graduates.

Southern Nevada Regional Housing Authority (SNRHA) partners with over 50 agencies through the Program Coordinating Committee (PCC) empowering residents to gain resources and referrals for workforce development and employment training, financial literacy, education, social services, life skills training, healthcare, and more. The purpose of the PCC is to obtain and provide resources to address the challenges faced by FSS participants. Partnerships arrive through letters of agreement and Memorandums of Understanding (MOU). SNRHA expects to expand its Community Partners program with public, private, and faith-based agencies.

Some highlights in employment skill opportunities come through resident participation in the H.U.D. program titled “Section 3”. SNRHA residents are given opportunity to gain employable skill as they’re hired by local contractors providing services to SNRHA properties in the areas of construction and pest control. Skills obtained through this opportunity allow SNRHA residents to increase income breaking down a major barrier to home ownership.

T-Mobile partners with SNRHA to provide internet services and tablet computers to 600 residents allowing access to work search, training, personal financial transactions, and

SNRHA utilizes two programs allowing residents to access home ownership: Housing Choice Voucher Program; and, the Public Housing Program. Each program continues to assist low-income families to reach the dream of owning a home. The Section 8 Homeownership Program allows FSS Households to use Section 8 vouchers towards a home mortgage payment. Seminars are provided on home purchasing

and staff provide credit counseling.

In the future SNRHA hopes to expand promote self-sufficiency and homeownership for residents, families, and the seniors served utilizing greater support from the private sector and community. The Southern Nevada Regional Housing Authority partners with

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The following sections describe how the City plans to address Homeless and Other Special Needs through its ongoing participation in Regional Homeless Coordination efforts and community partnerships.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City utilizes its ESG funds to support agencies who provide case management services; services include assessing the needs of homeless persons and assisting them with applying for mainstream public benefits including TANF, Food Stamps, Medicaid, SSI, SSD, and Veterans benefits. In addition, the City's ESG allocation will support eligible costs for engagement, case management, emergency health and mental health services, transportation, and services for special populations.

The City also contracts the Multi Agency Outreach Resources Engagement (MORE) Team who provides mobile intervention and outreach to individuals and families experiencing homelessness, including those who are living on the streets, in outlying uninhabited areas, and in the flood control tunnels. The team assesses individuals and families for service referrals; thereby connecting them with emergency shelter, housing or critical services, and providing them with urgent, non-facility based care. The team uses the Community Housing Assessment Tool to assess the extent of issues and then place the individuals on the community queue for housing placement.

Nevada Partnership for Homeless Youth, a City CDBG subrecipient and community partner, will provide crisis intervention services to vulnerable youth ages 12-18. Their services include mobile crisis intervention, a crisis hotline, linkages to services that meet their unique needs and circumstances. These services aid in equipping youth with tools and resources to address their immediate needs, thereby increasing their safety and stability. In addition, at the May 15, 2019 City Council Meeting the Las Vegas City Council adopted the Southern Nevada Plan to end Homelessness in which the City of Las Vegas was a collaborative partner.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City funds two shelters with ESG funding, HELP of Southern Nevada's Shannon West Homeless Youth Center which provides emergency shelter, transitional housing to homeless and at-risk youth ages 16 to 24; and The Shade Tree which provides safe and sanitary accommodations to homeless women, children and youth. ESG funds for the 2019-2020 PY will also continue to support both HELP of Southern

Nevada and The Salvation Army's rapid rehousing programs, which are designed to rehouse participants who have recently become homeless due to an unforeseen crisis.

The Courtyard was established as a safe environment for homeless individuals to access services and a safe place to sleep at night. As of August 2018, the Courtyard has stayed open 24 hours a day, 7 days a week. The City of Las Vegas also plans to expand the Courtyard, which will include a day center, showers, toilets and laundry facilities.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City is an active member of the Southern Nevada Homelessness(SNH) CoC Board and is involved in the regional strategic planning efforts to reduce chronic homelessness. The SNH CoC Board has adopted the HELP HOPE HOME Plan that provides guidance for regional planning efforts and reports progress toward regional establishes goals. The plan defines core strategies and details an implementation schedule to reduce homelessness. Those strategies and their objectives, along with the activities that support them, form our local agenda to reduce homelessness in Southern Nevada. Along with the agencies previously mentioned, the City also supports homeless prevention programs by funding Lutheran Social services and St. Jude's in providing serving homeless and at-risk individuals with rental assistance and permanent supportive housing.

