

*Industry Advisory from the  
Building & Safety Division*

**Illumination Test**

Effective immediately, the City of Las Vegas, Building and Safety Division will no longer require an express or call-out inspection to be scheduled for an illumination/light test. The illumination level required by Section 1008 of the International Building Code shall be verified by the contractor and a completed Illumination/Light Test form shall be submitted to the inspector after completion. The form can be found at the following website:
