

City of Las Vegas
STRONG FUTURE TECHNOLOGY TRAINING CENTER
(Cox Innovation Lab) at the Historic Westside School Campus

The Strong Future Technology Training Center at the Historic Westside School Campus opens the door for opportunities to engage youth and young adults ages 16-24 to gain skills in technology to prepare them for in demand tech careers. Through work-based training, youth participants will be able to get certificates or stackable credentials in many technology areas with job placement assistance.

Participants can earn certification and/or credentials in topics such as:

Coding

App Development

Esports, Streaming, and Virtual Reality Gaming

Video, Music, Game and Event Production

Photography and Graphic Design

Cybersecurity

Drone Certification

ESL, HSE and Community Healthcare Worker Classes in Partnership with CSN

The Strong Future Technology is also host to a variety of in-person and live streamed programs and events for all-ages:

- Computer Basics for Seniors
- Smartphone and Tablet Workshops

- FAFSA, Resume Building and Interview Skill Workshops

- Esports Competitions
- Computer Building Workshops

- Career Exploration Events
- Robotics Building and Competition Events

- Back to School and Mental Health and Wellness Fairs

- and much more!