Boys Town Nevada, a CDBG subrecipient and community partner, will provide family-centered case management services to homeless families. Services include assisting parents in navigating community, public, social and mental health services. These critical interventions aid in equipping families to successfully transition from homelessness to a home of their own, building protective factors and accessing health services, thereby increasing their self-sufficiency, well-being and safety. In working towards these goals, Boys Town Nevada will contribute to the city of Las Vegas' strategic priorities of reducing homelessness, increasing housing stability and improving access to supportive services.

Educational and skill supplementation for the City's homeless citizens is the objective of our CDBG recipient and community partner, The Salvation Army. They will provide vocational training services to homeless individuals and assist in accessing employment resources and opportunities to develop the skills needed to secure employment. These services aid in equipping the homeless population to secure employment that pays a living wage and permanent housing, thereby increasing their self-sufficiency. Program participants will be referred to an agency owned apartment or other permanent

housing programs after securing employment.

As the City focuses on reducing homelessness, its ongoing partnership with Help of Southern Nevada remains an invaluable alliance for providing rapid rehousing for at risk homeless. Their services include short to medium term rental assistance and intensive case management. Their program also provides homeless prevention assistance to households at imminent risk of homelessness, which also includes short-term rental assistance and intensive case management.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City works in conjunction with the multijurisdictional Continuum of Care team to implement a strategic and comprehensive response to the challenges of those with medical and behavioral health impairments in our community. This coalition comprises government agencies, the housing authority, Workforce Connections, law enforcement, faith-based organizations, business owners, social service providers, mental health agencies, hospitals, fire and rescue and homeless advocates.

Moreover, plans are underway for the City to expand its public outreach efforts and partnerships that service and bring awareness of reoccurring substance abuse, PTSD, access to mental health services and treatment, housing for citizens re-entering the community after incarceration and discharge from mental health and treatment facilities. Further, the City joined efforts with the Southern Nevada Adult Mental Health Coalition and is a part of Operation Deep Dive, a community-based Veteran Suicide Prevention Study.

The SNH CoC and City will continually explore the adverse impact incarceration has upon the homeless. Studies illustrate incarceration leads to disrupted families, limited economic prospects and criminal activity. In addition, the SNH CoC, in alliance with the Clark County Criminal Justice Coordinating Council and the NV Interagency Council on Homelessness, addresses issues amongst the homeless including mental health and substance abuse issues.

Clark County Law Foundation (CCLF) assists low- and moderate-income youth, ages 12-17 with opportunities to increase their knowledge of the legal system and create positive relationships with those involved. CCLF will engage eligible youth in one of three program activities: the defendant, peer counselor and/or juror. CCLF will provide youth defendants with court diversion services and an opportunity to serve as a juror and receive training to become peer counselors. All youth will also engage in community service activities. By providing hands-on experience with the legal system to eligible youth participants, the Clark County Law Foundation will reduce the playground to prison

pipeline and divert youth from entering the juvenile justice system. Services aid in reducing the number of non-violent offenders entering the juvenile justice system and strengthening the relationship between officers/legal professionals and youth, thereby creating a community-centered approach to diversion.

Discussion

The City of Las Vegas is keenly aware of the complexity of homelessness, at-risk homeless, and the limited access to services they and very low, low and moderate-income families may encounter. Hence, with the overarching mission to reduce homelessness, it is imperative that self-sufficiency, vocational training, educational development, nutritional needs, senior advocacy, and the ill are connected to community resources that stabilize their conditions. Several of the agencies the City has and will continue to partner with provide intensive case management, independent living skills, job search assistance, development of a responsibility plan for families that helps homeless families with children return to sustainable housing, financial management, job placement, utilities assistance, and much more. All of these special services feed into the mission of reducing homelessness and promoting self-sufficiency.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The City's housing programs seek to increase affordable housing opportunities for low-income households. This is done in part by providing gap financing to create affordable rental housing and decreasing energy costs for low-income households through weatherization and energy conservation improvements.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

See attachment for measures used to assist in maintain and developing affordable housing as required by NRS 278.235

The City will continue its partnership with unincorporated Clark County, City of North Las Vegas, and City of Henderson to conduct a planning process of the Assessment of Fair Housing. The City also provides both ESG & HOPWA funds for programs to assist low-income households with rent and homeowner rehabilitation services.

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

The City's longstanding goals to meet the needs of the underserved have been amplified due to COVID-19. Many of the City's citizens' employment has been reduced or terminated which leads to greater housing instability and economic distress. In addition, the need for ensuring safe and sanitary conditions for homeless citizens has become paramount. Since the vitality of the Las Vegas economy thrives on tourism, which was halted in March due to the pandemic, the City's allocation of CARES Act funds will be used to support the City's efforts to help its citizens maintain housing stability, receive much needed medical services and case management services, and serve the special needs of its HIV/AIDS community.

