1 INTRODUCTION

This handbook contains requirements that must be complied with by all permit holders once field use has been granted on a City of Las Vegas athletic field and applies to anyone associated with the permit holder's activity while on the City of Las Vegas property indicated on the field use permit. It is not intended to be comprehensive, all-inclusive, or to address all of the possible applications of, or exceptions to the general policies and procedures described. The City of Las Vegas Department of Parks, Recreation & Cultural Affairs reserves the right to unilaterally revise, supplement or discontinue any of the policies, procedures or requirements described in this handbook. Nothing in this handbook is intended, either expressly or implied to provide any right or benefit of any kind whatsoever to any person or entity, or to acknowledge, establish or impose any legal duty to a third party.

The City of Las Vegas Department of Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports issues permits for the use of athletic fields and facilities to User Groups and the general public for recreational activities and programs. The purpose of this handbook is to outline the procedures, regulations and allocation priority for the permitted use of athletic fields. Due to the demand for use of City of Las Vegas athletic fields, it is imperative that all User Groups abide by the policies and guidelines set forth in this handbook.

Athletic fields are permitted for allocations in two periods, March through July (Spring Allocation) and August through February (Fall Allocation). The Las Vegas Citywide Sports will monitor proper use of field allocation, and will charge fees to recover costs to operate, maintain and administer the use of athletic facilities.

Las Vegas Citywide Sports is empowered to enforce the rules, policy and procedures and will make interpretation of language in the Athletic Field Use Policies Handbook. Any exceptions or revisions to this policy will only be made with prior approval by the Parks, Recreation & Cultural Affairs Director or his/her designee.

An appeal of the decision may be made to the Director of Parks, Recreation & Cultural Affairs and must be submitted in writing with justification within ten (10) business days from the decision, failure to do so is an acceptance of the decision.

2 DEFINITION OF TERMS

Award Letter

A form that states the granted field usage to an organization during an allocation period. The fields listed on this form have been established by historical use. Therefore, award letters are not issued to new users until historical usage has been established. Each organization will receive the opportunity to make deletions and/or changes at the beginning of each allocation period. If fields/times are removed, they cannot be added back until new historical use has been established.

Field Use

Any individual or organization that requests or uses City of Las Vegas athletic fields through a field use permit.

- **Field Allocation:** Reoccurring field use during the Fall or Spring allocation season for one or more athletic fields designated for User Groups that provide sport specific league opportunities to local teams.
- **Local League:** Field allocations are permitted to local adult or youth leagues that have a minimum of 4 teams in each individual age division that compete against each other and have a verifiable schedule.
- **Youth Special Affiliation Fee:** A local youth organization that does not administer a league and is affiliated with a state or national youth organization.

Fall Allocation Period- Allocation period from August 1st through February 28th

- **Frost Rule** – Due to the possibility of frost and the potential damage to the turf, no activities on the following natural/grass fields will occur before 10:00am November 1st – February 28th without prior approval from the LAS VEGAS CITYWIDE SPORTS:

Alyn Beck 1, 2, Bettye Wilson Complex 1 - 10, Centennial Hills Park 1, 2, Ed Fountain Park 3, 4, 5, Kellogg-Zaher Soccer Fields 8, 9, 10, 11, Lorenzi 2, 3, and Majestic Park 1 - 12.

Spring Allocation Period- Allocation period from March 1st through July 31st

Historical Use

Field usage for two corresponding consecutive allocation seasons; i.e 2 Fall Seasons or 2 Spring Seasons.

Example: Field is permitted for Tuesdays during 2017 Fall Season and then again for 2018 Fall Season. Fields will now be on 2019 Fall Award Letter. If fields are permitted in 2017 Fall and then not again until 2019 Fall, this will not be on award letter. Until fields are permitted for 2 consecutive years in the same allocation period, they will not be placed on an award letter.

When a field has been used by the same Organization for the same dates and times for a period of 2 or more years, this usage will establish “historical use”. Once historical usage has been established, the fields will be added to the User Groups Award Letter for the appropriate season.

