1 INTRODUCTION

This handbook contains requirements that must be complied with by all permit holders once field use has been granted on a City of Las Vegas athletic field, and applies to anyone associated with the permit holder's activity while on the City of Las Vegas property indicated on the field use permit. It is not intended to be comprehensive, all-inclusive, or to address all of the possible applications of, or exceptions to the general policies and procedures described. The City of Las Vegas Department of Parks and Recreation reserves the right to unilaterally revise, supplement or discontinue any of the policies, procedures or requirements described in this handbook. Nothing in this handbook is intended, either expressly or implied to provide any right or benefit of any kind whatsoever to any person or entity, or to acknowledge, establish or impose any legal duty to a third party.

The City of Las Vegas Department of Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports issues permits for the use of athletic fields and facilities to User Groups and the general public for recreational activities and programs. The purpose of this handbook is to outline the procedures, regulations and allocation priority for the permitted use of athletic fields. Due to the demand for use of City of Las Vegas athletic fields, it is imperative that all User Groups abide by the policies and guidelines set forth in this handbook.

Athletic fields are permitted for sporting events year-round. The Las Vegas Citywide Sports will monitor proper use of sporting event permits, and will charge fees to recover costs to operate, maintain and administer the use of athletic facilities.

Las Vegas Citywide Sports is empowered to enforce the rules, policy and procedures and will make interpretation of language in the Athletic Field Use Policies Handbook. Any exceptions or revisions to this policy will only be made with prior approval by the Parks, Recreation & Cultural Affairs Director or his/her designee.

An appeal of the decision may be made to the Director of Parks, Recreation & Cultural Affairs and must be submitted in writing with justification within ten (10) business days from the decision, failure to do so is an acceptance of the decision.

3.1 FIELD USE PERMITS

10 SCOREBOARD &/OR CONTROLLER POLICY

Many of the City of Las Vegas athletic fields are equipped with scoreboards. Use of the scoreboards is complimentary with the issuance of a field use permit for any organizations that have previously purchased their own scoreboard controller directly from the manufacturing company. Scoreboard controllers are available for rent for sporting event organizers and allocation User Groups based on available resources. See the Las Vegas Citywide Athletic Fee Schedule for applicable fees.

The use of scoreboards and/or controllers is permitted by request only. All requests must be made in advance by completing and submitting the proper request forms to the City of Las Vegas Department of Parks, Recreation & Cultural Affairs. Only authorized and trained personnel can use or operate a scoreboard controller.

The User Group's authorized representative and authorized and trained personnel must meet with the City of Las Vegas Department of

City of Las Vegas

Parks , Recreation & Cultural Affairs

Las Vegas Citywide Sports

Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports staff before a scoreboard controller will be issued to the organization for any unit rental. The purpose of the meeting prior to the unit rental is to ensure the organization has authorized and trained personnel that know how to use the controller properly and to ensure the controller is working and not damaged. In addition, the organization must meet with Las Vegas Citywide Sports staff at the end of the field use permit period. The purpose of the meeting at the end of the permit period is to ensure the scoreboard controller is returned working and not damaged. The User Group will be responsible for the repair/replacement expense if damage of any kind is suffered to scoreboard/scoreboard controller used in conjunction with the sporting event over the course of the rental.

Organizers are permitted to purchase their own controller from the manufacturing company; at such times the City will provide the electronic codes coinciding with the respective scoreboards.

11 FIELD USE LIGHTING POLICY

The purpose of this policy is to specify the guidelines for the permitted use of outdoor lighting at city facilities. All User Groups obtaining field use permits after dusk must request to have lights programmed according to permitted field use time. Field use is prohibited after dusk on an unlit field.

For liability and safety purposes, the Las Vegas Citywide Sports defines the term “dusk” as thirty minutes prior to the published sunset time according to the lighting software interface.

Initially, lights will be scheduled to turn on based on the permitted field use start time or at dusk, whichever is later.

For example: For an evening when the slated sunset time is 6:50 p.m., the dusk time would be 6:20 p.m.

If the permit start time is at 5pm, the lights will be programmed to turn on at 6:20 p.m.

If the permit start time is at 6pm, the lights will be programmed to turn on at 6:20 p.m.

If the permit start time is at 7pm, the lights will be programmed to turn on at 7:00 p.m.

Lights will be scheduled to turn off based on the submitted pre-event forms or at the end of permitted field use time. Users will be responsible for updating lights through the lighting software and will be billed post event for added light usage.

Under no circumstance will city fields/facilities be used and lights remain on past 11:00 p.m. unless express written consent is given by the City of Las Vegas Parks and Recreation Director or his/her designated representative.

The User Group agrees to pay any associated lighting fees as indicated on the Las Vegas Citywide Sports Athletic Sports Field Fee Schedule for each lighted hour, or portion thereof, of athletic field use.

If a User Group leaves a city field/facility and the lights are still on, the User Group must turn lights off in the lighting system. If a User Group sees the lights are on at a field/facility that is not occupied, they are asked to contact the City of Las Vegas Department of Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports at (702) 229-1527 and inform them of the empty field/facility.

No portable lighting will be authorized for use at city facilities unless written consent from the Department has been provided in advance of use.

Light fees paid in advance for sporting events are eligible for refunds according to the permit Cancellation and Refund Policy guidelines found in Section 13.

Due to the possibility of frost and the potential damage to the turf, no activities on natural/grass fields will occur before 10:00 A.M. November – February. In the event of severe cold, before play on any city field is allowed, the Department of Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports Representative and/or the City of Las Vegas Representative for Parks Ground Maintenance must give approval for use of a field.

The Department of Parks, Recreation & Cultural Affairs Las Vegas Citywide Sports Representative and/or the City of Las Vegas Representative for Parks Ground Maintenance shall have the authority to close any or all city athletic fields whenever weather or field conditions dictate. During inclement weather, the City representative(s) will assess the playability of all city owned athletic fields. Field use or playability will be determined by safety conditions and/or hazards that could be detrimental to the welfare of users/players, existing and forecasted weather conditions for the day, and/or potential damage to the field if they were to be used for games or practices. A GOV DELIVERY message will be sent to all user groups that opt in to the program. It is the user's responsibility to sign up for alerts. Any monies due the City for assessed damages not paid by the due date may incur additional fees or penalties.

In cases of inclement weather or impending health and safety conditions affecting a sporting event, the City will make every attempt to make facilities available for the full permitted event but cannot assure that fields will be available for the full event.