Actions planned to address obstacles to meeting underserved needs

The City will engage in the regional dialogue with the Southern Nevada Homelessness CoC, neighboring communities and service providers to identify and address the needs of the underserved. The SNH CoC is responsible for the regional implementation and evaluation of the HELP HOPE HOME plan to reduce homelessness; while, the City's Homelessness Advisory Committee focuses on connecting street homeless in the urban core to housing and services that provide safety, health and wellness.

The City is also operating The Courtyard 24 hours a day, 7 days a week and fills many major service gaps such as homeless services, housing assistance, medical and mental health, and employment and benefit assistance. The City will continue providing the Ticket to Home and homeless outreach program.

Catholic Charities will provide homeless outreach, intensive case management, and financial assistance to eligible citizens to help them obtain their identification and/or birth certificates which are items required for obtaining employment, housing or supportive services.

NPHY runs a Safe Place program that maintains and offers a crisis hotline available 24 hours a day, 7 days a week, 365 days a year with a staff of qualified individuals to serve at-risk youth on-call 24-7-365 for crisis response. When called, NPHY will dispatch staff to arrive at Safe Place sites, over 100 in Southern Nevada, within 30 minutes of a youth's arrival. Safe Place addresses many unserved youth with transportation, a means to immediately flee their unsafe situation, connect them to critical services and increase their sense of safety and stability.

The City has implemented the Recuperative Care Center in response to COVID-19. This program provides medical services to medically fragile, homeless citizens and connects them to housing resources upon

discharge.

Actions planned to foster and maintain affordable housing

Currently, the City is considering two future projects, the rehabilitation of 125 units at 1720 Searles and the construction of 43 new units of affordable housing at 4445 Diamond Drive. The City is working diligently to expand its pool of available Community Housing Development Organizations and is working to identify other projects that will expand and maintain the affordable housing stock in the City of Las Vegas.

Also, the City has continued to contract with Silver State Fair Housing Council to assist with fair housing education and outreach to housing providers and the community as a whole. Silver State will provide resources to residents, provide training for social service providers, and work individually with clients who may encounter inadequate housing, illness or disability.

Actions planned to reduce lead-based paint hazards

The Las Vegas Lead Hazard Control and Healthy Homes Program (LVLHCHHP) is a 36-month collaborative effort between the City of Las Vegas and sub-grantee, the University of Nevada, Las Vegas, Department of Environmental and Occupational Health (DEOH). The program is citywide but is targeting four key zip codes (89101, 89106, 89107, and 89108) in Las Vegas that are known to contain the oldest housing stock as well as underserved households with low income. The primary goal of the LVLHCHHP is to create lead-safe and healthy housing in Las Vegas and reduce the incidence of childhood lead poisoning. Over the next 12 months, the program is projected to evaluate 57 units for lead-based paint hazards and complete lead hazard control and healthy homes activities in 35 homes. Three staff members and five construction workers have received Environmental Protection Agency (EPA) training. The program will continue to provide community education concerning protecting their families from lead in housing and lead-safe work practices.

Actions planned to reduce the number of poverty-level families

The City's continuous efforts to address poverty include funding of educational opportunities, employment training and other programs that assist low and moderate income families in achieving economic independence and self-sufficiency. The City has allocated over 1.5 million in ESG and HOPWA funding to reduce the number of poverty-level families and anti-poverty activities including but not limited to homeless prevention, rapid-rehousing, supportive services and case management to address the issues that are preventing families from moving towards independence. The City will continue to support Reinvent Schools Las Vegas that aims to increase academic achievement and provides wraparound services and family and community engagement at underperforming urban core schools. Another program aligned with reducing the number of poverty-level families is ESG sub recipient, Shannon West Homeless Youth Center. The predominant goal of the Center is to assist homeless and at-

risk youth become productive and self-sufficient members of the community. They work to achieve their goals through multi-faceted services including, independent living, education and employment training and financial literacy.

Tech Impact, a City CDBG sub recipient, CXWorks' program purpose is to increase access to education, technical training, and employment opportunities for young adults and veterans who are underemployed or unemployed, disconnected from work and school, and face significant economic or social barriers to advancing in their careers and in life. The training program will provide 8 weeks of intensive customer service and computer skills training, soft skills development, mentorship, and job preparation and placement assistance to help our students secure and retain in-demand jobs in a call center environment.

Another community partner and CDBG subrecipient is the Public Education Foundation. The will assist low and moderate-income parents and guardians with a no-cost 32-week Family Learning Program and access to financial literacy workshops to increase financial literacy and career skills. Services assist in equipping parents and guardians with the skills to assist their child with key educational concepts and advocate for their children academically, thereby increasing literacy rates and decreasing their achievement gap.

Actions planned to develop institutional structure

The City collaborates and coordinates services and initiatives with a wide range of public and community social service agencies to meet and address the various needs of the community in the upcoming 2019-2020 program period. For instance, the City will continue to facilitate Technical Assistance workshops, providers' training, CDBG training, non-profit symposiums, and Silver State for Housing training. Moreover, the City will use CDBG funds to provide funding to agencies that service low and moderate-income residents with various different needs in the community. The City will also continue its active participation in the Consortium and Southern Nevada CoC meetings.

The City of Las Vegas is dedicated to allocating all grants funding in a manner that is socially responsible and efficient. Recently, the Office of Community Services has extended its grant cycle from one year to two years to allow for continued, uninterrupted support; existing grantees will be re-evaluated at the end of year one to determine if additional funding will be awarded which eliminates the need for a second round of competitive funding and creates a more efficient funding process; agencies can allocate more time and resources to continually improving the service delivery rather than starting and stopping each year; allows agencies to use the more stable funding pattern to better plan for multi-year efforts.

The City has implemented the Recuperative Care Center in response to COVID-19. This program provides medical services to medically fragile, homeless citizens and connects them to housing resources upon discharge.

Actions planned to enhance coordination between public and private housing and social

service agencies

The City will continue to be an active member of the Southern Nevada Homelessness Continuum of Care, whose primary responsibility is the overall planning effort for the SNH CoC on homeless issues, and the Southern Nevada Consortium Meetings. These collaborative groups bring together local government jurisdictions along with the Regional Transportation Commission, the Clark County School District, the Metropolitan Police Department, Southern Nevada Adult Mental Health Services, and the Southern Nevada Regional Housing Authority, among others. Coordination with non-profit service providers and among governments takes place consistently through meetings held in the community to work together on grant applications for funding, the Emergency Food and Shelter Program and the State of Nevada Housing Advisory Committee.

The city will continue coordination with the Homeless Advisory Committee in efforts to bring together local social service agencies, business providers, and local governments to discuss initiatives on homelessness and stakeholder concerns.

In addition to the aforementioned actions, the City will participate in various housing roundtables at local, state and federal levels to explore and address impediments to affordable housing.

Discussion:

The City is dedicated to allocating all grants funding in a manner that is socially responsible and efficient. Recently, the Office of Community Services has extended its grant cycle from one year to two years to allow for continued, uninterrupted support; existing grantees will be re-evaluated at the end of year one to determine if additional funding will be awarded which eliminates the need for a second round of competitive funding and creates a more efficient funding process; agencies can allocate more time and resources to continually improving the service delivery rather than starting and stopping each year; allows agencies to use the more stable funding pattern to better plan for multi-year efforts.

as follows:

The City will not use any forms of investment beyond those identified in 92.205

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The City's homebuyer program activity only uses recapture provisions of 24 CFR 92.254 (a)(4)(ii). It is believed this approach is the closest to normal market approaches to financing, the easiest for borrowers to understand, enables the deed restriction requirements of the alternative option to be avoided (which we believe constitutes a barrier to private financing participation), and better enables HOME funds to be marketed in coordination with other private lending. The recapture approach essentially results in the ongoing commitment to maintain a homeownership program because of regulatory requirement concerning the reuse of recaptured HOME funds for homebuyer assistance activity has been the City's goal and is in keeping with the basic HOME Program Descriptions.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The City utilizes recapture revisions to recoup all or a portion of the direct HOME subsidy to ensure the unit or units remain affordable. These requirements are detailed in the City's HOME program Manual and included as conditions in HOME funding agreements.

All guidelines and requirements that address resale or recapture, as required in 92.254 of the HOME rule, are outlined in the City of Las Vegas' HOME Program Manual.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City of Las Vegas has no plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds.

Included as Attachment

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

Service providers who receive HUD funding through the Southern Nevada Continuum of Care and ESG through the CLV are required to participate in the Coordinated Intake (CI) process. Homeless individuals are assessed using the Community Housing Assessment Tool (CHAT) during intake. CHAT is a standard assessment that evaluates the household's situation and identifies types of housing intervention to address the situation. Households are assigned a vulnerability score based on the CHAT and placed in the community queue of eligible households in ranked order. Community programs with housing availability retrieve households from the list in the community queue. There are two major hubs for the intake process: Clark County Social Services and the Veterans Administration Administrative Community Resource & Referral Center (CRCC) for homeless single veterans.

Client re-assessment takes place at the participant level and at the service provider level. Clients meet with case managers throughout their participation in the program, and have regular progress evaluations.

