

“Helen J. Stewart in DEAL WITH IT!” Desert Companion

Historic Stories in Nevada History

Grant	\$14,000
Organization	Desert Companion
Year	2014

The commission granted \$14,000 to *Desert Companion*, a magazine published by Nevada Public Radio, to assist with the costs of creating content for an issue. Funding was used to hire freelance writers and illustrators to produce material for a section of the magazine called, *An Illustrated History of the Silver State*.

The illustrated stories feature a historical timeline from 350 B.C. to 2013 A.D., a timeline of political history in Nevada, the myths surrounding the Boulder Dam, Bugsy Siegal and why Nevada was granted statehood, as well as the story of the historical figure of Helen J. Stewart