User Group

An individual or organization that obtains field use permits for City of Las Vegas athletic fields.

- **Individual-** a person acting for himself or herself only, not on behalf of an organization or team.
- **Organization-** Any licensed entity that conducts business under that licensed name instead of acting alone as an individual.

3 PROCESS FOR OBTAINING PERMITS - EFFECTIVE 08/01/25

The City of Las Vegas Department of Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports make no representations whatsoever that any of its fields are appropriate and/or compatible with any contemplated activity. Applicants and permit holders are solely responsible for determining if any field is safe and appropriate for any intended use. Permit holders are expected to inspect any field/facility prior and subsequent to each use to identify any unsafe condition and shall promptly advise the Las Vegas Citywide Sports in writing of any perceived unsafe or dangerous conditions.

3.1 FIELD USE PERMITS

Allocation permits are issued through a semi-annual process. Allocation permits are issued after a request has been submitted, approval has been granted, all required documents are received, fees are paid per payment guidelines on the fee schedule, and insurance requirements are met. Each organization is required to sign and submit a Las Vegas Citywide Sports Athletic Field Use Policies - Allocations Signature Page (*see last page of this document*) once all policies and guidelines within the handbook have been reviewed prior to field use permits being issued. **A request does not constitute approval.** Team Lists, Practice and Game schedule submissions are required for verification and to ensure that fields are being used as designated. A tentative expected number of teams must be submitted with the field allocation application for the purpose of review by the Unit. Final Team Lists, Practice and Game schedules must be submitted within 30 days of the permit start date of field use and records must be kept updated with the Unit. Allocation permits are issued based on historical use and on priority for groups as identified under the priority group classifications as well as verifiable utilization needs.

Non-allocated groups who wish to use an athletic field must complete the appropriate application. The City of Las Vegas Department of Parks, Recreation & Cultural Affairs has exclusive discretion when scheduling City of Las Vegas athletic fields. Any person or organization not qualifying for an allocation permit or missing the allocation scheduling deadlines will have access to any remaining fields on a first-come, first serve basis after the allocation process is finalized. **Sporting Event or a Short Term permit** is required for any organized sport played by a team, league, organization, group or school wishing to utilize City of Las Vegas sport fields. Sporting event permits are issued after a request has been submitted, approval has been granted, all required documents are received, fees are paid, and insurance requirements are met. **Submission of a request does not constitute approval.** Approval is given and permits are issued according to the historical usage, prioritization guidelines, field use policy, applicable insurance requirements are met and after any associated fees have been paid. Every effort will be made to accommodate the User Group's request for use of fields.

3.2 PERMIT PROCEDURES

4 FACILITY USE POLICY – EFFECTIVE 08/01/25

4.1 USE OF CITY ATHLETIC FIELDS AND FACILITIES

The City will be the responsible agency for scheduling and permitting all city fields and athletic facilities.

The City of Las Vegas Department of Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports will schedule fields in a manner that provides priority access to youth and protection of fields from overuse. Due to the limited number of fields available, historical use and league size will be considered in establishing priority between User Groups. Local sport needs will be reviewed before fields are permitted to a User Group outside of the community. The City of Las Vegas cannot guarantee the same field(s) each year based on User Group preference or growth from year to year.

Submission of a field use application does not constitute approval. Approval is given according to the applicable policy, field/facility availability, when all requirements have been met, and fees have been paid according to the payment guidelines on the fee schedule. The City has exclusive discretion in decisions related to the scheduling of city fields and such decisions shall be final.

Refer to non-profit requirements set forth in section 5.1.

11 FIELD USE LIGHTING POLICY – EFFECTIVE 08/01/25

The purpose of this policy is to specify the guidelines for the permitted use of outdoor lighting at city facilities. All User Groups obtaining field use permits after dusk must request to have lights programmed according to permitted field use time. Field use is prohibited after dusk on an unlit field.

For liability and safety purposes, the Las Vegas Citywide Sports defines the term “dusk” as thirty minutes prior to the published sunset time according to the lighting software interface.

Lights should be scheduled to turn on based on the permitted field use start time or at dusk, whichever is later.