Clients assisted with ESG funds are entered into HMIS during client intake and agency must maintain a minimum HMIS data quality of 90%. Agencies who solely provide emergency shelter to victims of domestic violence, stalking, sexual abuse, and trafficking are exempt. In those cases, a comparable database is used that protects the identity and safety of clients.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City utilizes a Notice for Applications (NFA) process to aid in identifying the best organizations and projects to provide ESG services and uses ZoomGrants, an online application process for submissions, tracking and monitoring of grant awards. There are two opportunities for ESG applications workshops to provide technical assistance for those interested in applying for ESG funding.

The selection process involves the Community Development Recommending Board (CDRB) comprised of 13 members appointed by the City Council. The CDRB members represent the concerns and opinion of the community in advising the City on the allocation of ESG and other federal funds. Office of Community Services staff review the applications for eligibility and completeness prior to review by the CDRB.

Through a series of open public meetings, and with the assistance of the Office of Community Services staff, the CDRB reviews applications, applicants, and makes recommendations based upon their perception of the community's needs. The CDRB uses a review process that includes a careful evaluation of each eligible applicant proposal within the context of program design and against program criteria and current objective, both nationally and those outlined in the City's Consolidated Plan. CDRB recommendations are presented to the Las Vegas City Council, a Public Hearing is held before the Las Vegas City Council and afterwards, a final selection of projects for application submission to HUD.

The following planning activities are the same each year although the timing may vary:

1. Identification of community development issues, needs, and concerns through community meetings and citizen input;
2. Formulation of community development goals and preliminary strategies, i.e. staff and citizens;
3. Dissemination of Grant Funds information to agencies and individuals
4. Submission of Project applications; and
5. Project Selection:
 - i. Review of project applications by review committee and CDRB
 - ii. Present recommendations of CDRB to the Las Vegas City Council
 - iii. Public Hearing before the Las Vegas City Council and final selection of projects for application submission to HUD
4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions

regarding facilities and services funded under ESG.

The City participates in quarterly Consortium meetings where local jurisdictions confer on issues related to the Consolidated Plan and community trends, and issues surrounding regional homelessness. The City is also part of the Southern Nevada Homelessness CoC, which has a process in place for regional collaboration on homeless issues that includes discussion related to ESG funding, while respecting each individual political jurisdiction. The City will continue to provide a forum for citizens to contribute information, ideas, and input on service ideas and strategies on how residents can benefit from existing grant programs and services.

5. Describe performance standards for evaluating ESG.

The City evaluates the success of ESG programs by reviewing regional performance standards established by the SNH CoC that are captured and reported in the Southern Nevada Homeless Management Information System (HMIS). Agencies routinely enter homeless information in HMIS, data is recorded in real-time, and is reviewed by staff. Reports from the system assist staff in ensuring ESG compliance with regulations, local written standards, and that program goals are being met.

ESG programs are also subject to “on-site monitoring.” The SNH CoC has hired an External Monitoring Group to monitor the SNH CoC programs as well as ESG programs. This group has participated in over 30 federal grant evaluation designs, evaluation projects, and implementation of evaluation plans and evaluation of federally funded agencies. The basis for monitoring is to address findings and provide recommendations for program improvements.

The City of Las Vegas follows the same process for CDBG, ESG, and HOPWA grants. The City provides ongoing information for all grant programs at the following website:

<https://www.lasvegasnevada.gov/Residents/Grants>. The City also encourages local non-profits, churches, and interested parties to sign up to an email notification list where agencies are notified of application enrollment and obtain a greater understanding of the process and requirements for available funding.

The City starts by using a Notice for Applications (NFA) process to help identify the best organizations and projects to provide HOPWA services. ZoomGrants is an online application portal utilized to submit and score applications. The City requires each applicant to attend a HOPWA application workshop, which provides technical assistance for those applying for HOPWA funds. The City works with the Community Development Recommending Board (CDRB) which is an advisory citizen group, appointed by

City Council. The CDRB represents the concerns and opinions of the community. They score applications and make recommendations to City Council on the allocation of grant funding. Through a series of open public meeting and with the assistance of the Office of Community Services department, the CDRB reviews potential projects. The review process consists of examining changes in community need, exploring trends, and includes a careful evaluation of each eligible application proposal within the context of the grant. CDRB project recommendations are presented to the Las Vegas City Council during a public hearing. The final selection of projects is submitted to HUD.

The City continues to work with the local Ryan White office to encourage other agencies to apply for HOPWA funds. The City's coordinator is also a member of the Ryan White Planning Council in efforts to collaborate with other providers who assist people living with HIV/AIDS.
