

OPEN SPACE AND RECREATION

OPEN SPACE AND RECREATIONAL FACILITIES PROVIDE HEALTHY AND ENVIRONMENTAL BENEFITS FOR QUALITY OF LIFE IN THE CITY.

OPEN SPACES CAN INCREASE SENSE OF PRIDE, BRING NEW BUSINESS AND ENCOURAGE BETTER STEWARDSHIP.

- OS-1** Protect, enhance, and restore natural features and resources of the Mojave Desert.
- OS-2** Improve access and connectivity of open spaces for ecological, social, health, and quality of life benefits.
- OS-3** Enact stronger water conservation strategies to focus and minimize consumptive water use.
- OS-4** Develop new park and open space typologies for new and existing developments to meet the unique needs of residents.
- OS-5** Prioritize increasing tree canopy across all areas of the city for multiple public health and environmental benefits.
- OS-6** Strengthen cultural and recreation opportunities for residents and visitors across the city.
