

ECONOMY AND EDUCATION

WE NEED MORE DIVERSE WELL-PAYING JOBS AND HIGHER QUALITY PUBLIC EDUCATION FOR CITY OF LAS VEGAS.

THESE ASPECTS SUPPORT OUR COMMUNITY WITH MORE OPTIONS FOR CITIZENS, AND CULTIVATE AND ATTRACT A MORE TALENTED WORKFORCE.

EE-1 Achieve equitable attainment of quality K-12 and higher education to support a strong workforce and quality of life.

EE-2 Support school siting and learning environments for all ages through thoughtful land use and transportation planning.

EE-3 Support diverse employment and entrepreneurship opportunities that capitalize on existing workforce, skills, and culture, especially in emerging sectors.

EE-4 Maximize city services, emerging technologies and quality of life indicators to recruit new businesses.

EE-5 Lead regional economic development through collaborative partnerships between state/local governments, education institutions, private sectors and philanthropic organizations in a way that results in equitable benefits.

EE-6 Increase affordable housing types and choices for all income levels near existing and new employment centers.
