1 INTRODUCTION

This handbook contains requirements that must be observed and complied with by all permit holders once use has been granted at a City of Las Vegas park facility or complex, and applies to anyone associated with the permit holder's activity while on the City of Las Vegas property indicated on the use permit. It is not intended to be comprehensive, all-inclusive, or to address all of the possible applications of, or exceptions to the general policies and procedures described. The City of Las Vegas Department of Parks and Recreation reserves the right to unilaterally revise, supplement or discontinue any of the policies, procedures or requirements described in this handbook.