For example: For an evening when the slated sunset time is 6:50 p.m., the dusk time would be 6:20 p.m.

If the permit start time is at 5pm, the lights will be programmed to turn on at 6:20 p.m.

If the permit start time is at 6pm, the lights will be programmed to turn on at 6:20 p.m.

If the permit start time is at 7pm, the lights will be programmed to turn on at 7:00 p.m.

Users will be responsible for scheduling their own lights through the lighting software. In addition, any lights scheduled without permitted field time will be subject to additional fees and/or a strike.

Under no circumstance will city fields/facilities be used and lights remain on past 11:00 p.m. unless express written consent is given by the City of Las Vegas Parks and Recreation Director or his/her designated representative.

The User Group agrees to pay any associated lighting fees as indicated on the Las Vegas Citywide Sports Athletic Sports Field Fee Schedule for each lighted hour, or portion thereof, of athletic field use.

If a User Group leaves a city field/facility and the lights are still on, the User Group must turn lights off in the lighting system. If a User Group sees the lights are on at a field/facility that is not occupied, they are asked to contact the City of Las Vegas Department of Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports at (702) 229-1527 and inform them of the empty field/facility.

At the conclusion of each calendar month, allocated field use permit holders will be issued their light fee invoice for the lights used in conjunction with the organization’s permitted field use. The light invoices must be paid by the 15th of the month following the issuance of the light invoice, or the next business day if the 15th falls on a day when the LAS VEGAS CITYWIDE SPORTS office is closed.

For example: A light invoice generated for light use in January will be sent via email to the user groups no later than February 15th.

The outstanding balance must be paid by March 15th or penalties will be assessed.

Failure to submit full payment for the outstanding light fee balance by the above indicated due date may result in suspension of field use permits for the user groups/organization until the outstanding balance has been paid in full. In addition, a deposit will be required if charges for lights are more than **30** days delinquent. The deposit amount required will be 50% of the previous year’s corresponding month light invoice. In the event the user does not have light invoices from the previous year, 50% of the past due balance will be required for the deposit amount, or \$1,000.00, whichever amount is least. The deposit will be maintained until the user has 12 months history of paying all light invoices by the required due dates.

Acts of aggression or violence will initiate disciplinary actions by the Las Vegas Citywide Sports including indefinite suspensions of players, teams or Organizations.

17 DISCIPLINARY POLICY– EFFECTIVE 08/01/25

The purpose of the Disciplinary Policy is to implement a systematic method of enforcing the Las Vegas Citywide Sports Athletic Field Use Policies and City Municipal Code 13.36.040. The policy is only applicable for field allocation User Groups.

The City of Las Vegas reserves the right to warn, penalize, fine, deny service, cancel or suspend field use permits for league play, practices and games, based upon a User Group's violation(s) of city Municipal Code or the established Athletic Field Use and/or Allocation Policy. Individuals using the athletic fields are expected to conduct themselves within the boundaries of sportsmanship and fair play as well as follow the Code of Conduct rules, policies and agreements set forth by the City.

In cases where conduct violates the policies and/or codes, such actions will cause disciplinary measures ranging from written warning(s), documented strike violations, suspension or revocation of field use permits or permit reservations, reimbursement to the City for the cost of repairs to field or facilities, refusal of future applications and/or financial penalties if violation(s) are deemed excessive, extreme and/or in willful violation of City policies. It is understood a number of disciplinary measures can be used in combination and discipline measures will generally be progressive in nature. The City reserves the right to move directly to revocation of permit(s), revoke field time and/or assess financial penalties if violation (s) are deemed egregious and/or in willful violation of city policies. The Parks and Recreation Director or his/her designee will determine egregious violation.

Following an incident in the field or a potential violation of policy, User Groups are expected to cooperate to the fullest extent possible and upon request from the City of Las Vegas, to provide any and all relevant information on individuals or teams possibly involved or knowledgeable in the incident including full names, team names and contact information.

Warning and strikes will accumulate for each calendar year. Violations will be counted beginning with the first disciplinary action. On occasions where disciplinary actions are necessary, the following are the types and severity of actions that can be taken:

- **Violation Warning** – The Las Vegas Citywide Sports may issue a written violation warning to a User Group at any time to alert the user of acts that could constitute a strike if continued.
- **First Strike** – The first strike is a progression of the disciplinary process.
 - Documentation – Written notice will be provided to the User Group's representative documenting the violation; when available, a City of Las Vegas representatives' report detailing the violation will be included for reference; the letter will be placed in the User Group's file.
 - Penalty – A twenty-five dollar (\$25) penalty will be assessed to the organization; existing field use permits may be suspended until the assessed penalty fee has been paid in full.
- **Second and Third Strike** – Continued progression of the disciplinary process.
 - Documentation – Written notice will be provided to the User Group's representative documenting the violation; when available, a City of Las Vegas representatives' report detailing the violation will be included for reference; the letter will be placed in the User Group's file
 - Penalty – A fifty dollar (\$50) penalty will be assessed to the organization for the second strike issued in the same calendar year. A one hundred dollar (\$100) penalty will be assessed to the organization for the third strike issued in the same calendar year. Existing field use permits may be suspended until the assessed penalty fee has been paid in full.

City of Las Vegas Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports

- Mandatory Meeting after 3rd Strike – When an organization has received a third strike, a meeting with the User Group Representatives and Las Vegas Citywide Sports Representatives will be required. Future awarded fields and/or permitted fields may be affected at this point.
- Fourth & Subsequent Strikes –
 - On the fourth strike the organization will be required to deposit a three hundred dollar (\$300) Disciplinary Deposit prior to the next scheduled activity. Failure to submit the Disciplinary Deposit will result in the suspension of the field allocation permit until remittance; this succession of penalties will continue until the next calendar year.
 - Each subsequent strike occurring during the same calendar year will result in a penalty of one hundred dollars (\$100); existing field use permits may be suspended until the assessed penalty fee has been paid in full.

Remaining Deposit Balance – Any Disciplinary Deposit must remain on the User Group’s account for three months of permitted field usage without any disciplinary actions. If the disciplinary process is utilized within this three-month period, the deposit will be forfeited. If the User Group has remained warning and strike free for this time (three months of disciplinary free permitted field usage), the User Group may submit a request for a refund of the deposit. Refunds will not be processed without a request from the User Group.

Organizations operating under a Joint Use Agreement with the City of Las Vegas will be governed by these terms.

18 FIELD EXCHANGE (SUBLETTING) POLICY – EFFECTIVE 08/01/25

The purpose for this policy is to make clear there is **NO** field exchanging or subletting of city facilities without the express written consent of the City of Las Vegas Department of Parks, Recreation & Cultural Affairs Director or his/her designee. **“Facility” and “facilities” in this policy includes concession facilities.**

Athletic fields and facilities may not be sublet, assigned, occupied, or used by another organization for league play, practices, games, clinics or any other sporting event without written authorization of the City of Las Vegas Department of Parks, Recreation & Cultural Affairs Director. The City will investigate any reported instances of subletting. Any sublet, assignment, occupation, or use without the City’s consent shall be void and the City may immediately impose disciplinary actions, including termination of field use permits or a portion thereof.

If the City does give consent to a User Group for an assignment, subletting, occupation, or use by another organization, that consent will not be consent for any subsequent assignment, subletting, occupation, or use by another organization. No legal title or interest in the fields and facilities is created or vested in any User Group by any allocation.

No User group or individual may use city fields and facilities without written permission from the City Las Vegas Department of Parks and Recreation. Written permission will be given for specified fields/facilities, dates, and times only after the proper documentation is completed and verified by staff and payment in full is made.

New permits reflecting any changes or updates authorized by the City must be issued to reflect the permitted field use for both the original and additional User Group. Any additional fees, if applicable, must be paid before the new permits are issued.

19 APPEALS PROCESS – EFFECTIVE 08/01/25

Las Vegas Citywide Sports will make interpretation of language in the Athletic Field Use Policies Handbook.
